Approximate date of commencement of proposed sale to the public: As soon as practical after this Registration Statement becomes effective.

If any of the securities being registered on this Form are to be offered on a delayed or continuous basis pursuant to Rule 415 under the Securities Act of 1933 check the following box:

If this Form is filed to register additional securities for an offering pursuant to Rule 462(b) under the Securities Act, please check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering.

If this Form is a post-effective amendment filed pursuant to Rule 462(c) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering.

If this Form is a post-effective amendment filed pursuant to Rule 462(d) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer   
Non-accelerated filer

Accelerated filer   
Smaller reporting company   
Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 7(a)(2)(B) of the Securities Act.

**The registrant hereby amends this registration statement on such date or dates as may be necessary to delay its effective date until the registrant shall file a further amendment which specifically states that this registration statement shall thereafter become effective in accordance with section 8(a) of the Securities Act of 1933 or until the registration statement shall become effective on such date as the Commission, acting pursuant to said section 8(a), may determine.**

SUBJECT TO COMPLETION, DATED MAY 4, 2022

## HANOVER BANCORP, INC.

1,363,636 shares of common stock

This prospectus describes the initial public offering of 1,363,636 shares of common stock of Hanover Bancorp, Inc., a New York corporation and bank holding company headquartered in Mineola, New York. Prior to this offering, there has been no public market for the common stock. We currently estimate that the public offering price will be between twenty one (\$21.00) and twenty three (\$23.00) per share. We expect the common stock to be approved for listing on the Nasdaq Global Select Market under the symbol “HNVR”.

**INVESTING IN THE COMMON STOCK IS SPECULATIVE AND INVOLVES A HIGH DEGREE OF RISK. PLEASE SEE “RISK FACTORS” BEGINNING ON PAGE 26.**

**We are an “emerging growth company” under the federal securities laws and will be subject to reduced public company reporting requirements.**

	Per Share	Total
Public offering price of common stock	\$	\$
Underwriting discounts and commissions	\$	\$
Proceeds to us, before expenses	\$	\$

We have granted the underwriters a 30-day option to purchase up to 204,545 additional shares of our common stock at the public offering price, less underwriting discounts and commissions, to cover over-allotments, if any.

**NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES COMMISSION HAS APPROVED OR DISAPPROVED OF THESE SECURITIES OR PASSED UPON THE ADEQUACY OR ACCURACY OF THE PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.**

**The securities are not savings accounts, deposits, or other obligations of any bank and are not insured or guaranteed by the Federal Deposit Insurance Corporation or any other governmental agency.**

We have not authorized anyone to provide any information or to make any representations other than those contained in this Prospectus. We take no responsibility for, and can provide no assurance as to the reliability of, any information that others may give you. This Prospectus is an offer to sell only the shares offered hereby and only under circumstances and in jurisdictions where it is lawful to do so. The information contained in this Prospectus is current only as of its date.

The underwriters expect to deliver the shares of our common stock against payment on or about , 2022.

## ABOUT THIS PROSPECTUS

You should rely only on the information contained in this prospectus or in any free-writing prospectus we may authorize to be delivered or made available to you. We have not, and the underwriters have not, authorized any other person to provide you with additional, different, or inconsistent information. If anyone provides you with different or inconsistent information, you should not rely on it. For further information, please see the section of this prospectus entitled “Where You Can Find More Information.” We are not making an offer to sell the common stock in any jurisdiction where the offer or sale is not permitted.

You should not assume that the information appearing in this prospectus is accurate as of any date other than the date on the front cover of this prospectus, regardless of the time of delivery of this prospectus or any sale of the common stock. Our business, financial condition, results of operations and prospects may have changed since those dates.

“Hanover Bancorp”, “Hanover Bank” and their logos and other trademarks referred to and included in this prospectus belong to us. Solely for convenience, we refer to our trademarks in this prospectus without the ® or the ™ or symbols, but such references are not intended to indicate that we will not assert, to the fullest extent under applicable law, our rights to our trademarks. Other service marks, trademarks and trade names referred to in this prospectus, if any, are the property of their respective owners, although for presentational convenience we may not use the ® or the ™ symbols to identify such trademarks.

Until \_\_\_\_\_, 2022 (the 25<sup>th</sup> day after the date of this prospectus), all dealers that buy, sell or trade shares of our common stock, whether or not participating in this offering, may be required to deliver a prospectus. This delivery requirement is in addition to a dealer’s obligation to deliver a prospectus when acting as an underwriter and with respect to their unsold allotments or subscriptions.

### SPECIAL NOTE REGARDING FORWARD LOOKING STATEMENTS

This prospectus contains forward-looking statements, including in the sections entitled “Prospectus Summary,” “Risk Factors,” “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and “Business.” These forward-looking statements reflect our current views with respect to, among other things, future events and our business and financial performance. These statements are often, but not always, made through the use of words or phrases such as “may,” “should,” “could,” “predict,” “potential,” “believe,” “expect,” “continue,” “will,” “anticipate,” “seek,” “estimate,” “intend,” “plan,” “project,” “projection,” “forecast,” “goal,” “target,” “would” and “outlook,” or the negative version of those words or other comparable words or phrases of a future or forward-looking nature. These forward-looking statements include, but are not limited to:

- statements of our goals, intentions and expectations;
- statements regarding our business plans, prospects, growth and operating strategies;
- statements regarding the quality of our loan and investment portfolios; and
- estimates of our risks and future costs and benefits.

These forward-looking statements are not historical facts, and are based on current expectations, estimates, assumptions and projections about our industry and management’s beliefs and certain assumptions made by management, many of which, by their nature, are inherently uncertain and beyond our control. The inclusion of these forward-looking statements should not be regarded as a representation by us, the selling shareholders, the underwriter or any other person that such expectations, estimates and projections will be achieved. Accordingly, we caution you that any such forward-looking statements are not guarantees of future performance and are subject to risks, assumptions and uncertainties that are difficult to predict. Although we believe that the expectations reflected in these forward-looking statements are reasonable as of the date made, actual results may prove to be materially different from the results expressed or implied by the forward-looking statements.

There are or will be important factors that could cause our actual results to differ materially from those indicated in these forward-looking statements, including, but not limited to, the following:

- general economic conditions, either nationally or in our market areas, that are worse than expected;
- inflation and changes in the interest rate environment that reduce our margins or reduce the fair value of financial instruments;
- our ability to retain our existing customers;
- changes in consumer spending, borrowing and savings habits;
- fiscal and monetary policies;
- the unexpected loss of key personnel and the failure to attract and retain skilled people;
- our ability to implement and change our business strategies;
- our ability to enter new markets successfully and to capitalize on strategic growth opportunities;
- our ability to successfully integrate into our operations any assets, liabilities, customers, systems and management personnel we may acquire and our ability to realize related revenue synergies and cost savings within expected time frames, and any goodwill charges related thereto;
- competition and innovation with respect to financial products and services by banks, financial institutions and non-traditional providers, including retail businesses and technology companies;
- changes in the level and direction of loan delinquencies and write-offs and changes in estimates of the adequacy of the allowance for loan losses;
- demand for loans and deposits in our market areas;
- fluctuations in real estate values and both residential and commercial real estate market conditions;
- our ability to access cost-effective funding;
- changes in laws or government regulations or policies affecting financial institutions, including changes in regulatory fees and capital requirements;
- changes in accounting policies and practices, as may be adopted by the bank regulatory agencies, the Financial Accounting Standards Board, the Securities and Exchange Commission or the Public Company Accounting Oversight Board;
- a breach in security of our information systems, including the occurrence of a cyber incident or a deficiency in cyber security;
- conditions relating to the continuing COVID-19 pandemic, including the severity and duration of the associated economic slowdown either nationally or in our market areas and the effectiveness of vaccination programs, that are worse than expected;
- other pandemics or public health crisis;
- acts of war or terrorism;
- political instability or civil unrest;
- climate change, including any enhanced regulatory, compliance, credit and reputational risks and costs; and
- other economic, competitive, governmental, regulatory and operational factors affecting our operations, pricing, products and services described elsewhere in this prospectus.

The foregoing factors should not be construed as exhaustive and should be read together with the other cautionary statements included in this prospectus, including those discussed in the section entitled “*Risk Factors*.”

If one or more events related to these or other risks or uncertainties materialize, or if our underlying assumptions prove to be incorrect, actual results may differ materially from our forward-looking statements. Accordingly, you should not place undue reliance on any such forward-looking statements. Any forward-looking statement speaks only as of the date of this prospectus, and we do not undertake any obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments or otherwise, except as required by law. New risks and uncertainties may emerge from time to time, and it is not possible for us to predict their occurrence. In addition, we cannot assess the impact of each risk and uncertainty on our business or the extent to which any risk or uncertainty, or combination of risks and uncertainties, may cause actual results to differ materially from those contained in any forward-looking statements.

## PROSPECTUS SUMMARY

*This summary highlights important features of this offering. Because this is a summary, it may not contain all of the information that you should consider before investing in our common stock. Therefore, you should read the entire prospectus carefully, especially the risks of investing in our common stock discussed under “Risk Factors,” as well as the consolidated financial statements included herein before making a decision to invest in our common stock. Unless the context otherwise requires, references in this prospectus to the “Company,” “we,” “us,” and “our” refer to Hanover Bancorp, Inc. and its wholly owned subsidiary, Hanover Community Bank.*

### **Hanover Bancorp, Inc.**

We are a New York corporation which, in 2016, became the holding company for Hanover Community Bank (the “Bank”) a New York-chartered community commercial bank focusing on highly personalized and efficient services and products responsive to local needs. The Bank operates as a locally headquartered, community-oriented bank serving customers throughout the New York metro area from offices in Nassau, Queens, Kings (Brooklyn) and New York (Manhattan) Counties, New York, and Freehold in Monmouth County New Jersey. We also have an administrative office in Hauppauge, Suffolk County, New York which helps service our municipal deposit customers. As of December 31, 2021, we had total assets of \$1.5 billion, total deposits of \$1.2 billion and total stockholders’ equity of \$129.4 million.

The Bank was originally organized in 2009, with a focus on serving the South Asian community in Nassau County. After incurring financial and regulatory setbacks, the Bank was recapitalized in 2012 by a group led by our current Chairman and CEO Michael Puorro and current members of our Board of Directors, which we refer to as the 2012 recapitalization. Following the 2012 recapitalization and hiring of Michael Puorro, the Bank adopted a strategic plan focused on providing differentiated consumer and commercial banking services to clients in the western Long Island markets and New York City boroughs, particularly the Queens and Brooklyn markets. As a result, the Bank has grown its balance sheet significantly both through organic loan and deposit growth, as well as opportunistic acquisitions. The Bank’s management team has utilized their strong local community ties along with their experience with both federal and New York bank regulatory agencies to create a bank that we believe emphasizes strong credit quality, a solid balance sheet without the burden of the troubled legacy assets of other banks, and a robust capital base.

As a bank holding company, we are subject to the supervision of the Board of Governors of the Federal Reserve System (“FRB”). We are required to file with the FRB reports and other information regarding our business operations and the business operations of our subsidiaries. As a New York State chartered bank, the Bank is subject to regulation by the New York State Department of Financial Services (“DFS”) and the Federal Deposit Insurance Corporation (“FDIC”).

### **Creating a Differentiated Community Bank**

Hanover is a niche focused lender with multiple funding channels in one of the strongest metro markets in the United States. In the years following the 2012 recapitalization, our primary goal was to achieve economies of scale and profitability. From the outset, our strategic plan was focused on creating a differentiated community bank, with a particular focus on diversifying our lending capabilities away from commercial real estate and multi-family, which is prevalent in the New York City market. We successfully leveraged the original roots of Hanover Community Bank and developed a niche residential mortgage lending business focused on non-qualified, alternative documentation borrowers in the NYC boroughs.

Following the recapitalization in 2012, our total assets were approximately \$70 million. From 2012 until 2018 we grew exclusively through an organic strategy focused primarily on the niche residential business (both on-balance sheet lending and selling into the secondary markets) and initially funding that business with an efficient single-branch deposit gathering operation. As we worked through our strategic plan and continued to grow, it became apparent that we needed to further diversify our niche lending activities and enhance our funding channels. Our acquisitions of Chinatown Federal Savings Bank (“CFSB”) in 2019 and Savoy Bank (“Savoy”) in 2021 were significant steps towards accomplishing these objectives.

## Total Loans (Including HFS)

## Total Deposits

Note: Annual data as of the fiscal years ended 9/30; 2022Q1 data as of the calendar quarter ended 12/31/2021.

The summary below highlights our recent business accomplishments and milestones commencing with the 2012 recapitalization led by Chairman and CEO Michael Puorro and current members of our Board of Directors:

- The Bank's total assets grew to over \$150 million during 2014, and the Bank achieved sustainable profitability at this time.
- During 2014, the Bank initiated its niche residential real estate loan origination business with a focus on diversifying the portfolio away from commercial real estate.
- Our total consolidated assets grew to over \$500 million during 2017, primarily through organic loan generation and deposit gathering, activities conducted from its single branch location. Our on-balance sheet lending was primarily focused in the residential mortgage business and supplemented with traditional multi-family and CRE lending. This loan mix allowed us to grow rapidly while remaining well within the regulatory CRE concentration guidelines. Our profitability was further supported by selling a portion of our residential mortgage production into the secondary markets,

including sales to institutional buyers and REITs. We maintained one branch during this time period while we focused on profitability and our niche lending operation. As we moved into 2016 and 2017, we revised our strategic plan to focus on additional avenues of funding, both from a product and new location standpoint.

- In March 2017, we established an office in Forest Hills, Queens.
- In June 2017, Hanover and the Bank moved their administrative headquarters to Mineola, NY and opened a full service branch at that location in August 2017.
- The Bank further expanded in Queens County, New York with a de novo branch in Flushing, New York in February 2019.
- In 2019, we acquired CSFB for a total purchase price of \$13.6 million. We acquired total assets of \$141.3 million, total loans of \$92.8 million and total deposits of \$108.8 million, as well as three branches in Manhattan and Brooklyn, NY (one of which, the Canal Street branch, was subsequently closed). The transaction helped us enhance and diversify our funding profile and further enhance our visibility in the New York City market where much of our lending activities have taken place.
- In October 2020, we issued \$25.0 million in subordinated notes to support our Savoy acquisition, which was announced in August 2020. The offering was rated investment grade by Egan-Jones, and we believe this is indicative of the market receptiveness to our story and business model.
- We began a municipal deposit program in late 2020. The program is based upon relationships of our management team, rather than bid based transactions. At December 31, 2021, total municipal deposits were \$407.1 million, representing 18 separate governmental clients, compared to \$74.3 million at December 31, 2020, representing 6 separate governmental clients. The average rate on the municipal deposit portfolio was 0.19% at December 31, 2021.
- On May 26, 2021, we completed the Savoy acquisition, which is described in greater detail on page 6.
- We have augmented and strengthened our management team significantly through our recruiting efforts, adding a new Chief Financial Officer (allowing the former Chief Financial Officer to concentrate on corporate strategy and oversee certain operations as President), Chief Credit Officer, Director of Loan Operations, Director of Commercial Real Estate, Director of Human Resources, and Chief Municipal Officer, the latter of whom helped us launch our municipal deposit program.
- In December 2021, the SBA approved the Bank's application to process loans under the SBA's Preferred Lender Program, enabling the Bank to process SBA applications under delegated authority from the SBA and enhancing the Bank's ability to compete more effectively for SBA lending opportunities.

### **Our Business Strategy**

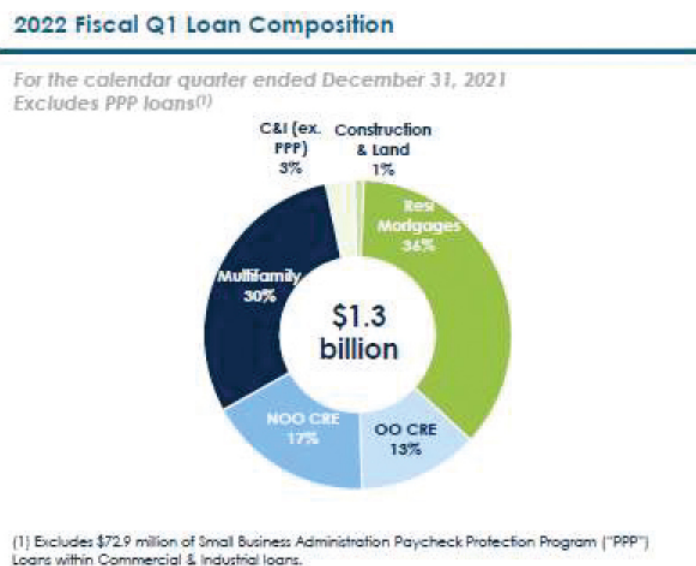

Our goal is to build the premier community bank franchise serving consumers and small to mid-size businesses in the New York City metro area and western Long Island. We believe our nimble and dynamic business model has significant advantages over larger competitors, and that we further differentiate ourselves by focusing on multiple niche areas. Our goal is to continue to penetrate the potential customer bases in each of these niche areas.

With the Savoy acquisition, we have expanded our commercial banking capabilities significantly, with a particular focus on small business clients and Small Business Administration ("SBA") lending. Our one to four family residential mortgage segment has a particular niche focus on non-conforming loans, primarily secured by both owner-occupied and investment properties. The segment has proven particularly appealing to Asian American borrowers in the New York City boroughs. We offer a variety of deposit accounts to both businesses and consumers through our branch network, which we believe complements our niche lending efforts. Additionally, we have expanded our deposit products to include a full line of municipal banking accounts, which is allowing us to capture additional customers in our operating footprint.

We believe the local economies in our geographic footprint offer us significant growth opportunities that we can capitalize on through our focus on personalized service, our ability to realize greater economies of scale than smaller community banks, and our ability to provide better and more responsive service than larger regional banks.

### Diversifying Our Loan Portfolio through Niche Segments

We are focused on diversifying our loan portfolio through niche lending segments that we believe generate appropriate risk-adjusted returns. At December 31, 2021, the composition of our loan portfolio was as follows:

We focus our niche lending activities primarily on three segments:

- **Residential real estate** — We initiated our residential lending platform, which consists of loans secured by owner-occupied and investment properties, in 2013 and focus on the boroughs of New York City. We originate mainly non-qualified, alternative documentation single-family residential mortgage loans through broker referrals, our branch network and retail channels to accommodate the needs of diverse communities in the New York City Metropolitan Statistical Area ("MSA"). We offer multiple products including those designed specifically for two- to four-family units. One- to four-family residential mortgages, including home equity lines of credit, comprised 36.27% of our total loan portfolio, excluding PPP loans, as of December 31, 2021.

We take a comprehensive approach to mortgage underwriting, as the average loan-to-value ("LTV") of the portfolio at origination was 55.60% and the average FICO score was 745 as of December 31, 2021.

In addition to retaining production on our balance sheet, we generate additional non-interest revenue associated with one- to four-family loan origination and sale, and loan servicing fees.

Below is our historical level of residential originations and sales:

	As of or For the Years Ended September 30,				
	2017	2018	2019	2020	2021
	(In thousands)				
<b>Residential real estate:</b>					
Loans originated	\$157,461	\$268,283	\$334,099	\$96,031	\$104,567
Loans sold	79,286	134,464	194,978	36,982	36,375

- **Commercial Real Estate (including Multifamily)** — CRE lending, which includes commercial real estate and multi-family lending, is an area of expertise for us, with the Savoy acquisition reinforcing what we believe was an already strong CRE lending foothold in New York City. CRE loans are secured by first liens on commercial properties, with proceeds used to purchase such properties or

refinance existing debt secured by such properties. We include in our CRE portfolio loans that are secured by multi-family properties, which are primarily rent controlled/stabilized multi-family properties located in New York City. Our CRE loan portfolio also contains loans secured by mixed-use properties loans, properties used solely for commercial purposes and construction loans secured by real estate. Our owner-occupied lending efforts were significantly enhanced with the Savoy Merger. Savoy's lending team had focused on owner-occupied lending to small businesses in the New York City MSA and the broader four state area of New York, New Jersey, Connecticut and Pennsylvania. Commercial real estate loans including multi-family properties comprised 61% of total loans, excluding PPP loans, as of December 31, 2021. Included in that figure is a small construction portfolio representing \$11 million in total balances and is primarily construction related to commercial properties.

#### Complementing Our Lending Efforts and Diversifying our Funding Sources

We believe our deposit and treasury management products and services complement our niche lending focus and help diversify our funding sources. The graphic below illustrates the impact our strategic initiatives have had on our deposit mix.

Our funding strategy since the 2012 recapitalization has evolved as our business segments and branch network have increased. Our focus following the 2012 recapitalization was growing the balance sheet to achieve profitability and economies of scale. As we progressed beyond that point, we aimed to operate a branch-lite strategy and to open offices in strategic locations where we were lending, primarily in the residential mortgage segment. Our CFSB acquisition enhanced our footprint in the New York City boroughs and further complemented our lending efforts in those markets. Since 2019 we have focused on the following areas in an effort to bolster our core deposit levels and enhance our net interest margin:

- Implemented a core processor IT conversion that resulted in a platform with a comprehensive suite of commercial deposit account capabilities;
- Reduced wholesale funding levels (defined as Federal Home Loan Bank (“FHLB”) borrowings, brokered deposits and Qwick Rate accounts);
- Hired a Chief Municipal Officer and supporting personnel to initiate our municipal banking business, which has grown our municipal deposit balances from \$74.3 million at December 31, 2020 to \$407.1 million at December 31, 2021, with an average rate of 0.19%; and
- Currently exploring several FinTech related partnerships that, if completed, could help generate additional low-cost deposit funding.

In late 2020, we established a municipal banking business which we believe has the potential to produce a significant level of deposits at cost effective rates. The business provides banking services to public municipalities, including counties, cities, towns, and school districts throughout the Long Island area. This effort is being led by Michael Locorriere, EVP and Chief Municipal Officer. Mr. Locorriere has more than thirty years of banking and government experience and prior to joining the Bank in November, 2020, Mr. Locorriere previously served as EVP & Director of Municipal Banking at a recently consolidated

competitor in the Long Island market. We believe this effort is differentiated in that the customers are long-term relationships of our team and are not transactional in nature. Furthermore, our focus is banking municipalities that are core to our branch footprint and where our brand resonates. This initiative also is consistent with our branch-lite and highly efficient approach to growing our balance sheet. The team and relationships we have allow us to compete throughout the Long Island market without the expense and constraints of physical locations.

### Merger with Savoy Bank

Prior to our May 2021 merger, Savoy was a New York state chartered commercial bank with a single office located in Midtown Manhattan, New York City. As of May 26, 2021 (the date of acquisition), Savoy had total assets of \$648.4 million, total loans of \$573.1 million, and total deposits of \$340.2 million.

Savoy was a privately held commercial bank founded to provide small business owners in and around New York City with unparalleled service and financial products. Located at 600 Fifth Avenue, Rockefeller Center, New York, NY, Savoy specialized in working with customers across a wide range of industries to understand and fulfill their deposit and lending needs. Combining technology and expertise, Savoy offered a comprehensive suite of business accounts and deposit services and a spectrum of creative lending solutions, including through SBA 7(a), SBA 504 and United States Department of Agriculture (“USDA”) lending programs.

We will continue to operate Savoy’s single midtown Manhattan branch office, which will become the focal point and headquarters for our business development efforts in the New York City market.

As part of the Savoy merger, Mr. Metin Negrin, Savoy’s Chairman, and Ms. Elena Sisti, founder of Savoy and a member of its Board of Directors, joined the Boards of Directors of Hanover and the Bank. In addition, as previously noted, Mr. McClelland Wilcox, who was Savoy’s President and CEO prior to the merger, joined the Bank as Senior Executive Vice President, Chief Lending and Revenue Officer.

### Overview of Savoy’s Financial Performance Prior to the Savoy Merger

The table below highlights certain key Savoy financial performance metrics for the years ended December 31, 2016 through 2021.

#### Savoy Standalone Financial Performance

	As of or For the Years Ended December 31,				
	2016	2017	2018	2019	2020
Total Assets	\$250,284	\$292,789	\$349,480	\$382,665	\$600,550
Total Gross Loans	203,044	250,350	311,120	332,251	501,597

Net Income	3,040
Net Interest Margin	3.70%
Return on Average Assets	1.88%
Return on Average Equity	25.83%

Note: Dollars in thousands

### Strategic Benefits of the Savoy Merger

Our Board of Directors and management team believe the Savoy merger will provide meaningful strategic benefits in the near-, medium- and long-terms, including:

- **Powerful Combination with a High Degree of Scarcity Value.** Creates a premier \$1.5 billion asset institution serving the greater New York City metro market with a track record of strong profitability and balance sheet growth. We believe the combined institution will be uniquely positioned as the second largest community bank with assets under \$5 billion operating in the New York City and Long Island marketplace.
- **Highly Complementary with Multiple Niches.** Savoy's SBA and owner-occupied focused commercial lending businesses complement our residential lending business and commercial lending efforts. We believe this combination will allow us to accelerate our growth and expansion initiatives in both SBA and commercial and industrial ("C&I") lending.
- **Shifts and Diversifies Loan Portfolio Toward Commercial Lending.** Savoy adds significant commercial loans, expertise and infrastructure to our overall commercial lending expansion effort.

### Loan Portfolio (2021 Q2)

For the calendar quarter ended March 31, 2021  
Excludes PPP loans<sup>(1)</sup> (Pre-Savoy Merger)

<sup>(1)</sup> Excludes \$22.7 million of Small Business Administration Paycheck Protection Program ("PPP") Loans within Commercial & Industrial loans

### Loan Portfolio (2022 Q1)

For the calendar quarter ended December 31, 2021  
Excludes PPP loans<sup>(1)</sup> (Post-Savoy Merger)

<sup>(1)</sup> Excludes \$72.9 million of Small Business Administration Paycheck Protection Program ("PPP") Loans within Commercial & Industrial loans

### CRE Balances per Call Report

	Balance (\$M)	% of Total Loans (ex. PPP)		Balance (\$M)	% of Total Loans (ex. PPP)
Owner-Occupied	\$24.4	3%	→	\$152.0	13%
Non Owner-Occupied	\$94.5	13%		\$208.8	17%
Total CRE	\$118.9	16%		\$360.8	30%

- **Significant Opportunity to Grow Customers Participating in the Paycheck Protection Program (PPP).** Savoy had significant success in the PPP program with over \$330.6 million in total originated loans, which consisted over 2,300 individual loans. Approximately 85.0% of those individual loans were to borrowers who previously were not Savoy customers. We will focus on converting these borrowers to longer-term customers.
- **Enhancing the Competitive Position.** The combined institution’s capital and profitability will allow us to further invest in digital initiatives, build out treasury management capabilities and focus on capturing additional wallet share from existing customers via a higher legal lending limit.
- **Mitigated Integration Risk.** We believe that we have prudently mitigated integration risk typically present in strategic acquisitions because of:
  - Savoy’s branch-lite business model;
  - An anticipated elevated level of employee retention due to virtually no overlap in business lines
  - Our intent to continue Savoy’s existing SBA business largely intact with minimal disruptions;
  - Our executive management’s track record and experience in mergers and acquisitions, particularly with the successful integration of our 2019 CFSB; and
  - Systems conversion completed in July of 2021.

**Attacking the Market Area**

Target Market Area & Current Footprint Overview

Our target market area includes the five (5) boroughs of New York City as well as Nassau County on Long Island, New York. Our banking offices are located in Kings, Nassau, New York and Queens Counties in New York. In addition, we opened a branch office in Freehold, New Jersey in March 2022 to leverage Savoy’s SBA lending activities in this market to enhance our market share.

We own our administrative headquarters in Mineola, NY and our Garden City Park, NY branch and lease our six other branch locations. Set forth below is certain information regarding our office locations:

**Hanover Community Bank Locations**

**Deposits by County**

Source: S&P Global Market Intelligence. Note: FDIC deposit data as of 6/30/2021.

#	Branch Name	Address	Description
1	Headquarters & Mineola	80 East Jericho Turnpike, Mineola, NY	First floor branch and Hanover's corporate and administrative offices on the second / third floors and was opened in 2017.
2	Garden City Park	2131 Jericho Turnpike, Garden City Park, NY	One story building with the Bank's original branch as well as its Loan Servicing Department.
3	Flushing	138-29 39th Avenue, Flushing, NY	Ground floor branch opened in 2019.
4	Forest Hills	71-15 Austin Street, Forest Hills, NY	Ground floor branch opened in 2017.
5	Sunset Park	5512 8th Avenue, Brooklyn, NY	First floor branch and bank administrative offices on the second / third floors. Acquired as part of the CFSB transaction.
6	Bowery	109 Bowery, New York, NY	First floor branch and bank administrative offices on the second / third floors. Acquired as part of the CFSB transaction.
7	Midtown	600 5th Ave, 17th Floor, New York, NY	17th Floor office space of a 26 floor commercial building acquired as part of the Savoy Bank acquisition.
8	Freehold	4400 Route 9, Freehold, NJ	This branch and administrative office is located on the 2nd floor of 3 story commercial office building.

While focused on driving growth across all of our markets and business segments, we believe our efforts to leverage the Savoy acquisition and expand our presence in the New York City market will be the largest contributor to our asset growth for the foreseeable future due to the significant population and number of small businesses in the market.

The SBA Payment Protection Program (PPP) was targeted at assisting small businesses throughout the United States. The total outstanding PPP loan balances at June 30, 2020 (peak balances for most banks) for all NYC metro area (New York, Queens, Kings, Richmond, Brooklyn, Nassau, and Suffolk counties) headquartered banks was \$39.3 billion and represents approximately 388 thousand individual loans. When excluding the 10 largest banks (which are money center and regional banks), the outstanding balances are \$4.7 billion and represents approximately 36 thousand individual loans. We believe this data shows the depth and breadth of the small business community in the New York City market. Furthermore, there are many small business customers currently being banked by the large money center and regional banks, which we think are less nimble and focused on the small business customer relative to our Bank. We believe this presents great opportunity for growth via enhancing our market share within the NYC footprint.

#### Capitalize on Market Disruption

Our market area has undergone significant consolidation, particularly in the last twelve months. We intend to take advantage of the recent disruption caused by M&A in our operating markets, which we believe has created an environment of underbanked customers and has created opportunities to hire seasoned bankers. We have successfully employed this strategy in the past, hiring experienced bankers from merged institutions, which has helped us enhance critical aspects of our operations. We believe the most recent wave of consolidations, together with what we anticipate will be further consolidation, will create additional opportunities for us to attract additional experienced bankers. Below are some of the merger transactions announced and/or closed in and around our geographic footprint since 2019:

- M&T Bank Corporation / Peoples United Financial, Inc.
- Citizens Financial Group, Inc. / Investors Bancorp, Inc.
- New York Community Bancorp, Inc. / Flagstar Bancorp, Inc.
- Sterling Bancorp / Webster Financial Corporation
- Bridge Bancorp, Inc. / Dime Community Bancshares, Inc.
- Provident Financial Services, Inc. / SB One Bancorp

- Flushing Financial Corporation / Empire Bancorp, Inc.
- Valley National Bancorp / Bank Leumi USA
- Valley National Bancorp / The Westchester Bank Holding Corporation

### Our Competitive Strengths

The banking business, especially in the New York metropolitan area, is highly competitive. We face substantial immediate competition and potential future competition both in attracting deposits and in originating loans. We compete with numerous commercial banks, savings banks and savings and loan associations, many of which have assets, capital and lending limits larger than ours. Other competitors include money market mutual funds, mortgage bankers, insurance companies, stock brokerage firms, regulated small loan companies, credit unions and issuers of commercial paper and other securities.

We believe the following strengths differentiate us from our competitors and position us to execute our business strategy successfully:

**High Degree of Franchise Scarcity Value.** Recent market consolidation has resulted in a lack of sub-\$5 billion asset sized banks in the Long Island and Greater New York City Metro Area. Since June 2020, there have been 15 bank transactions in the tri-state area, 10 of which involved targets with total assets less than \$5 billion. We currently are the second largest sub-\$5 billion community bank in this market area, as a result of both organic growth and our recent acquisitions of CFSB and Savoy, coupled with the heavy consolidation among larger institutions in the market. We believe we are uniquely positioned to continue to capitalize on this opportunity in the market. Most notably, we believe the opportunity to increase penetration into the small business community is very strong and highly compelling.

Top 10 NYC Metro Area-Headquartered Banks (All Banks)

Company Name	County and State	Total Assets (\$B)
1. JPMorgan Chase & Co.	New York, NY	3,757.6

Note: Company financial data as the calendar quarter ended 12/31/2021.

(1) Includes U.S. banks and thrifts with under \$5 billion in most recent quarter total assets, excluding mutuals and untraditional business models and foreign parent companies; NYC Metro Area defined as Queens, Kings, New York, Bronx, Richmond, Nassau, & Suffolk Counties.

(2) FDIC deposit data as of 6/30/2021.

**Niche Lending & Funding Expertise Drives Pricing Power.** A number of our business segments are focused on providing specialized lending and deposit products to specific customer groups within our markets. Unlike many of our competitors, we are not aiming to be a community bank for every consumer nor can we provide every commercial product and service. Rather, we are focused on providing expertise and excellent service in the chosen segments in which we operate. Since 2014 our residential mortgage operation has been highly focused on non-conforming lending in New York City. With Savoy, we acquired a niche SBA and small business commercial banking business. Our municipal deposit banking business is differentiated in that we are focused on long-term relationships that typically have less pricing volatility, particularly in rising rate environments. We may expand into additional niche segments as we grow and continue to add talent, but we feel that within each of our existing segments there is ample room to increase market share and grow.

Our focus on these differentiated areas has been a primary driver of above average yield on loans and overall net interest margin. Our focus on these areas has allowed us to price our services based on relationships instead of a transactional focus. Furthermore, our execution on our municipal deposit program and our addition of several branches over the last few years, including through the CFSB acquisition, have allowed us to lower our deposit costs in the current environment, which has produced meaningful enhancements to our net interest margin and we believe positions us well for continued net interest margin expansion.

**Yield on Total Loans**

**Net Interest Margin**

Source: S&P Global Market Intelligence.  
 Note: Peers include major exchange-traded, nationwide banks and thrifts with most recent quarter total assets between \$1 and \$3 billion, excluding merger targets and mutuals.  
 Note: Annual data as of the fiscal years ended 9/30; 2022Q1 data as of the calendar quarter ended 12/31/2021.

**Efficient, Profitable and Scalable Business Model.** We have invested heavily over the last several years in people and infrastructure to enhance and expand our capabilities so we can provide a number of specialized services to our commercial and consumer customers. These investments include both de novo and acquired branches, a core systems conversion, significant executive hiring in the front and back office, retention of most of the CFSB and Savoy employees and initiation of our municipal deposit banking business. While we have a demonstrated track record of investing in our business, we have been highly focused around profitability and a highly efficient operating platform and branch network. Our level of assets, loans, deposits and revenue relative to the number of branch offices is well above our peers. We believe that this continued focus on operating efficiently will result in above average levels of profitability over the long-term, independent of fluctuations in interest rates. While our direct funding costs are above peer levels, our yields and overall net interest margin have been above peers.

**Company Data per Office**

\$ in millions; Data as of or for the quarter ended 12/31/2021, profitability data annualized

Source: S&P Global Market Intelligence.  
 Note: All figures presented on a fiscal basis; Hanover has a fiscal year ending September 30th. Peers include major exchange-traded banks and thrifts with most recent quarter total assets between \$1 and \$3 billion, excluding merger targets and mutuals. Note: Annual data as of the fiscal years ended 9/30. Per office metrics calculated using 7 branches, excludes recently opened branch in Freehold, NJ.

**Disciplined Underwriting and High Quality Balance Sheet.** We have maintained a strong and disciplined risk management culture and credit administration process, which we believe are supported by comprehensive policies and procedures for credit underwriting, funding, and loan administration and monitoring. Below are some highlights of our demonstrated track record in credit performance:

- Since 2016, we have incurred \$907 thousand in cumulative net charge-off's, representing less than 10 basis points of average loans over that cumulative time period;
- Total non-accrual loans at December 31, 2021 were \$6.1 million, or 0.51% of total loans, excluding loans Held-for-Sale and SBA PPP loans;
- The Bank's legacy loan portfolio component of the December 31, 2021 non-accrual loans is \$3.8 million while the balance (\$2.3 million) comes from acquired Savoy loans;
- As part of the Savoy merger, we recorded a purchase accounting fair value discount to the Savoy loan portfolio of \$8.6 million, representing 1.5% of Savoy's loans at the time of acquisition, excluding held-for-sale and SBA PPP loans; and
- Our reserves and total fair value loan marks represent 1.17% of total loans, excluding held-for-sale and SBA PPP loans.

**Experienced Management Team.** We have a senior management team with many years of experience in our target markets, including:

- **Michael P. Puorro, Chairman and Chief Executive Officer.** Mr. Puorro has over thirty years of banking experience, with over twenty-five years as a senior executive. Mr. Puorro previously served as the President of a Long Island based community bank, and as the Chief Financial Officer of a large, publicly traded thrift holding company.
- **Brian K. Finneran, President.** Mr. Finneran has over forty years of experience in the banking industry. Prior to joining us in 2017, Mr. Finneran was the former Executive Vice President and Chief Financial Officer and member of the Board of Directors at Suffolk Bancorp.
- **McClelland ("Mac") Wilcox, Senior Executive Vice President, Chief Lending & Revenue Officer.** Mr. Wilcox was the former President and Chief Executive officer of Savoy. He has over twenty years of experience as a banking leader and entrepreneur.
- **Lance P. Burke, Executive Vice President and Chief Financial Officer.** Mr. Burke has over twenty years of experience in the banking industry. Prior to joining our team, Mr. Burke served as Senior Vice President and Controller of Dime Bank (formerly BNB Bank).
- **Denise Chardavoine, Executive Vice President and Chief Operations Officer.** Ms. Chardavoine has over twenty years of banking experience. Ms. Chardavoine previously served as Executive Vice President and Chief Information Officer of Amalgamated Bank, and Chief Information Officer at Suffolk County National Bank.
- **Kevin Corbett, Executive Vice President and Chief Credit Officer.** Mr. Corbett has over thirty-five years of experience in the banking industry. Prior to joining us, Mr. Corbett served as Senior Vice President and Chief Credit Officer of Dime Community Bank and Senior Vice President and Chief Credit Officer of Astoria Bank.
- **Michael Locorriere, Executive Vice President and Chief Municipal Officer.** Mr. Locorriere has more than thirty years of banking and government experience. Mr. Locorriere previously served as Executive Vice President & Director of Municipal Banking at Empire National Bank.
- **Alice T. Rouse, Executive Vice President & Chief Risk Officer.** Ms. Rouse has over twenty-five years of banking experience. Prior to joining Hanover in 2017, she served in various financial and audit capacities at Astoria Bank.
- **Lisa A. Diiorio, First Senior Vice President & Chief Accounting Officer.** Ms. Diiorio has over twenty-five years of experience in the banking industry. Prior to joining Hanover in 2016, Ms. Diiorio served as Vice President and Principal Accounting Officer at Bridgehampton National Bank.

**Demonstrated Ability to Integrate M&A Transactions.** Our executive team, which is led by our Chairman and CEO Michael Puorro, and Brian Finneran, our President, has significant experience with M&A transactions and post-closing integration efforts. In August 2019, we closed the CFSB acquisition and have successfully grown the former CFSB deposit franchise. As anticipated, the CFSB acquisition provided a complementary core funding base to our legacy one- to four-family residential lending business as well

as commercially attractive branch locations. In May 2021, we closed the Savoy Merger, an approximately \$650 million total asset single branch commercial bank located in Midtown Manhattan, New York City, for a purchase price of \$65.5 million. The transaction significantly diversified our revenue and lending mix while boosting profitability and leveraging Savoy's expertise in commercial and SBA lending. We have already completed the systems integration with Savoy, and we now intend to pursue prudent and commercially attractive acquisitions that will position us to further capitalize on market opportunities.

### **Summary of Risk Factors**

Our business is subject to numerous risks and uncertainties, including those highlighted in the section titled "Risk Factors," that represent challenges that we face in connection with the successful implementation of our strategy. The occurrence of one or more of the events or circumstances described in the section titled "Risk Factors," alone or in combination with other events or circumstances, may adversely affect our ability to effect a business combination, and may have an adverse effect on our business, cash flows, financial condition and results of operations. Such risks include, but are not limited to:

- We are subject to risks associated with the COVID-19 pandemic, which could have an adverse effect on our business, financial condition and results of operations.
- Our reliance on one- to four- family residential mortgage lending and certain niche loan products could expose us to credit risks that may be different than would apply to a more diversified or traditional loan portfolio.
- Our business and operations are concentrated in the New York metropolitan area, and we are sensitive to adverse changes in the local economy.
- We are subject to the various risks associated with our banking business and operations, including, among others, credit, market, liquidity, interest rate and compliance risks, which may have an adverse effect on our business, financial condition and results of operations if we are unable to manage such risks.
- SBA lending is an increasingly important part our business, and changes to the SBA programs, or the rules governing such programs, may adversely affect our profitability.
- Our liquidity and capital needs, particularly given our growth strategy, may suffer if not managed effectively or if capital is not available on terms acceptable to us.
- Our ability to continue to grow will diminish if we are unable to continue to make commercially attractive acquisitions, or if we are unable to realize the benefits of prior or future acquisitions in a reasonable timeframe.
- We operate in a highly competitive market and face increasing competition from traditional and new financial services providers.
- We are dependent on key personnel and the unexpected loss of their services, or if we are unable to attract new personnel as we execute our growth strategy, will adversely impact our financial condition.
- We operate in a highly regulated industry, and the current regulatory framework and any future legislative and regulatory changes, may have an adverse effect on our business, financial condition and results of operations.
- We are subject to risks associated with our dependency on our information technology and telecommunications systems and third-party servicers including exposures to systems failures, interruptions or breaches of security.
- There are uncertainties with respect to the establishment of an active public market for our common stock, and in any event, our stock price may be volatile, resulting in substantial losses for investors.
- Investors will experience immediate dilution of their investment.
- Anti-takeover provisions in our charter and under New York law could limit certain shareholder actions.

### Corporate Information

Our principal executive offices are located at 80 East Jericho Turnpike, Mineola, New York 11501. Our telephone number is (516) 548-8500. Our Internet address is [www.hanoverbank.com](http://www.hanoverbank.com). We expect to make our periodic reports and other information filed with, or furnished to, the Securities and Exchange Commission, or SEC, available free of charge through our website as soon as reasonably practicable after those reports and other information are electronically filed with, or furnished to, the SEC. The information contained on or accessible through our website is not a part of, or incorporated by reference, into this prospectus.

### Recent Developments

Our unaudited condensed consolidated financial statements as of and for the three and six months ended March 31, 2022 are not yet available. The following preliminary unaudited consolidated financial information regarding our performance and financial condition as of and for the three and six months ended March 31, 2022 is based solely on management's estimates reflecting preliminary financial information, and remains subject to additional procedures and our consideration of subsequent events, particularly as they relate to material estimates and assumptions used in preparing management's estimates, which we expect to complete following this offering. These additional procedures could result in material changes to the preliminary financial information set forth below, including as a result of our consideration of subsequent events, particularly as it relates to material estimates and assumptions used in preparing management's estimates for the three and six months ended March 31, 2022. Our unaudited condensed consolidated financial statements as of and for the three and six months ended March 31, 2022, may differ materially from our estimates and interim balances indicated below. The following consolidated financial data as of and for the fiscal year ended September 30, 2021, is derived from our audited consolidated financial statements, which are included elsewhere in this prospectus.

The preliminary information set forth below is not a complete presentation of our financial results for the three and six months ended March 31, 2022. The following estimates constitute forward-looking statements and are subject to risks and uncertainties, including those described in the section entitled "Risk Factors." See the section entitled "Cautionary Note Regarding Forward-Looking Statements." The following preliminary financial information should be read together with the sections entitled "Management's Discussion and Analysis of Financial Condition and Results of Operations" and our consolidated financial statements and the related notes to those financial statements that are included elsewhere in this prospectus. There are material limitations with making preliminary estimates of our financial results as of and for the three and six months ended March 31, 2022 and 2021 prior to the completion of our and our auditors' financial review procedures for such periods. Our independent registered public accounting firm, Crowe LLP, has not audited, reviewed, compiled or applied agreed-upon procedures with respect to the preliminary financial information, and as such, does not express an opinion, or any assurance, with respect to this preliminary financial information.

### Selected Financial Highlights

- **Assets.** Total assets were \$1.5 billion as of March 31, 2022 and September 30, 2021.
- **Cash and Cash Equivalents.** Cash and due from banks was \$127.1 million as of March 31, 2022, representing a \$39.4 million, or 23.7% decrease, compared to \$166.5 million at September 30, 2021.
- **Loans.** Net loans were \$1.3 billion as of March 31, 2022, representing a \$40.6 million, or 3.3% increase, from \$1.2 billion at September 30, 2021. Excluding PPP loans, net loans were \$1.2 billion as of March 31, 2022, representing a \$143.2 million, or 13.0% increase, from \$1.1 billion at September 30, 2021.
- **Securities.** Available for sale securities were \$5.1 million as of March 31, 2022, representing a \$2.6 million, or 34.6% decrease, compared to \$7.7 million at September 30, 2021. Held to maturity securities were \$4.6 million as of March 31, 2022, representing a \$4.0 million, or 46.2% decrease, compared to \$8.6 million at September 30, 2021.
- **Allowance for Loan Losses.** The allowance for loan losses was \$9.9 million at March 31, 2022 as compared to \$8.6 million at September 30, 2021. The allowance for loan losses as a percent of total

loans was 0.77% at March 31, 2022, versus 0.69% at September 30, 2021. The allowance for loan losses as a percent of total loans excluding acquired loans (“originated loans”) was 1.04% at March 31, 2022.

- **Deposits.** Total deposits were \$1.2 billion as of March 31, 2022 and September 30, 2021.
- **Stockholders’ Equity.** Total stockholders’ equity was \$134.8 million as of March 31, 2022, compared to \$122.5 million as of September 30, 2021. Tangible book value per common share increased to \$19.75 at March 31, 2022 from \$18.49 at September 30, 2021. Common shares outstanding were 5,829,569 and 5,563,426 as of March 31, 2022 and September 30, 2021, respectively. The increase in common shares outstanding was primarily related to the issuance of equity awards in the first calendar quarter of 2022.
- **Net Income.** The Company’s net income was \$5.9 million for the three months ended March 31, 2022, an increase of \$3.8 million, or 185.2%, compared to \$2.1 million for the three months ended March 31, 2021. The Company’s net income was \$12.4 million for the six months ended March 31, 2022, an increase of \$8.8 million, or 246.9%, compared to \$3.6 million for the six months ended March 31, 2021. The increase in net income for the three and six months ended March 31, 2022, as compared to the three and six months ended March 31, 2021, was due to higher interest income as a result of increased interest and fee income earned on increased average loan balances, a decline in interest expense as a result of a decrease in our cost of funds, and an increase in noninterest income due to increased gains on sale of loans, partially offset by increases in noninterest expense and provision for income taxes.
- **Net Interest Income.** Net interest income was \$14.7 million for the three months ended March 31, 2022, an increase of \$6.9 million, or 89.0%, compared to \$7.8 million for the three months ended March 31, 2021. Net interest income was \$30.0 million for the six months ended March 31, 2022, an increase of \$14.9 million, or 98.4%, compared to \$15.1 million for the six months ended March 31, 2021.
- **Net Interest Margin.** Net interest margin was 4.26% for the three months ended March 31, 2022, compared to 3.79% for the three months ended March 31, 2021. Net interest margin was 4.32% for the six months ended March 31, 2022, compared to 3.66% for the six months ended March 31, 2021.
- **Provision for Loan Losses.** Provision for loan losses was \$500,000 for the three months ended March 31, 2022, compared to \$200,000 for the three months ended March 31, 2021. Provision for loan losses was \$1.4 million for the six months ended March 31, 2022, compared to \$300,000 for the six months ended March 31, 2021. The overall increase in the provision was primarily related to the growth in the loan portfolio.
- **Noninterest Income.** Noninterest income was approximately \$2.7 million for the three months ended March 31, 2022, an increase of \$2.0 million, or 286.1%, compared to \$692,000 for the three months ended March 31, 2021. Noninterest income was \$5.0 million for the six months ended March 31, 2022, an increase of \$4.0 million, or 416.2%, compared to \$978,000 for the six months ended March 31, 2021.
- **Noninterest Expense.** Noninterest expense was \$9.4 million for the three months ended March 31, 2022, an increase of \$3.7 million, or 63.4%, compared to \$5.7 million for the three months ended March 31, 2021. Noninterest expense was \$17.6 million for the six months ended March 31, 2022, an increase of \$6.3 million, or 55.7%, compared to \$11.3 million for the six months ended March 31, 2021. The period to period increases in noninterest expense reflect the Savoy Bank acquisition, which closed in May 2021.
- **Return on Average Assets (“ROAA”).** The Company’s ROAA was 1.63% for the three months ended March 31, 2022, compared to 0.97% for the three months ended March 31, 2021, and 1.72% for the six months ended March 31, 2022, compared to 0.84% for the six months ended March 31, 2021.
- **Return on Average Equity (“ROAE”).** The Company’s ROAE was 17.83% for the three months ended March 31, 2022, compared to 10.28% for the three months ended March 31, 2021, and 19.16% for the six months ended March 31, 2022, compared to 8.95% for the six months ended March 31, 2021.

<b>THE OFFERING</b>	
Common stock offered	1,363,636 shares
Common stock outstanding after the offering <sup>(1)(2)</sup>	7,193,205 shares
Underwriters' option to purchase additional shares of common stock	204,545 shares
Market for the common stock	We have applied to list our common stock on the Nasdaq Global Select Market under the trading symbol "HNVR".
Dividend policy	On February 15, 2022, we paid a \$0.10 per common share cash dividend to stockholders of record on February 8, 2022. This was the first cash dividend we have paid. Any future determination relating to our dividend policy will be made at the discretion of our Board of Directors. For additional information, see "Dividend Policy."
Use of proceeds	<p>We estimate that we will receive net proceeds of approximately \$27.0 million (or approximately \$31.2 million if the underwriter exercises its over-allotment option in full), based on an assumed initial public offering price of \$22.00 per share, the midpoint of the price range set forth on the cover page of this prospectus, after deducting estimated underwriter discounts and commissions and estimated offering expenses payable by us.</p> <p>We intend to contribute substantially all of the net proceeds from this offering to the Bank to enhance regulatory capital to support organic and future potential strategic growth. We do not have any current plans, arrangements or understandings relating to any specific acquisitions or similar transaction. See "Use of Proceeds" for additional information.</p>
Purchases by Officers and Directors	Certain of our directors and officers have indicated an intent to participate in the offering through the purchase of approximately 5% of the shares of our common stock. In anticipation of this participation, we have directed 68,182 shares to be reserved specifically for purchases by such officers and directors.
Risk factors	An investment in the common stock involves certain risks. Prospective purchasers of the common stock should consider the information discussed under the heading "Risk Factors" on Page 26.
<hr/> <p>(1) As of April 15, 2022.</p> <p>(2) Unless otherwise indicated, the share information in the table above and in this prospectus excludes up to 204,545 shares that may be purchased by the underwriters from us to cover over-allotments. Unless otherwise indicated, information contained in this prospectus regarding the number of outstanding shares of common stock does not include 220,349 shares of common stock issuable upon the exercise of outstanding stock options or an aggregate of 310,642 shares of common stock reserved for future issuance under our stock plans.</p>	

### IMPLICATIONS OF BEING AN EMERGING GROWTH COMPANY

We qualify as an “emerging growth company” under the Jumpstart Our Business Startups Act of 2012, or the JOBS Act. An emerging growth company may take advantage of specified reduced reporting requirements and is relieved of other significant requirements that are otherwise generally applicable to other public companies. Among other factors, as an emerging growth company:

- we may present only two years of audited financial statements and discuss only our results of operations for two years in “Management’s Discussion and Analysis of Financial Condition and Results of Operations”;
- we are exempt from the requirement to provide an opinion from our auditors on the design and operating effectiveness of our internal control over financial reporting pursuant to the Sarbanes-Oxley Act of 2002, as amended, or the Sarbanes-Oxley Act;
- we may choose not to comply with any new requirements adopted by the Public Company Accounting Oversight Board, or PCAOB, requiring mandatory audit firm rotation or a supplement to the auditor’s report providing additional information about the audit and our audited financial statements;
- we are permitted to provide less extensive disclosure regarding our executive compensation arrangements pursuant to the rules applicable to smaller reporting companies, which means we are not required to include a compensation discussion and analysis and certain other disclosure regarding our executive compensation in this prospectus; and
- we are not required to hold nonbinding advisory votes on executive compensation or golden parachute arrangements.

We may take advantage of these provisions for up to five years unless we earlier cease to qualify as an emerging growth company. We would cease to be an emerging growth company upon the earliest of: (i) the first fiscal year following the fifth anniversary of this offering; (ii) the first fiscal year after our annual gross revenues are \$1.07 billion or more; (iii) the date on which we have during the previous three-year period, issued more than \$1 billion in non-convertible debt securities; or (iv) the date on which we are deemed to be a large accelerated filer under the rules of the SEC. We have elected to adopt the reduced disclosure requirements described above regarding the number of periods for which we are providing audited financial statements, and our executive compensation arrangements for purposes of the registration statement of which this prospectus is a part. In addition, we expect to take advantage of the reduced reporting and other requirements under the JOBS Act with respect to the periodic reports we will file with the SEC and proxy statements that we use to solicit proxies from our shareholders. Accordingly, the information contained herein may be different than the information you receive from other public companies in which you invest.

The JOBS Act exempts emerging growth companies from compliance with new or revised financial accounting standards until private companies (that is, those that have not had a registration statement declared effective under the Securities Act of 1933, as amended, or the Securities Act, or do not have a class of securities registered under the Securities Exchange Act of 1934, as amended, or the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of this extended transition period and comply with the requirements that apply to non-emerging growth companies, but any such election to opt out is irrevocable. We have elected not to opt out of such extended transition period, which means that when a standard is issued or revised and it has different application dates for public or private companies, we, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make our consolidated financial statements not comparable with those of a public company which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period because of the potential differences in accounting standards used. We cannot predict if investors will find our common stock less attractive as a result of our election to rely on these exemptions. If some investors find our common stock less attractive as a result, there may be a less active trading market for our common stock and our stock price may be more volatile.

### SUMMARY OF SELECTED FINANCIAL DATA OF HANOVER

The following tables set forth selected consolidated historical financial data (i) as of and for the three months ended December 31, 2021 and 2020 and (ii) as of and for the five years ended September 30, 2021, 2020, 2019, 2018, and 2017. Selected consolidated financial data as of and for the years ended September 30, 2021 and 2020 has been derived from our audited financial statements. You should read the information as of and for the years ended September 30, 2021 and 2020 in conjunction with the audited financial statements and the related notes appearing in this prospectus beginning on Page F-1. Selected financial data as of and for the three months ended December 31, 2021 and 2020 has not been audited but, in the opinion of our management, contain all adjustments (consisting of only normal or recurring adjustments) necessary to present fairly our financial position and results of operations for such periods in accordance with generally accepted accounting principles. Our results of operations for the three months ended December 31, 2021 are not necessarily indicative of our results of operations that may be expected for the year ending September 30, 2022. The following selected consolidated financial data should be read in conjunction with our consolidated financial statements and related notes and our “Management’s Discussion and Analysis of Financial Condition and Results of Operations” included elsewhere in this prospectus.

(1) These measures are not measures recognized under generally accepted accounting principles in the United States ("GAAP"), and are therefore considered to be non-GAAP financial measures. See — "Non-GAAP Reconciliation Table" for a reconciliation of these measures to their most comparable GAAP measures.

(2) Nonperforming assets are defined as nonaccrual loans, loans 90 days or more past due and still accruing, and other real estate owned ("OREO").

(3) Represents the Bank Capital Ratios.

(4) Excludes loans Held-for-Sale and Small Business Administration Paycheck Protection loans.

#### Non-GAAP Financial Measures

The tables that follow contain certain non-GAAP financial measures in addition to results presented in accordance with GAAP. The non-GAAP measures are intended to provide the reader with additional supplemental perspective on operating results, performance trends, and financial condition. Non-GAAP financial measures are not a substitute for GAAP measures; they should be read and used in conjunction with Hanover's GAAP financial information. Hanover's non-GAAP measures may not be comparable to similar non-GAAP information which may be presented by other companies. In all cases, it should be understood that non-GAAP operating measures do not depict amounts that accrue directly to the benefit of shareholders. An item that management excludes when computing non-GAAP adjusted earnings can be

of substantial importance to Hanover's results and condition for any particular year. A reconciliation of non-GAAP financial measures to GAAP measures is provided below.

### SUMMARY UNAUDITED PRO FORMA FINANCIAL DATA OF THE COMBINED COMPANY

The following sets forth summary unaudited pro forma financial data, which combines our historical financial information with Savoy for the twelve months ended September 30, 2021 after giving effect to closing the Savoy Merger on May 26, 2021. The summary unaudited pro forma financial data are provided for illustrative purposes only and do not purport to represent what the actual results of operations if combined with Savoy (the “Combined Company”) would have been had the Savoy merger occurred on the dates assumed, nor are they indicative of future results of operations or financial position of the Combined Company.

The amortization is expected to be recognized over an estimated 10 month average life.</p> <p>(f) Adjustment to other non-interest expense of \$0.08 million to reflect the amortization of acquired identifiable intangible assets based on an amortization period of 3.6 years using the sum-of-the-years-digits method of amortization.</p> <p>(g) Adjustment to income tax provision to reflect the income tax effect of the pro forma adjustments (22.0% estimated tax rate used).</p> <p>(h) Adjustment to reflect the issuance of 1.36 million shares of Hanover common stock associated with the merger and the elimination of 0.47 million shares representing the impact of the Savoy Bank acquisition (completed on 5/27/2021) on Hanover's average basic and diluted shares outstanding for the year ended September 30, 2021, effectively adjusting for a hypothetical transaction date of 10/1/2020.</p>				

## RISK FACTORS

**Investing in our common stock involves a significant degree of risk. You should carefully consider the following risk factors which we have identified as being material to us, in addition to the other information contained in this prospectus, including our consolidated financial statements and related notes, before deciding to invest in our common stock. Any of the following risks, as well as risks that we do not know or that we currently deem immaterial, could have a material adverse effect on our business, financial condition, results of operations and future prospects. As a result, the trading price of our common stock could decline, and you could lose all or part of your investment.**

### ECONOMIC, MARKET AND INVESTMENT RISKS

*The ongoing global COVID-19 outbreak could harm our business and results of operations, and such effects will depend on future developments, which are highly uncertain and are difficult to predict.*

The COVID-19 pandemic continues to negatively impact economic and commercial activity and financial markets, both globally and within the United States. In our market area, stay-at-home orders, travel restrictions and closure of non-essential businesses — and similar orders imposed across the United States to restrict the spread of COVID-19 — resulted in significant business and operational disruptions, including business closures, supply chain disruptions, and mass layoffs and furloughs. Although local jurisdictions have subsequently lifted stay-at-home orders and moved to re-opening of businesses, worker shortages, vaccine requirements and other health and safety recommendations have impacted the ability of businesses to return to pre-pandemic levels of activity and employment.

The COVID-19 pandemic has had a specific impact on our business, including: (1) causing some of our borrowers to be unable to meet existing payment obligations, particularly borrowers disproportionately affected by business shutdowns and travel restrictions; (2) legal and regulatory requirements that require us to provide payment deferrals to certain customers adversely affected by the pandemic and which limit our ability to foreclose on certain property securing certain of our loans; (3) requiring us to increase our allowance for loan losses; and (4) affecting consumer and business spending, borrowing and savings habits. The ultimate risk posed by the COVID-19 pandemic remains highly uncertain; however, COVID-19 poses a material risk to our business, financial condition and results of operations. Other factors likely to have an adverse effect on our results of operations include:

- risks to the capital markets due to the volatility in financial markets that may impact the performance of our investment securities portfolio;
- effects on key employees, including operational management personnel and those charged with preparing, monitoring and evaluating our financial reporting and internal controls;
- declines in demand for loans and other banking services and products, as well as increases in our non-performing loans, owing to the effects of COVID-19 in the markets served by the Bank and on the business of borrowers of the Bank;
- declines in demand resulting from adverse impacts of the virus on businesses deemed to be “non-essential” by governments in the markets served by the Bank;
- reduced fees as we waive certain fees for our customers impacted by the COVID-19 pandemic; and
- higher operating costs, increased cybersecurity risks and potential loss of productivity while we work remotely.

Lastly, our commercial real estate and multi-family loans are dependent on the profitable operation and management of the properties securing such loans. The longer the pandemic persists, the stronger the likelihood that COVID-19 could have a significant adverse impact by reducing the revenue and cash flows of our borrowers, impacting the borrowers’ ability to repay their loans, increasing the risk of delinquencies and defaults, and reducing the collateral value underlying the loans.

The extent to which the COVID-19 pandemic will ultimately affect our financial condition and results of operations is unknown and will depend, among other things, on the duration of the pandemic, the actions undertaken by national, state and local governments and health officials to contain the virus or mitigate its

effects, the safety and effectiveness of the vaccines that have been developed and the ability of pharmaceutical companies and governments to continue to manufacture and distribute those vaccines, changes to interest rates, and how quickly and to what extent economic conditions improve and normal business and operating conditions resume. Any one or a combination of these factors could negatively impact our business, financial condition and results of operations and prospects.

***Customary means to collect non-performing assets may be prohibited, impractical or significantly delayed during the COVID-19 pandemic, and there is a risk that collateral securing a non-performing asset may deteriorate if we choose not to, or are unable to, foreclose on collateral in a timely manner.***

Federal and state banking agencies and government entities, including New York State, have adopted regulations or put in place executive orders that restrict or limit our ability to take certain actions with respect to delinquent borrowers that we would otherwise have taken in the ordinary course of business, such as customary collection and foreclosure activities. Specifically, New York State had placed a “moratorium” on evictions and foreclosures for people experiencing a hardship related to COVID-19, which recently expired as of January 15, 2022. Although the moratorium has expired, it is unclear how the New York courts will process eviction proceedings, and whether a backlog of cases will develop. We may therefore experience substantial delays in gaining title to collateral properties. If any backlog of foreclosure cases are not processed efficiently, there is an increased risk that the collateral value may deteriorate if we choose not to, or are unable to, foreclose on the collateral on a timely basis.

***A substantial portion of our business is in the New York metro area, therefore, our business is particularly vulnerable to an economic downturn in our primary market area.***

We primarily serve businesses, municipalities and individuals located in the New York metro area. As a result, we are exposed to risks associated with lack of geographic diversification. The occurrence of an economic downturn in the New York metro area, or adverse changes in laws or regulations in New York due to the adverse effects of the COVID-19 pandemic or otherwise, could impact the credit quality of our assets, the businesses of our customers and the ability to expand our business. Our success significantly depends upon the growth in population, income levels, deposits and housing in our market area. If the communities in which we operate do not grow or if prevailing economic conditions locally or nationally are unfavorable, our business may be negatively affected.

In addition, the market value of the real estate securing loans as collateral could be adversely affected by unfavorable changes in market and economic conditions. As of December 31, 2021, 80.85% of our real estate loan portfolio was secured by real estate located in the five boroughs of New York City and Nassau County, New York. Adverse developments affecting commerce or real estate values in the local economies in our primary market areas could increase the credit risk associated with our loan portfolio and have an adverse impact on our revenues and financial condition. In particular, we may experience increased loan delinquencies, which could result in a higher provision for loan losses and increased charge-offs. Any sustained period of increased non-payment, delinquencies, foreclosures or losses caused by adverse market or economic conditions in our market area could adversely affect the value of our assets, revenues, financial condition and results of operations.

We also obtain a significant volume of deposits from municipal customers, primarily in Nassau and Suffolk Counties in New York. As of December 31, 2021, 35% of our deposits are from municipal customers, although no single municipal customer represents a concentration risk. A prolonged economic downturn which adversely affects tax revenues or other governmental funding sources could have an adverse impact on our ability to gather cost efficient deposits, and fund our loans and other investments, thereby adversely affecting our results of operations.

***We have a significant number of loans secured by real estate, and a downturn in the local real estate market could negatively impact our profitability.***

At December 31, 2021, approximately \$1.2 billion, or 91%, of our total loan portfolio was secured by real estate, almost all of which is located in our primary lending market. Future declines in the real estate values in the New York metro area and Nassau County and surrounding markets could significantly impair the value of the particular collateral securing our loans and our ability to sell the collateral upon foreclosure

for an amount necessary to satisfy the borrower's obligations to us. This could require increasing our allowance for loan losses to address the decrease in the value of the real estate securing our loans, which could have a material adverse effect on our business, financial condition, results of operations and growth prospects.

***Appraisals and other valuation techniques we use in evaluating and monitoring loans secured by real property, other real estate owned and repossessed personal property may not accurately describe the net value of the asset.***

In considering whether to make a loan secured by real property, we generally require an appraisal of the property. However, an appraisal is only an estimate of the value of the property at the time the appraisal is made and, as real estate values may change significantly in value in relatively short periods of time (especially in periods of heightened economic uncertainty), this estimate may not accurately describe the net value of the real property collateral after the loan is made. As a result, we may not be able to realize the full amount of any remaining indebtedness when we foreclose on and sell the relevant property. In addition, we rely on appraisals and other valuation techniques to establish the value of our other real estate owned, or OREO, and personal property that we acquire through foreclosure proceedings and to determine certain loan impairments. If any of these valuations are inaccurate, our consolidated financial statements may not reflect the correct value of our OREO, and our allowance for loan losses may not reflect accurate loan impairments. This could have an adverse effect on our business, financial condition or results of operations.

***We engage in lending secured by real estate and may be forced to foreclose on the collateral and own the underlying real estate, subjecting us to the costs and potential risks associated with the ownership of the real property, or consumer protection initiatives or changes in state or federal law may substantially raise the cost of foreclosure or prevent us from foreclosing at all.***

Since we originate loans secured by real estate, we may have to foreclose on the collateral property to protect our investment and may thereafter own and operate such property, in which case we would be exposed to the risks inherent in the ownership of real estate. Although we held no OREO properties at December 31, 2021, it is possible that in future periods we may take title to OREO properties in the event of defaults on outstanding loans. The amount that we, as a mortgagee, may realize after a default depends on factors outside of our control, including, but not limited to, general or local economic conditions, environmental cleanup liabilities, assessments, interest rates, real estate tax rates, operating expenses of the mortgaged properties, our ability to obtain and maintain adequate occupancy of the properties, zoning laws, governmental and regulatory rules, and natural disasters. Our inability to manage the amount of costs or size of the risks associated with the ownership of real estate, or writedowns in the value of OREO, could have an adverse effect on our business, financial condition and results of operations.

Additionally, consumer protection initiatives or changes in state or federal law may substantially increase the time and expense associated with the foreclosure process or prevent us from foreclosing at all. A number of states in recent years have either considered or adopted foreclosure reform laws that make it substantially more difficult and expensive for lenders to foreclose on properties in default. Additionally, federal regulators have prosecuted a number of mortgage servicing companies for alleged consumer law violations. If new state or federal laws or regulations are ultimately enacted that significantly raise the cost of foreclosure or raise outright barriers, such could have an adverse effect on our business, financial condition and results of operation.

***Other aspects of our business may be adversely affected by unfavorable economic, market, and political conditions.***

An economic recession or a downturn in various markets could have one or more of the following adverse effects on our business:

- a decrease in the demand for our loans and leases and other products we offer;
- a decrease in our deposit balances due to overall reductions in the number or value of client accounts;
- a decrease in the value of collateral securing our loans;
- an increase in the level of nonperforming and classified loans;

- an increase in provisions for credit losses and loan charge-offs;
- a decrease in net interest income derived from our lending and deposit gathering activities;
- a decrease in our stock price;
- a decrease in our ability to access the capital markets; and
- an increase in our operating expenses associated with attending to the effects of certain circumstances listed above.

Various market conditions also affect our operating results. Real estate market conditions directly affect performance of our loans secured by real estate. Debt markets affect the availability of credit, which impacts the rates and terms at which we offer loans. Stock market downturns often reflect broader economic deterioration and/or a downward trend in business earnings which may adversely affect businesses' ability to raise capital and/or service their debts. Political and electoral changes, developments, conflicts and conditions (such as fiscal policy changes proposed) have in the past introduced, and may in the future introduce, additional uncertainty that could also affect our operating results negatively.

### **LENDING ACTIVITIES RISKS**

***Small Business Administration lending is an increasingly important part of our business. Our SBA lending program is dependent upon the U.S. federal government, and we face specific risks associated with originating SBA loans.***

Our SBA lending program is dependent upon the U.S. federal government. The SBA periodically reviews the lending operations of participating lenders to assess, among other things, whether the lender exhibits prudent risk management. When weaknesses are identified, the SBA may request corrective actions or impose enforcement actions. Any changes to the SBA program, including but not limited to changes to the level of guarantee provided by the federal government on SBA loans, changes to program specific rules impacting volume eligibility under the guaranty program, as well as changes to the program amounts authorized by Congress or funding for the SBA program may also have a material adverse effect on our business. In addition, any default by the U.S. government on its obligations or any prolonged government shutdown could, among other things, impede our ability to originate SBA loans or sell such loans in the secondary market, which could materially and adversely affect our business, results of operations and financial condition.

The SBA's 7(a) Loan Program is the SBA's primary program for helping start-up and existing small businesses, with financing guaranteed for a variety of general business purposes. Typically, we sell the guaranteed portion of our SBA 7(a) loans in the secondary market. These sales result in premium income for us at the time of sale and create a stream of future servicing income, as we retain the servicing rights to these loans. For the reasons described above, we may not be able to continue originating these loans or selling them in the secondary market. Furthermore, even if we are able to continue to originate and sell SBA 7(a) loans in the secondary market, we might not continue to realize premiums upon the sale of the guaranteed portion of these loans or the premiums may decline due to economic and competitive factors. When we originate SBA loans, we incur credit risk on the non-guaranteed portion of the loans, and if a customer defaults on a loan, we share any loss and recovery related to the loan pro-rata with the SBA. If the SBA establishes that a loss on an SBA guaranteed loan is attributable to significant technical deficiencies in the manner in which the loan was originated, funded or serviced by us, the SBA may seek recovery of the principal loss related to the deficiency from us. Generally, we do not maintain reserves or loss allowances for such potential claims and any such claims could materially and adversely affect our business, financial condition or results of operations.

The laws, regulations and standard operating procedures that are applicable to SBA loan products may change in the future. We cannot predict the effects of these changes on our business and profitability. Because government regulation greatly affects the business and financial results of all commercial banks and bank holding companies and especially our organization, changes in the laws, regulations and procedures applicable to SBA loans could adversely affect our ability to operate profitably.

***The non-guaranteed portion of SBA loans that we retain on our balance sheet as well as the guaranteed portion of SBA loans that we sell could expose us to various credit and default risks.***

We have historically originated, primarily through Savoy, a significant number of SBA loans, and sell a significant portion of the guaranteed portions on the secondary market. We generally retain the non-guaranteed portions of the SBA loans that we originate. Consequently, as of December 31, 2021, we held \$81 million of SBA and other government guaranteed loans on our balance sheet, \$65 million of which consisted of the non-guaranteed portion of SBA loans and \$16 million consisted of the guaranteed portion of SBA loans. The non-guaranteed portion of SBA loans have a higher degree of credit risk and risk of loss as compared to the guaranteed portion of such loans. We generally retain the non-guaranteed portions of the SBA loans that we originate and sell, and to the extent the borrowers of such loans experience financial difficulties, our financial condition and results of operations would be adversely impacted when we sell the guaranteed portion of SBA loans in the ordinary course of business, we are required to make certain representations and warranties to the purchaser about the SBA loans and the manner in which they were originated. Under these agreements, we may be required to repurchase the guaranteed portion of the SBA loan if we have breached any of these representations or warranties, in which case we may record a loss. In addition, if repurchase and indemnity demands increase on loans that we sell from our portfolio, our liquidity, results of operations and financial condition could be adversely affected.

***The recognition of gains on the sale of loans and servicing asset valuations reflect certain assumptions.***

We expect that gains on the sale of U.S. government guaranteed loans will comprise a meaningful component of our revenue. The gains on such sales recognized for the three months ended December 31, 2021 and for the twelve months ended September 30, 2021 (on a pro forma basis for Savoy and us combined) was \$0.8 million and \$5.5 million, respectively, reflecting \$5.4 million of gains recognized by Savoy prior to the acquisition. The determination of these gains is based on assumptions regarding the value of unguaranteed loans retained, servicing rights retained and deferred fees and costs, and net premiums paid by purchasers of the guaranteed portions of U.S. government guaranteed loans. The value of the retained unguaranteed portion of the loans and servicing rights are determined based on market derived factors such as prepayment rates, current market conditions and recent loan sales. Deferred fees and costs are determined using internal analysis of the cost to originate loans. Significant errors in assumptions used to compute gains on sale of loans or servicing asset valuations could result in material revenue misstatements, which may have a material adverse effect on our business, results of operations and profitability. In addition, while we believe these valuations reflect fair value and such valuations are subject to validation by an independent third party, if such valuations are not reflective of fair market value then our business, results of operations and financial condition may be materially and adversely affected.

***Imposition of limits by bank regulators on commercial real estate lending activities could curtail our growth and adversely affect our earnings.***

In 2006, the Office of the Comptroller of the Currency, or the OCC, the Federal Deposit Insurance Corporation, or the FDIC, and the FRB, or collectively, the Agencies, issued joint guidance entitled “Concentrations in Commercial Real Estate Lending, Sound Risk Management Practices,” or the CRE Guidance. Although the CRE Guidance did not establish specific lending limits, it provides that a bank’s commercial real estate lending exposure could receive increased supervisory scrutiny where total non-owner-occupied commercial real estate loans, including loans secured by apartment buildings, investor commercial real estate, and construction and land loans, represent 300% or more of an institution’s total risk-based capital, and the outstanding balance of the commercial real estate loan portfolio has increased by 50% or more during the preceding 36 months. Commercial real estate loans represent 408% of our risk-based capital at December 31, 2021 and the outstanding balance of our commercial real estate loan portfolio has increased over 300 % during the 36 months preceding December 31, 2021.

In December 2015, the Agencies released a new statement on prudent risk management for commercial real estate lending, or the 2015 Statement. In the 2015 Statement, the Agencies, among other things, indicated the intent to continue “to pay special attention” to commercial real estate lending activities and concentrations going forward. If the FDIC, our primary federal regulator, were to impose restrictions on

the amount of such loans we can hold in our portfolio or require us to implement additional compliance measures, for reasons noted above or otherwise, our results of operations could be adversely affected as would our earnings per share.

***The residential mortgage loans that we originate consist primarily of non-conforming residential mortgage loans which may be considered less liquid and more risky.***

The residential mortgage loans that we originate consist primarily of non-conforming residential mortgage loans, which are typically considered to have a higher degree of risk and are less liquid than conforming residential mortgage loans. We attempt to address this enhanced risk through our underwriting process, by requiring three months principal, interest, taxes and insurance reserves. These loans also present pricing risk as rates change, and our sale premiums cannot be guaranteed. Further, the criteria for our loans to be purchased by other financial institutions may change from time to time, which could result in a lower volume of corresponding loan originations. In addition, when we sell the non-conforming residential mortgage loans, we are required to make certain representations and warranties to the purchaser regarding such loans. Under those agreements, we may be required to repurchase the non-conforming residential mortgage loans if we have breached any of these representations or warranties, in which case we may record a loss. Additionally, if repurchase and indemnity demands increase on loans that we sell from our portfolio, our liquidity, results of operations and financial condition could be adversely affected.

***Interest rate shifts may reduce net interest income and otherwise negatively impact our financial condition and results of operations.***

The majority of our banking assets are monetary in nature and subject to risk from changes in interest rates. Like most banks, our earnings and cash flows depend to a great extent upon the level of our net interest income, or the difference between the interest income we earn on loans, investments and other interest-earning assets, and the interest we pay on interest-bearing liabilities, such as deposits and borrowings. Changes in interest rates can increase or decrease our net interest income, because different types of assets and liabilities may react differently, and at different times, to market interest rate changes.

When interest-bearing liabilities mature or reprice more quickly, or to a greater degree than interest-earning assets in a period, an increase in interest rates could reduce net interest income. Similarly, when interest-earning assets mature or reprice more quickly, or to a greater degree than interest-bearing liabilities, falling interest rates could reduce net interest income. An increase in interest rates may, among other things, reduce the demand for loans and our ability to originate loans and decrease loan repayment rates. Conversely, a decrease in the general level of interest rates may affect us through, among other things, increased prepayments on our loan portfolio and increased competition for deposits. Accordingly, changes in the level of market interest rates affect our net yield on interest-earning assets, loan origination volume and our overall results of operations. Although our asset-liability management strategy is designed to control and mitigate exposure to the risks related to changes in market interest rates, those rates are affected by many factors outside of our control, including governmental monetary policies, inflation, deflation, recession, changes in unemployment, the money supply, international disorder and instability in domestic and foreign financial markets.

**CREDIT RISKS**

***We may not be able to measure and limit our credit risk adequately, which could lead to unexpected losses.***

The primary component of our business involves making loans to our clients. The business of lending is inherently risky, including risks that the principal or interest on any loan will not be repaid in a timely manner or at all or that the value of any collateral supporting the loan will be insufficient to cover losses in the event of a default. These risks may be affected by the strength of the borrower's business and industry, and local, regional and national market and economic conditions. Many of our loans are made to small- to medium-sized businesses that may be less able to withstand competitive, economic and financial pressures than larger borrowers. Our risk management practices, such as managing the concentration of our loans within specific industries, loan types and geographic areas, and our credit approval practices may not adequately reduce credit risk. Further, our credit administration personnel, policies and procedures may not

adequately adapt to changes in economic or any other conditions affecting clients and the quality of the loan portfolio. A failure to effectively measure and manage the credit risk associated with our loan portfolio could lead to unexpected losses and have an adverse effect on our business, financial condition and results of operations.

***Our emphasis on one- to four- family residential mortgage loans involves risks that could adversely affect our financial condition and results of operations.***

Our loan portfolio includes a significant concentration of one- to four- family residential mortgage loans. As of December 31, 2021, we had \$436.6 million in one- to four- family residential mortgage loans, representing 36.25% of our total loan portfolio (excluding PPP Loans). Approximately 91.27% of these loans are secured by properties in the five boroughs of New York City and Nassau County, New York and 58.44% of these loans are rental properties and are not owner-occupied. These loans expose us to significant credit risks that may be different from those related to loans secured by owner-occupied properties or commercial loans. Adverse developments affecting commerce or real estate values in the local economies in our primary market areas could increase the credit risk associated with our loan portfolio and have an adverse impact on our revenues and financial condition. In addition, economic downturns in New York City could affect levels of employment in the New York metro area, which may affect the demand for rental housing. Any increase in rental vacancies, or reductions in rental rates, could adversely impact our borrowers and their ability to repay their loans. Any sustained period of increased non-payment, delinquencies, foreclosures or losses caused by adverse market or economic conditions in our market area could adversely affect the value of our assets, revenues, financial condition and results of operations.

***Our niche lending products may expose us to greater risk than traditional lending products.***

A significant portion of our lending activity is related to certain niche lending products, such as loans secured by investor-owned, non-owner occupied one- to four- family properties and loans without third-party income verifications, which are considered non-qualified mortgage loans and which may expose us to greater risk of credit loss than that associated with more traditional lending products. Non-qualified mortgage loans are considered to have a higher degree of risk and are less liquid than qualified mortgage loans. For the three months ended December 31, 2021 and the year ended September 30, 2021, we originated \$37 million and \$104.6 million in non-qualified mortgage loans, respectively. During the three months ended December 31, 2021 and the year ended September 30, 2021, we sold into the secondary market \$19.4 million and \$36.4 million, respectively, of our non-qualified mortgages. We also have a concentration in the secondary market for our non-qualified mortgage loans, as a substantial portion of our non-qualified mortgage loans have been sold to one purchaser. If we lose this purchaser, or any other purchaser of our loans, our resale market may decline and we may not be able to sell our non-conforming residential mortgage loans at our current volume, which will significantly decrease our non-interest income as well as limit the number of non-conforming residential mortgage loans we can originate without excess interest rate risk. Although we have developed underwriting standards and procedures designed to reduce the risk of loss, we can provide no assurance that these standards and procedures will be effective in reducing losses. Should we incur credit losses, it could adversely affect our results of operations.

***The small- to medium-sized businesses that we lend to may have fewer resources to weather adverse business developments, which may impair our borrowers' ability to repay loans.***

We target our business development and marketing strategy primarily to serve the banking and financial services needs of small- to medium-sized businesses and real estate owners. These small- to medium-sized businesses frequently have smaller market share than their competition, may be more vulnerable to economic downturns, often need substantial additional capital to expand or compete and may experience significant volatility in operating results. Any one or more of these factors may impair the borrower's ability to repay a loan. In addition, the success of a small- to medium-sized business often depends on the management talents and efforts of one or two persons or a small group of persons, and the death, disability or resignation of one or more of these persons could have a material adverse impact on the business and its ability to repay a loan. Economic downturns and other events that negatively impact our market areas could cause us to incur substantial credit losses that could negatively affect our financial condition and results of operations.

***Our allowance for loan losses may not be adequate to cover actual losses.***

We maintain an allowance for loan losses that represents management's judgment of probable losses and risks inherent in our loan portfolio. As of December 31, 2021, our allowance for loan losses totaled \$9.4 million, which represents approximately 0.78% of our total loans held for investment, excluding PPP loans. The level of the allowance reflects management's continuing evaluation of general economic conditions, diversification and seasoning of the loan portfolio, historic loss experience, identified credit problems, delinquency levels, adequacy of collateral and historical peer charge-off data. The determination of the appropriate level of our allowance for loan losses is inherently highly subjective and requires management to make significant estimates of and assumptions regarding current credit risks and future trends, all of which may undergo material changes.

Effective October 1, 2023, we will be required to adopt the Financial Accounting Standards Board, or FASB, Accounting Standards Update 2016-13, "Financial Instruments-Credit Losses (Topic 326), Measurement of Credit Losses on Financial Instruments," commonly referred to as the "Current Expected Credit Losses" standard, or "CECL." CECL changes the allowance for loan losses methodology from an incurred loss concept to an expected loss concept, which is more dependent on future economic forecasts, assumptions and models than previous accounting standards and could result in increases in, and add volatility to, our allowance for loan losses and future provisions for loan losses. These forecasts, assumptions, and models are inherently uncertain and are based upon management's reasonable judgment in light of information currently available. Our allowance for loan losses may not be adequate to absorb actual credit losses, and future provisions for credit losses could materially and adversely affect our operating results.

Our federal and state regulators, as an integral part of their examination process, review our methodology for calculating, and the adequacy of, our allowance for loan losses and may direct us to make additions to the allowance based on their judgments about information available to them at the time of their examination. Further, if actual charge-offs in future periods exceed the amounts allocated to our allowance for loan losses, we may need additional provisions for loan losses to restore the adequacy of our allowance for loan losses. While we believe our allowance for loan losses is appropriate for the risk identified in our loan portfolio, we cannot provide assurance that we will not further increase the allowance for loan losses, that it will be sufficient to address losses, or that regulators will not require us to increase this allowance. We also cannot be certain that actual results will be consistent with forecasts and assumptions used in our modeling. Any of these occurrences could materially and adversely affect our financial condition and results of operations.

***If our non-performing assets increase, our earnings will be adversely affected.***

At December 31, 2021, our non-performing assets, which consist of non-accrual loans, loans 90 days or more past due and still accruing and other real estate owned, were \$8.6 million, or 0.59% of total assets. Our non-performing assets adversely affect our net income in various ways:

- we record interest income only on the cash basis or cost-recovery method for non-accrual loans and we do not record interest income for other real estate owned;
- we must provide for probable loan losses through a current period charge to the provision for loan losses;
- noninterest expense increases when we write down the value of properties in our OREO portfolio to reflect changing market values;
- there are legal fees associated with the resolution of problem assets, as well as carrying costs, such as taxes, insurance, and maintenance fees; and
- the resolution of non-performing assets requires the active involvement of management, which can distract them from more profitable activity.

If additional borrowers become delinquent and do not pay their loans and we are unable to successfully manage our non-performing assets, our losses and troubled assets could increase, which could have a material adverse effect on our financial condition and results of operations.

***As a participating lender in the SBA's Paycheck Protection Program, or PPP, we are subject to added risks, including credit, fraud, compliance and litigation risks.***

With the adoption of the PPP program, we began processing loan applications under the PPP as an eligible lender with the benefit of a government guarantee of loans to small business clients, many of whom may face difficulties even after being granted such a loan. PPP loans have contributed to our loan growth during the first quarter of 2021, and more materially to the loan growth of Savoy prior to our acquisition of Savoy.

As a participant in the PPP, we face increased risks, particularly in terms of credit, fraud, compliance and litigation risks. The PPP opened to borrower applications shortly after the enactment of its authorizing legislation, and, as a result, there is some ambiguity in the laws, rules and guidance regarding the program's operation. Subsequent rounds of legislation and associated agency guidance have not clarified such ambiguities, and in certain instances have potentially created additional inconsistencies. Accordingly, we are exposed to risks relating to compliance with PPP requirements, including the risk of becoming the subject of governmental investigations, enforcement actions, private litigation and negative publicity.

We have additional credit risk with respect to PPP loans if a determination is made by the SBA that there is a deficiency in the manner in which the loan was originated, funded or serviced, such as an issue with the eligibility of a borrower to receive a PPP loan, which may or may not be related to the ambiguity in the laws, rules and guidance regarding the operation of the PPP. In the event of a loss resulting from a default on a PPP loan and a determination by the SBA that there was a deficiency in the manner in which the PPP loan was originated, funded, or serviced by us, the SBA may deny its liability under the guaranty, reduce the amount of the guarantee or, if it has already paid under the guarantee, seek recovery of any loss related to the deficiency from the Bank.

Also, PPP loans are fixed, low interest rate loans that are guaranteed by the SBA and subject to numerous other regulatory requirements, and a borrower may apply to have all or a portion of the loan forgiven. If PPP borrowers fail to qualify for loan forgiveness, we face a heightened risk of holding these loans at unfavorable interest rates for an extended period of time.

Furthermore, since the launch of the PPP, several larger banks have been subject to litigation regarding the process and procedures that such banks used in processing applications for the PPP, and we may be exposed to the risk of litigation, from both customers and non-customers that approached us regarding PPP loans, relating to these or other matters. Also, many financial institutions throughout the country have been named in putative class actions regarding the alleged non-payment of fees that may be due to certain agents who facilitated PPP loan applications. The costs and effects of litigation related to PPP participation could have an adverse effect on our business, financial condition and results of operations.

***We are dependent on the use of data and modeling in our management's decision-making, and faulty data or modeling approaches could negatively impact our decision-making ability or possibly subject us to regulatory scrutiny in the future.***

The use of statistical and quantitative models and other quantitative and qualitative analyses is necessary for bank decision-making, and the employment of such analyses is becoming increasingly widespread in our operations.

Liquidity stress testing, interest rate sensitivity analysis, the identification of possible violations of anti-money laundering regulations and the estimation of credit losses are all examples of areas in which we are dependent on models and the data that underlies them. The use of statistical and quantitative models is also becoming more prevalent in regulatory compliance. While we are not currently subject to annual Dodd-Frank Wall Street Reform and Consumer Protection Act, or Dodd-Frank Act, stress testing and the Comprehensive Capital Analysis and Review submissions, we anticipate that model-derived testing may become more extensively implemented by regulators in the future.

We anticipate data-based modeling will penetrate further into bank decision-making, particularly risk management efforts, as the capacities developed to meet rigorous stress testing requirements are able to be employed more widely and in differing applications. While we believe these quantitative techniques and approaches improve our decision-making, they also create the possibility that faulty data or flawed

quantitative approaches could negatively impact our decision-making ability or, if we become subject to regulatory stress-testing in the future, cause increased adverse regulatory scrutiny. Secondly, because of the complexity inherent in these approaches, misunderstanding or misuse of their outputs could similarly result in suboptimal decision-making.

### **LIQUIDITY RISKS**

***If we do not manage our liquidity effectively, our business could suffer.***

Liquidity is essential for the operation of our business. Market conditions, unforeseen outflows of funds or other events could have a negative effect on our level or cost of funding, affecting our ongoing ability to accommodate liability maturities and deposit withdrawals, meet contractual obligations, and fund new business transactions at a reasonable cost and in a timely manner. If our access to stable and low-cost sources of funding, such as client deposits, is reduced, we may need to use alternative funding, which could be more expensive or of limited availability. Further evolution in the regulatory requirements relating to liquidity and risk management also may impact us negatively. For more information on these regulations and other regulatory changes, see the section entitled “*Supervision and Regulation.*” Any substantial, unexpected or prolonged changes in the level or cost of liquidity could affect our business adversely.

***Our growth strategy may require us to raise additional capital in the future to fund such growth, and the unavailability of additional capital on terms acceptable to us could adversely affect us or our growth.***

After giving effect to this offering, we believe that we will have sufficient capital to meet our capital needs for our immediate growth plans. However, we will continue to need capital to support our longer-term growth plans. Our ability to access the capital markets, if needed, will depend on a number of factors, including the state of the financial markets. If capital is not available on favorable terms when we need it, we will have to either issue common stock or other securities on less than desirable terms or curtail our growth until market conditions become more favorable. Any diminished ability to raise additional capital, if needed, could subject us to liability, restrict our ability to grow, require us to take actions that would affect our earnings negatively or otherwise affect our business and our ability to implement our business plan, capital plan and strategic goals adversely. Such events could have a material adverse effect on our business, financial condition and results of operations.

### **STRATEGIC RISKS**

***If we do not effectively execute our strategic plans, we will not achieve our growth objectives and our business and results of operations may be negatively affected.***

Our growth depends upon successful, consistent execution of our business strategies. A failure to execute these strategies may impact growth negatively. A failure to grow, whether organically or through strategic acquisitions, may have an adverse effect on our business. The challenges arising from generating organic or strategic growth may include preserving valuable relationships with employees, clients and other business partners and delivering enhanced products and services. Execution of our business strategies also may require certain regulatory approvals or consents, which may include approvals of the FRB, the OCC, the FDIC and other domestic and non-U.S. regulatory authorities. These regulatory authorities may impose conditions on the activities or transactions contemplated by our business strategies, which may negatively impact our ability to realize fully the expected benefits of certain opportunities.

***Any failure by us to manage acquisitions and other significant transactions successfully may have a material adverse effect on our results of operations, financial condition, and cash flows.***

Our ability to grow revenues, earnings and cash flows at or above our historical rates depends in part upon our ability to identify, appropriately price, successfully acquire, and integrate businesses to realize anticipated synergies by integrating cultures, accounting, data processing and internal control systems. Promising acquisitions are difficult to identify and complete for a number of reasons, including high valuations, competition among prospective buyers, and the need to satisfy applicable closing conditions, including any conditions to receiving the required regulatory approvals. To the extent we enter into

transactions to acquire complementary businesses and/or technologies, we may not achieve the expected benefits of such transactions, which could result in increased costs, lowered revenues, ineffective deployment of capital, regulatory concerns, exit costs or diminished competitive position or reputation. These risks may be increased if the acquired company operates in a geographic location where we do not already have significant business operations. Integration and other risks can be more pronounced for larger and more complicated transactions, transactions outside of our core business space, or if multiple transactions are pursued simultaneously. The failure to successfully integrate acquired entities and businesses or failure to produce results consistent with the financial model used in the analysis of our acquisitions, investments, joint ventures or strategic alliances may cause us to incur asset write-offs, restructuring costs or other unanticipated expenses which may have a material adverse effect on our results of operations, financial position, and cash flows. If we fail to identify and successfully complete transactions that further our strategic objectives, we may be required to expend additional resources to grow our business organically.

***We have grown and may continue to grow through acquisitions.***

Over the last several years, we have grown rapidly through both organic growth and acquisitions. On August 9, 2019, we consummated the acquisition of CFSB. On May 26, 2021, we consummated the acquisition of Savoy. These two acquisitions added \$789.7 million in total assets, \$449.0 million in deposits and \$665.9 million in loans, as well as four branch offices in New York City. As part of our growth strategy, we intend to pursue prudent and commercially attractive acquisitions that will position us to capitalize on market opportunities. To be successful as a larger institution, we must successfully integrate the operations and retain the customers of acquired institutions, attract and retain the management required to successfully manage larger operations, and control costs.

Future results of operations will depend in large part on our ability to successfully integrate the operations of the acquired institutions and retain the customers of those institutions. If we are unable to successfully manage the integration of the separate cultures, customer bases and operating systems of the acquired institutions, and any other institutions that may be acquired in the future, our results of operations may be adversely affected.

In addition, to successfully manage substantial growth, we may need to increase non-interest expenses through additional personnel, leasehold and data processing costs, among others. In order to successfully manage growth, we may need to adopt and effectively implement policies, procedures and controls to maintain credit quality, control costs and oversee our operations. No assurance can be given that we will be successful in this strategy.

We may be challenged to successfully manage our business as a result of the strain on management and operations that may result from growth. The ability to manage growth will depend on our ability to continue to attract, hire and retain skilled employees. Success will also depend on the ability of our officers and key employees to continue to implement and improve operational and other systems, to manage multiple, concurrent customer relationships and to hire, train and manage employees.

Finally, substantial growth may stress regulatory capital levels, and may require us to raise additional capital in the future. No assurance can be given that we will be able to raise any required capital, or that we will be able to raise capital on terms that are beneficial to shareholders.

***Attractive acquisition opportunities may not be available to us in the future.***

We expect that other banking and financial service companies, many of which have significantly greater resources than we do and have a deep and liquid trading market, will compete with us in acquiring other financial institutions, if we pursue such acquisitions in the future. This competition could increase prices for potential acquisitions that we believe are attractive. Also, acquisitions are subject to various regulatory approvals. If we fail to receive the appropriate regulatory approvals, we will not be able to consummate an acquisition that we believe is in our best interests. Among other things, our regulators will consider our capital, liquidity, profitability, regulatory compliance and levels of goodwill when considering acquisition and expansion proposals. Any acquisition could be dilutive to our earnings and shareholders' equity per share.

***Our acquisition of businesses could negatively impact our financial condition.***

As an important part of our business strategy, we acquire businesses, some of which may be material. Please see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” for additional details. These acquisitions involve a number of financial, accounting, managerial, operational, legal, compliance and other risks and challenges, including the following, any of which could adversely affect our business and our financial condition:

- any business, technology, service or product that we acquire could under-perform relative to our expectations and the price that we paid for it, or not perform in accordance with our anticipated timetable, or we could fail to make such business profitable;
- we may incur or assume significant debt in connection with our acquisitions which could cause a deterioration of our credit rating, result in increased borrowing costs and interest expense and diminish our future access to the capital markets;
- acquisitions could cause our results of operations to differ from our own or the investment community’s expectations in any given period, or over the long-term;
- pre-closing and post-closing acquisition-related earnings charges could adversely impact our results of operations in any given period, and the impact may be substantially different from period to period;
- acquisitions could create demands on our management, operational resources and financial and internal control systems that we are unable to effectively address, or for which we may incur additional costs;
- we could experience difficulty in integrating personnel, operations, financial and other systems, and in retaining key employees and customers;
- we may be unable to achieve cost savings or other synergies anticipated in connection with an acquisition;
- we may assume by acquisition unknown liabilities, known contingent liabilities that become realized, known liabilities that prove greater than anticipated, internal control deficiencies or exposure to regulatory sanctions resulting from the acquired company’s activities. The realization of any of these liabilities or deficiencies may increase our expenses, adversely affect our financial condition or cause us to fail to meet our public financial reporting obligations; and
- as a result of our acquisitions, we have recorded significant goodwill and intangible assets on our balance sheets. If we are not able to realize the value of these assets, we may be required to incur charges relating to the impairment of these assets, which could materially impact our financial statements.

**ACQUISITION RISKS*****We may not fully realize the anticipated benefits of the acquisition of Savoy or realize such benefits within the timing anticipated.***

On May 26, 2021, we acquired Savoy because we believe the acquisition will diversify our commercial lending and provide us with a new product line, Small Business Administration (“SBA”) lending, while being accretive to our earnings. However, we may not be able to achieve the anticipated long-term strategic benefits of the acquisition within the timing anticipated or at all. For example, the benefits from the acquisition will be partially offset by the significant costs incurred in completing the transaction. Any delays and challenges that may be encountered in the post-acquisition process of consolidation could have an adverse effect on our business and results of operations, and may affect the value of our common stock.

***We may have failed to discover undisclosed liabilities of Savoy.***

Our investigations and due diligence review of Savoy may have failed to discover undisclosed liabilities of Savoy. Such undisclosed liabilities may affect the results of operations of Savoy, and as a result, could have an adverse effect on our business and results of operations and may adversely affect the value of our common stock.

**COMPETITION RISKS*****Competition in originating loans and attracting deposits may adversely affect our profitability.***

We operate in a highly competitive banking market and face substantial competition in originating loans. This competition currently comes principally from other banks, savings institutions, mortgage banking companies, credit unions and other lenders. Many of our competitors enjoy advantages, including greater financial resources and higher lending limits, a wider geographic presence, more accessible branch office locations, the ability to offer a wider array of services or more favorable pricing alternatives, as well as lower origination and operating costs. This competition could reduce our net income by decreasing the number and size of loans that we originate and the interest rates we may charge on these loans.

In attracting deposits, we face substantial competition from other insured depository institutions such as banks, savings institutions and credit unions, as well as institutions offering uninsured investment alternatives, including money market funds. Many of our competitors enjoy advantages, including greater financial resources, more aggressive marketing campaigns, better brand recognition and more branch locations. These competitors may offer higher interest rates than we do, which could decrease the deposits that we attract or require us to increase our rates to retain existing deposits or attract new deposits. Increased deposit competition could adversely affect our ability to generate the funds necessary for lending operations, which may increase our cost of funds or negatively impact our liquidity.

We also compete with non-bank providers of financial services, such as brokerage firms, consumer finance companies, insurance companies and governmental organizations, which may offer more favorable terms. Some of our non-bank competitors are not subject to the same extensive regulations that govern our operations. As a result, such non-bank competitors may have advantages over us in providing certain products and services. This competition may reduce or limit our margins on banking services, reduce our market share and adversely affect our earnings and financial condition.

The financial services industry could become even more competitive as a result of legislative, regulatory and technological changes and continued consolidation. Our inability to compete successfully in the markets in which we operate could have an adverse effect on our business, financial condition or results of operations.

***We need to invest in innovation, and the inability or failure to do so may affect our business and earnings negatively.***

Our success in the competitive environment in which we operate requires consistent investment of capital and human resources in innovation, particularly in light of the current “FinTech” environment, in which financial institutions are investing significantly in new technologies, such as artificial intelligence, machine learning, blockchain and other distributed ledger technologies, and developing potentially industry-changing new products, services and industry standards in order to attract clients. Our investment is directed at meeting the needs of our clients, adapting existing products and services to the evolving standards and demands of the marketplace, and maintaining the security of our systems and building a platform for future innovation and competitive advantage that is scalable. Among other things, investing in innovation helps keep us relevant and client-focused while maintaining acceptable margins. Our investment also focuses on enhancing the delivery of our products and services, such as our recent implementation of digital payment channels, such as mobile wallets, contactless debit cards and Zelle. Falling significantly behind our competition in this area could adversely affect our business opportunities, growth and earnings. There are substantial risks and uncertainties associated with innovation efforts, including an increased risk that new and emerging technologies may expose us to increased cybersecurity and other information technology vulnerability and threats. Expected timetables for the introduction and development of new products or services may not be achieved, and price and profitability targets may not be met. Further, our revenues and costs may fluctuate because new products and services generally require start-up costs while corresponding revenues take time to develop or may not develop at all.

**KEY PERSONNEL RISKS*****We rely heavily on our executive management team and other key personnel for our successful operation, and we could be adversely affected by the unexpected loss of their services.***

Our success depends in large part on the performance of our key personnel at the Bank that have substantial experience and tenure with the Bank and in the markets that we serve. Our continued success

and growth depend in large part on the efforts of these key personnel, the support of our Directors, and ability to attract, motivate and retain highly qualified senior and middle management and other skilled employees to complement and succeed to our core senior management team. See “*Management.*”

***If we are not able to attract, retain and motivate other key personnel, our business could be negatively affected.***

Our future success depends in large part on our ability to retain and motivate our existing employees and attract new employees. Competition for the best employees can be intense, and there can be no assurance that we will be successful in our efforts to recruit and retain key personnel. Factors that affect our ability to attract and retain talented and diverse employees include compensation and benefits programs, profitability, opportunities for advancement, flexible working conditions, availability of qualified persons and our reputation. Our ability to attract and retain key executives and other employees may be hindered as a result of existing and potential regulations applicable to incentive compensation and other aspects of our compensation programs. These regulations may not apply to some of our competitors and to other institutions with which we compete for talent. The unexpected loss of services of key personnel, both in business line and corporate functions, could have a material adverse impact on our net income and financial condition because of the loss of their knowledge of our markets, operations and clients, their years of industry experience, and their technical skills. Similarly, the loss of key employees, either individually or as a group, could adversely affect our clients’ perception of our abilities and, accordingly, our reputation.

### **REGULATORY AND COMPLIANCE RISKS**

***We operate in a highly regulated environment and the laws and regulations that govern our operations, corporate governance, executive compensation and accounting principles, or changes in them, or our failure to comply with them, could adversely affect us and our future growth.***

Banks are highly regulated under federal and state law. As such, we are subject to extensive regulation, supervision and legal requirements from government agencies such as the FRB, the FDIC and New York State Department of Financial Services, or DFS, which govern almost all aspects of our operations. These laws and regulations are not intended to protect our shareholders. Rather, these laws and regulations are intended to protect our clients, depositors, the Deposit Insurance Fund, or DIF, and the overall financial stability of the United States. These laws and regulations, among other matters, prescribe minimum capital requirements, impose limitations on the business activities in which we can engage, limit the dividend or distributions that the Bank can pay to the Company and the Company can pay to its shareholders, restrict the ability of institutions to guarantee our debt and impose certain specific accounting requirements on us that may be more restrictive and may result in greater or earlier charges to earnings or reductions in our capital than GAAP would require. Compliance with laws and regulations can be difficult and costly, and changes to laws and regulations often impose additional operating costs. Our failure to comply with these laws and regulations, even if the failure follows good faith effort or reflects a difference in interpretation, could subject us to restrictions on our business activities, enforcement actions and fines and other penalties, any of which could adversely affect our results of operations, regulatory capital levels and the price of our common stock. Further, any new laws, rules and regulations could make compliance more difficult or expensive or otherwise adversely affect our business, financial condition and results of operations.

***Federal and State banking agencies periodically conduct examinations of our business, including compliance with laws and regulations, and our failure to comply with any supervisory actions to which we are or become subject as a result of such examinations could adversely affect us.***

As part of the bank regulatory process, the FDIC, the New York State Department of Financial Services, and FRB periodically conduct examinations of our businesses, including compliance with laws and regulations. If, as a result of an examination, one of these banking agencies were to determine that the financial condition, capital adequacy, asset quality, earnings prospects, management capability, liquidity, asset sensitivity to market risks, asset management, risk management or other aspects of any of our operations have become unsatisfactory, or that the Company, the Bank or their respective management were in violation of any law or regulation, it may take a number of different remedial actions as it deems appropriate. These actions include the power to enjoin “unsafe or unsound” practices, to require affirmative actions to correct any conditions resulting from any violation or practice, to issue an administrative order that can be

judicially enforced, to direct an increase in our capital levels, to restrict our growth, to assess civil monetary penalties against the Company, the Bank or their respective officers or directors, to remove officers and directors and, if it is concluded that such conditions cannot be corrected or there is an imminent risk of loss to depositors, to terminate the Bank's deposit insurance and terminate the Bank's charter to operate. If we become subject to such regulatory actions, our business, financial condition, results of operations and reputation could be adversely affected.

***Legislative and regulatory actions taken now or in the future may increase our costs and impact our business, governance structure, financial condition or results of operations.***

Economic conditions that contributed to the financial crisis in 2008, particularly in the financial markets, resulted in government regulatory agencies and political bodies placing increased focus and scrutiny on the financial services industry. There can be no guarantee that regulators or other third parties will not seek to impose such additional requirements on financial institutions, such as extending additional regulations to small banks with less than \$10 billion in assets. Compliance with these regulations has and may continue to result in additional operating and compliance costs that could have a material adverse effect on our business, financial condition, results of operations and growth prospects.

Federal and state regulatory agencies frequently adopt changes to their regulations or change the manner in which existing regulations are applied. Regulatory or legislative changes to laws applicable to the financial industry, if enacted or adopted, may impact the profitability of our business activities, require more oversight or change certain of our business practices, including the ability to offer new products, obtain financing, attract deposits, make loans and achieve satisfactory interest spreads and could expose us to additional costs, including increased compliance costs. These changes also may require us to invest significant management attention and resources to make any necessary changes to operations to comply and could have an adverse effect on our business, financial condition and results of operations.

***Increases in FDIC insurance premiums could adversely affect our earnings and results of operations.***

The deposits of our bank are insured by the FDIC up to legal limits and, accordingly, subject it to the payment of FDIC deposit insurance assessments as determined according to the calculation described in "Supervision and Regulation-Deposit Insurance." In order to maintain a strong funding position and restore the reserve ratios of the Deposit Insurance Fund following the financial crisis, the FDIC increased deposit insurance assessment rates and charged special assessments to all FDIC-insured financial institutions. Further increases in assessment rates or special assessments may occur in the future, especially if there are significant additional financial institution failures. Any future special assessments, increases in assessment rates or required prepayments in FDIC insurance premiums could reduce our profitability or limit our ability to pursue certain business opportunities, which could have a material adverse effect on our business, financial condition and results of operations.

***Changes in tax laws and regulations, or changes in the interpretation of existing tax laws and regulations, may have a material adverse effect on our business, financial condition, results of operations and growth prospects.***

We operate in an environment that imposes income taxes on our operations at both the federal and state levels to varying degrees and we try to minimize the impact of these taxes. Any change in tax laws or regulations, or new interpretation of an existing law or regulation, could significantly alter the tax impact on our financial results.

The net deferred tax asset reported on our balance sheet generally represents the tax benefit of future deductions from taxable income for items that have already been recognized for financial reporting purposes. The bulk of these deferred tax assets consists of deferred loan loss deductions and deferred compensation deductions. The net deferred tax asset is measured by applying currently enacted income tax rates to the accounting period during which the tax benefit is expected to be realized. As of December 31, 2021, our net deferred tax asset was \$3.0 million.

***Tax rates may go up, which could negatively impact our net income and cash flow.***

Certain provisions in the JOBS Act changing tax laws also included a number of provisions that have an impact on borrowers and the market for single-family residential real estate. Changes include (i) a lower

limit on the deductibility of mortgage interest on single-family residential mortgage loans, (ii) the elimination of interest deductions for home equity loans, (iii) a limitation on the deductibility of business interest expense and (iv) a limitation on the deductibility of property taxes and state and local income taxes.

The changes in the tax laws may have an adverse effect on the market for, and valuation of, residential properties, and on the demand for such loans in the future and could make it harder for borrowers to make their loan payments. In addition, these changes may also have a disproportionate effect on taxpayers in states with high residential home prices and high state and local taxes, such as New York. If home ownership becomes less attractive, demand for mortgage loans could decrease. The value of the properties securing loans in the loan portfolio may be adversely impacted as a result of the changing economics of home ownership, which could require an increase in the provision for loan losses, which would reduce profitability and could have a material adverse effect on our business, financial condition and results of operations.

***Failure to comply with stringent capital requirements could result in regulatory criticism, requirements and restrictions.***

The Bank is subject to capital adequacy guidelines and other regulatory requirements specifying minimum amounts and types of capital which it must maintain. From time to time, regulators implement changes to these regulatory capital adequacy guidelines. The FRB, the FDIC, and the OCC adopted final rules for the Basel III capital framework which became effective on January 1, 2015. These rules substantially amended the regulatory risk-based capital rules formerly applicable to the Bank. The rules have been phased in over time beginning in 2015 and became fully phased-in in 2019. The rules provide for minimum capital ratios of (i) common equity Tier 1 risk-weighted capital ratio of 4.5%, (ii) Tier 1 risk-based capital ratio of 6%, and (iii) total risk-based capital ratio of 8%. As fully phased in, the rules also require a capital conservation buffer of 2.5% on top of the foregoing minimum capital ratios, resulting in an effective requirement for minimum capital ratios of (a) common equity Tier 1 risk-weighted capital ratio of 7%, (b) Tier 1 risk-based capital ratio of 8.5%, and (c) total risk-based capital ratio of 10.5%. The failure to meet applicable regulatory capital requirements could result in one or more of our regulators placing limitations or conditions on our activities, including our growth initiatives, or restricting the commencement of new activities, and could affect client and investor confidence, our costs of funds and FDIC insurance costs, our ability to pay dividends on our common stock, our ability to make acquisitions, and our business, results of operations and financial condition. These limitations establish a maximum percentage of eligible retained income that could be utilized for these actions.

***Financial institutions, such as the Bank, face a risk of noncompliance and enforcement action with the Bank Secrecy Act and other anti-money laundering statutes and regulations.***

The Bank Secrecy Act, the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001, or the USA PATRIOT Act, and other laws and regulations require financial institutions, among other duties, to institute and maintain an effective anti-money laundering program and file suspicious activity and currency transaction reports as appropriate. The Financial Crimes Enforcement Network, established by the U.S. Department of the Treasury, or the Treasury Department, to administer the Bank Secrecy Act, is authorized to impose significant civil money penalties for violations of those requirements and has recently engaged in coordinated enforcement efforts with the individual federal banking regulators, as well as the U.S. Department of Justice, Drug Enforcement Administration and the Internal Revenue Service. There is also increased scrutiny of compliance with the sanctions programs and rules administered and enforced by the Treasury Department's Office of Foreign Assets Control, or OFAC.

In order to comply with regulations, guidelines and examination procedures in this area, we have dedicated significant resources to our anti-money laundering program. If our policies, procedures and systems are deemed deficient, we could be subject to liability, including fines and regulatory actions such as restrictions on our ability to pay dividends and the inability to obtain regulatory approvals to proceed with certain aspects of our business plans, including acquisitions and de novo branching.

***We are subject to numerous laws and regulations of certain regulatory agencies, such as the Consumer Financial Protection Bureau, or CFPB, including the Community Reinvestment Act, or the CRA, and fair lending laws, and failure to comply with these laws could lead to a wide variety of sanctions.***

The CRA directs all insured depository institutions to help meet the credit needs of the local communities in which they are located, including low- and moderate-income neighborhoods. Each institution

is examined periodically by its primary federal regulator, which assesses the institution's performance. The Equal Credit Opportunity Act, the Fair Housing Act and other fair lending laws and regulations impose nondiscriminatory lending requirements on financial institutions. The CFPB, the U.S. Department of Justice and other federal agencies are responsible for enforcing these laws and regulations. The CFPB was created under the Dodd-Frank Act to centralize responsibility for consumer financial protection with broad rulemaking authority to administer and carry out the purposes and objectives of federal consumer financial laws with respect to all financial institutions that offer financial products and services to consumers.

Adverse supervisory findings regarding an institution's performance under the CRA, fair lending or consumer lending laws and regulations could result in a wide variety of sanctions, including damages and civil money penalties, injunctive relief, restrictions on mergers and acquisitions activity, restrictions on expansion, and restrictions on entering new business lines. Private parties may also have the ability to challenge an institution's performance under fair lending laws in private class action litigation. Such actions could have an adverse effect on our business, financial condition and results of operations.

***The FRB may require us to commit capital resources to support the Bank, and we may not have sufficient access to such capital resources.***

Federal law requires that a holding company act as a source of financial and managerial strength to its subsidiary bank and to commit resources to support such subsidiary bank. Under the "source of strength" doctrine and FRB regulations implementing it, the FRB may require a holding company to make capital injections into a troubled subsidiary bank and may charge the holding company with engaging in unsafe and unsound practices for failure to commit resources to a subsidiary bank. A capital injection may be required at times when the holding company may not have the resources to provide it and therefore may be required to attempt to borrow the funds or raise capital. Any loans by a holding company to its subsidiary bank are subordinate in right of payment to deposits and to certain other indebtedness of such subsidiary bank. In the event of a holding company's bankruptcy, the bankruptcy trustee will assume any commitment by the holding company to a federal bank regulatory agency to maintain the capital of a subsidiary bank. Moreover, bankruptcy law provides that claims based on any such commitment will be entitled to a priority of payment over the claims of the institution's general unsecured creditors, including the holders of its note obligations. Thus, any borrowing that must be done by the Company to make a required capital injection becomes more difficult and expensive and could have an adverse effect on our business, financial condition and results of operations. Moreover, it is possible that we will be unable to borrow funds when we need to do so.

***The discontinuance of LIBOR could cause or contribute to market volatility and could affect the market value and/or liquidity of our investments.***

The relevant regulatory announcements about the phase out of the London Inter-bank Offering Rate, or LIBOR, the possibility of changes being made to the basis on which LIBOR is calculated and published (or its ceasing to be published), uncertainty as to whether or how any alternative reference rate may replace LIBOR, the ability of our third-party service providers and/or counterparties to support and process the Bank's assets based on an alternative reference rate, and any other actions taken by the ICE Benchmark Administration, the Financial Conduct Authority (which has extended its deadline for continuing to report the LIBOR index until June 30, 2023) or any other entity with respect to LIBOR or its replacement (if any), could cause or contribute to market volatility and could negatively affect the market value, availability and/or liquidity of our impacted loan portfolios. As of December 31, 2021, 20% of the Bank's total loan portfolio was tied to one-year LIBOR. Management has determined to replace LIBOR as an index for its adjustable rate residential ARM loans with the Secured Overnight Finance Rate ("SOFR"), which will require revisions to outstanding loans tied to LIBOR prior to the June 30, 2023 cessation of the reporting of LIBOR. Effective November 1, 2021, the Bank has ceased the use of LIBOR as an index for our Residential ARM products. Management believes the replacement of the LIBOR index with SOFR will not have a material effect on the Bank's financial condition or results of operations. However, it is not possible at this time to predict or ascertain what precise impact these changes will have on the Bank.

There are also operational issues which may create a delay in the transition to SOFR or other substitute indices, leading to uncertainty across the industry. The implementation of a substitute index or indices for

the calculation of interest rates under our loan agreements with our borrowers may incur significant expenses in effecting the transition, may result in reduced loan balances if borrowers do not accept the substitute index or indices, and may result in disputes or litigation with customers over the appropriateness or comparability to LIBOR of the substitute index or indices, which could have an adverse effect on our results of operations. These reforms may cause LIBOR to cease to exist, new methods of calculating LIBOR to be established or the establishment of multiple alternative reference rate(s). These consequences cannot be entirely predicted and could have an adverse impact on the market value for or value of LIBOR-linked securities, loans, and other financial obligations or extensions of credit held by or due to us.

## **TECHNOLOGY RISKS**

### ***Cyber-attacks or other security breaches could adversely affect our operations, net income or reputation.***

We regularly collect, process, transmit and store significant amounts of confidential information regarding our customers, employees and others and concerning our business, operations, plans and strategies. In some cases, this confidential or proprietary information is collected, compiled, processed, transmitted or stored by third parties on our behalf.

Information security risks have generally increased in recent years because of the proliferation of new technologies, the use of the Internet and telecommunications technologies to conduct financial and other transactions and the increased sophistication and activities of perpetrators of cyber-attacks and mobile phishing. Mobile phishing, a means for identity thieves to obtain sensitive personal information through fraudulent e-mail, text or voice mail, is an emerging threat targeting the customers of financial entities. A failure in or breach of our operational or information security systems, or those of our third-party service providers, as a result of cyber-attacks or information security breaches or due to employee error, malfeasance or other disruptions could adversely affect our business, result in the disclosure or misuse of confidential or proprietary information, damage our reputation, increase our costs and/or cause losses.

If this confidential or proprietary information were to be mishandled, misused or lost, we could be exposed to significant regulatory consequences, reputational damage, civil litigation and financial loss.

In recent years, several financial services firms suffered successful cyber-attacks launched both domestically and from abroad, resulting in the disruption of services to clients, loss or misappropriation of sensitive or private information, and reputational harm. Further, information security risks for financial institutions like us are significant in part because of the evolving proliferation of new technologies, the use of the internet, mobile devices, and cloud technologies to conduct financial transactions and the increased sophistication and activities of hackers, terrorists, organized crime and other external parties, including foreign state actors. In addition, our clients often use their own devices, such as computers, smart phones and tablets, to manage their accounts, which may heighten the risk of system failures, interruptions or security breaches. If we fail to continue to upgrade our technology infrastructure and monitor our vendors to ensure effective information security relative to the type, size and complexity of our operations, we could become more vulnerable to cyber-attack and, consequently, subject to significant regulatory penalties.

Although we employ a variety of physical, procedural and technological safeguards to protect this confidential and proprietary information from mishandling, misuse or loss, these safeguards do not provide absolute assurance that mishandling, misuse or loss of the information will not occur, and that if mishandling, misuse or loss of information does occur, those events will be promptly detected and addressed. Similarly, when confidential or proprietary information is collected, compiled, processed, transmitted or stored by third parties on our behalf, our policies and procedures require that the third party agree to maintain the confidentiality of the information, establish and maintain policies and procedures designed to preserve the confidentiality of the information, and permit us to confirm the third party's compliance with the terms of the agreement. However, these safeguards do not provide absolute assurance that mishandling, misuse or loss of the information will not occur, and that if mishandling, misuse or loss of information does occur, those events will be promptly detected and addressed. As information security risks and cyber threats continue to evolve, we may be required to expend additional resources to continue to enhance our information security measures and/or to investigate and remediate any information security vulnerabilities.

***We have a continuing need for technological change, and we may not have the resources to implement new technology effectively, or we may experience operational challenges when implementing new technology or technology needed to compete effectively with larger institutions may not be available to us on a cost-effective basis.***

The financial services industry undergoes rapid technological changes with frequent introductions of new technology-driven products and services, including developments in telecommunications, data processing, automation, internet-based banking, debit cards and so-called “smart cards” and remote deposit capture. In addition to serving clients better, the effective use of technology increases efficiency and enables financial institutions to reduce costs. Our future success will depend, at least in part, upon our ability to address the needs of our clients by using technology to provide products and services that will satisfy client demands for convenience, as well as to create additional efficiencies in our operations as we continue to grow and expand our products and service offerings. We offer electronic banking services for consumer and business customers via our website, [www.hanoverbank.com](http://www.hanoverbank.com), including Internet banking and electronic bill payment, as well as mobile banking. We also offer debit cards, ATM cards, and automatic and ACH transfers. We may experience operational challenges as we implement these new technology enhancements or products, which could impair our ability to realize the anticipated benefits from such new technology or require us to incur significant costs to remedy any such challenges in a timely manner.

Many of our larger competitors have substantially greater resources to invest in technological improvements. Third parties upon which we rely for our technology needs may not be able to develop on a cost-effective basis the systems that will enable us to keep pace with such developments. As a result, competitors may be able to offer additional or superior products compared to those that we will be able to provide, which would put us at a competitive disadvantage. We may lose clients seeking new technology-driven products and services to the extent we are unable to provide such products and services. Accordingly, the ability to keep pace with technological change is important and the failure to do so could adversely affect our business, financial condition and results of operations.

### **OPERATIONAL RISKS**

***Many types of operational risks can affect our earnings negatively.***

We regularly assess and monitor operational risk in our businesses. Despite our efforts to assess and monitor operational risk, our risk management framework may not be effective in all cases. Factors that can impact operations and expose us to risks varying in size, scale and scope include:

- failures of technological systems or breaches of security measures, including, but not limited to, those resulting from computer viruses or cyber-attacks;
- unsuccessful or difficult implementation of computer systems upgrades;
- human errors or omissions, including failures to comply with applicable laws or corporate policies and procedures;
- theft, fraud or misappropriation of assets, whether arising from the intentional actions of internal personnel or external third parties;
- breakdowns in processes, breakdowns in internal controls or failures of the systems and facilities that support our operations;
- deficiencies in services or service delivery;
- negative developments in relationships with key counterparties, third-party vendors, or employees in our day-to-day operations; and
- external events that are wholly or partially beyond our control, such as pandemics, geopolitical events, political unrest, natural disasters or acts of terrorism.

While we have in place many controls and business continuity plans designed to address these factors and others, these plans may not operate successfully to mitigate these risks effectively. If our controls and business continuity plans do not mitigate the associated risks successfully, such factors may have a negative

impact on our business, financial condition or results of operations. In addition, an important aspect of managing our operational risk is creating a risk culture in which all employees fully understand that there is risk in every aspect of our business and the importance of managing risk as it relates to their job functions. We continue to enhance our risk management program to support our risk culture. Nonetheless, if we fail to provide the appropriate environment that sensitizes all of our employees to managing risk, our business could be impacted adversely.

***Our ability to maintain our reputation is critical to the success of our business and the failure to do so may materially adversely affect our performance.***

Our reputation is one of the most valuable assets of our business. A key component of our business strategy is to rely on our reputation for customer service and knowledge of local markets to expand our presence by capturing new business opportunities from existing and prospective customers in our market area and contiguous areas. As such, we strive to conduct our business in a manner that enhances our reputation. This is done, in part, by recruiting, hiring and retaining employees who share our core values of being an integral part of the communities we serve, delivering superior service to our customers and caring about our customers and associates. If our reputation is negatively affected, by the actions of our employees or otherwise, our business and, therefore, our operating results may be materially adversely affected.

***We have experienced rapid growth in recent periods, and our recent growth rates may not be indicative of our future growth.***

We have experienced rapid organic and acquisition-driven growth in recent periods. As a strategy, we have focused on growth by aggressively pursuing business development opportunities. Our assets have grown from \$68.5 million at December 31, 2012, to \$1.46 billion at December 31, 2021, representing a compound annual growth rate in excess of 40%. We cannot guarantee that we will sustain our recent asset and revenue growth rate in future periods. Our asset and revenue growth may slow or our revenue may decline for a number of other reasons, including reduced demand for our services, increased competition, a decrease in the growth or reduction in size of our overall market, the impacts to our business from the COVID-19 pandemic, or if we cannot capitalize on growth opportunities.

Although we believe that our growth strategy will support our long term profitability and franchise value, the expenses associated with our growth, including compensation expense for the employees needed to support this growth and leasehold and other expenses associated with our increasing number of office locations, has and may continue to affect our results. We expect our operating expenses to increase in future periods, and if our revenue growth does not increase to offset these anticipated increases in our operating expenses, it will have a material adverse effect on our business, financial condition and results of operations and we may not be able to achieve or maintain profitability. Further, our rapid growth may make it difficult to evaluate our future prospects. Our ability to forecast our future results of operations is subject to a number of uncertainties, including our ability to effectively plan for and model future growth. If we fail to achieve the necessary level of efficiency in our organization as it grows, or if we are not able to accurately forecast future growth, it could have a material adverse effect on our business, financial condition and results of operations.

Our rapid growth has placed, and will continue to place, a significant strain on our management capabilities, administrative and operational infrastructure, facilities and other resources. To effectively manage growth, we must continue to: improve our key business applications, processes, and computing infrastructure; enhance information and communication systems; and ensure that our policies and procedures evolve to reflect our current operations. These enhancements and improvements will require additional investments and allocation of valuable management and employee time and resources. Failure to effectively manage growth could result in difficulty or delays in deploying our solutions, declines in quality or client satisfaction, increases in costs, difficulties in introducing new features or other operational difficulties, and any of these difficulties could materially adversely affect our business performance and results of operations.

***We are subject to certain operational risks, including, but not limited to, customer, employee or third-party fraud and data processing system failures and errors.***

We rely on the ability of our employees and systems to process a high number of transactions. Operational risk is the risk of loss resulting from our operations, including but not limited to, the risk of

fraud by employees or persons outside our company, the execution of unauthorized transactions by employees, errors relating to transaction processing and technology, breaches of our internal control systems and compliance requirements. Insurance coverage may not be available for such losses, or where available, such losses may exceed insurance limits. This risk of loss also includes the potential legal actions that could arise as a result of operational deficiencies or as a result of non-compliance with applicable regulatory standards, adverse business decisions or their implementation, or customer attrition due to potential negative publicity. In the event of a breakdown in our internal control systems, improper operation of systems or improper employee actions, we could suffer financial loss, face regulatory action, and/or suffer damage to our reputation.

***We may be subject to environmental liabilities in connection with the real properties we own and the foreclosure on real estate assets securing our loan portfolio.***

In the course of our business, we may foreclose on and take title to real estate or otherwise be deemed to be in control of property that serves as collateral on loans we make. As a result, we could be subject to environmental liabilities with respect to those properties. We may be held liable to a governmental entity or to third parties for property damage, personal injury, investigation and clean-up costs incurred by these parties in connection with environmental contamination, or we may be required to investigate or clean up hazardous or toxic substances or chemical releases at a property. The costs associated with investigation or remediation activities could be substantial. In addition, if we are the owner or former owner of a contaminated site, we may be subject to common law claims by third parties based on damages and costs resulting from environmental contamination emanating from the property.

The cost of removal or abatement may substantially exceed the value of the affected properties or the loans secured by those properties, we may not have adequate remedies against the prior owners or other responsible parties and we may not be able to resell the affected properties either before or after completion of any such removal or abatement procedures. If material environmental problems are discovered before foreclosure, we generally will not foreclose on the related collateral or will transfer ownership of the loan to a subsidiary. It should be noted, however, that the transfer of the property or loans to a subsidiary may not protect us from environmental liability. Furthermore, despite these actions on our part, the value of the property as collateral will generally be substantially reduced or we may elect not to foreclose on the property and, as a result, we may suffer a loss upon collection of the loan. Any significant environmental liabilities could have an adverse effect on our business, financial condition and results of operations.

***The obligations associated with being a public company may strain our resources, result in more litigation and divert management's attention from operating our business.***

As a public company, we are subject to the reporting requirements of the Exchange Act, the Sarbanes-Oxley Act of 2002, the Dodd-Frank Wall Street Reform and Consumer Protection Act, the listing requirements of the Nasdaq, and other applicable securities rules and regulations. Complying with these rules and regulations will increase our legal, accounting and financial compliance costs, make some activities more difficult, time-consuming or costly, and increase demand on our personnel, systems and resources. The need to establish the corporate infrastructure demanded of a public company has and may continue to divert management's attention from implementing our growth strategy, which could prevent us from successfully implementing our strategic initiatives and improving our business, results of operations, financial condition and prospects. Although we have already hired additional employees to assist us in complying with these requirements, we may need to hire more employees to assist us in complying with these requirements in the future. Additionally, we expect these rules and regulations to make it expensive for us to obtain director and officer liability insurance, and we may be required to accept reduced policy limits and coverage or incur substantially higher costs to maintain the same or similar coverage. As a result, it may be more difficult for us to attract and retain qualified individuals to serve on our Board of Directors or as our executive officers.

In addition, changing laws, regulations and standards relating to corporate governance and public disclosure are creating uncertainty for public companies, increasing legal and financial compliance costs, and making some activities more time-consuming. These laws, regulations and standards are subject to varying interpretations, in many cases due to their lack of specificity, and, as a result, their application in

practice may evolve over time as new guidance is provided by regulatory and governing bodies. This could result in continuing uncertainty regarding compliance matters and higher costs necessitated by ongoing revisions to disclosure and governance practices. We intend to invest substantial resources to comply with evolving laws, regulations and standards, and this investment may result in increased general and administrative expenses and a diversion of management's time and attention from business operations to compliance activities. If our efforts to comply with new laws, regulations and standards differ from the activities intended by regulatory or governing bodies due to ambiguities related to their application and practice, regulatory authorities may initiate legal proceedings against us and our business may be harmed.

Furthermore, as a result of disclosure of information in connection with our initial public offering and in filings required of a public company, our business and financial condition has and will continue to become more visible. Such increased disclosure and visibility could result in adverse changes to our reputation and to the way our customers perceive our brand and overall value, as well as shareholder activism or threatened or actual litigation, including by competitors and other third parties. If such claims are successful, our business, financial condition and results of operations could be harmed, and even if the claims do not result in litigation or are resolved in our favor, these claims, and the time and resources necessary to resolve them, could divert the resources of our management and could adversely affect our business, financial condition and results of operations.

***If we fail to maintain effective internal controls over financial reporting, we may not be able to report our financial results accurately and in a timely manner, in which case our business may be harmed, investors may lose confidence in the accuracy and completeness of our financial reports, we could be subject to regulatory penalties and the price of our common stock may decline.***

Our management is responsible for establishing and maintaining a system of internal controls over financial reporting that provides reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles and for evaluating and reporting on that system of internal control. We are continuing to develop and refine our disclosure controls and other procedures that are designed to ensure that information required to be disclosed by us in the reports that we will file with the SEC is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms and that information required to be disclosed in reports under the Exchange Act is accumulated and communicated to our principal executive and financial officers. We are also continuing to develop and refine our internal controls over financial reporting. Although members of our management team have experience at publicly traded companies, our management team as a group has not previously run a publicly traded company and overseen the increasingly complex laws and regulations applicable to publicly traded companies. We also expect that we will need to augment our accounting and financial reporting resources to ensure we comply with all of the reporting obligations applicable to publicly traded companies and to ensure our internal controls and related procedures satisfy, and continue to satisfy, all applicable requirements for publicly traded companies. In order to maintain and improve the effectiveness of our disclosure controls and procedures and internal controls over financial reporting, we have expended, and anticipate that we will continue to expend, significant resources, including accounting-related costs and significant management oversight.

As a public company, we are required to comply with rules that govern public companies. We have hired additional personnel in our accounting and financial reporting functions in connection with our transition from a private company to a public company. Nevertheless, these efforts may not be sufficient to result in an effective internal control environment, and any future failure to maintain effective internal controls over financial reporting could impair the reliability of our financial statements, which in turn could harm our business, impair investor confidence in the accuracy and completeness of our financial reports and our access to the capital markets and cause the price of our common stock to decline and subject us to regulatory penalties. In addition, there are risks that individuals, either employees or contractors, consciously circumvent established control mechanisms by, for example, exceeding trading or investment management limitations, or committing fraud.

***Our operations could be interrupted if our third-party service providers experience difficulty, terminate their services or fail to comply with banking regulations.***

We outsource some of our operational activities and accordingly depend on a number of relationships with third-party service providers. Specifically, we rely on third parties for certain services, including, but

not limited to, our critical core banking, web hosting and other processing services. Our business depends on the successful and uninterrupted functioning of our third-party servicers. The failure of these systems, a cybersecurity breach involving any of our third-party service providers or the termination or change in terms of a third-party software license or service agreement on which any of these systems is based could interrupt our operations. Because our information technology and telecommunications systems interface with and depend on third-party systems, we could experience service denials if demand for such services exceeds capacity or such third-party systems fail or experience interruptions. Replacing vendors or addressing other issues with our third-party service providers could entail significant delay, expense and disruption of service. If an interruption were to continue for a significant period of time, our business, financial condition and results of operations could be adversely affected. Even if we are able to replace third-party service providers, it may be at a higher cost to us, which could adversely affect our business, financial condition and results of operations.

In addition, the Bank's primary federal regulator, the FDIC, has issued guidance outlining the expectations for third-party service provider oversight and monitoring by financial institutions. The federal banking agencies, including the FDIC, have also issued enforcement actions against financial institutions for failure in oversight of third-party providers and violations of federal banking law by such providers when performing services for financial institutions. Accordingly, our operations could be interrupted if any of our third-party service providers experience difficulty, are subject to cybersecurity breaches, terminate their services or fail to comply with banking regulations, which could adversely affect our business, financial condition and results of operations. In addition, our failure to adequately oversee the actions of our third-party service providers could result in regulatory actions against the Bank, which could adversely affect our business, financial condition and results of operations.

***Pandemics, natural disasters, global climate change, acts of terrorism and global conflicts may have a negative impact on our business and operations.***

Pandemics, including the continuing COVID-19 pandemic, natural disasters, global climate change, acts of terrorism, global conflicts or other similar events have in the past, and may in the future have, a negative impact on our business and operations. These events impact us negatively to the extent that they result in reduced capital markets activity, lower asset price levels, or disruptions in general economic activity in the United States or abroad, or in financial market settlement functions. In addition, these or similar events may impact economic growth negatively, which could have an adverse effect on our business and operations and may have other adverse effects on us in ways that we are unable to predict.

Our business operations could be disrupted if significant portions of our workforce were unable to work effectively, including because of illness, quarantines, government actions, or other restrictions in connection with the pandemic. Further, work-from-home and other modified business practices may introduce additional operational risks, including cybersecurity and execution risks, which may result in inefficiencies or delays, and may affect our ability to, or the manner in which we, conduct our business activities. Disruptions to our clients could result in increased risk of delinquencies, defaults, foreclosures and losses on our loans. The escalation of the pandemic may also negatively impact regional economic conditions for a period of time, resulting in declines in local loan demand, liquidity of loan guarantors, loan collateral (particularly in real estate), loan originations and deposit availability.

***Legal and regulatory proceedings and related matters could adversely affect us.***

We have been and may in the future become involved in legal and regulatory proceedings. We consider most of our historical proceedings to be in the normal course of our business or typical for the industry; however, it is difficult to assess the outcome of these matters, and we may not prevail in any current or future proceedings or litigation. There could be substantial costs and management diversion in such litigation and proceedings, and any adverse determination could have a materially adverse effect on our business, brand or reputation, or our financial condition and results of our operations.

***Societal responses to climate change could adversely affect our business and performance, including indirectly through impacts on our customers.***

Concerns over the long-term impacts of climate change have led and will continue to lead to governmental efforts around the world to mitigate those impacts. Consumers and businesses also may

change their behavior as a result of these concerns. We and our customers will need to respond to new laws and regulations as well as consumer and business preferences resulting from climate change concerns. We and our customers may face cost increases, asset value reductions and operating process changes. The impact on our customers will likely vary depending on their specific attributes, including reliance on or role in carbon intensive activities. Among the impacts to us could be a drop in demand for our products and services, particularly in certain sectors. In addition, we could face reductions in creditworthiness on the part of some customers or in the value of assets securing loans. Our efforts to take these risks into account in making lending and other decisions, including by increasing our business with climate-friendly companies, may not be effective in protecting us from the negative impact of new laws and regulations or changes in consumer or business behavior.

***Climate change could have a material negative impact on us and our clients.***

Our business, as well as the operations and activities of our clients, could be negatively impacted by climate change. Climate change presents both immediate and long-term risks to the Company and its clients, and these risks are expected to increase over time. Climate change presents multi-faceted risks, including: operational risk from the physical effects of climate events on us and our clients' facilities and other assets; credit risk from borrowers with significant exposure to climate risk; transition risks associated with the transition to a less carbon- dependent economy; and reputational risk from stakeholder concerns about our practices related to climate change, our carbon footprint, and our business relationships with clients who operate in carbon-intensive industries.

Federal and state banking regulators and supervisory authorities, investors, and other stakeholders have increasingly viewed financial institutions as important in helping to address the risks related to climate change both directly and with respect to their clients, which may result in financial institutions coming under increased pressure regarding the disclosure and management of their climate risks and related lending and investment activities. Given that climate change could impose systemic risks upon the financial sector, either via disruptions in economic activity resulting from the physical impacts of climate change or changes in policies as the economy transitions to a less carbon-intensive environment, we may face regulatory risk of increasing focus on our resilience to climate-related risks, including in the context of stress testing for various climate stress scenarios. Ongoing legislative or regulatory uncertainties and changes regarding climate risk management and practices may result in higher regulatory, compliance, credit, and reputational risks and costs.

With the increased importance and focus on climate change, we are making efforts to enhance our governance of climate change-related risks and integrate climate considerations into our risk governance framework. Nonetheless, the risks associated with climate change are rapidly changing and evolving in an escalating fashion, making them difficult to assess due to limited data and other uncertainties. We could experience increased expenses resulting from strategic planning, litigation, and technology and market changes, and reputational harm as a result of negative public sentiment, regulatory scrutiny, and reduced investor and stakeholder confidence due to our response to climate change and our climate change strategy, which, in turn, could have a material negative impact on our business, results of operations, and financial condition.

**COMMON STOCK AND TRADING RISKS**

***There is currently no established public market for our common stock. An active, liquid market for our common stock may not develop or be sustained upon completion of this offering, which may impair your ability to sell your shares.***

Our common stock is not currently traded on an established public trading market. We have applied to list our common stock on the Nasdaq Global Select Market, but an active, liquid trading market for our common stock may not develop or be sustained following this offering. A public trading market having the desired characteristics of depth, liquidity and orderliness depends upon the presence in the marketplace and independent decisions of willing buyers and sellers of our common stock, over which we have no control. Without an active, liquid trading market for our common stock, shareholders may not be able to sell their shares at the volume, prices and times desired. Moreover, the lack of an established market could materially

and adversely affect the value of our common stock. The market price of our common stock could decline significantly due to actual or anticipated issuances or sales of our common stock in the future.

***The market price of our common stock may be subject to substantial fluctuations, which may make it difficult for you to sell your shares at the volume, prices and times desired.***

The market price of our common stock may be highly volatile, which may make it difficult for you to resell your shares at the volume, prices and times desired. There are many factors that may affect the market price and trading volume of our common stock, including, without limitation, the risks discussed elsewhere in this “Risk Factors” section and:

- general market trends;
- actual or anticipated fluctuations in our operating results, financial condition or asset quality;
- changes in economic or business conditions;
- the effects of, and changes in, trade, monetary and fiscal policies, including the interest rate policies of the FRB;
- publication of research reports about us, our competitors or the financial services industry generally, or changes in, or failure to meet, securities analysts’ estimates of our financial and operating performance, or lack of research reports by industry analysts or ceasing of coverage;
- operating and stock price performance of companies that investors deem comparable to us;
- additional or anticipated sales of our common stock or other securities by us or our existing shareholders;
- additions or departures of key personnel;
- perceptions in the marketplace regarding our competitors or us;
- significant acquisitions or business combinations, strategic partnerships, joint ventures or capital commitments by or involving our competitors or us;
- other economic, competitive, governmental, regulatory or technological factors affecting our operations, pricing, products and services; and
- other news, announcements or disclosures (whether by us or others) related to us, our competitors, our core markets or the financial services industry.

The stock market and, in particular, the market for financial institution stocks has experienced substantial fluctuations in recent years, which in many cases have been unrelated to the operating performance and prospects of particular companies. In addition, significant fluctuations in the trading volume in our common stock may cause significant price variations to occur. Increased market volatility may materially and adversely affect the market price of our common stock, which could make it difficult to sell your shares at the volume, prices and times desired.

***The holders of our existing and future debt obligations will have priority over our common stock with respect to payment in the event of liquidation, dissolution or winding up and with respect to the payment of interest.***

Shares of our common stock are equity interests and do not constitute indebtedness. In the event of any liquidation, dissolution or winding up of our business or of the Bank, our common stock would rank below all claims of debt holders against us. As of December 31, 2021 we had outstanding approximately \$24.5 million in aggregate principal amount of subordinated notes. Our debt obligations are senior to our shares of common stock. As a result, we must make payments on our debt obligations before any dividends can be paid on our common stock. In the event of our bankruptcy, dissolution or liquidation, the holders of our debt obligations must be satisfied before any distributions can be made to the holders of our common stock. To the extent that we issue additional debt obligations, the additional debt obligations will be of equal rank with, or senior to, our existing debt obligations and senior to our shares of common stock.

***We have broad discretion in the use of the net proceeds to us from this offering, and our use of these proceeds may not yield a favorable return on your investment.***

We intend to use the proceeds of this offering for general corporate purposes, including funding organic loan growth, purchasing investment securities, pursuing possible strategic acquisition opportunities and other growth initiatives. We have not specifically allocated the amount of net proceeds to us that will be used for these purposes, and our management will have broad discretion over how these proceeds are used and could spend these proceeds in ways with which you may not agree. In addition, we may not use the net proceeds to us from this offering effectively or in a manner that increases our market value or enhances our profitability. We have not established a timetable for the effective deployment of the net proceeds to us, and we cannot predict how long it will take to deploy these proceeds. Investing the net proceeds to us in securities until we are able to deploy these proceeds will provide lower yields than we generally earn on loans, which may have an adverse effect on our profitability. Although we may, from time to time in the ordinary course of business, evaluate potential acquisition opportunities that we believe provide attractive risk-adjusted returns, we do not have any immediate plans, arrangements or understandings relating to any acquisitions, nor are we engaged in negotiations with any potential acquisition targets. See “*Use of Proceeds.*”

***We are an emerging growth company, and the reduced regulatory and reporting requirements applicable to emerging growth companies may make our common stock less attractive to investors.***

We are an emerging growth company, as defined in the JOBS Act. For as long as we continue to be an emerging growth company, we may take advantage of reduced regulatory and reporting requirements that are otherwise generally applicable to public companies. These include, without limitation, not being required to comply with the auditor attestation requirements of Section 404(b) of the Sarbanes-Oxley Act, reduced financial reporting requirements, reduced disclosure obligations regarding executive compensation and exemptions from the requirements of holding non-binding shareholder advisory votes on executive compensation or golden parachute payments. The JOBS Act also permits an emerging growth company such as us to take advantage of an extended transition period to comply with new or revised accounting standards applicable to public companies.

***We may issue shares of stock in the future, which could make it difficult for another company to acquire us or could otherwise adversely affect holders of our common stock, which could depress the price of our common stock.***

Our Certificate of Incorporation authorizes us to issue up to 15,000,000 shares of one or more series of preferred stock. Our Board of Directors will have the authority to determine the designations, preferences, limitations and relative rights of shares of preferred stock and to fix the number of shares constituting any series and the designation of such series, without any further vote or action by our shareholders. Our preferred stock could be issued with liquidation, dividend and other rights superior to the rights of our common stock. The potential issuance of preferred stock may delay or prevent a change in control of us, discouraging bids for our common stock at a premium over the market price, and materially adversely affect the market price and the voting and other rights of the holders of our common stock.

***Our future ability to pay dividends is subject to restrictions.***

On February 15, 2022, we paid a \$0.10 per common share cash dividend payable to stockholders of record on February 8, 2022. This was the first cash dividend we have paid. Any future determination relating to the payment of dividends on our common stock will depend on a number of factors, including regulatory restrictions, our earnings and financial condition, our liquidity and capital requirements, the general economic climate, contractual restrictions, our ability to service any equity or debt obligations senior to our common stock and other factors deemed relevant by our Board of Directors. Accordingly, if you purchase shares in this offering, realization of a gain on your investment will depend on the appreciation of the price of our common stock, which may never occur.

The FRB has indicated that bank holding companies should carefully review their dividend policy in relation to the organization’s overall asset quality, current and prospective earnings and level, composition and quality of capital. The guidance provides that we inform and consult with the FRB prior to declaring and paying a dividend that exceeds earnings for the period for which the dividend is being paid or that could

result in an adverse change to our capital structure, including interest on the subordinated debt obligations, the subordinated debentures underlying our trust preferred securities and our other debt obligations. For further information see “*Supervision and Regulation — Dividends.*”

***We are dependent upon the Bank for cash flow, and the Bank’s ability to make cash distributions to us may be restricted.***

As a bank holding company, we are a separate legal entity from the Bank and our primary asset is the Bank. We depend upon the Bank for cash distributions (through dividends on the Bank’s common stock) that we use to pay our operating expenses and satisfy our obligations (including our debt obligations). For example, as of December 31, 2021, we had \$24.5 million in subordinated debentures and may be dependent upon dividends from the Bank to pay the debt service on that outstanding debt. Various federal statutes, regulations and policies restrict the Bank’s ability to make cash distributions to us. These statutes and regulations require, among other things, that the Bank maintain certain levels of capital in order to pay a dividend. Further, the FDIC has the ability to restrict the Bank’s payment of dividends by supervisory action. If the Bank is unable to pay dividends to us, we may not be able to satisfy our obligations or, if applicable, pay dividends on our common stock. For further information see “*Supervision and Regulation — Dividends.*”

***The market price of our common stock could decline significantly due to actual or anticipated issuances or sales of our common stock in the future.***

Actual or anticipated issuances or sales of substantial amounts of our common stock following this offering could cause the market price of our common stock to decline significantly and make it more difficult for us to sell equity or equity-related securities in the future at a time and on terms that we deem appropriate. The issuance of any shares of our common stock in the future also would, and equity-related securities could, dilute the percentage ownership interest held by shareholders prior to such issuance. Our certificate of incorporation authorize us to issue up to 17,000,000 shares of our common stock, 7,193,205 of which will be outstanding following the completion of this offering (or 7,397,750 shares if the underwriters exercise in full their option to purchase additional shares from us). All 1,363,636 of the shares of common stock sold in this offering (or 1,568,181 shares if the underwriters exercise in full their option to purchase additional shares from us) will be freely tradable, except that any shares purchased by our “affiliates” (as that term is defined in Rule 144 under the Securities Act of 1933, as amended, or the Securities Act) may be resold only in compliance with the limitations described under “*Shares Eligible for Future Sale.*” 1,806,812 of the remaining outstanding shares of our common stock are deemed to be “restricted securities” as that term is defined in Rule 144, and may be resold in the United States only if they are registered for resale under the Securities Act or an exemption, such as Rule 144, is available. The remaining 4,022,757 outstanding shares of our common stock are also freely tradable by all holders other than our “affiliates”.

We also filed registration statements on Form S-8 under the Securities Act to register the offer and sale of all of the shares of our common stock issuable or reserved for issuance under our employee benefit plans and may file additional registration statements on Form S-8 in the future. Shares covered by such registration statements will be eligible for sale, or resale, in the public market, subject to vesting restrictions, any applicable lock-up and, with respect to shares held by affiliates, Rule 144 limitations.

We may issue all of these shares without any action or approval by our shareholders, and these shares, once issued (including upon exercise of outstanding options), will be available for sale into the public market, subject to the restrictions described above, if applicable, for affiliate holders.

Further, in connection with this offering, we, our executive officers and directors, the selling shareholders and certain other persons have entered into lock-up agreements under which we and they have generally agreed not to sell or otherwise transfer our or their shares for a period of 180 days after the completion of this offering without the prior written approval of the representatives on behalf of the underwriters. These lock-up agreements are subject to certain limited exceptions. For additional information, see “*Underwriting — Lock-Up Agreements.*” The underwriters do not have any present intention or arrangement to release any shares of our common stock subject to lock-up agreements prior to the expiration of the 180-day lock-up period. In addition, after this offering, approximately 5,375,940 shares of our common stock will not be subject to lock-up agreements (or 5,580,485 shares if the underwriters exercise in full their option to purchase additional shares from us). The resale of such shares could cause the market price of our stock to drop

significantly, and concerns that those sales may occur could cause the trading price of our common stock to decrease or to be lower than it should be.

In addition, we may issue shares of our common stock or other securities from time to time as consideration for future acquisitions and investments and pursuant to compensation and incentive plans. If any such acquisition or investment is significant, the number of shares of our common stock, or the number or aggregate principal amount, as the case may be, of other securities that we may issue may be substantial. After expiration of the lock-up period described above, we may also grant registration rights covering those shares of our common stock or other securities in connection with any such acquisitions and investments.

We cannot predict the size of future issuances of our common stock or the effect, if any, that future issuances and sales of our common stock will have on the market price of our common stock. Sales of substantial amounts of our common stock (including shares of our common stock issued in connection with an acquisition or under a compensation or incentive plan), or the perception that such sales could occur, may adversely affect prevailing market prices for our common stock and could impair our ability to raise capital through future sales of our securities.

***Investors in this offering will experience immediate dilution.***

The initial public offering price is expected to be higher than the tangible book value per share of our common stock immediately following this offering. Therefore, if you purchase shares in this offering, you will experience immediate dilution in tangible book value per share in relation to the price that you paid for your shares. We expect the dilution in tangible book value per share as a result of this offering to be \$2.26 per share, based on an assumed initial public offering price of \$22.00 per share (the midpoint of the price range set forth on the cover page of this prospectus) and our as adjusted tangible book value of \$19.74 per share as of December 31, 2021. Accordingly, if we were liquidated at our as adjusted tangible book value, you would not receive the full amount of your investment. See “*Dilution.*”

***We may need to raise additional capital in the future by issuing securities, use our common stock as acquisition consideration, or may enter into corporate transactions with an effect similar to a merger, which may dilute your interest in our share capital and affect the trading price of our common stock.***

We may need to raise additional funds to grow our business and implement our growth strategy through public or private issuances of common shares or securities convertible into, or exchangeable for, our common stock, which may dilute your interest in our share capital or result in a decrease in the market price of our common shares. In addition, we may also use our common stock as acquisition consideration or enter into mergers or other similar transactions in the future, which may dilute your interest in our share capital or result in a decrease in the market price of our common stock. Any capital raising through the issuance of shares or securities convertible into or exchangeable for shares, the use of our common stock as acquisition consideration, or the participation in corporate transactions with an effect similar to a merger, may dilute your interest in our shares or result in a decrease in the market price of our common stock.

***Securities analysts may not initiate or continue coverage on us.***

The trading market for our common stock will depend, in part, on the research and reports that securities analysts publish about us and our business. We do not have any control over these securities analysts, and they may choose not to cover us. If one or more of these securities analysts cease to cover us or fail to publish regular reports on us, we could lose visibility in the financial markets, which could cause the price or trading volume of our common stock to decline. If we are covered by securities analysts and are the subject of an unfavorable report, the price of our common stock may decline.

***Provisions in our governing documents and New York law may have an anti-takeover effect, and there are substantial regulatory limitations on changes of control of bank holding companies.***

Our corporate organizational documents and provisions of federal and state law to which we are subject contain certain provisions that could have an anti-takeover effect and may delay, make more difficult

or prevent an attempted acquisition that you may favor or an attempted replacement of our Board of Directors or management. These provisions include:

- a classified board structure which may render the removal of the existing Board of Directors and management more difficult and more expensive for shareholders;
- authority given to the Board of Directors to issue shares of preferred stock without shareholder action;
- a supermajority shareholder vote requirement for any merger or business combination unless such transaction has been approved by a majority of the Board of Directors; and
- advance notice requirements for nominations for elections to our Board or for proposing matters that can be acted upon by shareholders at shareholder meetings.

These anti-takeover provisions and other provisions under New York law may delay, discourage or prevent an attempted acquisition or change in control. Furthermore, banking laws impose notice, approval, and ongoing regulatory requirements on any shareholder or other party that seeks to acquire direct or indirect “control” of an FDIC-insured depository institution or its holding company. These laws include the Bank Holding Company Act of 1956, as amended and the Change in Bank Control Act. These laws could delay or prevent an acquisition.

***An investment in our common stock is not an insured deposit and is subject to risk of loss.***

Shares of our common stock are not savings accounts, deposit accounts or other obligations of any bank or any of our other subsidiaries and will not be insured or guaranteed by us, the FDIC, the DIF, or any other governmental agency. Your investment will be subject to investment risk, and you must be capable of affording the loss of your entire investment.

## INDUSTRY AND MARKET DATA

This prospectus includes data, forecasts and information that we have prepared based, in part, upon data, forecasts and information obtained from independent trade associations, industry publications and surveys, government agencies and other information available to us, which information may be specific to particular markets or geographic locations. Statements as to our market position are based on market data currently available to us. Industry publications and surveys and forecasts generally state that the information contained therein has been obtained from sources believed to be reliable. Although we believe these sources are reliable, we have not independently verified the information. Some data is also based on our good faith estimates, which are derived from management's knowledge of the industry and independent sources. We believe our internal research is reliable, even though such research has not been verified by any independent sources. While we are not aware of any misstatements regarding our data presented herein, our estimates involve risks and uncertainties and are subject to change based on various factors, including those discussed under the heading "*Risk Factors*" in this prospectus. Forward-looking information obtained from these sources is subject to the same qualifications and the additional uncertainties regarding the other forward-looking statements in this prospectus.

## USE OF PROCEEDS

We estimate that we will receive net proceeds of approximately \$27.0 million (or approximately \$31.2 million if the underwriter exercises its over-allotment option in full), based on an assumed initial public offering price of \$22.00 per share, the midpoint of the price range set forth on the cover page of this prospectus, after deducting estimated underwriter discounts, commissions and estimated offering expenses payable by us. Each \$1.00 increase or decrease in the assumed initial public offering price would increase or decrease (as applicable) the net proceeds to us from this offering by approximately \$1.3 million (or approximately \$1.5 million if the underwriter elects to exercise in full its option to purchase additional shares from us), in each case, assuming the number of shares we sell, as set forth on the cover page of this prospectus, remains the same, after deducting the underwriting discount, commissions and estimated offering expenses payable by us.

We intend to contribute substantially all of the net proceeds from this offering to the Bank to enhance regulatory capital to support organic and future potential strategic growth. We do not have any current plans, arrangements or understandings relating to any specific acquisitions or similar transaction. Our management will retain broad discretion to allocate the net proceeds of this offering. The precise amounts and timing of our use of the proceeds will depend upon market conditions, among other factors. Proceeds held by us will be invested in short-term investments until needed for the uses described above.

**MARKET FOR OUR COMMON STOCK AND DIVIDEND POLICY****Market for Common Stock**

Prior to this offering, our common stock has not been traded on an established public trading market, and quotations for our common stock were not reported on any market. As a result, there has been no regular market for our common stock. As of December 31, 2021, there were 595 holders of record of our common stock.

We applied to list our common stock for trading on Nasdaq Global Select Market. However, we cannot assure you that a liquid trading market for our common stock will develop or be sustained after this offering. You may not be able to sell your shares quickly or at the market price if trading in our common stock is not active.

**Dividend Policy**

On February 15, 2022, we paid our first cash dividend of \$0.10 per share to our stockholders of record on February 8, 2022, which equals \$0.40 per share on an annualized basis. Any future determination relating to our dividend policy will be made at the discretion of our Board of Directors and will depend on a number of factors, including our earnings and financial condition, liquidity and capital requirements, the general economic and regulatory climate, our ability to service any equity or debt obligations senior to our common stock, and other factors deemed relevant by our Board of Directors.

## CAPITALIZATION

The following table shows our capitalization, including regulatory capital ratios, on a consolidated basis, as of December 31, 2021:

- on an actual basis; and
- on a pro forma basis to give effect to the issuance and sale by us of 1,363,636 shares of common stock in this offering (assuming the underwriters do not exercise their option to purchase any additional shares to cover over-allotments, (if any), and the receipt and application of the net proceeds from the sale of these shares at an initial public offering price of \$22.00 per share after deducting underwriting discounts and commissions and the estimated offering expenses payable by us.

You should read this table in conjunction with “Use of Proceeds,” “Selected Historical Consolidated Financial Data,” “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and our consolidated financial statements and the related notes included elsewhere in this prospectus.

	December 31, 2021	
	Actual	Pro Forma
(Dollars in thousands, except per share data)		
<b>Debt</b>		
Short term debt	\$ 13,444	\$ 13,444
Long term debt	124,334	124,334
Total debt	<u>137,778</u>	<u>137,778</u>
<b>Stockholders’ equity</b>		
Common stock (par value \$0.01; 17,000,000 shares authorized; 5,562,799 shares outstanding)	\$ 56	70
Surplus	97,505	124,486
Retained earnings	31,508	31,508
Accumulated other comprehensive income, net of tax	310	310
Total stockholders’ equity:	<u>\$129,379</u>	<u>156,374</u>
Total capitalization	<u>\$267,157</u>	<u>294,152</u>
<b>Capital Ratios<sup>(1)</sup></b>		
Tier 1 (leverage) ratio	9.92%	11.64%
Common equity tier 1 risk-based ratio	14.44%	17.29%
Tier 1 risk-based ratio	14.44%	17.29%
Total risk-based capital ratio	15.52%	18.36%
<b>Per share data:</b>		
Book value per common share	\$ 23.26	\$ 22.58
Tangible book value per common share <sup>(2)</sup>	\$ 19.73	\$ 19.74

(1) Ratios are for Hanover Community Bank.

(2) Tangible book value represents the amount of our total tangible assets reduced by our total liabilities. Tangible assets are calculated by reducing total assets, as defined by GAAP, by \$19.2 million in goodwill and \$0.5 million in other intangible assets. Tangible book value at December 31, 2021 was \$109.8 million “Actual” and \$136.7 million “As Adjusted.” Tangible book value per common share represents our tangible book value divided by the number of shares of our common stock outstanding.

## DILUTION

If you invest in our common stock, your ownership interest will be immediately diluted to the extent of the difference between the initial public offering price per share of our common stock in this offering and the net tangible book value per share of common stock upon completion of this offering.

Net tangible book value per common share represents the amount of our total tangible assets less total liabilities, divided by the number of shares of common stock outstanding. Our tangible assets as of December 31, 2021, are calculated by reducing total assets by \$19.2 million in goodwill and \$459 thousand in other intangible assets. Our net tangible book value as of December 31, 2021 was \$109.8 million, or \$19.73 per share of common stock, based upon 5,562,799 shares of common stock outstanding as of such date.

After giving effect to the sale of 1,363,636 shares of our common stock by us at the initial public offering price of \$22.00 per share, the midpoint of the estimated initial public offering price range set forth on the cover page of this prospectus, and after deducting the estimated underwriting discounts and commissions and estimated offering expenses payable by us, our net tangible book value as of December 31, 2021 would have been approximately \$136.7 million, or approximately \$19.74 per share of common stock. This represents an immediate increase in net tangible book value of \$0.01 per share to existing common shareholders, and an immediate dilution of \$2.26 per share to investors participating in this offering. If the initial public offering price is higher or lower, the dilution to new shareholders will be greater or less, respectively.

The following table illustrates this dilution on a per share basis:

Assumed initial public offering price	\$ 22.00
Tangible book value per share of common stock at December 31, 2021	\$ 19.73
Increase in tangible book value per share of common stock attributable to new investors	<u>0.01</u>
As adjusted tangible book value per share of common stock after this offering	19.74
Dilution per share of common stock to new investors in this offering	2.26

A \$1.00 increase (or decrease) in the assumed initial public offering price of \$22.00 per share, which is the midpoint of the estimated initial public offering price range set forth on the cover page of this prospectus, would increase (or decrease) the as adjusted net tangible book value per common share after this offering by approximately \$0.18, and dilution in net tangible book value per common share to new investors by approximately \$0.82, assuming that the number of shares offered by us, as set forth on the cover page of this prospectus, remains the same and after deducting estimated underwriting discounts and commissions and estimated offering expenses payable by us. If the underwriters exercise in full their option to purchase additional shares of our common stock in this offering, the as adjusted net tangible book value after this offering would be \$19.77 per share, the increase in net tangible book value to existing shareholders would be \$0.04 per share and the dilution to new investors would be \$2.23 per share, in each case assuming an initial public offering price of \$22.00 per share, which is the midpoint of the estimated initial public offering price range set forth on the cover page of this prospectus.

The following table summarizes, as of December 31, 2021, the differences between our existing shareholders and new investors with respect to the number of shares of our common stock purchased from us, the total consideration paid and the average price per share paid. The calculations with respect to shares purchased by new investors in this offering reflect an assumed offering price of \$22.00 per share, which is the midpoint of the estimated initial public offering price range set forth on the cover page of this prospectus, before deducting estimated underwriting discounts and commissions and estimated offering expenses payable by us:

(Dollars in thousands, except per share amounts)	Shares Purchased		Total Consideration		Average Price
	Number	Percentage	Amount	Percentage	Per Share
Existing shareholders as of December 31, 2021	5,562,799	80%	\$ 98,163	77%	\$17.65
New Investors	1,363,636	20%	30,000	23%	22.00
<b>Total</b>	<b>6,926,435</b>	<b>100%</b>	<b>\$128,163</b>	<b>100%</b>	<b>\$18.50</b>

If the underwriters exercise their option to purchase additional shares in full, then our pro forma net tangible book value per share of our common stock as of December 31, 2021, would be approximately \$141.0 million, or \$19.77 per share, representing an immediate increase in net tangible book value to our existing shareholders of approximately \$0.04 per share and immediate dilution in net tangible book value to investors purchasing shares in this offering of approximately \$2.23 per share.

The table above excludes the impact of (i) 198,735 shares which may be issued under the 2018 Equity Compensation Plan, (ii) 427,500 shares that may be issued under the 2021 Equity Compensation Plan, and (iii) 220,349 shares that may be issued upon the exercise of vested stock options. If equity awards are issued under our 2018 Equity Compensation Plan or our 2021 Equity Compensation Plan, investors purchasing in this offering will experience further dilution.

In addition, we may choose to raise additional capital because of market conditions or strategic considerations, even if we believe that we have sufficient funds for our current or future operating plans. If we raise additional capital through the sale of equity or convertible debt securities, the issuance of these securities could result in further dilution to our shareholders.

## MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

### Business Overview

We are a New York corporation which became the holding company for the Bank in 2016. The Bank, a community commercial bank focusing on highly personalized and efficient services and products responsive to local needs, commenced operations in 2009 and was incorporated under the laws of the State of New York. As a New York State chartered bank, the Bank is subject to regulation by the New York State DFS and the FDIC. As a bank holding company, we are subject to regulation and examination by the FRB.

The Bank offers a full range of financial services and employs a complete suite of consumer and commercial banking products and services, including multi-family and commercial mortgages, residential loans, business loans and lines of credit. The Bank also offers its customers, among other things, access to 24-hour ATM service with no fees, free checking with interest, telephone banking, advanced technologies in mobile and internet banking for its consumer and business customers and safe deposit boxes. Our corporate administrative office is located in Mineola, New York where the Bank also operates a full-service branch office. Additional branches are located in Garden City Park, Forest Hills, Flushing, Sunset Park, Manhattan and Chinatown, New York.

On May 26, 2021, the acquisition of Savoy was completed and our results for the quarter ended December 31, 2021 reflect the operations of the combined entity. Historical financial information prior to June 30, 2021 includes only the operations of Hanover.

### Financial Performance Summary As of or for the three months ended December 31, 2021 and 2020 (dollars in thousands, except per share data)

	Three months ended December 31,	
	2021	2020
Revenue <sup>(1)</sup>	<b>\$17,644</b>	\$7,613
Non-interest expense	<b>8,264</b>	5,590
Provision for loan losses	<b>900</b>	100
Net income	<b>6,537</b>	1,519
Net income per common share – diluted	<b>1.16</b>	0.36
Return on average assets	<b>1.80%</b>	0.71%
Return on average common stockholders' equity	<b>20.52%</b>	7.62%
Tier 1 leverage ratio	<b>9.92%</b>	12.04%
Common equity tier 1 risk-based capital ratio	<b>14.44%</b>	21.49%
Tier 1 risk-based capital ratio	<b>14.44%</b>	21.49%
Total risk-based capital ratio	<b>15.52%</b>	22.75%
Tangible common equity ratio (non-GAAP)	<b>7.63%</b>	8.93%
Total common stockholders' equity/total assets <sup>(2)</sup>	<b>8.87%</b>	9.13%

(1) Represents net interest income plus total non-interest income.

(2) The ratio of total common stockholders' equity to total assets is the most comparable GAAP measure to the non-GAAP tangible common equity ratio presented herein.

At December 31, 2021 we had on a consolidated basis total assets of \$1.5 billion, total deposits of \$1.2 billion and total stockholders' equity of \$129.4 million. We recorded net income of \$6.5 million, or \$1.16 per diluted common share, for the three months ended December 31, 2021 compared to net income of \$1.5 million, or \$0.36 per diluted common share, for the same period in 2020.

The \$5.0 million increase in earnings for the three months ended December 31, 2021 versus the comparable 2020 period was primarily due to \$7.9 million increase in net interest income coupled with a \$2.1 million improvement in non-interest income. Partially offsetting these positive factors was a \$2.7 million increase in total operating expenses, principally resulting from growth in compensation and benefits due largely to an increase in personnel from the acquisition of Savoy in May 2021, coupled with an \$800 thousand increase in the provision for loan losses expense due to growth in the loan portfolio in the quarter ended December 31, 2021.

Our return on average assets and return on average common stockholders' equity were 1.80% and 20.52%, respectively, for the three months ended December 31, 2021 versus 0.71% and 7.62%, respectively, for the comparable 2020 period.

Total non-accrual loans at December 31, 2021 were \$6.1 million, or 0.48% of total loans, compared to \$7.0 million, or 0.56% of total loans at September 30, 2021 and \$4.1 million, or 0.56% of total loans, at December 31, 2020. Management believes all of our non-accrual loans at December 31, 2021 are well collateralized and no specific reserves have been taken with regard to these loans. The allowance for loan losses as a percentage of total non-accrual loans amounted to 153%, 122% and 197% at December 31, 2021, September 30, 2021 and December 31, 2020, respectively.

Our operating efficiency ratio was 46.8% for the three months ended December 31, 2021 versus 73.4% a year ago. The significant improvement in the operating efficiency ratio was due to a \$7.9 million increase in net interest income and \$2.1 million increase in non-interest income (primarily gain on sale of loans held-for-sale) partially offset by a \$2.7 million increase in operating expenses (primarily compensation and benefits).

### **Significant Factors Impacting Financial Results**

During the fiscal year ended September 30, 2021, we completed the acquisition of Savoy, which increased our total assets by approximately \$650 million and expanded our SBA lending, commercial and consumer loan products. This acquisition was a core driver of growth in our key performance indicators and our financial results. See Note 2, "Acquisitions" to the accompanying Consolidated Financial Statements contained in Item 8 for further details.

The COVID-19 pandemic has caused widespread economic disruption in our metropolitan New York trade area. We have actively participated in state and local programs designed to mitigate the impacts of the COVID-19 pandemic on individuals and small businesses. The CARES Act provides entities with optional temporary relief from certain accounting and financial reporting requirements under GAAP. The CARES Act allows financial institutions to suspend application of certain troubled debt restructuring ("TDR") accounting guidance under Accounting Standards Codification ("ASC") 310-40 for loan modifications related to the COVID-19 pandemic made between March 1, 2020 and 60 days after the end of the COVID-19 national emergency, provided certain criteria are met. This relief can be applied to loan modifications for borrowers that were not more than 30 days past due as of December 31, 2019 and to loan modifications that defer or delay the payment of principal or interest or change the interest rate on the loan. In April 2020, federal and state banking regulators issued the Interagency Statement on Loan Modifications and Reporting for Financial Institutions Working with Customers Affected by the Coronavirus to encourage insured depository institutions to work with borrowers and provide relief to those affected by the COVID-19 pandemic and to provide further interpretation of when a borrower is experiencing financial difficulty, specifically indicating that if the modification is either short term (e.g. six months or less) or mandated by federal or state government in response to the COVID-19 pandemic, the borrower is not experiencing financial difficulty under ASC 310-40, and so the modification will not be treated as a TDR.

We continue to prudently work with borrowers negatively impacted by the COVID-19 pandemic while managing credit risks and recognizing an appropriate allowance for loan losses on our loan portfolio. During 2020, we modified 393 loans totaling \$220.4 million in principal amount of loans in forbearance. As of December 31, 2021, 103 of these loans totaling \$ 61 million in principal amount had been repaid in full. As of December 31, 2021, 290 modified loans totaling \$159 million in principal amount exited forbearance and resumed scheduled payments, and 12 modified loans totaling \$11 million in principal amount remain in forbearance. Of the modified loans remaining in forbearance as of December 31, 2021, 5 loans totaling

\$3 million in principal amount have been downgraded to criticized and 4 loans totaling \$2 million in principal amount are now classified as non-accrual. Pursuant to the provision of the CARES Act, none of these loans are treated as TDRs. These loans will continue to be monitored for further downgrade depending on their individual circumstances. The remaining loans are primary residence loans covered under New York State Law 9-x which provides full payment deferral up to 360 days.

Another key program under the CARES Act is the Paycheck Protection Program (“PPP”), administered by the Small Business Administration (“SBA”) which provided funding to qualifying businesses and organizations. These loans are 100% guaranteed by the SBA and have no allowance for loan losses allocated to them based on the nature of the guarantee. These loans carry a fixed rate of 1.00% and a term of two years (loans made before June 5, 2020, subject to extension to five years with the consent of the lender) or five years (loans made on or after June 5, 2020), if not forgiven, in whole or in part. Under this program, we have originated approximately \$366.1 million in principal amount of PPP loans to local borrowers. As of December 31, 2021, borrowers had applied for and received forgiveness on \$293.2 million in PPP loans.

Additionally, the CARES Act provides for relief on existing and new SBA loans through the Small Business Debt Relief program. As part of the SBA Small Business Debt Relief, the SBA will automatically pay principal, interest, and fees of certain SBA loans for a period of six months for both existing loans and new loans issued prior to September 27, 2020. On December 27, 2020, the Consolidated Appropriations Act authorized a second round of SBA payments on covered loans approved before March 27, 2020, for a two-month period beginning with the first payment due on the loan on or after February 1, 2021, and for an additional three-month period for certain eligible borrowers. For new loans approved beginning on February 2, 2021 and ending on September 30, 2021, the SBA will make the payments for a three-month period subject to the availability of funds. At December 31, 2021, approximately 4 loans, representing approximately \$3 million in aggregate reported balance, are eligible for this relief. The CARES Act also provides for mortgage payment relief and a foreclosure moratorium.

### **Critical Accounting Policies and Estimates**

We prepare our consolidated financial statements in conformity with GAAP. The preparation of these consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amount of revenues and expenses during the reporting period. We believe the more critical accounting and reporting policies that currently affect our financial condition and results of operations include the accounting for the allowance for loan losses and the valuation of assets acquired and liabilities assumed in business combinations. Accordingly, our significant accounting policies and effects of new accounting pronouncements are discussed in detail in Note 1, “Summary of Significant Accounting Policies” to the accompanying Consolidated Financial Statements contained in Item 8 for further details.

### **Allowance for Loan Losses**

We establish an allowance for loan losses that represents management’s best estimate of probable credit losses inherent in the portfolio at the balance sheet date. Estimates for loan losses are determined by management’s ongoing review and grading of the loan portfolio, consideration of historical loan loss and delinquency experience, trends in past due and nonaccrual loans, risk characteristics of the various classifications of loans, concentrations of loans to specific borrowers or industries, existing economic conditions, the fair value of underlying collateral, and other qualitative and quantitative factors which could affect probable credit losses. Because current economic conditions can change and future events are inherently difficult to predict, the anticipated amount of estimated loan losses, and therefore the appropriateness of the allowance for loan losses, could change significantly. As an integral part of their examination process, various regulatory agencies also review the allowance for loan losses. Such agencies may require additions to the allowance for loan losses or may require that certain loan balances be charged off or downgraded to criticized loan categories when their credit evaluations differ from those of management, based on their judgments about information available to them at the time of their examination. See Note 1, “Summary of Significant Accounting Policies” and Note 5, “Allowance for Loan Losses” to the accompanying Consolidated Financial Statements contained in Item 8 for further details.

### **Valuation of Assets Acquired and Liabilities Assumed in Business Combinations**

We account for acquisitions under FASB Accounting Standards Codification Topic 805, Business Combinations (“ASC Topic 805”), which requires the use of the acquisition method of accounting. All identifiable assets acquired, including loans, and liabilities assumed, are recorded at fair value. No allowance for loan losses related to the acquired loans is recorded on the acquisition date because the fair value of the loans acquired incorporates assumptions regarding credit risk.

Acquired credit-impaired loans are accounted for under the accounting guidance for loans and debt securities acquired with deteriorated credit quality, found in FASB ASC Topic 310-30, Receivables — Loans and Debt Securities Acquired with Deteriorated Credit Quality (“ASC 310-30”), and initially measured at fair value, which includes estimated future credit losses expected to be incurred over the life of the loans. Loans acquired in business combinations with evidence of credit deterioration are considered impaired. Loans acquired through business combinations that do not meet the specific criteria of ASC 310-30, but for which a discount is attributable, at least in part to credit quality, are also accounted for under this guidance. In accordance with FASB ASC Topic 310-20, the discount is accreted through earnings based on estimated cash flows over the estimated life of the loan.

See Note 1, “Summary of Significant Accounting Policies,” and Note 2, “Acquisitions” to the accompanying Consolidated Financial Statements contained in Item 8 for further details.

### **Emerging Growth Company.**

Pursuant to the JOBS Act, an emerging growth company is provided the option to adopt new or revised accounting standards that may be issued by the FASB or the SEC either (i) within the same periods as those otherwise applicable to non-emerging growth companies or (ii) within the same time periods as private companies. We have irrevocably elected to adopt new accounting standards within the same time periods as private companies.

Although we are still evaluating the JOBS Act, we expect to take advantage of some of the reduced regulatory and reporting requirements that are available to us so long as we qualify as an emerging growth company, including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404(b) of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation, and exemptions from the requirements of holding non-binding advisory votes on executive compensation and golden parachute payments.

### **Factors Impacting the Comparability of Periods Presented**

As described in greater detail in the sections that follow, the growth in our total assets in recent years was largely the result of the acquisitions of CFSB in August 2019 and Savoy in May 2021. As a result, there is a material impact on the comparability of both the interim and full year periods presented in this filing. Certain reclassifications have also been made to prior year amounts, and the related discussion and analysis, to conform to the current year presentation. These reclassifications did not have an impact on net income or total shareholders equity.

### **Results For Three Months Ended December 31, 2021**

#### **Financial Condition**

Total assets at December 31, 2021 were \$1.5 billion versus \$1.5 billion at September 30, 2021. Total loans at December 31, 2021 were \$1.3 billion, compared to total loans of \$1.2 billion at September 30, 2021. Total deposits at December 31, 2021 were \$1.2 billion versus \$1.2 billion at September 30, 2021. Total borrowings at December 31, 2021 were \$113.3 million, including \$47.9 million of outstanding FHLB advances.

For the three months ended December 31, 2021, our loan portfolio, net of sales, grew by \$30.3 million to \$1.3 billion. At December 31, 2021, the residential loan portfolio amounted to \$436.6 million, or 34.2% of total loans. Commercial real estate loans, including multi-family loans and construction and land

development loans, totaled \$731.1 million or 57.2% of total loans at December 31, 2021. Commercial loans, including PPP loans, totaled \$109.7 million or 8.6% of total loans.

At December 31, 2021, total deposits were \$1.2 billion, an increase of \$12.1 million when compared to September 30, 2021. This growth was primarily due to an increase in core deposit balances of \$63.0 million offset by a \$50.9 million decrease in time deposits in the fourth calendar quarter of 2021. Core deposit balances, which consist of demand, NOW, savings and money market deposits, represented 72.2% and 67.6% of total deposits at December 31, 2021 and September 30, 2021, respectively. At those dates, demand deposit balances represented 16.2% and 16.4% of total deposits. Beginning in late 2020, we began a municipal deposit program. The program is based upon relationships of our management team, rather than bid based transactions. At December 31, 2021, total municipal deposits were \$407.1 million, representing 18 separate governmental clients, compared to \$74.3 million at December 31, 2020, representing 6 separate governmental clients. The average rate on the municipal deposit portfolio was 0.19% at December 31, 2021.

Borrowings at December 31, 2021 were \$113.3 million, including \$65.3 million in PPPLF funding, versus \$159.6 million at September 30, 2021. At December 31, 2021, we had \$47.9 million of outstanding FHLB advances as compared to \$42.0 million at September 30, 2021. At September 30, 2021, our borrowings from the PPPLF were \$117.7 million.

### Liquidity and Capital Resources

Liquidity management is defined as both our and the Bank's ability to meet their financial obligations on a continuous basis without material loss or disruption of normal operations. These obligations include the withdrawal of deposits on demand or at their contractual maturity, the repayment of borrowings as they mature, funding new and existing loan commitments and the ability to take advantage of business opportunities as they arise. Asset liquidity is provided by short-term investments, such as fed funds sold, the marketability of securities available for sale and interest-bearing deposits due from the Federal Reserve, FHLB and correspondent banks, which totaled \$115.0 million and \$166.5 million at December 31, 2021 and September 30, 2021, respectively. These liquid assets may include assets that have been pledged primarily against municipal deposits or borrowings. Liquidity is also provided by the maintenance of a base of core deposits, cash and non-interest-bearing deposits due from banks, the ability to sell or pledge marketable assets and access to lines of credit.

Liquidity is continuously monitored, thereby allowing management to better understand and react to emerging balance sheet trends, including temporary mismatches with regard to sources and uses of funds. After assessing actual and projected cash flow needs, management seeks to obtain funding at the most economical cost. These funds can be obtained by converting liquid assets to cash or by attracting new deposits or other sources of funding. Many factors affect our ability to meet liquidity needs, including variations in the markets served, loan demand, its asset/liability mix, its reputation and credit standing in its markets and general economic conditions. Borrowings and the scheduled amortization of investment securities and loans are more predictable funding sources. Deposit flows and securities prepayments are somewhat less predictable as they are often subject to external factors. Among these are changes in the local and national economies, competition from other financial institutions and changes in market interest rates.

Our primary sources of funds are cash provided by deposits, which may include brokered and listing service deposits, and borrowings, proceeds from maturities and sales of securities and cash provided by operating activities. At December 31, 2021, total deposits were \$1.2 billion, of which \$243.2 million are time deposits scheduled to mature within the next 12 months. Based on historical experience, we expect to be able to replace a substantial portion of those maturing deposits with comparable deposit products. At December 31, 2021 and September 30, 2021, we had \$113.3 million and \$159.6 million, respectively, in borrowings used to fund the growth in our loan portfolio.

The Liquidity and Wholesale Funding Policy of the Bank establishes specific policies and operating procedures governing liquidity levels to assist management in developing plans to address future and current liquidity needs. Management monitors the rates and cash flows from the loan and investment portfolios while also examining the maturity structure and volatility characteristics of liabilities to develop an optimum asset/liability mix. Available funding sources include retail, commercial and municipal deposits, purchased liabilities and stockholders' equity. At December 31, 2021, access to approximately \$488.5 million in FHLB

lines of credit for overnight or term borrowings was available, of which \$47.9 million in term borrowings were outstanding. At December 31, 2021, approximately \$55 million in unsecured lines of credit extended by correspondent banks were also available to be utilized, if needed, for short-term funding purposes. No borrowings were outstanding under lines of credit with correspondent banks at December 31, 2021.

We strive to maintain an efficient level of capital, commensurate with its risk profile, on which a competitive rate of return to stockholders will be realized over both the short and long term. Capital is managed to enhance stockholder value while providing flexibility for management to act opportunistically in a changing marketplace. Management continually evaluates our capital position in light of current and future growth objectives and regulatory guidelines. Total stockholders' equity increased to \$129.4 million at December 31, 2021 from \$122.5 million at September 30, 2021, primarily due to net income recorded during the three months ended December 31, 2021.

The Bank is subject to regulatory capital requirements. The Bank's tier 1 leverage, common equity tier 1 risk-based, tier 1 risk-based and total risk-based capital ratios were 9.92%, 14.44%, 14.44% and 15.52%, respectively, at December 31, 2021, exceeding all the regulatory guidelines for a well-capitalized institution, the highest regulatory capital category. Moreover, capital rules also place limits on capital distributions and certain discretionary bonus payments if a banking organization does not maintain a buffer of common equity tier 1 capital above minimum capital requirements. At December 31, 2021, the Bank's capital buffer was in excess of requirements.

We did not repurchase any shares of its common stock during the three months ended December 31, 2021.

Our total stockholders' equity to total assets ratio our tangible common equity to tangible assets ratio ("TCE ratio") were 8.87% and 7.63%, respectively, at December 31, 2021 versus 8.25% and 7.02%, respectively, at September 30, 2021 and 9.13% and 8.93%, respectively, at December 31, 2020. The ratio of total stockholders' equity to total assets is the most comparable U.S. GAAP measure to the non-GAAP TCE ratio presented herein. The ratio of tangible common equity to tangible assets, or TCE ratio, is calculated by dividing total common stockholders' equity by total assets, after reducing both amounts by intangible assets. The TCE ratio is not required by U.S. GAAP or by applicable bank regulatory requirements, but is a metric used by management to evaluate the adequacy of our capital levels. Since there is no authoritative requirement to calculate the TCE ratio, our TCE ratio is not necessarily comparable to similar capital measures disclosed or used by other companies in the financial services industry. Tangible common equity and tangible assets are non-GAAP financial measures and should be considered in addition to, not as a substitute for or superior to, financial measures determined in accordance with U.S. GAAP.

Set forth below are the reconciliations of tangible common equity to U.S. GAAP total common stockholders' equity and tangible assets to U.S. GAAP total assets at December 31, 2021 (in thousands). (See also Non-GAAP Disclosure contained herein.)

				<u>Ratios</u>
Total common stockholders' equity	\$129,379	Total assets	\$ 1,458,180	8.87% <sup>(1)</sup>
Less: goodwill	(19,168)	Less: goodwill	(19,168)	
Less: core deposit intangible	(459)	Less: core deposit intangible	(459)	
<b>Tangible common equity</b>	<u>\$109,752</u>	<b>Tangible assets</b>	<u>\$ 1,438,553</u>	<u>7.63%<sup>(2)</sup></u>

(1) The ratio of total common stockholders' equity to total assets is the most comparable GAAP measure to the non-GAAP tangible common equity ratio presented herein.

(2) TCE ratio

All dividends must conform to applicable statutory requirements. Our ability to pay dividends to stockholders depends on the Bank's ability to pay dividends to us. Additionally, the ability of the Bank to pay dividends to us is subject to certain regulatory restrictions. Under New York law, a bank may pay a dividend on its common stock only out of net profits, and must obtain the approval of the Superintendent of the DFS if the total of all dividends declared by a bank or trust company in any calendar year exceeds the

total of its net profits for that year combined with its retained net profits of the preceding two years, less any required transfer to surplus or a fund for the retirement of any preferred stock.

No cash dividends were declared by us during the three months ended December 31, 2021 and 2020. On January 25, 2022 our Board of Directors approved the payment of a \$0.10 per common share cash dividend payable on February 15, 2022, to stockholders of record on February 8, 2022. This was the first cash dividend we have paid.

#### Off-Balance Sheet Arrangements

The Bank is a party to financial instruments with off-balance sheet risk in the normal course of business to meet the financing needs of its customers. These financial instruments include commitments to extend credit and letters of credit. Those instruments involve, to varying degrees, elements of credit risk in excess of the amount recognized in the consolidated financial statements. The Bank uses the same credit policies in making commitments and conditional obligations as it does for on-balance sheet instruments.

Commitments to extend credit are agreements to lend to a customer provided there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. Since many of the commitments are expected to expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements. The Bank evaluates each customer's creditworthiness on a case-by-case basis. The amount of collateral obtained, if deemed necessary by the Bank upon extension of credit, is based on management's credit evaluation of the customer. Collateral required varies, but may include accounts receivable, inventory, equipment, real estate and income-producing commercial properties. At December 31, 2021 and September 30, 2021, commitments to originate loans and commitments under unused lines of credit for which the Bank is obligated amounted to approximately \$72 million and \$106 million, respectively.

Letters of credit are conditional commitments guaranteeing payments of drafts in accordance with the terms of the letter of credit agreements. Commercial letters of credit are used primarily to facilitate trade or commerce and are also issued to support public and private borrowing arrangements, bond financing and similar transactions. Collateral may be required to support letters of credit based upon management's evaluation of the creditworthiness of each customer. The credit risk involved in issuing letters of credit is essentially the same as that involved in extending loan facilities to customers. At December 31, 2021 and September 30, 2021, letters of credit outstanding were approximately \$786 thousand.

#### Results of Operations — Comparison of the Three Months Ended December 31, 2021 and 2020

We recorded net income of \$6.5 million during the three months ended December 31, 2021 versus net income of \$1.5 million in the comparable three month period a year ago. The increase in earnings for the three months ended December 31, 2021 versus the comparable 2020 period was primarily due to a \$7.9 million, or 108.4%, increase in net interest income coupled with a \$2.1 million improvement in non-interest income. Partially offsetting these positive factors was a \$2.7 million increase in total operating expenses, principally resulting from growth in compensation and benefits due largely to an increase in personnel from the acquisition of Savoy in May 2021, coupled with an \$800 thousand increase in the provision for loan losses expense due to growth in the loan portfolio in the fourth calendar quarter of 2021.

#### Net Interest Income and Margin

The \$7.9 million improvement in net interest income was primarily attributable to growth in average interest-earning assets of 67.6%, primarily loans, and a 86 basis point increase in the net interest margin to 4.39% in 2021 from 3.53% in the year ago period. The wider net interest margin was largely due to a 78 basis point reduction in the average cost of interest-bearing liabilities to 0.48% in the 2021 period. Included in net interest income was accretion and amortization of purchase accounting adjustments of \$1.6 million during the three months ended December 31, 2021 arising from the acquisition of Savoy. Excluding these purchase accounting adjustments, the adjusted net interest margin was 3.90% and 3.76% in the quarter ended December 31, 2021 and 2020, respectively.

The lower cost of average interest-bearing liabilities in 2021 resulted from an improved deposit mix. Lower cost core deposits (demand, NOW, savings and money market accounts) increased by \$538.4 million

while higher cost certificates of deposit declined by \$50.0 million compared to the year ago period. Also contributing to the improvement in net interest income for the three months ended December 31, 2021 versus 2020 was a reduction in the average rate paid on Fed funds purchased and FHLB and FRB advances of 61 basis points to 0.50% in the 2021 quarter.

(1) Reflects impact of debt extinguishment charges of approximately \$54 thousand recorded in October 2020.

**Provision and Allowance for Loan Losses**

We recorded a \$900 thousand provision for loan losses expense for the three months ended December 31, 2021 versus a \$100 thousand expense recorded for the comparable period in 2020. The adequacy of the provision and the resulting allowance for loan losses, which was \$9.4 million at December 31, 2021, is determined by management's ongoing review of the loan portfolio including, among other things, impaired loans, past loan loss experience, known and inherent risks in the portfolio, existing adverse situations that

may affect the borrower's ability to repay and estimated fair value of any underlying collateral securing loans. Moreover, management evaluates changes, if any, in underwriting standards, collection, charge-off and recovery practices, the nature or volume of the portfolio, lending staff, concentration of loans, as well as current economic conditions and other relevant factors. Management believes the allowance for loan losses is adequate to provide for probable and reasonably estimable losses at December 31, 2021. (See also Critical Accounting Policies, Judgments and Estimates and Asset Quality contained herein.)

#### Non-interest Income

Non-interest income increased by \$2.1 million for the three months ended December 31, 2021 versus 2020. This increase in loan fees and deposit service charges was primarily driven by increases in loan and deposit balances, primarily as a result of the acquisition of Savoy. The increase in income related to loan servicing rights was due to growth in the volume of loans serviced by us, primarily due to the acquisition of Savoy. For the three months ended December 31, 2021 and 2020, we sold loans totaling approximately \$35.2 million and \$8.1 million, respectively, recognizing net gains of \$1.5 million and \$181 thousand, respectively.

#### **Non-Interest Income** **For the three months ended December 31, 2021 and 2020** (dollars in thousands)

	<b>Three months ended</b>		<b>Over/ (under) 2020</b>
	<b>December 31,</b>		
	<b>2021</b>	<b>2020</b>	
Loan servicing and fee income	<b>\$ 690</b>	\$ 83	731.3%
Service charges on deposit accounts	<b>63</b>	15	320.0
Net gain on sale of loans held for sale	<b>1,492</b>	181	724.3
Other income	<b>130</b>	7	1,757.1
<b>Total non-interest income</b>	<b><u>\$2,375</u></b>	<b><u>\$286</u></b>	<b><u>730.4%</u></b>

#### Non-interest Expense

Total non-interest expense increased by \$2.7 million for the three months ended December 31, 2021 versus 2020. The overall increase in non-interest expenses was primarily driven by the additional headcount, facilities and transaction volume associated with the acquisition of Savoy. The increase in other non-interest expenses is primarily due to increased assessment charges and correspondent banking fees due to our increased size.

#### **Non-Interest Expense** **For the three months ended December 31, 2021 and 2020** (dollars in thousands)

	<b>Three months ended</b>		<b>Over/ (under) 2020</b>
	<b>December 31,</b>		
	<b>2021</b>	<b>2020</b>	
Salaries and employee benefits	<b>\$4,939</b>	\$3,108	58.9%
Occupancy and equipment	<b>1,413</b>	1,171	20.7
Data processing	<b>366</b>	245	49.4
Advertising and promotion	<b>33</b>	48	(31.3)

Professional fees	<b>499</b>	412	21.1
Other expenses	<b>1,014</b>	461	120.0
<b>Total non-interest expense</b>	<b><u>\$8,264</u></b>	<b><u>\$5,590</u></b>	<b><u>47.8%</u></b>

We recorded income tax expense of \$1.9 million and an effective tax rate of 22.9% for the three months ended December 31, 2021 versus income tax expense of \$404 thousand and an effective tax rate of 21.0% in the comparable 2020 period.

#### Asset Quality

Total non-accrual loans at December 31, 2021 were \$6.1 million, or 0.48% of total loans, compared to \$7.0 million, or 0.56% of total loans at September 30, 2021 and \$4.1 million, or 0.56% of total loans, at December 31, 2020. Management believes all of our non-accrual loans at December 31, 2021 are well collateralized and no specific reserves have been taken with regard to these loans. The allowance for loan losses as a percentage of total non-accrual loans amounted to 153%, 122% and 197% at December 31, 2021, September 30, 2021 and December 31, 2020, respectively.

Total accruing loans, excluding purchased credit-impaired loans, delinquent 30 days or more amounted to \$6.1 million, \$8.2 million and \$5.1 million at December 31, 2021, September 30, 2021 and December 31, 2020, respectively.

Total loans having credit risk ratings of Special Mention or Substandard were \$42.4 million at December 31, 2021 versus \$51.9 million at September 30, 2021 and \$16.7 million at December 31, 2020. The increase in both the Special Mention and Substandard levels is due to the acquired loan portfolio of Savoy Bank. The acquired portfolio has a large component of SBA loans, which have been supported through the COVID-pandemic with assistance from the SBA. The high level of criticized loans in the Savoy portfolio results in part from a conservative view of these borrowers' ability to perform once government assistance ends, as well as specific instances of borrowers seeking assistance/deferrals/modifications due to the impact to their business. Our Special Mention and Substandard loans were comprised of residential real estate, multi-family, commercial real estate loans and commercial and industrial loans (including SBA facilities) at December 31, 2021. We had no loans with a credit risk rating of Doubtful for the periods presented. All loans not having credit risk ratings of Special Mention, Substandard or Doubtful are considered pass loans.

At December 31, 2021, We had \$1.7 million in troubled debt restructurings ("TDRs"), consisting of residential real estate loans. We had TDRs amounting to \$1.7 million and \$1.7 million at September 30, 2021 and December 31, 2020, respectively.

At December 31, 2021, our allowance for loan losses amounted to \$9.4 million or 0.73% of period-end total loans outstanding. The allowance as a percentage of loans outstanding was 0.69% at September 30, 2021 and 1.09% at December 31, 2020. We recorded net loan recoveries of \$66 thousand during the three months ended December 31, 2021 versus no loan charge-offs during the three months ended September 30, 2021. We recorded net loan recoveries of \$10 thousand during the three months ended December 31, 2020.

We recorded a \$900 thousand provision for loan losses expense for the three months ended December 31, 2021 versus a \$100 thousand expense recorded for the comparable period in 2020. Adjustments to our loss experience is based on management's evaluation of several environmental factors, including: changes in local, regional, national, and international economic and business conditions and developments that affect the collectability of the loan portfolio, including the condition of various market segments; changes in the nature and volume of our portfolio and in the terms of our loans; changes in the experience, ability, and depth of lending management and other relevant staff; changes in the volume and severity of past due loans, the volume of nonaccrual loans and the volume and severity of adversely classified or graded loans; changes in the quality of our loan review system; changes in lending policies, procedures and strategies; changes in the value of underlying collateral for collateral-dependent loans; the existence and effect of any concentrations of credit and changes in the level of such concentrations; and the effect of other external factors such as competition and legal and regulatory requirements on the level of estimated credit losses in our existing portfolio.

Management has determined that the current level of the allowance for loan losses is adequate in relation to the probable and reasonably estimable losses present in the portfolio. While management uses available information to recognize probable and reasonably estimable losses on loans, future additions to the allowance may be necessary and management may need to record loan charge-offs in future periods.

Changes in estimates could result in a material change in the allowance. In addition, various regulatory agencies, as an integral part of their examination process, periodically review our allowance for loan losses and may require us to recognize additions to the allowance based on their judgments about information available to them at the time of their examination. (See also Critical Accounting Policies, Judgments and Estimates contained herein).

## ASSET QUALITY

Non-performing assets, purchased credit-impaired loans 90 days or more past due and still accruing and performing TDRs, to total loans held for sale and investment	0.71%	0.80%	0.66%

(1) Non-performing assets defined as non-accrual loans, non-accrual loans held for sale and other real estate owned.

(2) Excludes loans held for sale.

#### Results of Operations for the year ended September 30, 2021 compared to the year ended September 30, 2020

To facilitate review of our results of operations, the following tables set forth our financial results for the periods indicated. All information is derived from the consolidated statements of operations.

For the year ended September 30, 2021, we recognized net income of \$10.9 million, or \$2.28 per diluted share, compared to net income of \$5.0 million, or \$1.18 per diluted share, for the year ended September 30, 2020. This increase was primarily due to a \$14.6 million increase in net interest income as a result of the increase in interest-earning assets primarily derived from our acquisition of Savoy, as well as significant reduction in our interest rate paid on deposits and borrowings.

We recorded net income of \$5.0 million, or \$1.18 per diluted common share, for the fiscal year ended September 30, 2020, compared to \$8.1 million, or \$2.06 per diluted common share, for the fiscal year ended September 30, 2019. The reduction in earnings in 2020 resulted from a \$5.1 million increase in total non-interest expenses, principally due to growth in personnel and branch facilities as a result of the CFSB

acquisition, a \$3.4 million decrease in non-interest income and a \$0.6 million increase in the provision for loan losses due to economic concerns primarily related to the COVID-19 pandemic. Partially offsetting these factors was a \$4.7 million improvement in net interest income and a reduction in Hanover's effective income tax rate to 20.0% in 2020 from 24.1% in 2019.

Set forth below are our selected consolidated financial and other data. Our business is primarily the business of our Bank. This financial data is derived in part from, and should be read in conjunction with, our consolidated financial statements.

## Analysis of Results of Operations

### Net Interest Income

Net interest income is the primary source of our revenue. Net interest income is the difference between interest income on interest-earning assets, such as loans and investment securities, and the interest expense on interest-bearing deposits and other borrowings used to fund interest-earning and other assets or activities. Net interest income is affected by changes in interest rates and by the amount and composition of earning assets and interest-bearing liabilities, as well as the sensitivity of the balance sheet to changes in interest rates, including characteristics such as the fixed or variable nature of the financial instruments, contractual maturities, repricing frequencies, and loan prepayment behavior.

Net interest income for the year ended September 30, 2021 was \$41.7 million, an increase of 53.8% from \$27.1 million for the year ended September 30, 2020. The increase was primarily driven by a \$226.0 million increase in average interest-earning assets, primarily due to the acquisition of Savoy, as well as continued organic loan growth in our markets, particularly in commercial real estate. We also continued our efforts to increase its on-balance sheet liquidity position, which led to an increase in average investment securities and interest-bearing deposits at other financial institutions of \$9.8 million.

Net interest income for the year ended September 30, 2020 was \$27.1 million, an increase of 21.0% from \$22.4 million for the year ended September 30, 2019. The improvement in fiscal year 2020 net interest income resulted from a \$143.8 million increase in average total interest-earning assets, coupled with a 20 basis point reduction in the cost of average total interest-bearing liabilities to 1.87% from 2.07%.

Net interest margin was 3.97% for the year ended September 30, 2021, an increase of 68 basis points from 3.29% for the year ended September 30, 2020. Our average yield on interest-earning assets for the year ended September 30, 2021 was 4.63%, a decrease of 24 basis points from 4.87% for the year ended September 30, 2020. The decrease was primarily due to a decrease in the yield earned on portfolio loans, which was 5.11% for the year ended September 30, 2021, as compared to 5.38% for the year ended September 30, 2020. The decrease in yield on portfolio loans was due to continued pricing pressure on new and renewed portfolio loans, coupled with a higher concentration of lower yielding PPP loans acquired in the Savoy transaction. The average yield earned on the investment securities portfolio for the year ended September 30, 2021 was 4.07%, an increase of 31 basis points from 3.76% earned for the year ended September 30, 2020.

Net interest margin was 3.29% for the year ended September 30, 2020, a slight decrease from 3.30% for the year ended September 30, 2019. The average rate on total interest-earning assets declined by 20 basis points to 4.87% for the year ended September 30, 2020, as compared to the same period in 2019. This reduction in yield reflects the increase in average lower yielding cash balances of \$42.2 million year over year, despite increases of \$101.5 million in average loans and eight basis points in the average loan yield to 5.38%.

Average interest-bearing liabilities were \$859.8 million for the year ended September 30, 2021, an increase of \$162.8 million compared to \$697.0 million for the year ended September 30, 2020. The increase was primarily attributable to growth in interest-bearing deposits, which increased by \$117.0 million during fiscal year 2021 from both the acquisition of Savoy and organic growth in our markets. Our average cost of interest-bearing liabilities was 0.81% for the year ended September 30, 2021, a decrease of 106 basis points compared to 1.87% for the year ended September 30, 2020. This decrease is due to our strategic decision to replace higher rate customer deposits with lower rate municipal deposits. Wholesale deposits comprised 30.1% of total deposits at September 30, 2021, an increase from 2.2% of total deposits at September 30, 2020.

Average interest-bearing liabilities were \$697.0 million for the year ended September 30, 2020, an increase of \$114.4 million compared to \$582.6 million for the year ended September 30, 2019. Average core deposits, consisting of demand, savings, NOW and money market deposits, increased by \$44.9 million to \$251.1 million for the year ended September 30, 2020, while average total deposits increased by \$161.2 million to \$669.5 million for the year ended September 30, 2020. Our average cost of interest-bearing liabilities was 1.87% for the year ended September 30, 2020, a decrease of 20 basis points compared to 2.07% for the year ended September 30, 2019. The lower cost of funds for the year ended September 30, 2020 was largely the result of a shift in the deposit mix to a greater concentration of non-interest-bearing demand deposit balances.

The following table presents daily average balances, interest, yield/rate, and net interest margin on a fully tax-equivalent basis for the periods presented:

(in thousands)	Year Ended September 30,

Net increase in net interest income	<u>\$9,585</u>	<u>\$ 5,001</u>	<u>\$14,586</u>	<u>\$3,579</u>	<u>\$ 1,122</u>	<u>\$ 4,701</u>

#### Provision for Loan Losses

The provision for credit losses was \$1.0 million for the year ended September 30, 2021, a decrease of \$0.3 million compared to \$1.3 million for the year ended September 30, 2020. The decrease was primarily due to a higher provision recorded in fiscal year 2020 due to economic uncertainty due to the COVID-19 pandemic. We did not incur a significant increase to reserves because of the pandemic during fiscal year 2021. Total net charge-offs were \$0.3 million and \$0.5 million for the years ended September 30, 2021 and 2020, respectively.

The provision for credit losses was \$1.3 million for the year ended September 30, 2020, an increase of \$0.6 million compared to \$0.7 million for the year ended September 30, 2019. Total net charge-offs were \$0.5 million and \$0 for the years ended September 30, 2020 and 2019, respectively.

Provision for loan losses are charged to income to bring the allowance for loan losses to a level deemed appropriate by management. In evaluating the allowance for loan losses, management considers factors that include recent growth, composition and industry diversification of the portfolio, historical loan loss experience, current delinquency levels, adverse situations that may affect a borrower's ability to repay, estimated value of any underlying collateral, prevailing economic conditions and other relevant factors. See additional discussion under "Asset Quality — Analysis of Allowance for Loan Losses" section.

#### Non-Interest Income

(in thousands)	Year Ended September 30,		
	2021	2020	2019
Loan fees and service charges	\$ 703	\$ 301	\$ 185
Loan servicing income	504	84	160
Service charges on deposit accounts	127	62	64
Net gain on sale of investments available-for-sale	240	—	—
Net gain on sale of loans held-for-sale	1,307	917	4,361
Other income	468	—	—
Total non-interest income	<u>\$3,349</u>	<u>\$1,364</u>	<u>\$4,770</u>

Non-interest income was \$3.3 million for the year ended September 30, 2021, an increase of \$1.9 million from \$1.4 million for the year ended September 30, 2020. This increase in loan fees and deposit service charges was primarily driven by increases in loan and deposit balances, primarily as a result of the acquisition of Savoy. The increase in income related to loan servicing rights was due to growth in the volume of loans serviced by us, primarily due to the acquisition of Savoy.

Non-interest income was \$1.4 million for the year ended September 30, 2020, a decrease of \$3.4 million from \$4.8 million for the year ended September 30, 2018. This decrease was principally due to a reduction in the volume of loans sold during fiscal year 2020 due to the COVID-19 pandemic.

Non-Interest Expense

(in thousands)	Year Ended September 30,		
	2021	2020	2019

Advertising and promotion	118	296	487
Acquisition costs	4,430	450	737
Professional fees	1,706	2,070	775
Other	2,484	1,651	1,350
Total non-interest expense	<u>\$30,005</u>	<u>\$21,022</u>	<u>\$15,887</u>

Non-interest expense was \$30.0 million for the year ended September 30, 2021, an increase of \$9.0 million from \$21.0 million for the year ended September 30, 2020. The overall increase in non-interest expenses was primarily driven by the additional headcount, facilities and transaction volume associated with the acquisition of Savoy. Acquisition costs incurred in fiscal year 2021 were primarily due to the Savoy acquisition and consisted of professional services and other charges directly associated with the transaction. The increase in other non-interest expenses is primarily due to increased assessment charges and correspondent banking fees due to the our increased size.

Non-interest expense was \$21.0 million for the year ended September 30, 2020, an increase of \$5.1 million from \$15.9 million for the year ended September 30, 2019. The increase was primarily due to higher salaries and employee benefits of \$2.1 million and increased occupancy and equipment expenses of \$1.6 million, reflecting the CFSB acquisition.

Income Taxes

Income tax expense was \$3.2 million for the year ended September 30, 2021, an increase from \$1.2 million for the year ended September 30, 2020. The effective income tax rate for the year ended September 30, 2021 was 22.8%, compared to an effective tax rate of 20.0% for the year ended September 30, 2020. The increase in our effective tax rate was driven primarily by the impact of additional state filings and the non-deductible transaction costs, both related to the acquisition.

**Analysis of Results of Financial Condition**Investment Securities

Our investment securities portfolio, which is structured with minimal credit exposure, is intended to provide us with adequate liquidity, flexibility in asset/liability management, and a source of stable income. Investment securities classified as available-for-sale are carried at fair value in the consolidated balance sheet, while investment securities classified as held-to-maturity are shown at amortized cost in the consolidated balance sheet.

The following table summarizes the amortized cost and fair value of investment securities:

(in thousands)	Balance at September 30,					
	2021		2020		2019	
	Amortized Cost	Fair Value	Amortized Cost	Fair Value	Amortized Cost	Fair Value
<b>Investment securities available-for-sale:</b>						
U.S. GSE residential mortgage-backed securities	\$ 722	\$ 833	\$ 838	\$ 962	\$ 883	\$ 911
Corporate bonds	6,700	6,914	5,000	5,073	—	—
Total investment securities available-for-sale	<u>7,422</u>	<u>7,747</u>	<u>5,838</u>	<u>6,035</u>	<u>883</u>	<u>911</u>

(in thousands)	Balance at September 30,					
	2021		2020		2019	
	Amortized Cost	Fair Value	Amortized Cost	Fair Value	Amortized Cost	Fair Value
<b>Investment securities held-to-maturity:</b>						
U.S. GSE residential mortgage-backed securities	2,417	2,491	4,478	4,596	5,729	5,748
U.S. GSE commercial mortgage-backed securities	2,694	2,869	2,749	3,002	2,801	2,904
Corporate bonds	3,500	3,505	3,500	3,533	3,500	3,539
Total investment securities held-to-maturity	8,611	8,865	10,727	11,131	12,030	12,191
Total investment securities	\$16,033	\$16,612	\$16,565	\$17,166	\$12,913	\$13,102

We continually evaluate our investment securities portfolio in response to established asset/liability management objectives, changing market conditions that could affect profitability, and the level of interest rate risk to which we are exposed. These evaluations may cause us to change the level of funds we deploy into investment securities, change the composition of our investment securities portfolio, and change the proportion of investments made into the available-for-sale and held-to-maturity investment categories.

Our investment securities portfolio included gross unrealized gains of \$0.6 million and an immaterial amount of gross unrealized losses at September 30, 2021, compared to gross unrealized gains of \$0.6 million and no gross unrealized losses at September 30, 2020. Management believes that all of its unrealized losses on individual investment securities at September 30, 2021 are the result of fluctuations in interest rates and do not reflect deterioration in the credit quality of these investments. Accordingly, management considers these unrealized losses to be temporary in nature. We do not have the intent to sell these investment securities with unrealized losses and, more likely than not, will not be required to sell these investment securities before fair value recovers to amortized cost.

The table below illustrates the maturity distribution and weighted average yield for amortized cost of our investment securities as of September 30, 2021, on a contractual maturity basis.

*Investment Securities Portfolio by Expected Maturities<sup>(1)</sup>*

### Loans

At September 30, 2021, our loan portfolio was \$1.25 billion, an increase of \$522.1 million from \$725.0 million at September 30, 2020. This increase was primarily due to the acquisition of Savoy. We have also experienced additional growth in commercial real estate and construction loans as economic conditions continue to improve. These increases are slightly offset by the continued payoff of PPP loans that were granted in fiscal year 2020 as a result of the COVID-19 pandemic.

The following table provides the composition of our loans held for investment:

(in thousands)	Balance at September 30,				
	2021	2020	2019	2018	2017
<b>Real estate:</b>

#### Credit Policies and Procedures

Management uses the risk-grading program, as described under “Asset Quality,” to facilitate evaluation of probable inherent loan losses and the adequacy of the allowance for loan losses. In this program, risk grades are initially assigned by loan officers, reviewed by Credit Administration, and a sample of these loans are tested by our third-party independent loan reviewer. The testing program includes an evaluation of a sample of both new and existing loans, including large loans, loans that are identified as having potential credit weaknesses, and loans past due 90 days or more and still accruing. We strive to maintain the loan portfolio in accordance with our loan underwriting policies that result in loans specifically tailored to the needs of our market area. Every effort is made to identify and minimize the credit risks associated with such lending strategies. Generally, we do not engage in significant volumes of lease financing, highly leveraged transactions or loans to customers domiciled outside the United States.

Management follows a loan review program designed to evaluate the credit risk in our loan portfolio. Through this loan review process we maintain an internally-classified, adversely-risk-rated loan list that helps management assess the overall quality of the loan portfolio and the adequacy of the allowance for loan losses. In establishing the appropriate classification for specific assets, management considers, among other factors, the estimated value of the underlying collateral, the borrower’s ability to repay, the borrower’s payment history and the current delinquent status. As a result of this process, certain loans are categorized as substandard, doubtful or loss and the allowance is allocated based on management’s judgment and historical experience.

Acquired loans are recorded at fair value as of the loan's acquisition date and allowances are recorded for post-acquisition credit quality deterioration. Subsequent to the acquisition date, recurring analyses are performed on the credit quality of acquired loans to determine if expected cash flows have changed. Based upon the results of the individual loan reviews, revised impairment amounts are calculated which could result in additional allowance for loan losses.

A loan is considered to be impaired under GAAP when, based upon current information and events, it is probable we will be unable to collect all amounts due according to the contractual terms of the loan. If applicable, we calculate a specific reserve for each loan that has been deemed impaired, which include nonaccrual loans and TDRs. The amount of the reserve is based on the present value of expected cash flows discounted at the loan's effective interest rate, and/or the value of collateral. If foreclosure is probable or the loan is collateral dependent, impairment is measured using the fair value of the loan's collateral, less estimated costs to sell.

#### Asset Quality

We consider asset quality to be of primary importance and employ a formal internal loan review process to ensure adherence to our lending policy as approved by our Board of Directors. It is the responsibility of each lending officer to assign an appropriate risk grade to every loan originated. Our internal credit risk review function, through focused review and sampling, validates the accuracy of commercial loan risk grades. Each loan risk grade corresponds to an estimated default probability. In addition, as a given loan's credit quality improves or deteriorates, we will update the borrower's risk grade accordingly. The function of determining the allowance for loan losses is fundamentally driven by the risk grade system. In determining the allowance for loan losses and any resulting provision to be charged against earnings, particular emphasis is placed on the results of the loan review process. Consideration is also given to historical loan loss experience, the value and adequacy of collateral, economic conditions in our market area and other factors. For loans determined to be impaired, the allowance is based on discounted cash flows using the loan's initial effective interest rate or the fair value of the collateral for certain collateral dependent loans. This evaluation is inherently subjective, as it requires material estimates, including the amounts and timing of future cash flows expected to be received on impaired loans that may be susceptible to significant change. The allowance for loan losses represents management's estimate of the appropriate level of reserve to provide for probable losses inherent in the loan portfolio. Our policy regarding past due loans normally requires a prompt charge-off to the allowance for loan losses following timely collection efforts and a thorough review. Further efforts are then pursued through various means available. Loans carried in a nonaccrual status are generally collateralized and probable losses are considered in the determination of the allowance for loan losses.

#### Nonperforming Assets

The following table presents information regarding nonperforming assets for the periods presented. We did not own any repossessed property for the periods presented.

(in thousands)	Balance at September 30,				
	2021	2020	2019	2018	2017
Nonaccrual loans	\$7,028	\$ 953	\$1,613	\$ —	\$ —
Loans greater than 90 days past due	—	296	629	—	—
<b>Total nonperforming assets</b>	<b>\$7,028</b>	<b>\$1,249</b>	<b>\$2,242</b>	<b>\$ —</b>	<b>\$ —</b>
Performing TDRs	\$ 455	\$ 454	\$ 454	\$ 354	\$ 562
Nonaccrual loans as a percentage of loans held-for-investment	0.56%	0.13%	0.22%	0.00%	0.00%
Non-performing assets as a percentage of total assets	0.47%	0.15%	0.26%	0.00%	0.00%

Total nonaccrual loans were \$7.0 million at September 30, 2021, an increase from total nonaccrual loans of \$1.0 million at September 30, 2020. The increase in nonaccrual loans was driven by loans acquired from Savoy that were not classified as purchased-credit impaired as of the acquisition, which totaled

\$2.3 million at September 30, 2021, but experienced credit deterioration subsequent to the acquisition. The remaining increase related to residential mortgage loans that were initially granted a forbearance due to the COVID-19 pandemic but were not able to resume normal payments. The amount of interest that would have been recorded on nonaccrual loans had the loans not been classified as nonaccrual was \$0.9 million and \$0.1 million for the years ended September 30, 2021 and 2020, respectively.

#### Analysis of Allowance for Loan Losses

The allowance for loan losses is established through charges to earnings in the form of a provision for loan losses. Management increases the allowance for loan losses by provisions charged to operations and by recoveries of amounts previously charged off. The allowance is reduced by loans charged off. Management evaluates the adequacy of the allowance at least monthly. In addition, on a monthly basis our Board of Directors reviews the loan portfolio, conducts an evaluation of credit quality and reviews the computation of the loan loss allowance. In evaluating the adequacy of the allowance, management considers the growth, composition and industry diversification of the portfolio, historical loan loss experience, current delinquency levels, adverse situations that may affect a borrower's ability to repay, estimated value of any underlying collateral, prevailing economic conditions and other relevant factors deriving from our history of operations. In addition to our history, management also considers the loss experience and allowance levels of other similar banks and the historical experience encountered by our management and senior lending officers prior to joining us. In addition, regulatory agencies, as an integral part of their examination process, periodically review allowance for loan losses and may require us to make additions for estimated losses based upon judgments different from those of management.

Management uses the risk-grading program, as described under "Asset Quality," to facilitate evaluation of probable inherent loan losses and the adequacy of the allowance for loan losses. Generally, we do not engage in significant lease financing, highly leveraged transactions or loans to customers domiciled outside the United States.

Management follows a loan review program designed to evaluate the credit risk in our loan portfolio. Through this loan review process, we maintain an internally classified watch list that helps management assess the overall quality of the loan portfolio and the adequacy of the allowance for loan losses. In establishing the appropriate classification for specific assets, management considers, among other factors, the estimated value of the underlying collateral, the borrower's ability to repay, the borrower's payment history and the current delinquent status. As a result of this process, certain loans are categorized as substandard, doubtful or loss and the allowance is allocated based on management's judgment and historical experience.

Acquired loans are recorded at fair value as of the loan's acquisition date and allowances are recorded for post-acquisition credit quality deterioration. Subsequent to the acquisition date, recurring analyses are performed on the credit quality of acquired loans to determine if expected cash flows have changed. Based upon the results of the individual loan reviews, revised impairment amounts are calculated which could result in additional allowance for loan losses.

A loan is considered to be impaired under GAAP when, based upon current information and events, it is probable we will be unable to collect all amounts due according to the contractual terms of the loan. We calculate a specific reserve for each loan that has been deemed impaired, which include nonaccrual loans and TDRs. The amount of the reserve is based on the present value of expected cash flows discounted at the loan's effective interest rate, and/or the value of collateral. If foreclosure is probable or the loan is collateral dependent, impairment is measured using the fair value of the loan's collateral, less estimated costs to sell.

The allowance for loan losses was \$8.6 million at September 30, 2021, an increase of \$0.7 million from \$7.9 million at September 30, 2020. The ratio of the allowance for loan losses to total portfolio loans was 0.69% and 1.09% at September 30, 2021 and 2020, respectively.

The allowance for loan losses was \$7.9 million at September 30, 2020, an increase of \$0.8 million from \$7.1 million at September 30, 2019. The increase is largely the result of additional estimated probable incurred losses resulting from economic concerns related to the COVID-19 pandemic.

We experienced \$0.3 million in net charge-offs during the year ended September 30, 2021, a decrease compared to net charge-offs of \$0.5 million during the year ended September 30, 2020. We recorded an immaterial amount of recoveries during the years ended September 30, 2021 and 2020, respectively.

The following table presents the allocation of the allowance for loan losses by loan category for the periods presented:

(in thousands)	At September 30,									
	2021		2020		2019		2018		2017	
	Amount	% of Gross Loans	Amount	% of Gross Loans	Amount	% of Gross Loans	Amount	% of Gross Loans	Amount	% of Gross Loans

Allowance for loan losses to total loans held-for-investment <sup>(1)(2)</sup>	0.69%	1.09%	0.99%	1.16%	1.13%
Net charge-offs to average loans held-for-investment	0.03%	0.07%	0.00%	0.00%	0.00%

(1) Calculation includes \$140.4 million and \$17.2 million of PPP loans at September 30, 2021 and 2020, respectively.

(2) Includes \$426.6 million of loans acquired from Savoy that do not carry an allowance for loan losses as of September 30, 2021

#### Sources of Funds and Liquidity

Liquidity management is defined as both our and the Bank's ability to meet our financial obligations on a continuous basis without material loss or disruption of normal operations. These obligations include the withdrawal of deposits on demand or at their contractual maturity, the repayment of borrowings as they mature, funding new and existing loan commitments and the ability to take advantage of business

opportunities as they arise. Asset liquidity is provided by short-term investments, such as fed funds sold, the marketability of securities available-for-sale and interest-bearing deposits due from the Federal Reserve Bank of New York, Federal Home Loan Bank (the "FHLB") and correspondent banks, which totaled \$166.5 million and \$80.2 million at September 30, 2021 and 2020, respectively. These liquid assets may include assets that have been pledged primarily against municipal deposits or borrowings. Liquidity is also provided by the maintenance of a base of core deposits, cash and non-interest-bearing deposits due from banks, the ability to sell or pledge marketable assets and access to lines of credit.

Liquidity is continuously monitored, thereby allowing management to better understand and react to emerging balance sheet trends, including temporary mismatches with regard to sources and uses of funds. After assessing actual and projected cash flow needs, management seeks to obtain funding at the most economical cost. These funds can be obtained by converting liquid assets to cash or by attracting new deposits or other sources of funding. Many factors affect our ability to meet liquidity needs, including variations in the markets served, loan demand, asset/liability mix, reputation and credit standing in our markets and general economic conditions. Borrowings and the scheduled amortization of investment securities and loans are more predictable funding sources. Deposit flows and securities prepayments are somewhat less predictable as they are often subject to external factors. Among these are changes in the local and national economies, competition from other financial institutions and changes in market interest rates.

The Liquidity and Wholesale Funding Policy of the Bank establishes specific policies and operating procedures governing liquidity levels to assist management in developing plans to address future and current liquidity needs. Management monitors the rates and cash flows from the loan and investment portfolios while also examining the maturity structure and volatility characteristics of liabilities to develop an optimum asset/liability mix. Available funding sources include retail, commercial and municipal deposits, purchased liabilities and stockholders' equity.

### Deposits

We provide a range of deposit services, including non-interest bearing demand accounts, interest-bearing demand and savings accounts, money market accounts and time deposits. These accounts generally pay interest at rates established by management based on competitive market factors and management's desire to increase or decrease certain types or maturities of deposits. Deposits continue to be our primary funding source.

Total deposits at September 30, 2021 were \$1.16 billion, an increase of \$499.9 million from total deposits of \$664.8 million at September 30, 2020. This increase in deposits was primarily the result of the acquisition of Savoy.

The following is our average deposits and weighted-average interest rates paid thereon for the past two fiscal years:

(in thousands)	Year Ended September 30,					
	2021		2020		2019	
	Average Balance	Average Rate	Average Balance	Average Rate	Average Balance	Average Rate
Non-interest bearing demand	\$128,540	0.00%	\$ 72,007	0.00%	\$ 46,132	0.00%
Savings	48,995	0.20%	41,223	0.45%	25,688	1.01%
NOW	153,595	0.26%	37,774	0.63%	40,764	0.86%
Money market	131,406	0.30%	100,109	1.02%	93,621	2.03%
Time deposits	380,473	1.00%	418,384	2.19%	302,124	2.23%
Total average deposits	<u>\$843,009</u>	<u>0.56%</u>	<u>\$669,497</u>	<u>1.59%</u>	<u>\$508,329</u>	<u>1.82%</u>

As discussed previously, during fiscal year 2021 We made the strategic decision to allow higher cost consumer deposits to run-off and replace these funding sources with municipal deposits, which have a significantly lower average interest rate. We had total wholesale deposits of \$350.5 million at September 30,

2021, which comprised 30.1% of total deposits, an increase from \$14.9 million, or 2.2% of total deposits, at September 30, 2020. These lower rates were partially offset by deposits acquired from Savoy, which have a higher average rate.

The following table sets forth the contractual maturities of time deposits of \$100,000 or more for the periods presented:

(in thousands)	September 30,		
	2021	2020	2019
Three months or less	\$ 69,530	\$ 59,075	\$ 38,372
Over three months through six months	66,506	73,907	30,459
Over six months through 12 months	51,485	83,940	94,411
Over 12 months	90,603	39,111	84,311
Total	<u>\$278,124</u>	<u>\$256,033</u>	<u>\$247,553</u>

### Borrowings

The total carrying value of our borrowings was \$184.2 million at September 30, 2021, an increase of \$84.1 million from \$100.1 million at September 30, 2020. At September 30, 2021, \$15.0 million of these borrowings were classified as short-term, while the remaining was classified as long-term. Short-term borrowings are comprised of short-term FHLB advances, securities sold under agreements to repurchase and Federal funds purchased. Many short-term funding sources, particularly Federal funds purchased and securities sold under agreements to repurchase, are expected to be reissued and, therefore, do not represent an immediate need for cash. Long-term funding is comprised of long-term FHLB advances, subordinated notes and junior subordinated debentures. We will prepay FHLB advances from time to time as funding needs change. See Note 8, "Borrowings" to the accompanying Consolidated Financial Statements contained in Item 8 for additional details.

In October 2020, we completed the private placement of \$25.0 million in aggregate principal amount of fixed-to-floating rate subordinated notes due in 2030. The Notes will initially bear interest, payable semi-annually, at the rate of 5.00% per annum, until October 15, 2025. From and including October 15, 2025, the interest rate applicable to the outstanding principal amount due will reset quarterly to the then current three-month secured overnight financing rate plus 487.4 basis points. We may, at our option, beginning with the interest payment date of October 15, 2025 but not generally prior thereto, and on any scheduled interest payment date thereafter, redeem the Notes, in whole or in part, subject to the receipt of any required regulatory approval. The Notes are not subject to redemption at the option of the holder. We used a portion of the net proceeds to pay off the existing holding company note in October 2020 and intend to use the remainder of the net proceeds for acquisition financing and general corporate purposes, including contributing equity capital to the Bank.

At September 30, 2021, we had access to approximately \$432.7 million in FHLB lines of credit for overnight or term borrowings, of which \$42.0 million in term borrowings were outstanding. At September 30, 2021, approximately \$55.0 million in unsecured lines of credit extended by correspondent banks were also available to be utilized, if needed, for short-term funding purposes. No borrowings were outstanding under lines of credit with correspondent banks at September 30, 2021.

### Off-Balance Sheet Arrangements

The Bank is a party to financial instruments with off-balance sheet risk in the normal course of business to meet the financing needs of its customers. These financial instruments include commitments to extend credit and letters of credit. Those instruments involve, to varying degrees, elements of credit risk in excess of the amount recognized in the consolidated financial statements. The Bank uses the same credit policies in making commitments and conditional obligations as it does for on-balance sheet instruments.

Commitments to extend credit are agreements to lend to a customer provided there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. Since many of the commitments are expected to expire

without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements. The Bank evaluates each customer's creditworthiness on a case-by-case basis. The amount of collateral obtained, if deemed necessary by the Bank upon extension of credit, is based on management's credit evaluation of the customer. Collateral required varies, but may include accounts receivable, inventory, equipment, real estate and income-producing commercial properties. At September 30, 2021 and 2020, commitments to originate loans and commitments under unused lines of credit for which the Bank is obligated amounted to approximately \$105.7 million and \$28.6 million, respectively. This increase was primarily attributable to the acquisition of Savoy.

Letters of credit are conditional commitments guaranteeing payments of drafts in accordance with the terms of the letter of credit agreements. Commercial letters of credit are used primarily to facilitate trade or commerce and are also issued to support public and private borrowing arrangements, bond financing and similar transactions. Collateral may be required to support letters of credit based upon management's evaluation of the creditworthiness of each customer. The credit risk involved in issuing letters of credit is essentially the same as that involved in extending loan facilities to customers. At September 30, 2021 and 2020, letters of credit outstanding were approximately \$0.8 million and \$0.2 million, respectively.

### Contractual Obligations

The following table summarizes contractual obligations to make future payments as of September 30, 2021:

(in thousands)	Payments Due by Period				Total
	Less than One Year	More Than One Year but Less than Three Years	More Than Three Years but Less than Five Years	After Five Years	
Time deposits	\$277,431	\$ 74,307	\$ 25,106	\$ 992	\$377,836
Subordinated debentures				24,513	24,513
FHLB borrowings	4,000	30,900	7,080		41,980
FRB borrowings	10,980		106,682		117,662
Operating leases	1,886	3,869	3,572	4,729	14,056
Standby letters of credit	786				786
Unused lines of credit <sup>(1)</sup>	5,109	266	2	5,316	10,693
Total contractual obligations	<u>\$300,192</u>	<u>\$109,342</u>	<u>\$142,442</u>	<u>\$35,550</u>	<u>\$587,526</u>

(1) Excludes those unconditionally cancellable

### Capital Resources

Total stockholders' equity was \$122.5 million at September 30, 2021, an increase of \$44.5 million from stockholders' equity of \$78.0 million at September 30, 2020. The increase was primarily due to the 1.4 million common shares issued as consideration in connection with the acquisition of Savoy.

We are subject to various regulatory capital requirements administered by the federal banking agencies. Capital adequacy guidelines and the regulatory framework for prompt corrective action prescribe specific capital guidelines that involve quantitative measures of our assets, liabilities, and certain off-balance sheet items as calculated under regulatory accounting practices. Our capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk weightings, and other factors. We use our capital primarily for our lending activities as well as acquisitions and expansions of our business and other operating requirements.

The Bank capital level is characterized as “well-capitalized” under the Basel III Capital Rules. A summary of the Bank’s regulatory capital amounts and ratios are presented below:

(in thousands)	September 30,		
	2021	2020	2019
Total capital	\$132,554	\$95,079	\$89,295
Tier 1 capital	123,666	89,275	83,424
Common equity tier 1 capital	123,666	89,275	83,424
Total capital ratio	15.59%	20.57%	19.07%
Tier 1 capital ratio	14.54%	19.32%	17.81%
Common equity tier 1 capital ratio	14.54%	19.32%	17.81%
Tier 1 leverage ratio	9.45%	11.22%	10.47%

Under a policy of the FRB, holding companies, including us, with less than \$3.0 billion in consolidated assets are not subject to consolidated capital requirements.

## BUSINESS

### Business Overview

We are a New York corporation which, in 2016, became the holding company for Hanover Community Bank (the “Bank”) a New York-chartered community commercial bank focusing on highly personalized and efficient services and products responsive to local needs. The Bank operates as a locally headquartered, community-oriented bank serving customers throughout the New York metro area from offices in Nassau, Queens, Kings (Brooklyn) and New York (Manhattan) Counties, New York, and Freehold, Monmouth County, New Jersey. We also have an administrative office in Hauppauge, Suffolk County New York which helps service our municipal deposit customers. As of December 31, 2021, we had total assets of \$1.5 billion, total deposits of \$1.2 billion and total stockholders’ equity of \$129.4 million.

The Bank was originally organized in 2009, with a focus on serving the South Asian community in Nassau County. After incurring financial and regulatory setbacks, the Bank was recapitalized in 2012 by a group led by our current Chairman and CEO Michael Puorro and current members of our Board of Directors, which we refer to as the 2012 recapitalization. Following the 2012 recapitalization and hiring of Michael Puorro, the Bank adopted a strategic plan focused on providing differentiated consumer and commercial banking services to clients in the western Long Island markets and New York City boroughs, particularly the Queens and Brooklyn markets. As a result, the Bank has grown its balance sheet significantly both through organic loan and deposit growth, as well as highly-opportunistic acquisitions. The Bank’s management team has utilized their strong local community ties along with their experience with both federal and New York bank regulatory agencies to create a bank that we believe emphasizes strong credit quality, a solid balance sheet without the burden of the troubled legacy assets of other banks, and a robust capital base.

As a bank holding company, we are subject to the supervision of the Board of Governors of the Federal Reserve System (“FRB”). We are required to file with the FRB reports and other information regarding our business operations and the business operations of our subsidiaries. As a New York State chartered bank, the Bank is subject to regulation by the New York State Department of Financial Services (“DFS”) and the Federal Deposit Insurance Corporation (“FDIC”).

Our goal is to build the premier community bank franchise serving consumers and small to mid-size businesses in the New York City metro area and western Long Island. We believe our nimble and dynamic business model has significant advantages over larger competitors, and that we further differentiate ourselves by focusing on multiple niche areas. Our goal is to continue to penetrate the potential customer bases in each of these niche areas.

With the Savoy acquisition, we have expanded our commercial banking capabilities significantly, with a particular focus on small business clients and SBA lending. Our one- to four-family residential mortgage segment has a particular niche focus on non-conforming loans, primarily secured by both owner-occupied and investment properties. The segment has proven particularly appealing to Asian American borrowers in the New York City boroughs. We offer a variety of deposit accounts to both businesses and consumers through our branch network, which we believe complements our niche lending efforts. Additionally, we have expanded our deposit products to include a full line of municipal banking accounts, which is allowing us to capture additional customers in our operating footprint.

We believe the local economies in our geographic footprint offer us significant growth opportunities that we can capitalize on through our focus on personalized service, our ability to realize greater economies of scale than smaller community banks, and our ability to provide better and more responsive service than larger regional banks.

### Merger with Savoy Bank

Prior to our May 2021 merger, Savoy was a New York state chartered commercial bank with a single office located in Midtown Manhattan, New York City. As of May 26, 2021 (the date of acquisition), Savoy had total assets of \$648.4 million, total loans of \$573.1 million, and total deposits of \$340.2 million.

Savoy was a privately held commercial bank founded to provide small business owners in and around New York City with unparalleled service and financial products. Located at 600 Fifth Avenue, Rockefeller

Center, New York, NY, Savoy specialized in working with customers across a wide range of industries to understand and fulfill their deposit and lending needs. Combining technology and expertise, Savoy offered a comprehensive suite of business accounts and deposit services and a spectrum of creative lending solutions, including through SBA 7(a), SBA 504 and United States Department of Agriculture lending programs.

We will continue to operate Savoy's single midtown Manhattan branch office, which will become the focal point and headquarters for our business development efforts in the New York City market.

As part of the Savoy merger, Mr. Metin Negrin, Savoy's Chairman, and Ms. Elena Sisti, founder of Savoy and a member of its Board of Directors, joined the Boards of Directors of Hanover and the Bank. In addition, as previously noted, Mr. McClelland Wilcox, who was Savoy's President and CEO prior to the merger, joined the Bank as Senior Executive Vice President, Head of Commercial Lending and Chief Revenue Officer.

### **Lending Activities**

Our lending strategy is to maintain a broadly diversified loan portfolio based on the type of customer (i.e., businesses versus individuals), type of loan product (e.g., owner occupied commercial real estate, commercial loans, etc.), geographic location and industries in which our business customers are engaged (e.g., manufacturing, retail, hospitality, etc.). We principally focus our lending activities on loans that we originate from borrowers located in our market areas. We seek to be the premier provider of lending products and services in our market areas and serve the credit needs of high-quality business and individual borrowers in the communities that we serve. We offer personal and commercial business loans on a secured and unsecured basis, SBA guaranteed loans, revolving lines of credit, commercial mortgage loans, and one- to four-family non-qualified mortgages secured by primary and secondary residences that may be owner occupied or investment properties, home equity loans, bridge loans and other personal purpose loans.

*Residential real estate.* We originate mainly non-qualified, alternative documentation single-family residential mortgage loans through broker referrals or through our branch network or retail channel to accommodate the needs of diverse communities in the New York City MSA. We offer multiple products, including our Residential Investor Program (RIP) which is designed specifically for two- to four-family units, which may or may not be owner-occupied. Other one- to four-family credit products include home equity loans and first-time home buyer programs. We take a comprehensive approach to mortgage underwriting, as the average loan-to-value of the portfolio at origination was 55.60% and the average FICO score was 745. The LTV and FICO data is for the Hanover portfolio without giving effect to the acquired Savoy portfolio. Savoy's residential real estate balances totaled approximately \$35 million and represents 8% of the portfolio.

Our one- to four-family residential real estate portfolio is secured by real estate, the value of which may fluctuate significantly over a short period of time as a result of market conditions in the area in which the real estate is located. Adverse developments affecting real estate values in our market areas could therefore increase the credit risk associated with these loans, impair the value of property pledged as collateral on loans, and affect our ability to sell the collateral upon foreclosure without a loss or additional losses. Loans held for sale consist primarily of first mortgages on single-family residential properties located in the five Boroughs of New York City and Nassau County, New York.

We originate non-qualified one- to four-family residential mortgage loans both to sell and hold for investment. Single-family residential mortgage loans held for sale are generally sold with the servicing rights released.

Below is a schedule of our residential origination volumes and loans sold to third parties:

	As of or For the Years Ended September 30,				
	2017	2018	2019	2020	2021
Residential real estate:					
Loans originated	\$157,461	\$268,283	\$334,099	\$96,031	\$104,567
Loans sold	79,286	134,464	194,978	36,982	36,375

We sell many of these non-qualified single-family residential mortgage loans to other financial institutions, including banks and non-banks. While our loan sales to date have been primarily to one financial institution, we expect to expand our network of purchasers that will acquire our one- to four-family loan products.

*Commercial real estate loans.* We offer real estate loans secured by owner occupied and non-owner occupied commercial properties, including 1-4 family properties and multi-family residential properties and construction and land development loans. Our management team has an extensive knowledge of the markets where we operate and our borrowers and focuses on what we believe to be high quality credits with low loan-to-value ratios, income-producing properties with strong cash flow characteristics, and strong collateral profiles. Our loan-to-value policy limits are 75% for commercial real estate loans. The portion of the commercial real estate portfolio, inclusive of multi-family loans, that was originated by Hanover represented 53% of the total commercial real estate portfolio. The portion of the portfolio that was originated by Savoy represented 47% of the total commercial real estate portfolio. The weighted average LTV was 55% for the Hanover portion of the portfolio and was 65% for the Savoy portion of the portfolio. The debt service coverage ratio was 1.59x for the Hanover portion of the portfolio and was 1.56x for the Savoy portion of the portfolio.

Within the commercial real estate portfolio, the multi-family loans are secured primarily by rent controlled/ stabilized multifamily properties located in New York City. The real estate securing our existing non-owner occupied commercial real estate loans is primarily multi-family, mixed-use and commercial properties. Owner-occupied properties include a wide variety of property types, including offices, warehouses, retail centers, and hotels. Our owner-occupied lending efforts were significantly enhanced with the Savoy Merger. Savoy's lending team had focused on owner-occupied lending to small businesses in the New York City MSA and the broader four state area of New York, New Jersey, Connecticut and Pennsylvania.

Our construction portfolio is small, representing only \$11 million in total balances. Our construction and land development loans are comprised of residential construction, commercial construction and land acquisition and development loans. Interest reserves are generally established on real estate construction loans. These loans are typically Prime-based and have maturities of less than 18 months. As of December 31, 2021, our construction loan portfolio was mostly secured by commercial properties, constituting \$11million, or 1% of the total portfolio.

*Commercial and industrial.* We provide a mix of variable and fixed rate commercial and industrial loans, which we refer to as C&I loans. The loans are typically made to small and medium-sized businesses for working capital needs, business expansions and for trade financing. We extend commercial business loans on an unsecured and secured basis for working capital, accounts receivable and inventory financing, machinery and equipment purchases, and other business purposes. Generally, lines of credit have maturities ranging from twelve to twenty four months, and "term loans" have maturities ranging from five to ten years. C&I loans generally provide for floating interest rates, with interest only payments for lines of credit and monthly payments of both principal and interest for term loans. We expect C&I lending to be a key component of our growth going forward. Prior to the acquisition of Savoy, we had a very limited portfolio of commercial and industrial loans. Savoy brings significant expertise in this area.

As of December 31, 2021, our commercial and industrial loans comprised \$110 million, or 9%, of loans.

*SBA Loans.* Our SBA loans are both secured by commercial real estate or are C&I loans that are unsecured or secured by business assets. Our entrance into SBA lending, excluding activities related to the PPP, were a direct result of the merger transaction with Savoy. Our acquisition of Savoy including acquiring

their SBA portfolio and employees, and infrastructure. We offer mostly SBA 7(a) variable-rate and fixed-rate loans. We originate all loans to hold for investment and move loans to available for sale as management decides which loans to sell. We generally sell the 75% guaranteed portion of the SBA loans that we originate. Our SBA loans are typically made to small-sized manufacturing, wholesale, retail, hotel/motel and service businesses for working capital needs, to finance the purchase of real estate or equipment or business expansions. SBA loans have maturities of up to 25 years, with non-real estate secure loans having maturities of less than 10 years. In addition to real estate, collateral may include inventory, accounts receivable and equipment. SBA loans are originated subject to personal guarantees and may include real estate belonging to guarantors as collateral. We monitor SBA loans by collateral type. From time to time, we will also originate SBA 504 loans, which are real estate backed commercial mortgages where we have the first mortgage and the SBA has the second mortgage on the property. We also, from time-to-time, originate loans guaranteed by the United States Department of Agriculture, which have characteristics that are similar to those of SBA 7(a) loans. We originate all such loans through our loan officers and through brokers.

As of December 31, 2021, our SBA and other government guaranteed loan portfolio (excluding loans related to the PPP) totaled \$81 million of which \$16 million is guaranteed by the SBA and \$65 million is unguaranteed, and of which \$72 million is secured by real estate and \$9 million is unsecured or secured by business assets. We monitor the unguaranteed portfolio by type of real estate collateral. As of December 31, 2021, 54% or \$43 million of SBA loans are secured by hotel/motels; 5% or \$4 million by retailers, including restaurants. We further analyze the unguaranteed portfolio by location. As of December 31, 2021, 28% or \$22 million is located in New York; 38% or \$31 million is located in New Jersey; 14% or \$11 million is located in Pennsylvania; and 20% or \$16 million located in other states.

### **Securities**

We manage our securities portfolio and cash to maintain adequate liquidity and to ensure the safety and preservation of invested principal, with a secondary focus on yield and returns. Specific goals of our investment portfolio are as follows:

- provide a ready source of balance sheet liquidity, ensuring adequate availability of funds to meet fluctuations in loan demand, deposit balances and other changes in balance sheet volumes and composition;
- serve as a means for diversification of our assets with respect to credit quality, maturity and other attributes; and
- serve as a tool for modifying our interest rate risk profile pursuant to our established policies.

Our investment portfolio is comprised primarily of U.S. government agency securities, corporate note securities and mortgage-backed securities backed by government-sponsored entities.

We also purchase subordinated debentures of other community banks in limited amounts not to exceed 10% of assets in the aggregate and no more than 15% of the Bank's total capital and surplus in any one individual issuer. Most of these debentures have a fixed rate for five years then float to a spread over a market reference rate. The subordinated debentures portfolio totaled \$7.0 million at December 31, 2021.

Our investment policy is reviewed annually by our Board of Directors. Overall investment goals are established by our Board, CEO, CFO and members of our ALCO. Our Board of Directors has delegated the responsibility of monitoring our investment activities to our ALCO. Day-to-day activities pertaining to the securities portfolio are conducted under the supervision of our CEO and CFO. We actively monitor our investments on an ongoing basis to identify any material changes in the securities. We also review our securities for potential other-than-temporary impairment at least quarterly.

### **Deposits & Funding**

Checking accounts consists of both retail and business demand deposit products. NOW accounts consist of both retail and business interest-bearing transaction accounts that have minimum balance requirements. Money market accounts consist of products that provide a market rate of interest to depositors

but have limited check writing capabilities. Our savings accounts consist of statement type accounts. Time deposits consist of certificates of deposit, including those held in IRA accounts, and brokered certificates of deposit.

We have also begun a municipal banking business, which we believe has to potential to produce a significant level of deposits and cost effective rates. The business provides banking services to public municipalities, including counties, cities, towns, and school districts throughout the Long Island area (primarily Nassau County and Suffolk County). This effort is being led by Michael Locorriere, EVP and Chief Municipal Officer. Mr. Locorriere has more than thirty years of banking and government experience and prior to joining the Bank in November 2020, Mr. Locorriere previously served as EVP & Director of Municipal Banking at a recently consolidated competitor in the Long Island market. We believe this effort is differentiated in that the customers are long-term relationships of our team and are not transactional in nature. Furthermore, our focus is banking municipalities that are core to our branch footprint and where our brand resonates. This initiative is also consistent with our branch-lite and highly efficient approach to growing our balance sheet. The team and relationships we have allow us to compete throughout the Long Island market without the expense constraints of physical locations.

Deposits serve as the primary source of funding for our interest-earning assets, but also generate non-interest revenue through insufficient funds fees, stop payment fees, safe deposit rental fees, foreign ATM fees and debit card interchange and other miscellaneous fees.

### **Bank Premises**

Hanover Bank owns its administrative headquarters and its Garden City Park branch and leases six other branch locations. Our banking offices are located in Kings, Nassau, New York and Queens Counties in New York. In addition, as Savoy had, prior to the merger, been originating SBA loans to New Jersey borrowers, we opened a branch office in Freehold, New Jersey in March 2022 to better serve this market. Set forth below is certain information about Hanover Bank's offices:

- Headquarters and Mineola Branch — 80 East Jericho Turnpike, Mineola, New York — this building has a branch on the first floor and Hanover's corporate and administrative offices on the second and third floors and was opened in 2017.
- Garden City Park Branch — 2131 Jericho Turnpike, Garden City Park, New York — this one story building houses Hanover Bank's original branch as well as its Loan Servicing Department.
- Flushing Branch — 138-29 39<sup>th</sup> Avenue, Flushing, New York — this is a ground floor branch opened in 2019.
- Forest Hills Branch — 71-15 Austin Street, Forest Hills, New York — this is a ground floor branch opened in 2017.
- Sunset Park Branch — 5512 8<sup>th</sup> Avenue, Brooklyn, New York — this three-story building has a branch on the ground floor and administrative offices on the second and third floors and was acquired as part of the CFSB transaction.
- Bowery Branch — 109 Bowery, New York, New York — this three-story building has a branch on the ground floor and administrative offices on the second and third floors and was acquired as part of the CFSB transaction.
- Rockefeller Center Branch — 600 5th Avenue, New York, New York — this is a branch located on the 17<sup>th</sup> floor of a 26 floor commercial building and was acquired as part of the Savoy transaction.
- Freehold — 4400 Route 9, Freehold, New Jersey — this branch and administrative office is located on the second floor of three-story commercial office building.

### **Legal Proceedings**

From time to time we are party to various litigation matters incidental to the conduct of our business. We are not presently party to any such legal proceeding the resolution of which we believe would have a material adverse effect on our business, operating results, financial condition or cash flow.

## SUPERVISION AND REGULATION

### General

The Bank is a bank chartered under the laws of the state of New York. Its deposits are insured under the Deposit Insurance Fund, or the DIF, of the FDIC up to applicable legal limits, but it is not a member of the Federal Reserve System. The lending, investment, deposit-taking, and other business authority of the Bank is governed primarily by state and federal law and regulations and the Bank is prohibited from engaging in any operations not authorized by such laws and regulations. The Bank is subject to extensive regulation, supervision and examination by, and the enforcement authority of, the DFS and the FDIC, its primary federal regulator. The regulatory structure establishes a comprehensive framework of activities in which a non-member bank may engage and is primarily intended for the protection of depositors, customers and the DIF. The regulatory structure gives the regulatory agencies extensive discretion in connection with their supervisory and enforcement activities and examination policies, including policies with respect to the classification of assets and the establishment of adequate loan loss reserves for regulatory purposes.

We are a bank holding company, due to our control of the Bank, and are therefore subject to the requirements of the Bank Holding Company Act of 1956, as amended, and regulation and supervision by the Board of Governors of the Federal Reserve System, or FRB. We file reports with and are subject to periodic examination by the FRB. Any change in the applicable laws and regulations could have a material adverse impact on us and the Bank and our operations and our shareholders.

On May 24, 2018, the Economic Growth, Regulatory Relief and Consumer Protection Act, or the Economic Growth Act, was enacted to modify or remove certain financial reform rules and regulations, including some of those implemented under the Dodd-Frank Wall Street and Consumer Protection Act, or the Dodd-Frank Act. While the Economic Growth Act maintains most of the regulatory structure established by the Dodd-Frank Act, it amends certain aspects of the regulatory framework for small depository institutions with assets of less than \$10 billion and for large banks with assets of more than \$50 billion. Many of these changes could result in meaningful regulatory changes for banks and their holding companies. In addition, the Economic Growth Act includes regulatory relief for community banks regarding regulatory examination cycles, call reports, the Volcker Rule, mortgage disclosures and risk weights for certain high-risk commercial real estate loans.

The following is a summary of some of the laws and regulations applicable to us and the Bank. The summary is not intended to be exhaustive and is qualified in its entirety by reference to the actual laws and regulations.

### Bank Regulation

#### Loans and Investments

State commercial banks and trust companies have authority to originate and purchase any type of loan, including commercial, commercial real estate, residential mortgages or consumer loans. Aggregate loans by a state commercial bank or trust company to any single borrower or group of related borrowers are generally limited to 15% of the Bank's capital stock, surplus fund and undivided profits, plus an additional 10% if secured by specified readily marketable collateral.

Federal and state law and regulations limit the Bank's investment authority. Generally, a state non-member bank is prohibited from investing in corporate equity securities for its own account other than the equity securities of companies through which the bank conducts its business. Under federal and state regulations, a New York state non-member bank may invest in investment securities for its own account up to specified limits depending upon the type of security. "Investment securities" are generally defined as marketable obligations that are investment grade and not predominantly speculative in nature.

#### Lending Standards and Guidance

The federal banking agencies adopted uniform regulations prescribing standards for extensions of credit that are secured by liens or interests in real estate or made for the purpose of financing permanent

improvements to real estate. Under these regulations, all insured depository institutions, such as the Bank, must adopt and maintain written policies establishing appropriate limits and standards for extensions of credit that are secured by liens or interests in real estate or are made for the purpose of financing permanent improvements to real estate. These policies must establish loan portfolio diversification standards, prudent underwriting standards (including loan-to-value limits) that are clear and measurable, loan administration procedures, and documentation, approval and reporting requirements. The real estate lending policies must reflect consideration of the federal bank regulators' Interagency Guidelines for Real Estate Lending Policies.

The FDIC, the Office of the Comptroller of the Currency, or OCC, and the FRB have also jointly issued the "Concentrations in Commercial Real Estate Lending, Sound Risk Management Practices," or the CRE Guidance. The CRE Guidance, which addresses land development, construction, and certain multi-family loans, as well as commercial real estate loans, does not establish specific lending limits but rather reinforces and enhances these agencies' existing regulations and guidelines for such lending and portfolio management. Specifically, the CRE Guidance provides that a bank has a concentration in CRE lending if (1) total reported loans for construction, land development, and other land represent 100% or more of total risk-based capital; or (2) total reported loans secured by multi-family properties, non-farm non-residential properties (excluding those that are owner-occupied), and loans for construction, land development, and other land represent 300% or more of total risk-based capital and the bank's commercial real estate loan portfolio has increased 50% or more during the prior 36 months. If a concentration is present, management must employ heightened risk management practices that address key elements, including board and management oversight and strategic planning, portfolio management, development of underwriting standards, risk assessment and monitoring through market analysis and stress testing, and maintenance of increased capital levels as needed to support the level of commercial real estate lending.

#### Federal Deposit Insurance

The Bank is a member of the Deposit Insurance Fund, which is administered by the FDIC. The Bank's deposit accounts are insured by the FDIC, generally up to a maximum of \$250,000 per depositor.

The FDIC imposes deposit insurance assessments against all insured depository institutions. An institution's assessment rate depends upon the perceived risk of the institution to the DIF, with institutions deemed less risky paying lower rates. Currently, assessments for institutions of less than \$10 billion of total assets are based on financial measures and supervisory ratings derived from statistical models estimating the probability of failure within three years. Assessment rates (inclusive of possible adjustments) currently range from 1.5 to 30 basis points of each institution's total assets less tangible capital. The FDIC may increase or decrease the range of assessments uniformly, except that no adjustment can deviate more than two basis points from the base assessment rate without notice and comment rulemaking.

The FDIC has the authority to increase insurance assessments. A significant increase in insurance premiums would have an adverse effect on the operating expenses and results of operations of the Bank. We cannot predict what deposit insurance assessment rates will be in the future.

The FDIC may terminate the insurance of an institution's deposits upon finding that the institution has engaged in unsafe and unsound practices, is in an unsafe and unsound condition to continue operations or has violated any applicable law, regulation, rule, order or condition imposed by the FDIC. The Bank knows of no practice, condition or violation that might lead to termination of its deposit insurance.

#### Capitalization

The Bank is subject to risk-based and leverage capital standards by which all banks are evaluated in terms of capital adequacy. Federal banking agencies have broad powers to take corrective action to resolve problems of insured depository institutions. The extent of these powers depends upon whether the institutions in question are "well capitalized," "adequately capitalized," "undercapitalized," "significantly undercapitalized," or "critically undercapitalized." FDIC rules define these five capital categories. Under current FDIC regulations, a bank is deemed to be "well capitalized" if the bank has a total risk-based capital ratio of 10% or greater, has a Tier 1 risk-based capital ratio of 8% or greater, has a common equity tier 1 capital ratio of 6.5% or greater, has a leverage ratio of 5% or greater, and is not subject to any order or final

capital directive by the FDIC to meet and maintain a specific capital level for any capital measure. A bank may be deemed to be in a capitalization category that is lower than is indicated by its actual capital position if it received an unsatisfactory safety and soundness examination rating. Calculation of all types of regulatory capital is subject to deductions and adjustments specified in the regulations. As of December 31, 2021, the Bank was a “well-capitalized” bank, as defined by its primary federal regulator.

Each of the bank regulatory agencies have issued rules that amend their capital guidelines for interest rate risk and require such agencies to consider in their evaluation of a bank’s capital adequacy, the exposure of a bank’s capital and economic value to changes in interest rates. These rules do not establish an explicit supervisory threshold. The agencies intend, at a subsequent date, to incorporate explicit minimum requirements for interest rate risk into their risk based capital standards and have proposed a supervisory model to be used together with bank internal models to gather data and hopefully propose, at a later date, explicit minimum requirements.

The United States is a member of the Basel Committee on Banking Supervision, or the Basel Committee, that provides a forum for regular international cooperation on banking supervisory matters. The Basel Committee develops guidelines and supervisory standards and is best known for its international standards on capital adequacy. In December 2010, the Basel Committee released its final framework for strengthening international capital and liquidity regulation, officially identified by the Basel Committee as “Basel III.” In July 2013, the US bank regulatory agencies published final rules to implement the Basel III capital framework and revise the framework for the risk-weighting of assets. The Basel III rules, among other things, narrow the definition of regulatory capital. As of January 1, 2019, Basel III requires bank holding companies and their bank subsidiaries to maintain substantially more capital, with a greater emphasis on common equity. Basel III also provides for a “countercyclical capital buffer,” an additional capital requirement that generally is to be imposed when national regulators determine that excess aggregate credit growth has become associated with a buildup of systemic risk, in order to absorb losses during periods of economic stress. Banking institutions that maintain insufficient capital to comply with the capital conservation buffer will face constraints on dividends, equity repurchases and compensation based on the amount of the shortfall. Additionally, the Basel III framework requires banks and bank holding companies to measure their liquidity against specific liquidity tests, including a liquidity coverage ratio, or LCR, designed to ensure that the banking entity maintains a level of unencumbered high-quality liquid assets greater than or equal to the entity’s expected net cash outflow for a 30-day time horizon under an acute liquidity stress scenario, and a net stable funding ratio, or NSFR, designed to promote more medium and long-term funding based on the liquidity characteristics of the assets and activities of banking entities over a one-year time horizon. The LCR rules do not apply to us due to our asset size. The federal regulatory agencies have not yet proposed rules to implement the NSFR.

The final rules apply to all depository institutions, top-tier bank holding companies with total consolidated assets of \$3.0 billion or more, and top-tier savings and loan holding companies, referred to as banking organizations. As finally implemented, Basel III requires banking organizations to maintain: (a) a minimum ratio of CET1 to risk-weighted assets of at least 4.5%; (b) a minimum ratio of tier 1 capital to risk-weighted assets of at least 6.0%; (c) a minimum ratio of total (that is, tier 1 plus tier 2) capital to risk-weighted assets of at least 8.0%; and (d) a minimum leverage ratio of 3.0%, calculated as the ratio of tier 1 capital balance sheet exposures plus certain off-balance sheet exposures (computed as the average for each quarter of the month-end ratios for the quarter). In addition, the rules also limit a banking organization’s capital distributions and certain discretionary bonus payments if the banking organization does not hold a “capital conservation buffer” of 2.5%, effectively raising the foregoing capital requirements by 2.5%.

As a result of the capital conservation buffer rules, if the Bank fails to maintain the required minimum capital conservation buffer, the Bank may be unable to make capital distributions to us, which could negatively impact our ability to pay dividends, service debt obligations or repurchase common stock. In addition, such a failure could result in a restriction on our ability to pay certain cash bonuses to executive officers, negatively impacting our ability to retain key personnel. As of December 31, 2021, our current capital levels and those of the Bank meet the applicable minimum capital requirements, including capital conservation buffer, as prescribed in the Basel III capital rules.

As a result of the Economic Growth Act, banking regulatory agencies adopted a revised definition of “well capitalized” for financial institutions and holding companies with assets of less than \$10 billion and that are not determined to be ineligible by their primary federal regulator due to their risk profile, which is referred to as a Qualifying Community Bank. The new definition expanded the ways that a Qualifying Community Bank may meet its capital requirements and be deemed “well capitalized.” The new rule establishes a community bank leverage ratio, or CBLR, equal to the tangible equity capital divided by the average total consolidated assets. Regulators have established the CBLR to be set at 8.5% through calendar year 2021 and 9% thereafter. The CARES Act, signed into law in response to the COVID-19 pandemic, temporarily reduced the CBLR to 8%.

A Qualifying Community Bank that meets the CBLR is considered to be well capitalized and to have met generally applicable leverage capital requirements, generally applicable risk-based capital requirements, and any other capital or leverage requirements to which such financial institution or holding company is subject.

The Bank did not elect into the CBLR framework and, at December 31, 2021, the Bank’s capital exceeded all applicable requirements.

#### Safety and Soundness Standards

Each federal banking agency, including the FDIC, has adopted guidelines establishing general standards relating to, among other things, internal controls, information and internal audit systems, loan documentation, credit underwriting, interest rate exposure, asset growth, asset quality, earnings, compensation, fees and benefits and information security standards. In general, the guidelines set forth the safety and soundness standards that the federal banking agencies use to identify and address problems at insured depository institutions before capital becomes impaired, and require appropriate systems and practices to identify and manage the risks and exposures specified in the guidelines. The guidelines prohibit excessive compensation as an unsafe and unsound practice and describe compensation as excessive when the amounts paid are unreasonable or disproportionate to the services performed by an executive officer, employee, director, or principal shareholder. The FDIC also has issued guidance on risks banks may face from third-party relationships (e.g., relationships under which the third-party provides services to the bank). The guidance generally requires the Bank to perform adequate due diligence on the third-party, appropriately document the relationship, and perform adequate oversight and auditing, in order to the limit the risks to the Bank.

#### Prompt Corrective Regulatory Action

Federal law requires that federal bank regulatory authorities take “prompt corrective action” with respect to institutions that do not meet minimum capital requirements. For these purposes, the statute establishes five capital tiers: well capitalized, adequately capitalized, undercapitalized, significantly undercapitalized and critically undercapitalized.

The final rule that increased regulatory capital standards also adjusted the prompt corrective action tiers as of January 1, 2015 to conform to the revised capital standards. As described above, the Bank has not elected to follow the CBLR so the generally applicable prompt corrective action requirements remain applicable to the Bank. Under prompt corrective action requirements, insured depository institutions are required to meet the following in order to qualify as “well capitalized:” total risk-based capital ratio of 10% or greater, a Tier 1 risk-based capital ratio of 8% or greater, a common equity tier 1 capital ratio of 6.5% or greater, a leverage ratio of 5% or greater, and not subject to any order or final capital directive by the FDIC to meet and maintain a specific capital level for any capital measure.

Non-member banks that have insufficient capital are subject to certain mandatory and discretionary supervisory measures. For example, a bank that is “undercapitalized” (i.e., fails to comply with any regulatory capital requirement) is subject to growth, capital distribution (including dividend) and other limitations, and is required to submit a capital restoration plan; a holding company that controls such a bank is required to guarantee that the bank complies with the restoration plan. If an undercapitalized institution fails to submit an acceptable plan, it is treated as if it is “significantly undercapitalized.” A “significantly undercapitalized” bank is subject to additional restrictions. Non-member banks deemed by the FRB or FDIC to be “critically undercapitalized” also may not make any payment of principal or interest on certain

subordinated debt, extend credit for a highly leveraged transaction, or enter into any material transactions outside the ordinary course of business after 60 days of obtaining such status, and are subject to the appointment of a receiver or conservator within 270 days after obtaining such status.

#### Dividends

Under federal and state law and applicable regulations, a non-member bank may generally declare a dividend, without approval from the DFS, in an amount equal to its year-to-date net income plus the prior two years' net income that is still available for dividend. Dividends exceeding those amounts require application to and approval by the DFS. To pay a cash dividend, a non-member bank must also maintain an adequate capital conservation buffer under the capital rules discussed above.

#### Incentive Compensation Guidance

The FRB, OCC, FDIC, other federal banking agencies and DFS have issued comprehensive guidance intended to ensure that the incentive compensation policies of banking organizations, including non-member banks and bank holding companies, do not undermine the safety and soundness of those organizations by encouraging excessive risk-taking. The incentive compensation guidance sets expectations for banking organizations concerning their incentive compensation arrangements and related risk-management, control and governance processes. In addition, under the incentive compensation guidance, a banking organization's federal supervisor, which for the Bank is the FDIC and us is the FRB, may initiate enforcement action if the organization's incentive compensation arrangements pose a risk to the safety and soundness of the organization. Further, provisions of the Basel III regime described above limit discretionary bonus payments to bank and bank holding company executives if the institution's regulatory capital ratios fail to exceed certain thresholds. The scope and content of the banking regulators' policies on incentive compensation are likely to continue evolving.

#### Transactions with Affiliates and Insiders

Sections 23A and 23B of the Federal Reserve Act govern transactions between an insured depository institution and its affiliates, which includes the Company. The FRB has adopted Regulation W, which implements and interprets Sections 23A and 23B, in part by codifying prior FRB interpretations.

An affiliate of a bank is any company or entity that controls, is controlled by or is under common control with the bank. A subsidiary of a bank that is not also a depository institution or a "financial subsidiary" under federal law is not treated as an affiliate of the bank for the purposes of Sections 23A and 23B; however, the FRB has the discretion to treat subsidiaries of a bank as affiliates on a case-by-case basis. Section 23A limits the extent to which a bank or its subsidiaries may engage in "covered transactions" with any one affiliate to an amount equal to 10% of the bank's capital stock and surplus. There is an aggregate limit of 20% of the bank's capital stock and surplus for such transactions with all affiliates. The term "covered transaction" includes, among other things, the making of a loan to an affiliate, a purchase of assets from an affiliate, the issuance of a guarantee on behalf of an affiliate and the acceptance of securities of an affiliate as collateral for a loan. All such transactions are required to be on terms and conditions that are consistent with safe and sound banking practices and no transaction may involve the acquisition of any "low quality asset" from an affiliate unless certain conditions are satisfied. Certain covered transactions, such as loans to or guarantees on behalf of an affiliate, must be secured by collateral in amounts ranging from 100 to 130 percent of the loan amount, depending upon the type of collateral. In addition, Section 23B requires that any covered transaction (and specified other transactions) between a bank and an affiliate must be on terms and conditions that are substantially the same, or at least as favorable, to the bank, as those that would be provided to a non-affiliate.

A bank's loans to its executive officers, directors, any owner of more than 10% of its stock (each, an insider) and certain entities affiliated with any such person (an insider's related interest) are subject to the conditions and limitations imposed by Section 22(h) of the Federal Reserve Act and the FRB's Regulation O. The aggregate amount of a bank's loans to any insider and the insider's related interests may not exceed the loans-to-one-borrower limit applicable to non-member banks. Aggregate loans by a bank to its insiders and insiders' related interests may not exceed 15% of the bank's unimpaired capital and unimpaired surplus plus an additional 10% of unimpaired capital and surplus in the case of loans that are fully secured by

readily marketable collateral, or when the aggregate amount on all of the extensions of credit outstanding to all of these persons would exceed the bank's unimpaired capital and unimpaired surplus. With certain exceptions, such as education loans and certain residential mortgages, a bank's loans to its executive officers may not exceed the greater of \$25,000 or 2.5% of the bank's unimpaired capital and unimpaired surplus, but in no event more than \$100,000. Regulation O also requires that any loan to an insider or a related interest of an insider be approved in advance by a majority of the Board of Directors of the bank, with any interested director not participating in the voting, if the loan, when aggregated with any existing loans to that insider or the insider's related interests, would exceed the higher of \$25,000 or 5% of the bank's unimpaired capital and surplus. Generally, such loans must be made on substantially the same terms as, and follow credit underwriting procedures that are no less stringent than, those that are prevailing at the time for comparable transactions with other persons and must not involve more than a normal risk of repayment. An exception is made for extensions of credit made pursuant to a benefit or compensation plan of a bank that is widely available to employees of the bank and that does not give any preference to insiders of the bank over other employees of the bank.

#### Enforcement

The DFS and the FDIC have extensive enforcement authority over non-member banks to correct unsafe or unsound practices and violations of law or regulation. Such authority includes the issuance of cease and desist orders, assessment of civil money penalties and removal of officers and directors. The FDIC may also appoint a conservator or receiver for a non-member bank under specified circumstances, such as where (i) the bank's assets are less than its obligations to creditors, (ii) the bank is likely to be unable to pay its obligations or meet depositors' demands in the normal course of business, or (iii) a substantial dissipation of bank assets or earnings has occurred due to a violation of law of regulation or unsafe or unsound practices. Separately, the Superintendent of the DFS also has the authority to appoint a receiver or liquidator of any state-chartered bank or trust company under specified circumstances, including where (i) the bank is conducting its business in an unauthorized or unsafe manner, (ii) the bank has suspended payment of its obligations, or (iii) the bank cannot with safety and expediency continue to do business.

#### Federal Reserve System

Under federal law and regulations, the Bank is required to maintain sufficient liquidity to ensure safe and sound banking practices. Regulation D, promulgated by the FRB, imposes reserve requirements on all depository institutions, including the Bank, which maintain transaction accounts or non-personal time deposits. In March 2020, due to a change in its approach to monetary policy due to the COVID-19 pandemic, the FRB implemented a final rule to amend Regulation D requirements and reduce reserve requirement ratios to zero. The FRB has indicated that it has no plans to re-impose reserve requirements but may do so in the future if conditions warrant.

#### Examinations and Assessments

The Bank is required to file periodic reports with and is subject to periodic examination by the DFS and FDIC. Federal and state regulations generally require periodic on-site examinations for all depository institutions. The Bank is required to pay an annual assessment to the DFS and FDIC to fund the agencies' operations.

#### Community Reinvestment Act and Fair Lending Laws

##### *Federal Regulation*

Under the Community Reinvestment Act, or CRA, as implemented by the FDIC, the Bank has a continuing and affirmative obligation consistent with its safe and sound operation to help meet the credit needs of its entire community, including low- and moderate-income neighborhoods. The CRA does not establish specific lending requirements or programs for financial institutions nor does it limit an institution's discretion to develop the types of products and services that it believes are best suited to its particular community. The CRA requires the FDIC to assess the Bank's record of meeting the credit needs of its community and to take that record into account in its evaluation of certain applications by the Bank. For

example, the regulations specify that a bank's CRA performance will be considered in its expansion (e.g., branching or merger) proposals and may be the basis for approving, denying or conditioning the approval of an application. As of the date of its most recent examination, the Bank was rated "Satisfactory" with respect to its CRA compliance.

#### *New York State Regulation*

The Bank is also subject to provisions of the New York State Banking Law that impose continuing and affirmative obligations upon a banking institution organized in New York State to serve the credit needs of its local community. Such obligations are substantially similar to those imposed by the CRA. The latest New York State CRA rating received by the Bank is "Satisfactory."

#### USA PATRIOT Act and Money Laundering

The Bank is subject to the Bank Secrecy Act, or BSA, which incorporates several laws, including the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001, or the USA PATRIOT Act, and related regulations. The USA PATRIOT Act gives the federal government powers to address money laundering and terrorist threats through enhanced domestic security measures, expanded surveillance powers, increased information sharing, and broadened anti-money laundering requirements. By way of amendments to the BSA, Title III of the USA PATRIOT Act implemented measures intended to encourage information sharing among bank regulatory agencies and law enforcement bodies. Further, certain provisions of Title III impose affirmative obligations on a broad range of financial institutions, including banks, thrifts, brokers, dealers, credit unions, money transfer agents and parties registered under the Commodity Exchange Act.

Among other things, Title III of the USA PATRIOT Act and the related regulations require:

- establishment of anti-money laundering compliance programs that includes policies, procedures, and internal controls; the designation of a BSA officer; a training program; and independent testing;
- filing of certain reports to Financial Crimes Enforcement Network and law enforcement that are designated to assist in the detection and prevention of money laundering and terrorist financing activities;
- establishment of a program specifying procedures for obtaining and maintaining certain records from customers seeking to open new accounts, including verifying the identity of customers;
- in certain circumstances, compliance with enhanced due diligence policies, procedures and controls designed to detect and report money-laundering, terrorist financing and other suspicious activity;
- monitoring account activity for suspicious transactions; and
- a heightened level of review for certain high-risk customers or accounts.

The USA PATRIOT Act also includes prohibitions on correspondent accounts for foreign shell banks and requires compliance with record keeping obligations with respect to correspondent accounts of foreign banks.

The bank regulatory agencies have increased the regulatory scrutiny of the BSA and anti-money laundering programs maintained by financial institutions. Significant penalties and fines, as well as other supervisory orders may be imposed on a financial institution for non-compliance with these requirements. In addition, for financial institutions engaging in a merger transaction, federal bank regulatory agencies must consider the effectiveness of the financial institution's efforts to combat money laundering activities. The Bank has adopted policies and procedures to comply with these requirements.

#### Privacy Laws

The Bank is subject to a variety of federal and state privacy laws, which govern the collection, safeguarding, sharing and use of customer information, and require that financial institutions have in place policies regarding information privacy and security. For example, the Gramm-Leach-Bliley Act requires all financial institutions offering financial products or services to retail customers to provide such customers

with the financial institution’s privacy policy and practices for sharing nonpublic information with third parties, provide advance notice of any changes to the policies and provide such customers the opportunity to “opt out” of the sharing of certain personal financial information with unaffiliated third parties. It also requires banks to safeguard personal information of consumer customers. Some state laws also protect the privacy of information of state residents and require adequate security for such data, and certain state laws may, in some circumstances, require the Bank to notify affected individuals of security breaches of computer databases that contain their personal information. These laws may also require the Bank to notify law enforcement, regulators or consumer reporting agencies in the event of a data breach, as well as businesses and governmental agencies that own data.

#### Consumer Finance Regulations

The CFPB has broad rulemaking authority for a wide range of consumer protection laws that apply to all banks and savings institutions, including the authority to prohibit “unfair, deceptive or abusive” acts and practices. In this regard, the CFPB has several rules that implement various provisions of the Dodd-Frank Act that were specifically identified as being enforced by the CFPB. While the Bank is subject to the CFPB regulations, because it has less than \$10 billion in total consolidated assets, the FDIC and the DFS are responsible for examining and supervising the Bank’s compliance with these consumer financial laws and regulations. In addition, the Bank is subject to certain state laws and regulations designed to protect consumers.

#### The Coronavirus Aid, Relief and Economic Security Act

The CARES Act, which became law on March 27, 2020, provided over \$2 trillion to combat the coronavirus disease (COVID-19) and stimulate the economy. The law had several provisions relevant to financial institutions, including:

- allowing institutions not to characterize loan modifications relating to the COVID-19 pandemic as a troubled debt restructuring and also allowing them to suspend the corresponding impairment determination for accounting purposes;
- temporarily reducing the community bank leverage ratio alternative available to institutions of less than \$10 billion of assets to 8%;
- the establishment of the PPP, a specialized low-interest forgivable loan program funded by the U.S. Treasury Department and administered through the SBA’s 7(a) loan guaranty program to support businesses affected by the COVID-19 pandemic; and
- the ability of a borrower of a federally-backed mortgage loan (VA, FHA, USDA, Freddie Mac and Fannie Mae) experiencing financial hardship due, directly or indirectly, to the COVID-19 pandemic, to request forbearance from paying their mortgage by submitting a request to the borrower’s servicer affirming their financial hardship during the COVID-19 emergency. Such a forbearance could be granted for up to 180 days, subject to extension for an additional 180-day period upon the request of the borrower. During that time, no fees, penalties or interest beyond the amounts scheduled or calculated as if the borrower made all contractual payments on time and in full under the mortgage contract could accrue on the borrower’s account. Except for vacant or abandoned property, the servicer of a federally-backed mortgage was prohibited from taking any foreclosure action, including any eviction or sale action, for not less than the 60-day period beginning March 18, 2020, extended by federal mortgage-backing agencies to at least September 30, 2021.

#### Other Regulations

The Bank’s operations are also subject to federal laws applicable to credit transactions, such as:

- the Truth-In-Lending Act, governing disclosures of credit terms to consumer borrowers;
- the Real Estate Settlement Procedures Act, requiring that borrowers for mortgage loans for one-to four-family residential real estate receive various disclosures, including good faith estimates of settlement costs, lender servicing and escrow account practices, and prohibiting certain practices that increase the cost of settlement services;

- the Home Mortgage Disclosure Act, requiring financial institutions to provide information to enable the public and public officials to determine whether a financial institution is fulfilling its obligation to help meet the housing needs of the community it serves;
- the Equal Credit Opportunity Act and other fair lending laws, prohibiting discrimination on the basis of race, religion, sex and other prohibited factors in extending credit;
- the Fair Credit Reporting Act, governing the use of credit reports on consumers and the provision of information to credit reporting agencies;
- unfair or Deceptive Acts or Practices laws and regulations;
- the Fair Debt Collection Act, governing the manner in which consumer debts may be collected by collection agencies;
- the rules and regulations of the various federal agencies charged with the responsibility of implementing such federal laws.
- the operations of the Bank are further subject to the:
  - the Truth in Savings Act, which specifies disclosure requirements with respect to deposit accounts;
  - the Right to Financial Privacy Act, which imposes a duty to maintain confidentiality of consumer financial records and prescribes procedures for complying with administrative subpoenas of financial records;
  - the Electronic Funds Transfer Act and Regulation E promulgated thereunder, which govern automatic deposits to and withdrawals from deposit accounts and customers' rights and liabilities arising from the use of automated teller machines and other electronic banking services;
  - the Check Clearing for the 21st Century Act (also known as Check 21), which gives "substitute checks," such as digital check images and copies made from that image, the same legal standing as the original paper check;
  - state unclaimed property or escheatment laws; and
  - cybersecurity regulations, including but not limited to those implemented by DFS.

### **Holding Company Regulation**

#### **General**

As a bank holding company controlling the Bank, we are subject to regulation and supervision by the FRB under the BHCA. We are periodically examined by and required to submit reports to the FRB and must comply with the FRB's rules and regulations. Among other things, the FRB has authority to restrict activities by a bank holding company that are deemed to pose a serious risk to the subsidiary bank.

#### **Permissible Activities**

A bank holding company is generally prohibited from engaging in non-banking activities, or acquiring direct or indirect control of more than 5% of the voting securities of any company engaged in non-banking activities. One of the principal exceptions to this prohibition is for activities found by the FRB to be so closely related to banking or managing or controlling banks as to be a proper incident thereto. Some of the principal activities that the FRB has determined by regulation to be so closely related to banking are: (i) making or servicing loans; (ii) performing certain data processing services; (iii) providing discount brokerage services; (iv) acting as fiduciary, investment or financial advisor; (v) leasing personal or real property; (vi) making investments in corporations or projects designed primarily to promote community welfare; and (vii) acquiring a savings and loan association whose direct and indirect activities are limited to those permitted for bank holding companies.

The Gramm-Leach-Bliley Act of 1999 authorized a bank holding company that meets specified conditions, including being "well capitalized" and "well managed," to opt to become a "financial holding company" and thereby engage in a broader array of financial activities than previously permitted. Such

activities can include insurance underwriting and investment banking. A “financial holding company” may engage in a broader array of financial activities than permitted a typical bank holding company. Such activities can include insurance underwriting and investment banking. We have not elected “financial holding company” status.

### **Capitalization**

Bank holding companies are subject to consolidated regulatory capital requirements, which have historically been similar to, though less stringent than, those of the for the Bank. Federal legislation, however, required the FRB to promulgate consolidated capital requirements for depository institution holding companies that are no less stringent, both quantitatively and in terms of components of capital, than those applicable to institutions themselves. As a result, consolidated regulatory capital requirements identical to those applicable to the subsidiary banks generally apply to bank holding companies. However, the FRB has provided a “Small Bank Holding Company” exception to its consolidated capital requirements, and subsequent legislation and the related issuance of regulations by the FRB have increased the threshold for the exception to \$3.0 billion of consolidated assets. Consequently, bank holding companies, including us, with less than \$3.0 billion of consolidated assets are not subject to the consolidated holding company capital requirements unless otherwise directed by the FRB.

### **Source of Strength**

Section 616 of the Dodd-Frank Act codified the FRB’s “source-of-strength” doctrine for bank subsidiaries of bank holding companies. The FRB has issued regulations requiring that all bank holding companies serve as a source of strength to their subsidiary depository institutions by providing financial, managerial and other support in times of an institution’s distress. Under this regulation, where a bank is experiencing severe financial distress, its parent bank holding company may be required to make financial contributions to the bank.

### **Dividends and Stock Repurchases**

The FRB has issued a policy statement regarding the payment of dividends by holding companies. In general, the policy provides that dividends should be paid only out of current earnings and only if the prospective rate of earnings retention by the holding company appears consistent with the organization’s capital needs, asset quality and overall supervisory financial condition. Separate regulatory guidance provides for prior consultation with FRB staff concerning dividends in certain circumstances such as where the company’s net income for the past four quarters, net of dividends previously paid over that period, is insufficient to fully fund the dividend or the company’s overall rate or earnings retention is inconsistent with the company’s capital needs and overall financial condition. The ability of a bank holding company to pay dividends may be restricted if a subsidiary bank becomes undercapitalized.

The regulatory guidance also states that a bank holding company should consult with FRB supervisory staff prior to redeeming or repurchasing common stock or perpetual preferred stock if the bank holding company is experiencing financial weaknesses or the repurchase or redemption would result in a net reduction, at the end of a quarter, in the amount of such equity instruments outstanding compared with the beginning of the quarter in which the redemption or repurchase occurred.

There is a separate requirement that a bank holding company give the FRB prior written notice of any purchase or redemption of then outstanding equity securities if the gross consideration for the purchase or redemption, when combined with the net consideration paid for all such purchases or redemptions during the preceding 12 months, is equal to 10% or more of the company’s consolidated net worth. The FRB may disapprove such a purchase or redemption if it determines that the proposal would constitute an unsafe and unsound practice, or would violate any law, regulation, FRB order or directive, or any condition imposed by, or written agreement with, the FRB. There is an exception to this approval requirement for well-capitalized bank holding companies that meet certain other conditions.

These regulatory policies may affect our ability to pay dividends, repurchase shares of common stock or otherwise engage in capital distributions.

### **Acquisition of Control of the Company**

Under the Change in Bank Control Act, no person may acquire control of a bank holding company, including us, unless the FRB has prior written notice and has not issued a notice disapproving the proposed acquisition. In evaluating such notices, the FRB takes into consideration such factors as the financial resources, competence, experience and integrity of the acquirer, the future prospects the bank holding company involved and its subsidiary bank and the competitive effects of the acquisition. In January 2020, the Federal Reserve substantially revised its control regulations. Under the revised rule, control is conclusively presumed to exist if an individual or company acquires 25% or more of any class of voting securities of the BHC. Where an investor holds less than 25%, the Federal Reserve provides the following four-tiered approach to determining control: (1) less than 5%; (2) 5%-9.99%; (3) 10%-14.99%; and (4) 15%-24.99%. In addition to the four tiers, the Federal Reserve takes into account substantive activities, including director service, business relationships, business terms, officer/employee interlocks, contractual powers, and proxy contests for directors. The Federal Reserve Board may require the company to enter into passivity and, if other companies are making similar investments, anti-association commitments.

### **Federal Securities Laws**

Our common stock will be registered with the Commission prior to the completion of the stock offering. We will be a reporting company subject to the information, proxy solicitation, insider trading restrictions and other requirements under the Securities Exchange Act of 1934.

### **Emerging Growth Company Status**

The Jumpstart Our Business Startups Act, or the JOBS Act, which was enacted in April 2012, has made numerous changes to the federal securities laws to facilitate access to capital markets. Under the JOBS Act, a company with total annual gross revenues of less than \$1.07 billion during its most recently completed fiscal year qualifies as an “emerging growth company.” We qualify as an emerging growth company under the JOBS Act.

An “emerging growth company” may choose not to hold shareholder votes to approve annual executive compensation (more frequently referred to as “say-on-pay” votes) or executive compensation payable in connection with a merger (more frequently referred to as “say-on-golden parachute” votes). An emerging growth company also is not subject to the requirement that its auditors attest to the effectiveness of the company’s internal control over financial reporting, and can provide scaled disclosure regarding executive compensation; however, we will also not be subject to the auditor attestation requirement or additional executive compensation disclosure so long as it remains a “non-accelerated filer” and a “smaller reporting company,” respectively, under Commission regulations (generally less than \$75 million and \$250 million, respectively, of voting and non-voting equity held by non-affiliates or less than \$100.0 million in annual revenue). Finally, an emerging growth company may elect to comply with new or amended accounting pronouncements in the same manner as a private company, but must make such election when the company is first required to file a registration statement. We have elected to comply with new or amended accounting pronouncements in the same manner as a private company.

A company loses emerging growth company status on the earlier of: (i) the last day of the fiscal year of the company during which it had total annual gross revenues of \$1.07 billion or more; (ii) the last day of the fiscal year of the issuer following the fifth anniversary of the date of the first sale of common equity securities of the company pursuant to an effective registration statement under the Securities Act of 1933; (iii) the date on which such company has, during the previous three-year period, issued more than \$1.0 billion in non-convertible debt; or (iv) the date on which such company is deemed to be a “large accelerated filer” under Securities and Exchange Commission regulations (generally, at least \$700 million of voting and non-voting equity held by non-affiliates).

### **Sarbanes-Oxley Act of 2002**

The Sarbanes-Oxley Act of 2002 is intended to improve corporate responsibility, to provide for enhanced penalties for accounting and auditing improprieties at publicly traded companies and to protect investors by improving the accuracy and reliability of corporate disclosures pursuant to the securities laws. We have policies, procedures and systems designed to comply with these regulations, and we review and document such policies, procedures and systems to ensure continued compliance with these regulations.

## MANAGEMENT

Pursuant to New York law and our Certificate of Incorporation, oversight and supervision is vested in our Board of Directors. Our Certificate of Incorporation provides that number of Directors shall not be less than one (1) and permit the exact number to be determined from time to time by the Board of Directors. Our Bylaws provide for a Board of Directors divided into three (3) classes.

The following table sets forth the names, ages, principal occupations, and business experience during the past five years for all of our directors. Our directors also serve as the directors of Hanover Bank.

Name and Position with Hanover	Age	Principal Occupation for Past Five Years	Term of Office Since — Expires <sup>(1)</sup>
Michael P. Puorro, Chairman and CEO	62	Chairman and CEO of Hanover and Hanover Bank	2012 – 2022
Varkey Abraham, Director	68	Owner of Shoe Wholesale/Retail Company and Real Estate Investor	2008 – 2024
Robert Golden, Director	58	Founder and CEO of TREO Brands and President of Golden Properties Group LLC	2014 – 2024

Alice Rouse	56	Executive Vice President, Chief Risk Officer	2017
McClelland Wilcox	50	Senior Executive Vice President, Chief Lending & Revenue Officer	2021

(1) Executive officers serve at the pleasure of the Board, and do not have set terms of office.

There are no arrangements between any of our directors and any other individuals pursuant to which any director was selected as a director. No director is related to any other director or executive officer by blood, marriage, or adoption. No director is also a director of a company having a class of securities registered under Section 12 of the Securities Exchange Act of 1934, as amended, or subject to the requirements of Section 15(d) of such Act or any company registered as an investment company under the Investment Company Act of 1940, except for Ahron Haspel, who serves as a Trustee of the North European Oil Royalty Trust.

## The Business Background of Our Directors and Executive Officers

The following is a brief discussion of the business and banking background and experience of our directors and executive officers for at least the past five years. With respect to directors, the biographies also contain information regarding the person's experience, qualifications, attributes or skills that led to the conclusion that the person should serve as a director. Unless otherwise indicated, directors and senior officers have held their positions for the past five years. No director has any family relationship, as defined in Item 401 of Regulation S-K, with any other director or with any of our executive officers.

- **Michael P. Puorro, Chairman and Chief Executive Officer** — Mr. Puorro has over thirty years of banking experience, with over twenty-five years as a senior executive. Mr. Puorro previously served as the President of a Long Island based community bank, and as the Chief Financial Officer of a large, publicly traded thrift holding company. Prior to joining Hanover, Mr. Puorro was the Co-Chairman and President of Madison National Bancorp, Inc. and Madison National Bank where he was a leading member of Madison's entrepreneurial group and executive management team. Prior to this, Mr. Puorro served as Executive Vice President and Chief Financial Officer of New York Community Bancorp, Inc. and as Executive Vice President and Chief Financial Officer of Roslyn Bancorp, Inc. Mr. Puorro is a former Board member of the New York Banker's Association. Mr. Puorro earned a Bachelor of Business Administration degree in Accounting from Dowling College's School of Professional Accountancy, and in addition to being a Certified Public Accountant, is a member of the American Institute of Certified Public Accountants and the New York State Society of Certified Public Accountants. In May 2012, Mr. Puorro received an Honorary Doctorate Degree in Human Letters from Dowling College. Through his business contacts in our market, Mr. Puorro has been able to attract customers and investors, and his financial expertise is of great value to the Board. In addition, as our senior executive officer, his insight on our operations is invaluable to the Board.
- **Robert Golden, Lead Independent Director** — Mr. Golden's family is the legacy co-founder of the Snapple Beverage Corporation which produced one of the nation's leading flavored beverages. By the time the Company was purchased by the Quaker Oats Company in 1994, it produced annual sales

revenue of \$700 million. Today, Mr. Golden is the Founder and CEO of TREO Brands, an innovative beverage company focused on plant-based hydration. Mr. Golden is also President of Golden Properties Group LLC which is an active investor in commercial office buildings and retail and residential properties in New York City and the surrounding areas, as well as throughout the Midwest. Prior to forming Golden Properties Group LLC, Mr. Golden was the owner of one of the largest cleaning and security companies in New York (Golden Mark). His company serviced mainly large office buildings and financial institutions. Mr. Golden is a contributor to many charitable organizations and is currently on the Nassau County Police Department Foundation Advisory Board. Mr. Golden attended the University of Bridgeport. Through his business activities, Mr. Golden has a strong sense of business conditions in our market that is invaluable to the Board.

- **Varkey Abraham, Director** — Mr. Abraham is a founding director of Hanover Community Bank. Mr. Abraham is the principal owner and Chief Executive Officer of the Eric’s Shoe Stores chain in the United States, Abraham and Sons Leather Company and VA Smith Shoe Company International. Further, Mr. Abraham is a real estate investor, serves as Chairman of the Pravasi television channel, and is the President of the Queens Village New York Chamber of Commerce. Mr. Abraham is the former two-term President of the Indo-American Malayalee Chamber of Commerce and also served as a Sabha Council Member for Saint Thomas Mar Thoma Church. Mr. Abraham was born in Kerala, India. Mr. Abraham’s brings to the Board significant management expertise and leadership skills, as well as insight into the experience of locally owned business.
- **Ahron H. Haspel, Director** — Mr. Haspel is an active investor and an attorney and CPA specialized in the tax area. He retired from Jones Day in January 2011 where he served as a partner specializing in the corporate tax and mergers acquisitions area. Prior to joining Jones Day in February 2005, Mr. Haspel was a partner at KPMG and served on its Board of Directors and in a number of leadership positions. While on the Board of KPMG, Mr. Haspel served on the firm’s Audit, Compensation and Strategic Planning Committees. Mr. Haspel serves as a member of the Board and Trustee of North European Oil Royalty Trust (NRT) a New York stock exchange listed company and serves as Chairman of NRT’s Audit and Compensation Committees. Mr. Haspel is a qualified financial expert for SEC purposes. He earned a Bachelor of Science degree in Accounting from Long Island University, his Juris Doctor from Brooklyn Law School and his LLM degree in Taxation from New York University School of Law. He is a Certified Public Accountant and an active member of the New York Bar. He is also a member of the Board of a number of philanthropic organizations. Mr. Haspel’s extensive legal and accounting background and understanding of finance, and experience with public companies, proves invaluable to the Board.
- **Michael Katz, Director** — Dr. Katz is an active financial institution investor and highly experienced and accomplished board-certified otolaryngologist. Dr. Katz has been in practice with Ear, Nose, and Throat Associates of New York, P.C. since 1969. For over 35 years, he served as President of the group practice which is one of the largest multi-specialty practices of its kind with offices located throughout Queens, Nassau, Suffolk, and the Bronx. While serving as President, Dr. Katz oversaw a growing practice of over 200 employees in multiple locations including over 30 physicians and physician assistants/nurse practitioners, specializing in otolaryngology, allergy & immunology, facial plastic and reconstructive surgery, audiology, sleep disorders and speech and swallowing disorders. Dr. Katz earned his undergraduate degree from Columbia University and his medical degree from the State University of New York, Downstate. He went on to complete general surgery training at Kings County Hospital in New York and then did his residency in otolaryngology at Manhattan Eye, Ear and Throat Hospital. He is board certified by the American Board of Otolaryngology. Dr. Katz was Chief of Ear, Nose and Throat (“ENT”) at Flushing Hospital and was previously Chief of ENT at New York Hospital Medical Center of Queens. Apart from the medical field, Dr. Katz serves as Co-Chairman of the Fisher Island Condo Board #2, is highly active in the area of environmental issues and is a large contributor to the UJA-Federation of NY. Dr. Katz’ business development capabilities in the Long Island marketplace led the Board to conclude that Dr. Katz should serve as a director.
- **Metin Negrin, Director** — Mr. Negrin is the Founder and President of Lexin Capital, a private investment, development and management company that manages its own capital along with a global client base and makes direct investments in real estate. The firm has real estate investments in New

York City as well as Florida, Maryland, Arizona and Mexico and had also past investments in France. Mr. Negrin is also active making direct investments in the technology sector, including his investments in Tipalti and Houzz as well as in the banking sector with Savoy Bank. Prior to the sale to Hanover Bank, Mr. Negrin was the Chairman of the Board of Savoy Bank. In addition, Mr. Negrin is the President of the Board of the Allen-Stevenson School, a boys Kindergarten-8 day school of 400 students on the Upper East Side and founded in 1883, as well as Treasurer and Executive Committee Board Member of the American Turkish Society. A graduate of Deutsche Schule High School in Istanbul, Mr. Negrin holds a BS in Economics and a MBA in Finance from NYU Stern School of Business. Mr. Negrin's management and business experience led the Board to conclude that Mr. Negrin should serve as a director.

- **Philip Okun, Director** — Mr. Okun is a founding director of Hanover Community Bank. Additionally, he has been Chairman of the Loan Committee since the Bank's inception. Mr. Okun has been in the commercial real estate industry for more than 30 years. As President of Polimeni International, Mr. Okun was responsible for the Company's development program in Poland, having completed numerous shopping centers throughout the country. As President of its affiliate company, Skyline Management Corp., he was responsible for the management of a 3,000,000 square foot portfolio of office buildings and shopping centers on Long Island and the east coast. Further, his experience includes redevelopment, leasing, financing, and brokerage. Mr. Okun is a founding partner of Realty Connect USA, LLC. Realty Connect currently has over 800 sales agents in 14 offices on Long Island and Queens. Mr. Okun is a licensed real estate broker in New York and Florida. He is author of the book "Make Money On Main Street" and a licensed sea captain. Mr. Okun earned a Bachelor of Arts degree in education from Fairleigh Dickinson University. Mr. Okun's experience in the commercial real estate market led the Board to conclude that Mr. Okun should serve as a director.
- **Elena Sisti, Director** — Ms. Sisti was the founder and chairperson emeritus of Savoy Bank, only the second New York bank established by a woman. Ms. Sisti founded Savoy Bank following a 25-year career at Citibank. Savoy Bank was designated as a Community Development Financial Institution by the U.S. Treasury Department and as a preferred lender by the Small Business Administration. Ms. Sisti is the Managing Partner of a New Jersey based real estate investment and management firm started by her family. She received a B.A. in Economics from Barnard College, Columbia University. Ms. Sisti immigrated to the United States in 1963 from Caracas, Venezuela. Her multicultural background is derived from a Greek-Romanian father, Spanish mother, and having lived on three continents. Ms. Sisti is married to neurosurgeon Dr. Michael B. Sisti and they have three children. Ms. Sisti's experience in banking and financial services, along with her knowledge of our local community will assist us as we continue to grow.
- **John R. Sorrenti, Director** — Mr. Sorrenti, FAIA, is Founder and President of JRS Architect, P.C., a full service architectural, interior design and preservation firm serving the greater New York City region. Since its inception in 1986, the firm has received numerous design awards under his leadership. Mr. Sorrenti has served on many committees both for American Institute of Architects (AIA) and National Council of Architectural Registration Board (NCARB) rising to the President of the New York State AIA, Vice President of the National AIA and Regional Director for the NCARB's national board. Mr. Sorrenti chaired the AIA/College of Fellows' Regional Representative Program nationally for six years and in 2016 was the Chancellor for the College of Fellows. He remains on the New York State Education Board of Architecture as an Extended Member, previously serving as Chair and is currently Chair of North Hempstead's Landmarks Commission. In 1991, Mr. Sorrenti helped to form the guidelines for the Americans with Disabilities Act (ADA) and in 1993 assisted with the New York City ADA Code. Mr. Sorrenti has served on the National Architectural Accrediting Board Committee for college accreditation and has performed reviews of his peers for the American Council of Engineering Companies. In 2008, Mr. Sorrenti was presented with the Lifetime Achievement Award from the AIA Long Island Chapter and in 2017 received their Community Service Honor Award. Mr. Sorrenti earned a Bachelor of Architecture degree from New York Institute of Technology (NYIT), a Masters in Architecture from Ohio University, and an MBA from NYIT. Mr. Sorrenti provides the Board with significant leadership and managerial experience, particularly from the perspective of as a locally based business enterprise.

Executive Officers who are not Directors

- **Brian K. Finneran, President.** Mr. Finneran has over forty years of experience in the banking industry. Prior to joining us in 2017, Mr. Finneran was the former Executive Vice President and Chief Financial Officer and member of the Board of Directors at Suffolk Bancorp.
- **Kevin Corbett, Executive Vice President and Chief Credit Officer.** Mr. Corbett has over thirty-five years of experience in the banking industry. Prior to joining us, Mr. Corbett served as Senior Vice President and Chief Credit Officer of Dime Community Bank and Senior Vice President and Chief Credit Officer of Astoria Bank.
- **McClelland (“Mac”) Wilcox, Senior Executive Vice President, Chief Lending & Revenue.** Mr. Wilcox was the former President and Chief Executive officer of Savoy. He has over twenty years of experience as a banking leader and entrepreneur.
- **Denise Chardavoigne, Executive Vice President and Chief Operations Officer.** Ms. Chardavoigne has over twenty years of banking experience. Ms. Chardavoigne previously served as Executive Vice President and Chief Information Officer of Amalgamated Bank, and Chief Information Officer at Suffolk County National Bank.
- **Michael Locorriere, Executive Vice President and Chief Municipal Officer.** Mr. Locorriere has more than thirty years of banking and government experience. Mr. Locorriere previously served as Executive Vice President & Director of Municipal Banking at Empire National Bank.
- **Lance P. Burke, Executive Vice President and Chief Financial Officer.** Mr. Burke has over twenty years of experience in the banking industry. Prior to joining our team, Mr. Burke served as Senior Vice President and Controller of Dime Bank (formerly BNB Bank).
- **Alice T. Rouse, Executive Vice President & Chief Risk Officer.** Ms. Rouse has over twenty-five years of banking experience. Prior to joining our team in 2017, she served in various financial and audit capacities at Astoria Bank.
- **Lisa A. Diiorio, First Senior Vice President & Chief Accounting Officer.** Ms. Diiorio has over twenty-five years of experience in the banking industry. Prior to joining our team in 2016, Ms. Diiorio served as Vice President and Principal Accounting Officer at Bridgehampton National Bank.

**Independence**

A majority of the Board consists of individuals who are “independent” under the Nasdaq listing standards. Mr. Michael P. Puorro, our Chairman and CEO, is the only member of our Board who is not independent. In reaching this conclusion, the Board took into account the fact that several members of the Board conduct banking transactions with Hanover Bank. These transactions are in accordance with Federal law and regulation and do not involve risk or beneficial terms beyond those involved in transaction between Hanover Bank and third party customers. Shareholders wishing to communicate directly with the independent members of the Board of Directors may send correspondence to Hanover Bancorp, Inc., Attn.: Robert Golden, Lead Independent Director, 80 East Jericho Turnpike, Mineola, New York 11501.

**Diversity Statement**

Although we have not adopted a formal policy on diversity, the Board considers diversity when selecting candidates for Board service. When the Board determines there is a need to fill a director position, we begin to identify qualified individuals for consideration. We seek individuals that possess skill sets that a prospective director will be required to draw upon in order to contribute to the Board, including professional experience, education, and local knowledge. While education and skills are important factors, we also consider how candidates will contribute to the overall balance of the Board, so that we will benefit from directors with different perspectives, varying viewpoints and wide-ranging backgrounds and experiences. We view and define diversity in its broadest sense, which includes gender, ethnicity, education, experience and leadership qualities.

### **Code of Conduct**

The Board of Directors has adopted a Code of Conduct governing our Chief Executive Officer and senior financial officers, as required by the Sarbanes-Oxley Act and SEC regulations, as well as the Board of Directors and other senior members of management. Our Code of Business Conduct governs such matters as conflicts of interest, use of corporate opportunity, confidentiality, compliance with law and the like. Our Code of Ethics is available on our website at [www.hanoverbank.com](http://www.hanoverbank.com).

### **Board Leadership; Lead Independent Director**

The Board of Directors has appointed Mr. Puorro as our Chief Executive Officer and Chairman of the Board. The Board believes that the combination of these two roles provides more consistent communication and coordination throughout the organization, which results in a more effective and efficient implementation of corporate strategy and is important in unifying our strategy behind a single vision. Our Board has also appointed Mr. Robert Golden, an independent director, to serve as Lead Independent Director of the Board. As Lead Independent Director, Mr. Robert Golden presides over all Board meetings when the Chairman is not present and presides over meetings of the non-management directors held in executive session. The Lead Independent Director has the responsibility of meeting and consulting with the Chairman and Chief Executive Officer on Board and committee meeting agendas, acting as a liaison between management and the non-management directors, including maintaining frequent contact with the Chairman and Chief Executive Officer and advising him on the efficiency of the Board meetings, and facilitating teamwork and communication between the non-management directors and management.

### **Risk Oversight**

Risk is an inherent part of the business of banking. Risks faced by Hanover Bank include credit risk relating to its loans and interest rate risk related to its entire balance sheet. The Board of Directors oversees these risks through the adoption of policies and by delegating oversight to certain committees, including the Audit Committee and the Loan and Asset/Liability Committees. These committees exercise oversight by establishing a corporate environment that promotes timely and effective disclosure, fiscal accountability and compliance with all applicable laws and regulations.

### **Committees of Our Board of Directors**

**Audit Committee.** We maintain an Audit Committee. The Audit Committee is responsible for the selection of the independent registered public accounting firm for the annual audit and to establish, and oversee the adherence to, a system of internal controls. The Audit Committee reviews and accepts the reports of our independent auditors and regulatory examiners. The Audit Committee arranges for an annual audit through its registered independent public accounting firm, evaluates and implements the recommendations of the auditors as well as interim audits performed by our outsourced internal auditors, receives all reports of examination by bank regulatory agencies, analyzes such regulatory reports, and reports to the Board the results of its analysis of the regulatory reports. The Audit Committee met five times during fiscal 2021. The Board of Directors has adopted a written charter for the Audit Committee which is available on our website at [www.hanoverbank.com](http://www.hanoverbank.com). The Audit Committee currently consists of Directors Ahron H. Haspel (Chair), Michael Katz, Metin Negrin, Philip Okun, and Elena Sisti, all of whom are “independent” under the Nasdaq listing standards and meet the independence standards of the Sarbanes-Oxley Act.

**Compensation Committee.** The Compensation Committee consists of Directors Robert Golden (Chair), Ahron H. Haspel, Michael Katz, Metin Negrin, Philip Okun, and John R. Sorrenti. Each member of the Compensation Committee is independent, as such term is defined in the Nasdaq listing standards. The purpose of the Compensation Committee is to review senior management’s performance and determine compensation, and review and set guidelines for compensation of all employees. The Compensation Committee does not delegate its authority regarding compensation. In fiscal 2021, the Compensation Committee met four times. The Board of Directors has adopted a written charter for the Compensation Committee which is available on our website at [www.hanoverbank.com](http://www.hanoverbank.com).

***Nominating and Corporate Governance Committee.*** We have a Nominating and Corporate Governance Committee consisting of Directors Ahron H. Haspel, Michael Katz, and John R. Sorrenti. Each member of the Nominating and Corporate Governance Committee is independent, as such term is defined in the Nasdaq listing standards. The Board of Directors has adopted a written charter for the Compensation Committee which is available on our website at [www.hanoverbank.com](http://www.hanoverbank.com). The Nominating and Corporate Governance Committee has responsibility for identifying and evaluating candidates for director and recommending the nomination of directors to the full Board. This Committee:

- Reviews and assesses the adequacy of our corporate governance guidelines, personal codes of conduct and related internal policies and guidelines; and
- Assists the Board in interpreting and applying corporate governance guidelines and recommends any proposed changes to the Board of Directors for approval.

The Nominating and Corporate Governance Committee met two times during fiscal 2021.

#### **Compensation Committee Interlocks and Insider Participation**

There are no compensation committee “interlocks,” which generally means that no executive officer of the Company or the Bank served as a director or member of the compensation committee of another entity, one of whose executive officers serves as a director or member of the Compensation Committee.

## EXECUTIVE COMPENSATION

## Summary Compensation Table

The table below sets forth information concerning the compensation of our Chief Executive Officer and our next two most highly compensated executive officers (the “NEO’s”) for the fiscal year ended September 30, 2021:

Name and Principal Position	Year	Salary (\$)	Bonus (\$)	Stock Awards (\$)	Option Awards	Non-equity Incentive Plan Compensation (\$)	Change in Pension Value and Non-Qualified Deferred Compensation Earnings (4)	All Other Compensation (4)	Total (\$)
(a)	(b)	(c)	(d)	(e)	(f)	(g)	(h)	(i)	(j)
Michael P. Puorro, Chairman and Chief Executive Officer	2021	570,769	247,500	82,500	—	—	—	36,662	937,431
	2020	534,615	311,200	103,742	—	—	—	28,194	977,751
	2019	486,346	304,853	669,750	—	—	—	24,790	1,485,739
Brian K. Finneran, President	2021	417,308	120,000	39,996	—	—	—	25,706	603,010
	2020	381,539	150,000	51,010	—	—	—	25,506	608,055

(a)	(b)	(c)	(d)	(e)	(f)	(g)	(h)	(i)	(j)
Michael P. Puorro	71,840	—	—	10.00	10/1/2024	18,705	345,855	—	—
Brian K. Finneran	20,000	—	—	16.25	7/24/2027	8,318	153,800	—	—
Kevin Corbett	—	—	—	—	—	2,972	54,952	—	—

We are party to employment agreements with several executives. The following is a summary of those agreements.

We are parties to employment agreements with each of Messrs. Puorro, Chief Executive Officer and Brian K. Finneran, President. Each agreement has a term of three years and renews for an additional twelve-month period each year. Mr. Puorro is to receive a base salary of at least \$364,375, subject to annual adjustment. He will also be eligible to participate in our incentive plans and other benefit plans for executive officers. Mr. Puorro is to receive an \$800 per month car allowance, and we will reimburse Mr. Puorro for his premiums on a life insurance policy he owns. In the event that Mr. Puorro's employment is terminated without cause, he is entitled to receive a lump sum payment equal to the sum of two times (i) his then current base salary (ii) the highest cash bonus paid to him over the prior three years, (iii) the highest grant date value of any equity award granted to Mr. Puorro over the prior three years and (iv) his annual automobile allowance. In addition, we will maintain Mr. Puorro's then current health, hospital, medical and life insurance benefits in effect for two years after his termination or pay Mr. Puorro the value of the premiums for such coverage. In the event of a merger, acquisition or change-in-control transaction, Mr. Puorro will be entitled to a lump sum payment equal to the sum of 2.99 times (i) his then current base salary (ii) the highest cash bonus paid to him over the prior three years, (iii) the highest grant date value of any equity award granted to Mr. Puorro over the prior three years and (iv) his annual automobile allowance. In addition, Mr. Puorro's then current health, hospital, medical and life insurance benefits are to be maintained in effect for three years after the change in control transaction, or Mr. Puorro is to be paid the value of the premiums for such coverage. The benefits upon a change in control are subject to reduction to avoid the imposition of excise taxes under Section 4999 of the Code, provided that such reduction would result in a better after-tax result for Mr. Puorro. Had a change in control occurred as of September 30, 2021 at an assumed price equal to 120% of our then tangible book value (a price of \$22.19), Mr. Puorro would have been entitled to receive a net payment, after the reduction required to ensure that the payments would not constitute an excess parachute payment, of approximately \$2.35 million under his employment agreement.

The terms of Mr. Finneran's employment agreement are substantially similar to those of Mr. Puorro's employment agreement, except that Mr. Finneran's base salary must be at least \$290 thousand, the reimbursement of his life insurance premiums is capped at \$5,000 per year, upon his termination without cause he will be entitled to a lump sum payment equal to the sum of (i) his then current base salary (ii) the highest cash bonus paid to him over the prior three years, (iii) the highest grant date value of any equity award granted to Mr. Finneran over the prior three years and (iv) his annual automobile allowance, and, in the event of a merger, acquisition or change-in-control transaction, Mr. Finneran will be entitled to a lump sum payment equal to the sum of two times (i) his then current base salary (ii) the highest cash bonus paid to him over the prior three years, (iii) the highest grant date value of any equity award granted to Mr. Finneran over the prior three years and (iv) his annual automobile allowance. The benefits upon a change in control are subject to reduction to avoid the imposition of excise taxes under Section 4999 of the Code, provided that such reduction would result in a better after-tax result for Mr. Finneran. Had a change in control occurred as of September 30, 2021 at an assumed price equal to 120% of our then tangible book value (a price of \$22.19), Mr. Finneran would have been entitled to receive a net payment, after the reduction required to ensure that the payments would not constitute an excess parachute payment, of approximately \$1.33 million under his employment agreement.

Hanover Bank is also party to a Change in Control Agreement with Mr. Kevin Corbett, Hanover Bank's Chief Credit Officer. Under the agreement, in the event of a merger, acquisition or change-in-control transaction, Mr. Corbett will be entitled to a lump sum payment equal to the sum of (i) his then current base salary (ii) the highest cash bonus paid to him over the prior three years, (iii) his annual automobile allowance. The benefits upon a change in control are subject to reduction to avoid the imposition of excise taxes under Section 4999 of the Code, provided that such reduction would result in a better after-tax result for Mr. Corbett. Had a change in control occurred as of September 30, 2021, Mr. Corbett would have been entitled to receive a payment of approximately \$374 thousand under the Change in Control Agreement and through the acceleration of his equity awards.

### **Director Compensation**

We pay our non-employee members of the Board a retainer of \$1,250 per month and a fee of \$850 per Board meeting attended. Our Lead Independent Director also receives an additional retainer of \$3,750 per quarter, and our committee chairs receive an additional fee of between \$2,500 and \$13,400 per year. We also pay committee fees to those Board members who serve on Board committees. Our Directors also

participate in our equity compensation plans. The table below shows the compensation paid to our non-employee directors for the fiscal year ended September 30, 2021.

Director Compensation							
Name	Fees Earned or Paid in Cash	Stock Awards	Option Awards	Non-equity Incentive Plan Compensation	Non-Qualified Deferred Compensation Earnings	All Other Compensation	Total
	(\$)	(\$)	(\$)	(\$)	(\$)	(\$)	(\$)
(a)	(b)	(c)	(d)	(e)	(f)	(g)	(h)
Varkey Abraham	28,000	17,400	—	—	—	—	45,400
Frank V. Carone*	30,000	17,400	—	—	—	—	47,400
Robert Golden	49,350	17,400	—	—	—	—	66,750
Ahron H. Haspel	43,900	17,400	—	—	—	—	61,300
Michael Katz	31,850	17,400	—	—	—	—	49,250
Metin Negrin	11,800	—	—	—	—	—	11,800
Philip Okun	33,350	17,400	—	—	—	—	50,750
Elena Sisti	12,650	—	—	—	—	—	12,650
John R. Sorrenti	31,350	17,400	—	—	—	—	48,750

\* Mr. Carone resigned from the Board effective November 19, 2021.

### Security Ownership of Management

The following table sets forth information as of April 15, 2022, regarding the number of common shares beneficially owned by all directors, executive officers described and by all directors and executive officers as a group. Beneficial ownership includes shares, if any, held in the name of the spouse, minor children or other relatives of the nominee living in such person's home, as well as shares, if any, held in the name of another person under an arrangement whereby the Director or executive officer can vest title in themselves at once or within sixty (60) days. Beneficially owned shares also include shares over which the named person has sole or shared voting or investment power, shares owned by corporations controlled by the named person, and shares owned by a partnership in which the named person is a partner.

Unless otherwise indicated, the address for each listed shareholder is: c/o Hanover Bancorp, Inc., 80 East Jericho Turnpike Mineola, NY 11501.

Name	Number of Shares Beneficially Owned	Percentage of Class
<b>Directors</b>		
Michael P. Puorro	323,563 <sup>(1)</sup>	5.48%
Varkey Abraham	49,851 <sup>(2)</sup>	0.85%
Robert Golden	371,540 <sup>(3)</sup>	6.36%
Ahron H. Haspel	61,706 <sup>(4)</sup>	1.06%
Michael Katz	241,610 <sup>(5)</sup>	4.14%
Metin Negrin	223,995 <sup>(6)</sup>	3.84%
Philip Okun	36,979 <sup>(7)</sup>	0.63%
Elena Sisti	132,768 <sup>(8)</sup>	2.28%
John R. Sorrenti	38,057 <sup>(9)</sup>	0.65%
<b>Executive Officers</b>		
Lance P. Burke	14,934 <sup>(10)</sup>	0.26%

Name	Number of Shares Beneficially Owned	Percentage of Class
Denise Chardavoyne	16,750 <sup>(11)</sup>	0.29%

Michael P. Locorriere	14,466 <sup>(15)</sup>	0.25%
Alice T. Rouse	28,487 <sup>(16)</sup>	0.49%
McClelland Wilcox	126,329 <sup>(17)</sup>	2.14%
<b>All Executive Officer and Directors as a Group (17 persons)</b>	<b>1,818,749</b>	<b>31.08%</b>

- (1) Includes 71,840 vested options to purchase shares of Hanover's common stock. Also includes 51,414 shares of restricted stock subject to future vesting but as to which voting may currently be directed.
- (2) Includes 3,217 vested options to purchase shares of Hanover's common stock. Also includes 9,041 shares of restricted stock subject to future vesting but as to which voting may currently be directed.
- (3) Includes 10,000 vested options to purchase shares of Hanover's common stock. Also includes: (i) 9,916 shares of restricted stock subject to future vesting but as to which voting may currently be directed, (ii) 254,461 shares held by certain trusts, of which the beneficiary is Mr. Golden and his family members, and (iii) 52,771 shares held by a limited liability company which Mr. Golden controls.
- (4) Includes 8,139 vested options to purchase shares of Hanover's common stock. Also includes (i) 9,291 shares of restricted stock subject to future vesting but as to which voting may currently be directed and (ii) 39,673 shares held by a limited liability company which Mr. Haspel controls.
- (5) Includes 7,057 vested options to purchase shares of Hanover's common stock. Also includes 9,082 shares of restricted stock subject to future vesting but as to which voting may currently be directed and 96,760 shares held by various trusts.
- (6) Includes 6,488 shares of restricted stock subject to future vesting but as to which voting may currently be directed.
- (7) Includes 8,139 vested options to purchase shares of Hanover's common stock. Also includes 9,082 shares of restricted stock subject to future vesting but as to which voting may currently be directed.
- (8) Includes 6,488 shares of restricted stock subject to future vesting but as to which voting may currently be directed.
- (9) Includes 7,057 vested options to purchase shares of Hanover's common stock. Also includes 8,833 shares of restricted stock subject to future vesting but as to which voting may currently be directed.
- (10) Includes 14,934 shares of restricted stock subject to future vesting but as to which voting may currently be directed.
- (11) Includes 10,871 shares of restricted stock subject to future vesting but as to which voting may currently be directed.
- (12) Includes 11,114 shares of restricted stock subject to future vesting but as to which voting may currently be directed.
- (13) Includes 6,000 vested options to purchase shares of Hanover's common stock. Also includes 5,882 shares of restricted stock subject to future vesting but as to which voting may currently be directed.
- (14) Includes 20,000 vested options to purchase shares of Hanover's common stock. Also includes 30,827 shares of restricted stock subject to future vesting but as to which voting may currently be directed.

- (15) Includes 12,800 shares of restricted stock subject to future vesting but as to which voting may currently be directed.
- (16) Includes 6,000 vested options to purchase shares of Hanover's common stock. Also includes 10,232 shares of restricted stock subject to future vesting but as to which voting may currently be directed.
- (17) Includes 71,900 vested options to purchase shares of Hanover's common stock. Includes 26,229 shares of restricted stock subject to future vesting but as to which voting may currently be directed.

#### Security Ownership of Certain Beneficial Owners

The following table sets forth information as of April 15, 2022, with respect to the beneficial ownership of our common stock by each person or group of persons, other than members of the Board of Directors or management of Hanover, known to Hanover to be the beneficial owner of more than five percent (5%) of Hanover voting stock. There are no shareholders other than those set forth below of whom Hanover is aware that beneficially own 5% or more of the common stock of Hanover.

Name of Beneficial Owner of More Than 5% of the Common Stock	Number of Shares Beneficially Owned	Percent of Class
Muthoot Holdings LLC	443,481	7.61%

## TRANSACTIONS WITH RELATED PERSONS

Hanover Bank has made in the past and, assuming continued satisfaction of generally applicable credit standards, expects to continue to make loans to directors, executive officers and their associates (i.e. corporations or organizations for which they serve as officers or directors or in which they have beneficial ownership interests of ten percent or more). These loans have all been made in the ordinary course of Hanover Bank's business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons not affiliated with Hanover and do not involve more than the normal risk of collectability or present other unfavorable features.

## DESCRIPTION OF OUR CAPITAL STOCK

The following description of our common stock is a summary only and not meant to be complete, but is subject to and qualified in its entirety by our amended and restated certificate of incorporation and bylaws, and by the provisions of the applicable New York law. Under our amended and restated certificate of incorporation, we are authorized to issue up to 17,000,000 shares of common stock, par value \$0.01 per share and up to 15,000,000 shares of preferred stock, par value \$0.01 per share. As of December 31, 2021, 5,562,799 shares of common stock were outstanding. All of the outstanding shares of common stock are validly issued, fully paid and non-assessable. No shares of preferred stock are outstanding.

### Common Stock

**Governing Documents.** Holders of shares of our common stock have the rights set forth in our articles, our bylaws and New York law.

**Dividend Rights and Distributions.** Subject to preferences that may be applicable to any outstanding preferred stock, the holders of our common stock are entitled to share equally in dividends, if any, as may be declared from time to time by the board of directors out of funds legally available for that purpose.

**Ranking.** Our common stock ranks junior with respect to dividend rights and rights upon our liquidation, dissolution or winding to all other securities and indebtedness. In the event of liquidation, dissolution or winding up, the holders of our common stock would be entitled to share equally on a per share basis, after payment or provision for payment of all our debts and liabilities, all of our remaining assets available for distribution.

**Conversion Rights.** Our common stock is not convertible into any other shares of our capital stock

**Voting Rights.** Each holder of our common stock is entitled to one vote per share on all matters to be voted upon by shareholders. Holders of our common stock do not have cumulative voting rights.

**Preemptive Rights.** The holders of our common stock have no preemptive rights.

**Redemption.** We have no obligation or right to redeem our common stock.

**Stock Exchange Listing.** We have applied to list our common stock on the NASDAQ Global Select Market under the symbol "HNVR."

### Preferred Stock

Upon authorization of our board of directors, we may issue shares of one or more series of our preferred stock from time to time. Our board of directors may, without any action by holders of common stock and except as may be otherwise provided in the terms of any series of preferred stock of which there are shares outstanding, adopt resolutions to designate and establish a new series of preferred stock. Upon establishing such a series of preferred stock, the board will determine the number of shares of preferred stock of that series that may be issued and the rights and preferences of that series of preferred stock. The rights of any series of preferred stock may include, among others:

- general or special voting rights;
- preferential liquidation rights;

- preferential cumulative or noncumulative dividend rights;
- redemption or put rights; and
- conversion or exchange rights.

We may issue shares of, or rights to purchase shares of, one or more series of our preferred stock that have been designated from time to time, the terms of which might:

- adversely affect voting or other rights evidenced by, or amounts otherwise payable with respect to, the common stock or other series of preferred stock;
- discourage an unsolicited proposal to acquire us; or
- facilitate a particular business combination involving us.

Any of these actions could have an anti-takeover effect and discourage a transaction that some or a majority of our shareholders might believe to be in their best interests or in which our shareholders might receive a premium for their stock over our then market price.

### **Classification of Directors**

According to our amended and restated certificate of incorporation, we shall have at least one director, with the actual number to be fixed by the board of directors from time to time. Directors are divided into three classes (Class I, Class II, or Class III), with each class as nearly equal in number as possible. The term of office of each class of directors is three years, so that the term of office of one class of directors expires each year when their respective successors have been duly elected and qualified.

### **Anti-Takeover Provisions**

Provisions of New York law and the terms of our amended and restated certificate of incorporation and bylaws contain provisions which could make a takeover or purchase more difficult, even if a significant percentage of our shareholders believe any such transaction is in their best interests. These provisions, summarized below, are intended to encourage persons seeking to acquire control of us to first negotiate with our board of directors. These provisions also serve to discourage hostile takeover practices and inadequate takeover bids. We believe that these provisions are beneficial because the negotiation they encourage could result in improved terms of any unsolicited proposal.

**Authorized But Unissued Capital Stock.** We have 11,170,431 shares of authorized but unissued shares of common stock, and we have reserved an additional 220,349 shares of common stock for issuance upon the exercise of outstanding stock options, resulting in 10,950,082 shares of common stock that may be issued by our board of directors. We also have 15,000,000 shares of authorized but unused preferred stock, which may be issued by the board of directors without further shareholder action. These shares could be used by our board of directors to make it more difficult or to discourage an attempt to obtain control of us through a merger, tender offer, proxy contest or otherwise.

**Limitation on Right to Call a Special Meeting of Shareholders.** Our bylaws provide that special meetings of shareholders may only be called by our board or our president or by the holders of a majority of the outstanding shares.

**Advance Notice Provisions.** Additionally, our bylaws provide that shareholders seeking to nominate candidates for election as directors or to bring business before an annual meeting of shareholders must provide timely notice of their proposal in writing to our corporate secretary. Generally, to be timely, a shareholder's notice must be received at our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary of the previous year's annual meeting. Our bylaws also specify requirements as to the form and content of a shareholder's notice.

**Classification of Directors.** According to our amended and restated certificate of incorporation, we shall have at least one director, with the actual number to be fixed by the board of directors from time to time. Directors are divided into three classes (Class I, Class II, or Class III), with each class as nearly equal

in number as possible. The term of office of each class of directors is three years, so that the term of office of one class of directors expires each year when their respective successors have been duly elected and qualified.

**Filling of Board Vacancies; Removals.** Any vacancies in our board of directors and any directorships resulting from any increase in the number of directors may be filled by a majority of the remaining directors, even if less than a quorum exists.

**New or Amendment of the Bylaws.** New bylaws may be adopted or the bylaws may be amended or repealed by our board of directors, subject to the right of our shareholders to alter or repeal any bylaw made by the board by simple majority.

**Voting Provisions.** Our amended and restated certificate of incorporation provides that any merger, consolidation, sale of all or substantially all of our assets and any offer for the exchange of securities must be approved by the affirmative vote of at least 75% of the holders of the outstanding shares of capital stock entitled to vote thereon unless the transaction has been approved by a majority of our board of directors, in which case, the affirmative vote of the holders of a majority of the outstanding shares of capital stock shall be required. In addition, our amended and restated certificate of incorporation provides the provisions regarding mergers, consolidation, exchange offers or sale of assets may not be amended except by a vote of 75% of the outstanding shares of capital stock entitled to vote thereon.

**Restrictions on Interested Shareholders.** Section 912 of the New York Business Corporation Law prohibits certain transactions involving an “interested shareholder” and a corporation. An “interested shareholder” is generally defined as one who is the beneficial owner, directly or indirectly, of 20% or more of the voting power of the outstanding stock of the corporation. Section 912 prohibits certain business combinations between an interested shareholder and a New York corporation for a period of five years after the date the interested shareholder acquired his stock, unless the transaction was approved by the corporation’s board of directors prior to the time the interested shareholder acquired his stock. After the five-year period expires, the prohibition on business combinations with an interested shareholder continues unless certain conditions are met. The conditions include (i) that the business combination is approved by the board of directors of the target corporation; (ii) that the business combination is approved by a majority vote of the voting stock not owned by the interested shareholder; and (iii) that the shareholders of the corporation receive a price in accordance with the provisions of the New York Business Corporation Law.

#### SHARES ELIGIBLE FOR FUTURE SALE

Prior to this offering, there has been no established public market for our common stock and we cannot predict the effect, if any, that sales of shares or availability of any shares for sale will have on the market price of our common stock prevailing from time to time. Sales of substantial amounts of common stock (including shares issued on the exercise of options, warrants or convertible securities, if any) or the perception that such sales could occur, could adversely affect the market price of our common stock and our ability to raise additional capital through a future sale of securities.

#### CERTAIN MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES FOR NON-U.S. HOLDERS OF COMMON STOCK

The following is a summary of certain material U.S. federal income tax consequences relevant to non-U.S. holders, as defined below, of the purchase, ownership and disposition of our common stock. The following summary is based on current provisions of the Internal Revenue Code of 1986, as amended, or the Code, Treasury regulations and judicial and administrative authority, all of which are subject to change, possibly with retroactive effect. This section does not consider state, local, estate or foreign tax consequences, nor does it address tax consequences to special classes of investors including, but not limited to, tax-exempt organizations, insurance companies, banks or other financial institutions, partnerships or other entities classified as partnerships for United States federal income tax purposes, dealers in securities, persons liable for the alternative minimum tax, traders in securities that elect to use a mark-to-market method of accounting for their securities holdings, persons who have acquired our common stock as compensation or otherwise in connection with the performance of services, or persons that will hold our common stock as a position in a hedging transaction, “straddle,” “conversion transaction” or other risk reduction transaction. Tax consequences may vary depending upon the particular status of an investor. The summary is limited to

non-U.S. holders who will hold our common stock as “capital assets” (generally, property held for investment). Investors should consult their tax advisors concerning the U.S. federal income tax consequences in light of their own specific situation, as well as consequences arising under other federal tax laws (such as the federal estate, gift or Medicare tax laws) and the laws of any other taxing jurisdiction.

As used herein, a non-U.S. holder is:

- a non-resident alien;
- a foreign corporation (or any other entity treated as a corporation for U.S. federal income tax purposes);
- an estate, the income of which is not subject to U.S. federal income taxation regardless of its source; or a trust that does not have in effect a valid election under the U.S. Treasury Regulations, to be treated as a United States person and either (i) no court within the United States is able to exercise primary supervision over the trust’s administration or (ii) no United States person has the authority to control all substantial decisions of that trust.

If an entity or arrangement treated as a partnership for United States federal income tax purposes holds our common stock, the tax treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. If you are treated as a partner in such an entity holding our common stock, you should consult your tax advisor as to the United States federal income tax consequences applicable to you.

### **Distributions**

Distributions with respect to our common stock will be treated as dividends when paid to the extent of our current or accumulated earnings and profits as determined for United States federal income tax purposes. Except as described below, if you are a non-U.S. holder of our shares, dividends paid to you are subject to withholding of United States federal income tax at a 30% rate or at a lower rate if you are eligible for the benefits of an income tax treaty that provides for a lower rate. Even if you are eligible for a lower treaty rate, we and other payors will generally be required to withhold at a 30% rate (rather than the lower treaty rate) on dividends paid to you, unless you have furnished to us or another payor, as applicable:

- a valid Internal Revenue Service Form W-8BEN or, in the case of a foreign entity shareholder, an IRS Form W-8BEN-E (or an acceptable substitute form) upon which you certify, under penalties of perjury, your status as a non-United States person and your entitlement to the lower treaty rate with respect to such payments; or
- in the case of payments made outside the United States to an offshore account (generally, an account maintained by you at an office or branch of a bank or other financial institution at any location outside the United States), a valid Internal Revenue Service Form W-8IMY or other documentary evidence establishing your entitlement to the lower treaty rate in accordance with United States Treasury regulations.

If you are eligible for a reduced rate of U.S. withholding tax under a tax treaty, you may obtain a refund of any amounts withheld in excess of that rate by timely filing a refund claim with the Internal Revenue Service.

If dividends paid to you are “effectively connected” with your conduct of a trade or business within the United States, or, if required by a tax treaty, the dividends are attributable to a permanent establishment that you maintain in the United States, we and other payors generally are not required to withhold tax from the dividends, provided that you have furnished to us or another payor a valid Internal Revenue Service Form W-8ECI or an acceptable substitute form upon which you represent, under penalties of perjury, that:

- you are a non-United States person; and
- the dividends are effectively connected with your conduct of a trade or business within the United States and are includible in your gross income.

“Effectively connected” dividends are generally taxed on a net income basis at rates applicable to United States citizens, resident aliens and domestic United States corporations. If you are a corporate

non-U.S. holder, “effectively connected” dividends that you receive may, under certain circumstances, be subject to an additional “branch profits tax” at a 30% rate or at a lower rate if you are eligible for the benefits of an income tax treaty that provides for a lower rate.

#### **Sale or Other Disposition of our Common Stock**

If you are a non-U.S. holder, you generally will not be subject to United States federal income or withholding tax on gain realized on the sale, exchange or other disposition of our common stock unless (i) you are a non-resident alien individual present in the United States for 183 days or more during the taxable year of the disposition and certain other requirements are met; (ii) the gain is “effectively connected” with your conduct of a trade or business in the United States or the gain is attributable to a permanent establishment or fixed base that you maintain in the United States; or (iii) we are or have been a U.S. real property holding corporation (“USRPHC”) for U.S. federal income tax purposes at any time within the shorter of the five-year period ending on the date of the disposition, and the non-U.S. holder’s holding period and certain other conditions are satisfied. Gain that is effectively connected with the conduct of a trade or business in the United States generally will be subject to U.S. federal income tax, net of certain deductions, at regular U.S. federal income tax rates. If the non-U.S. holder is a foreign corporation, the branch profits tax described above also may apply to such effectively connected gain. An individual non-U.S. holder who is subject to U.S. federal income tax because the non-U.S. holder was present in the United States for 183 days or more during the year of sale or other disposition of our common stock will be subject to a flat 30% tax (or lower rate as specified by any applicable income tax treaty) on the gain derived from such sale or other disposition, which may be offset by U.S. source capital losses. We believe we currently are not, and do not anticipate becoming, a USRPHC. Because the determination of whether we are a USRPHC depends, however, on the fair market value of our United States real property interests as defined in the Code relative to the fair market value of our non-U.S. real property interests and our other business assets, there can be no assurance we currently are not a USRPHC or will not become one in the future. Gain from a disposition of our common stock described in (iii) above will be subject to tax generally as if the gain were effectively connected with the conduct of a trade or business in the United States, except that the “branch profits tax” will not apply.

#### **Information Reporting and Backup Withholding**

Payment of dividends, and the tax withheld on those payments, are subject to information reporting requirements. These information reporting requirements apply regardless of whether withholding was reduced or eliminated by an applicable income tax treaty. Under the provisions of an applicable income tax treaty or agreement, copies of the information returns reporting such dividends and withholding may also be made available to the tax authorities in the country in which the non-U.S. holder resides. U.S. backup withholding will generally apply on payment of dividends to non-U.S. holders unless such non-U.S. holders furnish to the payor a Form W-8BEN or, in the case of a foreign entity shareholder, Form W-8BEN-E (or other applicable form), or otherwise establish an exemption and the payor does not have actual knowledge or reason to know that the holder is a U.S. person, as defined under the Code, that is not an exempt recipient.

Payment of the proceeds of a sale of our common stock within the United States or conducted through certain U.S.-related financial intermediaries is subject to information reporting and, depending on the circumstances, backup withholding, unless the non-U.S. holder, or beneficial owner thereof, as applicable, certifies that it is a non-U.S. holder on Form W-8BEN or, in the case of a foreign entity shareholder, Form W-8BEN-E (or other applicable form), or otherwise establishes an exemption and the payor does not have actual knowledge or reason to know the holder is a U.S. person, as defined under the Code, that is not an exempt recipient.

Any amount withheld under the backup withholding rules from a payment to a non-U.S. holder is allowable as a credit against the non-U.S. holder’s United States federal income tax, which may entitle the non-U.S. holder to a refund, provided that the non-U.S. holder timely provides the required information to the Internal Revenue Service. Moreover, certain penalties may be imposed by the Internal Revenue Service on a non-U.S. holder who is required to furnish information but does not do so in the proper manner. Non-U.S. holders should consult with their tax advisors regarding the application of backup withholding in their

particular circumstances and the availability of and procedure for obtaining an exemption from backup withholding under current Treasury regulations.

#### **Foreign Account Tax Compliance Act**

Under Sections 1471 through 1474 of the Code and the Treasury regulations and administrative guidance promulgated thereunder (collectively, Foreign Account Tax Compliance Act, or FATCA), a 30% withholding tax may be imposed on distributions of dividends and payments of gross proceeds from the sale or other disposition of our common stock made to a “foreign financial institution” or a “non-financial foreign entity” (in each case, as defined in the Code), regardless of whether such foreign institution or entity is a beneficial owner or an intermediary. To avoid such withholding, in the case of a foreign financial institution, the foreign financial institution must undertake certain diligence and reporting obligations and, in the case of a non-financial foreign entity, the non-financial foreign entity must either certify it does not have any “substantial United States owners” (as defined in the Code) or furnish identifying information regarding each substantial United States owner and satisfy certain other requirements, unless the foreign financial institution or non-financial foreign entity otherwise qualifies for an exemption from these rules.

If the payee is a foreign financial institution and is subject to the diligence and reporting requirements described above, it must enter into an agreement with the U.S. Department of the Treasury requiring, among other things, that it undertake to identify accounts held by certain “U.S. persons” or “U.S.-owned foreign entities” (in each case, as defined in the Code), annually report certain information about such accounts and withhold 30% on certain payments to non-compliant foreign financial institutions and certain other account holders. A foreign financial institution generally certifies compliance with these requirements on a valid Internal Revenue Service Form W-8BEN-E. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States governing FATCA may be subject to different rules.

If the payee is a non-financial foreign entity, it generally provides the required certification on a valid Internal Revenue Service Form W-8BEN-E. Foreign entities located in jurisdictions that have an intergovernmental agreement with the United States governing these withholding and reporting requirements may be subject to different rules.

Withholding under FATCA generally applies to payments of dividends on our common stock and to payments of gross proceeds from a sale or other disposition of our shares. However, withholding agents may rely on recently proposed U.S. Treasury Regulations that would no longer require FATCA withholding on payments of gross proceeds. A withholding agent such as a broker, but not the Bank, will determine whether or not to implement gross proceeds FATCA withholding.

Under certain circumstances, a non-U.S. holder might be eligible for refunds or credits of such taxes of withholding taxes imposed FATCA by filing a United States federal income tax return.

## UNDERWRITING

We are offering shares of common stock described in this prospectus in an underwritten offering in which we and Stephens Inc., as representative for the underwriters named below will enter into an underwriting agreement with respect to the shares of common stock being offered hereby. Subject to the terms and conditions contained in the underwriting agreement, each underwriter named below has agreed, severally and not jointly, to purchase from us, the number of shares of our common stock set forth in the table below:

Name	Number of Shares of Common Stock
Stephens Inc.	
Piper Sandler & Co.	
Total	

The underwriting agreement provides that the underwriters' obligation to purchase shares of our common stock depends on the satisfaction of the conditions contained in the underwriting agreement, including:

- the representations and warranties made by us are true and agreements have been performed;
- there is no material adverse change in the financial markets or in our business; and
- we deliver customary closing documents.

Subject to these conditions, the underwriters are committed to purchase and pay for all such shares of common stock if any are purchased. However, the underwriters are not obligated to take or pay for the shares of our common stock covered by the underwriters' purchase option described below, unless and until such option is exercised.

The shares of common stock are being offered by the underwriters, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of certain legal matters by counsel for the underwriters and other conditions specified in the underwriting agreement. The underwriters reserve the right to withdraw, cancel or modify this offer and to reject orders in whole or in part. The underwriting agreement provides that the obligations of the underwriters are conditional and may be terminated at their discretion based on their assessment of the state of the financial markets. The obligations of the underwriters may also be terminated upon the occurrence of the events specified in the underwriting agreement. The underwriting agreement provides that the underwriters are obligated to purchase all the shares of common stock in this offering if any are purchased, other than those shares covered by the purchase option described below.

### Discounts and Expenses

The underwriters propose to offer the shares of common stock directly to the public at the offering price set forth on the cover page of this prospectus and to certain securities dealers at the public offering price less a concession not in excess of \_\_\_\_\_ per share. The underwriters may allow, and these dealers may re-allow, a concession not in excess of \$ \_\_\_\_\_ per share on sales to other dealers. After the public offering of the common stock, the underwriters may change the offering price and other selling terms.

The following table shows the per share and total underwriting discount that we will pay to the underwriters and the proceeds we will receive before expenses. These amounts are shown assuming both no exercise and full exercise of the underwriters' over-allotment option to purchase additional shares.

	Per Share	Total Without Over-Allotment	Total With Over-Allotment
Price to public	\$	\$	\$
Underwriting discount			
Proceeds to us, before expenses			

We estimate that the total expenses of the offering payable by us, including registration, filing and listing fees, printing and distribution fees and legal and accounting expenses, but excluding the underwriting discount, will be approximately \$            and are payable by us. We have agreed to reimburse the underwriters for certain actual out-of-pocket expenses in excess of \$            incurred by the underwriters on our behalf in connection with the offering if the offering is consummated and for all such out-of-pocket expenses incurred by the underwriters on our behalf in connection with the offering if the offering is not consummated.

The shares of common stock are being offered by the underwriters, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of certain legal matters by counsel for the underwriters and other conditions specified in the underwriting agreement. The underwriters reserve the right to withdraw, cancel or modify this offer and to reject orders in whole or in part.

### **Purchase Option**

We have granted to the underwriters an option, exercisable no later than 30 days after the date of this prospectus, to purchase up to            additional shares of common stock at the public offering price less the underwriting discount set forth on the cover page of this prospectus. We will be obligated to sell these shares of common stock to the underwriters to the extent the purchase option is exercised. The underwriters may exercise this option only to cover over-allotments, if any, made in connection with the sale of our common stock offered by this prospectus.

### **Lock-Up Agreements**

We, each of our executive officers and directors and certain other persons participating in the directed share program, have agreed, subject to certain exceptions for a period of 180 days after the date of this prospectus, not to sell, offer, agree to sell, contract to sell, hypothecate, pledge, grant any option to sell, make any short sale, or otherwise dispose of or hedge, directly or indirectly, any shares of our common stock or securities convertible into, exchangeable or exercisable for any shares of our common stock or warrants or other rights to purchase shares of our common stock or other similar securities without, in each case, the prior written consent of Stephens, Inc., as representative of the underwriters. These restrictions are expressly agreed to preclude us, and our executive officers and directors and certain other persons, from engaging in any hedging or other transaction or arrangement that is designed to, or that reasonably could be expected to, lead to or result in a sale, disposition or transfer, in whole or in part, of any of the economic consequences of ownership of our common stock, whether such transaction would be settled by delivery of common stock or other securities, in cash or otherwise.

### **Indemnification and Contribution**

We have agreed to indemnify the underwriters, and persons who control the underwriters, and the underwriters' respective partners, directors, officers, employees and agents, against certain liabilities, including liabilities under the Securities Act of 1933, and to contribute to payments that the underwriters may be required to make in respect of these liabilities.

### **NASDAQ Global Select Market Listing**

We expect the shares to be approved for listing on the Nasdaq Global Select Market, subject to notice of issuance, under the symbol "HNVR".

### **Offering Price Determination**

Before this offering, there has been no public market for our common stock. The initial public offering price will be determined through negotiations between us and the underwriters. In addition to prevailing market conditions, the factors to be considered in determining the initial public offering price are:

- the valuation multiples of publicly traded companies that the underwriter believes to be comparable to us;
- our financial information;
- the history of, and the prospects for, our company and the industry in which we compete;

- an assessment of our management, its past and present operations, and the prospects for, and timing of, our future revenues;
- our book value; and
- the above factors in relation to market values and various valuation measures of other companies engaged in activities similar to ours.

An active trading market for the shares may not develop. It is also possible that after the offering the shares will not trade in the public market at or above the initial public offering price.

#### **Stabilization**

In connection with this offering, the underwriters may engage in stabilizing transactions, over-allotment transactions, syndicate covering transactions and penalty bids.

- Stabilizing transactions permit bids to purchase shares of common stock so long as the stabilizing bids do not exceed a specified maximum, and are engaged in for the purpose of preventing or retarding a decline in the market price of the common stock while the offering is in progress.
- Over-allotment transactions involve sales by the underwriters of shares of common stock in excess of the number of shares the underwriters are obligated to purchase. This creates a syndicate short position that may be either a covered short position or a naked short position. In a covered short position, the number of shares of common stock over-allotted by the underwriters are not greater than the number of shares that they may purchase in the over-allotment option. In a naked short position, the number of shares involved is greater than the number of shares in the over-allotment option. The underwriters may close out any short position by exercising their over-allotment option and/or purchasing shares in the open market.
- Syndicate covering transactions involve purchases of common stock in the open market after the distribution has been completed in order to cover syndicate short positions. In determining the source of shares to close out the short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared with the price at which they may purchase shares through exercise of the over-allotment option. If the underwriters sell more shares than could be covered by exercise of the over-allotment option and, therefore, have a naked short position, the position can be closed out only by buying shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that after pricing there could be downward pressure on the price of the shares in the open market that could adversely affect investors who purchase in the offering.
- Penalty bids permit the representative to reclaim a selling concession from a syndicate member when the common stock originally sold by that syndicate member is purchased in stabilizing or syndicate covering transactions to cover syndicate short positions.

These stabilizing transactions, over-allotment transactions, syndicate covering transactions and penalty bids may have the effect of raising or maintaining the market price of our common stock or preventing or retarding a decline in the market price of our common stock. As a result, the price of our common stock in the open market may be higher than it would otherwise be in the absence of these transactions. Neither we nor the underwriters make any representation or prediction as to the effect that the transactions described above may have on the price of our common stock. These transactions may be affected on the NASDAQ Global Select Market, in the over-the-counter market or otherwise and, if commenced, may be discontinued at any time.

#### **Passive Market Making**

In connection with this offering, the underwriters may engage in passive market making transactions in our common stock on the NASDAQ Global Select Market in accordance with Rule 103 of Regulation M under the Exchange Act during a period before the commencement of offers or sales of our common stock and extending through the completion of the distribution of this offering. A passive market maker must display its bid at a price not in excess of the highest independent bid of that security. However, if all

independent bids are lowered below the passive market maker's bid, that bid must then be lowered when specified purchase limits are exceeded. Passive market making may cause the price of our common stock to be higher than the price that otherwise would exist in the open market in the absence of those transactions. The underwriters and dealers are not required to engage in a passive market making and may end passive market making activities at any time.

### **Our Relationship with the Underwriters**

The underwriters and their respective affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates and have received, or may in the future receive, customary fees and commissions for these transactions.

In addition, in the ordinary course of their business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. The underwriters and their respective affiliates may make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Our common stock is being offered by the underwriters, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of certain legal matters by counsel for the underwriters and other conditions.

### **Electronic Distribution**

A prospectus in electronic format may be made available by e-mail or on the websites or through online services maintained by the underwriter or its affiliates. In those cases, prospective investors may view offering terms online and may be allowed to place orders online. The underwriters may agree with us to allocate a specific number of shares for sale to online brokerage account holders. Any such allocation for online distributions will be made by the underwriters on the same basis as other allocations. Other than the prospectus in electronic format, the information on the underwriters' websites and any information contained on any other website maintained by the underwriters are not part of this prospectus, has not been approved and/or endorsed by the underwriters or us and should not be relied upon by investors.

### **Selling Restrictions**

Other than in the United States, no action has been taken by us or the underwriters that would permit a public offering of the securities offered by this prospectus in any jurisdiction where action for that purpose is required. The securities offered by this prospectus may not be offered or sold, directly or indirectly, nor may this prospectus or any other offering material or advertisements in connection with the offer and sale of any such securities be distributed or published in any jurisdiction, except under circumstances that will result in compliance with the applicable rules and regulations of that jurisdiction. Persons into whose possession this prospectus comes are advised to inform themselves about and to observe any restrictions relating to the offering and the distribution of this prospectus. This prospectus does not constitute an offer to sell or a solicitation of an offer to buy any securities offered by this prospectus in any jurisdiction in which such an offer or a solicitation is unlawful.

### **Directed Share Program**

At our request, the underwriters have reserved for sale, at the initial public offering price, up to 5% of the shares of our common stock offered by this prospectus for sale to our directors, officers, employees, business associates, and related persons. Our directed share program will be administered by \_\_\_\_\_ or its affiliate. Reserved shares purchased by our directors and executive officers will be subject to the lock-up provisions described above. The number of shares of our common stock available for sale to the general public will be reduced to the extent these persons purchase the reserved shares. Any reserved shares of our

common stock that are not so purchased will be offered by the underwriters to the general public on the same terms as the other shares of common stock offered by this prospectus.

#### **LEGAL MATTERS**

The validity of common stock and other certain legal matters will be passed upon for us by Windels Marx Lane & Mittendorf, LLP, in New Brunswick, New Jersey. Certain legal matters related to the offering will be passed upon for the underwriters by Holland & Knight LLP, New York, New York.

#### **EXPERTS**

The consolidated financial statements of Hanover Bancorp, Inc. as of September 30, 2021 and 2020 and for each of the two years in the period ended September 30, 2021 included in this prospectus have been audited by Crowe LLP, an independent registered public accounting firm, as stated in their report, in reliance upon such report and upon the authority of said firm as experts in accounting and auditing.

The financial statements of Savoy Bank as of December 31, 2020, and 2019 and for each of the two years in the period ended December 31, 2020 have been audited by Crowe LLP, independent auditors, as stated in their report, in reliance upon such report and upon the authority of said firm as experts in accounting and auditing.

#### **WHERE YOU CAN FIND MORE INFORMATION**

We have filed with the SEC a registration statement on Form S-1 under the Securities Act of 1933, as amended with respect to the common stock offered hereby. This prospectus does not contain all of the information set forth in the registration statement and the exhibits and schedules thereto. For further information with respect to us and our common stock, reference is made to the registration statement and the exhibits and any schedules filed therewith. Statements contained in this prospectus as to the content of any contract or other document referred to are not necessarily complete and in each instance, if such contract or document is filed as an exhibit, reference is made to the copy of such contract or other document filed as an exhibit to the registration statement, each statement being qualified in all respects by such reference. A copy of the registration statement, including the exhibits and schedules thereto, may be read and copied at the SEC's Public Reference Room at 100 F Street, N.E., Washington, DC 20549. Information on the operation of the Public Reference Room may be obtained by calling the SEC at 1-800-SEC-0330. In addition, the SEC maintains an Internet website that contains reports, proxy and information statements and other information about issuers, like us, that file electronically with the SEC. The address of that website is [www.sec.gov](http://www.sec.gov).

#### **REGISTRATION REQUIREMENTS**

In connection with the offering, we will register its common stock with the SEC under Section 12 (b) of the Securities Exchange Act of 1934, and, upon such registration, we and the holders of our stock will become subject to the proxy solicitation rules, reporting requirements and restrictions on stock purchases and sales by directors, officers and greater than 10% shareholders, the annual and periodic reporting requirements and certain other requirements of the Securities Exchange Act of 1934.

*See accompanying notes to unaudited consolidated financial statements.*

**NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS****1. BASIS OF PRESENTATION, RISKS AND UNCERTAINTIES, ACCOUNTING POLICIES AND RECENT ACCOUNTING DEVELOPMENTS**

Hanover Bancorp, Inc. (the “Company”), is a New York corporation which became the holding company for Hanover Community Bank (the “Bank”) in 2016. The Bank, headquartered in Mineola, New York, is a New York State chartered bank. The Bank commenced operations on November 4, 2008 and is a full-service bank providing personal and business lending and deposit services. As a New York State chartered, non-Federal Reserve member bank, the Bank is subject to regulation by the New York State Department of Financial Services (“DFS”) and the Federal Deposit Insurance Corporation. The Company is subject to regulation and examination by the Board of Governors of the Federal Reserve System (the “FRB”).

**Basis of Presentation**

In the opinion of the Company’s management, the preceding unaudited interim consolidated financial statements contain all adjustments, consisting of normal accruals, necessary for a fair presentation of the Company’s consolidated statement of financial condition as of December 31, 2021, its consolidated statements of income for the three months ended December 31, 2021 and 2020, its consolidated statements of comprehensive income for the three months ended December 31, 2021 and 2020, its consolidated statements of changes in stockholders’ equity for the three months ended December 31, 2021 and 2020 and its consolidated statements of cash flows for the three months ended December 31, 2021 and 2020. Certain prior period amounts have been reclassified to conform to the current period presentation.

In addition, the preceding unaudited interim consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X, as well as in accordance with predominant practices within the banking industry. They do not include all the information and footnotes required by U.S. GAAP for complete financial statements. The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates. The results of operations for the three months ended December 31, 2021 are not necessarily indicative of the results of operations to be expected for the remainder of the year. The unaudited consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto included in the Company’s Annual Report on Form 10-K for the year ended September 30, 2021.

All material intercompany accounts and transactions have been eliminated in consolidation. Unless the context otherwise requires, references herein to the Company include the Company and the Bank on a consolidated basis.

**Risks and Uncertainties**

In March 2020, the World Health Organization declared the outbreak of COVID-19 a global pandemic. The COVID-19 pandemic has adversely affected local, national and global economic activity. Various actions taken to help mitigate the spread of COVID-19 included restrictions on travel, quarantines and government-mandated closures of various businesses. The outbreak caused significant disruptions to the economy and disrupted banking and other financial activity in the areas in which the Company operates.

The Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) was enacted in March 2020 to, among other things, provide emergency assistance to individuals, families and businesses affected by the COVID-19 pandemic. The ongoing effects of the COVID-19 pandemic may materially and adversely affect the Company’s financial condition and results of operations in future periods, and it is unknown what the complete financial impact will be to the Company. The extent of such impact will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the coronavirus, the new “waves” of COVID-19 infections, the

spread of new variants of the virus, and the distribution of vaccines and vaccination rates, among others. It is possible that estimates made in the financial statements could be materially and adversely impacted due to these conditions.

### Accounting Policies

**Allowance for Loan Losses** — The Company considers the determination of the allowance for loan losses its most critical accounting policy, practice, and use of estimates. The Company uses available information to recognize probable and reasonably estimable losses on loans. Future additions to the allowance may be necessary based upon changes in economic, market or other conditions. Changes in estimates could result in a material change in the allowance. The allowance for loan losses is increased by a provision for loan losses charged against income and is decreased by charge-offs, net of recoveries. Loan losses are recognized in the period the loans, or portion thereof, are deemed uncollectible. The adequacy of the allowance to cover any inherent loan losses in the portfolio is evaluated on a quarterly basis.

**Loans and Loan Interest Income Recognition** — Loans that the Company has the intent and ability to hold for the foreseeable future or until maturity or payoff, are reported at the principal balance outstanding, net of purchase premiums and discounts, deferred loan fees and costs and an allowance for loan losses. The loan portfolio is segmented into residential real estate, multi-family, commercial real estate, commercial and industrial, construction and land development, and consumer loans.

Interest income on loans is accrued and credited to income as earned. Net loan origination fees and costs are deferred and accreted/amortized to interest income over the loan's contractual life using the level-yield method, adjusted for actual prepayments.

Loans that are acquired are initially recorded at fair value with no carryover of the related allowance for loan losses. After acquisition, losses are recognized through the allowance for loan losses. Determining the fair value of the loans involves estimating the amount and timing of expected principal and interest cash flows to be collected on the loans and discounting those cash flows at a market interest rate. At December 31, 2021 and September 30, 2021, the Company had loans totaling \$5.5 million and \$10.2 million, respectively, which at the time of acquisition, showed evidence of credit deterioration since origination.

**Loans Held for Sale** — Mortgage loans originated and intended for sale in the secondary market are carried at the lower of aggregate cost or estimated fair value as determined by outstanding commitments from investors. Periodically, the Company originates various residential mortgage loans for sale to investors generally on a servicing released basis. The sale of such loans is generally arranged through a master commitment on a best-efforts basis. Net unrealized losses, if any, are recorded as a valuation allowance and charged to earnings. Premiums, discounts, origination fees and costs on loans held for sale are deferred and recognized as a component of the gain or loss on sale. Gains and losses on sales of loans held for sale are included in other income, recognized on settlement date and are determined to be the difference between the sale proceeds and the carrying value of the loans. These transactions are accounted for as sales based on satisfaction of the criteria for such accounting which provides that, as transferor, the Company has surrendered control of the loans.

For liquidity purposes generally, there are instances when loans originated with the intent to hold in the portfolio are subsequently transferred to loans held for sale. At transfer, they are carried at the lower of cost or fair value.

### Recent Accounting Developments

In June 2016, the FASB issued *ASU 2016-13, Financial Instruments — Credit Losses (Topic 326), Measurement of Credit Losses on Financial Instruments*. The amendments introduce an impairment model that is based on current expected credit losses ("CECL"), rather than incurred losses, to estimate credit losses on certain types of financial instruments (i.e. loans and held to maturity securities), including certain off-balance sheet financial instruments (i.e. commitments to extend credit and standby letters of credit that are not unconditionally cancellable). The CECL standard should consider historical information, current information, and reasonable and supportable forecasts, including estimates of prepayments, over the contractual term. An entity must use judgment in determining the relevant information and estimation

methods that are appropriate in its circumstances. Financial instruments with similar risk characteristics may be grouped together when estimating credit losses. The allowance for credit losses for purchased financial assets with a more-than-insignificant amount of credit deterioration since origination that are measured at amortized cost basis is determined in a similar manner to other financial assets measured at amortized cost basis; however, the initial estimate of expected credit loss would be recognized through an allowance for credit losses with an offset (i.e. increase) to the purchase price at acquisition. Only subsequent changes in the allowance for credit losses are recorded as provision for loan losses for these assets. The ASU also amends the current available for sale security impairment model for debt securities whereby credit losses relating to available for sale debt securities should be recorded through an allowance for credit losses. The amendments will be applied through a modified retrospective approach, resulting in a cumulative-effect adjustment to retained earnings as of the beginning of the first reporting period in which the guidance is effective. As the Company is a smaller-reporting company under SEC regulations, the Company will adopt CECL on October 1, 2023 and the future adoption of this ASU may have a material effect on the Company's consolidated financial statements.

In February 2016, the Financial Accounting Standards Board ("FASB") issued ASU 2016-02, Leases. The amendments in this update primarily replace the existing accounting requirements for operating leases for lessees. Lessee accounting requirements for finance leases and lessor accounting requirements for operating leases and sales type and direct financing leases (sales-type and direct financing leases were both previously referred to as capital leases) are largely unchanged. The amendments require the lessee of an operating lease to record a balance sheet gross-up upon lease commencement by recognizing a right-of-use asset and lease liability equal to the present value of the lease payments. The right-of-use asset and lease liability should be derecognized in a manner that effectively yields a straight-line lease expense over the lease term. In addition to the changes to the lessee operating lease accounting requirements, the amendments also change the types of costs that can be capitalized related to a lease agreement for both lessees and lessors. The amendments also require additional disclosures for all lease types for both lessees and lessors. The FASB has subsequently issued additional ASUs intended to clarify guidance, provide implementation support, and provide an additional transition election. The amendments are effective on October 1, 2022, with early adoption permitted. The amendments must be applied on a modified retrospective basis, and we anticipate selecting the transition option that will allow us to record a cumulative adjustment as of the adoption date. We are assessing our current population of lease contracts and upon adoption, our balance sheet will include a right-of-use asset and lease liability for our operating leases where we are the lessee, which primarily include our facilities leases. We do not anticipate the adoption of these amendments will have a material impact to our consolidated financial statements. We plan to adopt these amendments on October 1, 2022 and expect to use the modified retrospective approach as currently required.

## 2. BUSINESS COMBINATIONS

On May 26, 2021, the Company completed its previously announced acquisition of Savoy Bank pursuant to an Agreement and Plan of Merger (the "Merger Agreement"), dated as of August 27, 2020, as amended, between the Company, the Bank and Savoy. Pursuant to the Merger Agreement, Savoy was merged with and into the Bank, with the Bank surviving, in a two-step transaction (collectively, the "Merger").

The purchase price in the transaction was based upon the tangible book values of each of the Company and Savoy as of April 30, 2021 and calculated in accordance with the terms of the Merger Agreement. At the effective time of the Merger (the "Effective Time"), each share of Savoy common stock, \$1.00 par value ("Savoy Common Stock") was converted into the right to receive (i) \$3.246 in cash and (ii) 0.141 shares of the Company's common stock. The final aggregate purchase price was \$65.5 million, or \$6.49 per Savoy share.

A preliminary summary of the fair value of assets received and liabilities assumed are as follows:

(in thousands)	As Recorded by Savoy	Fair Value Adjustments	As Recorded by Hanover
<b>Assets</b>			
Cash and due from banks	\$ 59,155	\$ —	\$ 59,155
Investment securities available-for-sale	239	—	239

(in thousands)	As Recorded by Savoy	Fair Value Adjustments	As Recorded by Hanover
Loans held for sale	3,883	—	3,883
Loans held for investment	569,251	8,612 <sup>(a)</sup>	577,863
Premises and equipment, net	234	(22) <sup>(b)</sup>	212
Core deposit intangible	—	490 <sup>(c)</sup>	490
Accrued interest receivable	5,171	(650) <sup>(d)</sup>	4,521
Other assets	10,432	(2,925) <sup>(e)</sup>	7,507
Total assets acquired	<u>\$ 648,365</u>	<u>\$ 5,505</u>	<u>653,870</u>
<b>Liabilities</b>			
Deposits	\$ 340,215	\$ 2,527 <sup>(f)</sup>	342,742
Borrowings	258,247	301 <sup>(g)</sup>	258,548
Accrued interest payable	1,050	—	1,050
Other liabilities and accrued expenses	3,817	(342) <sup>(h)</sup>	3,475
Total liabilities assumed	<u>\$ 603,329</u>	<u>\$ 2,486</u>	<u>605,815</u>
Net assets acquired			48,055
Total consideration			<u>65,512</u>
Goodwill			<u>\$ 17,457</u>

- (a) Represents the fair value adjustments on net book value of loans, which includes an interest rate mark and credit mark adjustment, the write-off of deferred fees/costs and premiums and the elimination of Savoy's allowance for loan losses.
- (b) Represents the fair value adjustments to reflect the fair value of premises and equipment.
- (c) Represents the fair value of core deposit intangible recorded, which will be amortized on an accelerated basis over the estimated average life of the deposit base.
- (d) Represents an adjustment to accrued interest receivable acquired.
- (e) Represents an adjustment to other assets acquired. The largest adjustment was the net deferred tax assets resulting from the fair value adjustment related to the acquired assets, liabilities assumed, and identifiable intangible assets recorded.
- (f) Represents the fair value adjustments on time deposits, which will be treated as a reduction of interest expense over the remaining term of the time deposits.
- (g) Represents the fair value adjustments on an FHLB borrowing, which will be treated as a reduction to interest expense over the life of the borrowing.
- (h) Represents an adjustment to other liabilities assumed.

A summary of total consideration paid is as follows:

(in thousands, except share data)

Common stock issued (1,357,567 shares issued)	\$32,521
Cash payments to common shareholders	32,991
Total consideration paid	<u>\$65,512</u>

With the Savoy acquisition, the Company significantly expanded its commercial banking and Small Business Administration ("SBA") lending capabilities. None of the goodwill associated with this acquisition is deductible for income tax purposes. All goodwill related to this acquisition was allocated to the Company's only reporting unit, which is the Company as a whole.

The estimated fair values are subject to refinement for up to one year after the closing date of the acquisition as additional information regarding closing date fair value becomes available. During this one-year period, the causes of any changes in cash flow estimates are considered to determine whether the change

results from circumstances that existed at the acquisition date or if the change results from an event that occurred after the acquisition date.

The Company has determined the above noted acquisition constitutes a business combination as defined by ASC Topic 805, which establishes principles and requirements for how the acquirer of a business recognizes and measures in its financial statements the identifiable assets acquired and the liabilities assumed. The Company has recorded the assets purchased and liabilities assumed at their estimated fair value in accordance with ASC Topic 805.

The following is a summary of the loans accounted for in accordance with ASC 310-30 that were acquired in the Savoy acquisition as of the merger date:

<b>(in thousands)</b>	
Contractually required principal and interest at acquisition	\$14,416
Contractual cash flows not expected to be collected (non-accretable discount)	(3,467)
Expected cash flows at acquisition	10,949
Interest component of expected cash flows (accretable discount)	(540)
Fair value of acquired purchased credit impaired loans	<u>\$10,409</u>

### 3. EARNINGS PER COMMON SHARE

Basic earnings per common share is computed based on the weighted-average number of shares outstanding. Diluted earnings per common share includes the dilutive effect of additional potential common shares issuable under stock options. For periods in which a loss is reported, the impact of stock options is not considered as the result would be antidilutive.

The computation of earnings per common share for the three months ended December 31, 2021 and 2020 follows. There were no stock options that were antidilutive for the three months ended December 31, 2021 and 2020.

<b>(in thousands, except share and per share data)</b>	<b>Three Months Ended December 31,</b>	
	<b>2021</b>	<b>2020</b>
<b><u>Basic earnings per common share</u></b>		
Net income	\$ 6,537	\$ 1,519
Weighted average common shares outstanding	5,562,939	4,180,936
Basic earnings per common share	<u>\$ 1.18</u>	<u>\$ 0.36</u>
<b><u>Diluted earnings per common share</u></b>		
Net income	\$ 6,537	\$ 1,519
Weighted average common shares outstanding for basic earnings per common share	5,562,939	4,180,936
Add: dilutive effects of assumed exercises of stock options	95,489	64,860
Average shares and dilutive potential common shares	<u>5,658,428</u>	<u>4,245,796</u>
Diluted earnings per common share	<u>\$ 1.16</u>	<u>\$ 0.36</u>

### 4. SECURITIES

At the time of purchase of a security, the Company designates the security as either available for sale or held to maturity, depending upon investment objectives, liquidity needs and intent.

The following table summarizes the amortized cost and fair value of securities available for sale and securities held to maturity at December 31, 2021 and September 30, 2021 and the corresponding amounts of gross unrealized gains and losses recognized in accumulated other comprehensive income:

(in thousands)	December 31, 2021			
	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Fair Value
<b>Available for sale:</b>				
U.S. GSE residential mortgage-backed securities	\$ 439	\$ 78	\$ (2)	\$ 515
Corporate bonds	6,700	321	—	7,021
<b>Total available for sale securities</b>	<b>\$ 7,139</b>	<b>\$399</b>	<b>\$ (2)</b>	<b>\$ 7,536</b>
<b>Held to maturity:</b>				
U.S. GSE residential mortgage-backed securities	\$ 2,154	\$ 48	\$ —	\$ 2,202
U.S. GSE commercial mortgage-backed securities	2,680	126	—	2,806
<b>Total held to maturity securities</b>	<b>4,834</b>	<b>174</b>	<b>—</b>	<b>5,008</b>
<b>Total investment securities</b>	<b>\$ 11,973</b>	<b>\$573</b>	<b>\$ (2)</b>	<b>\$ 12,544</b>

(in thousands)	September 30, 2021			
	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Fair Value
<b>Available for sale:</b>				
U.S. GSE residential mortgage-backed securities	\$ 722	\$112	\$ (1)	\$ 833
Corporate bonds	6,700	214	—	6,914
<b>Total available for sale securities</b>	<b>\$ 7,422</b>	<b>\$326</b>	<b>\$ (1)</b>	<b>\$ 7,747</b>
<b>Held to maturity:</b>				
U.S. GSE residential mortgage-backed securities	\$ 2,417	\$ 74	\$ —	\$ 2,491
U.S. GSE commercial mortgage-backed securities	2,694	175	—	2,869
Corporate bonds	3,500	9	(4)	3,505
<b>Total held to maturity securities</b>	<b>8,611</b>	<b>258</b>	<b>(4)</b>	<b>8,865</b>
<b>Total investment securities</b>	<b>\$ 16,033</b>	<b>\$584</b>	<b>\$ (5)</b>	<b>\$ 16,612</b>

All of the Company's securities with gross unrealized losses at December 31, 2021 and September 30, 2021 had been in a continuous loss position for less than twelve months and such unrealized losses totaling \$2 thousand and \$5 thousand, respectively are immaterial to the Company's consolidated financial statements. At December 31, 2021 and September 30, 2021, investment securities carried at \$4.8 million and \$5.1 million, respectively, were pledged to secure public deposits and for other purposes required or permitted by law.

The amortized cost and fair value of the Company's securities portfolio at December 31, 2021 are presented by contractual maturity in the table below. The expected life of mortgage-backed securities will differ from contractual maturities because borrowers may have the right to call or prepay the underlying mortgage loans with or without call or prepayment penalties.

(in thousands)	December 31, 2021	
	Amortized Cost	Fair Value
<b>Securities available for sale:</b>		
Five to ten years	\$ 6,700	\$ 7,021
U.S. GSE residential mortgage-backed securities	439	515
<b>Total securities available for sale</b>	<b>7,139</b>	<b>7,536</b>
<b>Securities held to maturity:</b>		
One to five years	—	—

(in thousands)	December 31, 2021	
	Amortized Cost	Fair Value
Five to ten years	—	—
U.S. GSE residential mortgage-backed securities	2,154	2,202
U.S. GSE commercial mortgage-backed securities	2,680	2,806
<b>Total securities held to maturity</b>	<b>4,834</b>	<b>5,008</b>
<b>Total investment securities</b>	<b>\$ 11,973</b>	<b>\$12,544</b>

There were no sales of securities for the three months ended December 31, 2021 and 2020.

## 5. LOANS

The following table sets forth the classification of the Company's loans by loan portfolio segment for the periods presented.

(in thousands)	December 31, 2021	September 30, 2021
Residential real estate	\$ 436,348	\$ 444,011
Multi-family	358,456	266,294
Commercial real estate	360,610	348,641
Commercial and industrial	109,562	172,274
Construction and land development	11,444	15,374
Consumer	29	11
<b>Gross loans</b>	<b>1,276,449</b>	<b>1,246,605</b>
Net deferred costs (fees)	985	520
<b>Total loans</b>	<b>1,277,434</b>	<b>1,247,125</b>
Allowance for loan losses	(9,386)	(8,552)
<b>Total loans, net</b>	<b>\$1,268,048</b>	<b>\$1,238,573</b>

The Company is a participant in the Paycheck Protection Program ("PPP"), administered by the Small Business Administration under the CARES Act, to provide guaranteed loans to qualifying businesses and organizations. These loans carry a fixed rate of 1.00% and a term of two years (loans made before June 5, 2020, subject to extension to five years with the consent of the lender) or five years (loans made on or after June 5, 2020), if not forgiven, in whole or in part. As of December 31, 2021, borrowers had applied for and received forgiveness on \$293.2 million in PPP loans. The Company's PPP loans outstanding, included in commercial and industrial loans in the table above, totaled \$72.9 million and \$140.4 million at December 31, 2021 and September 30, 2021, respectively.

At December 31, 2021 and September 30, 2021, the Company was servicing approximately \$241.2 million and \$233.2 million, respectively, of loans for others. The Company had no loans held for sale at December 31, 2021 and September 30, 2021.

### Purchased Credit Impaired Loans

The Company has purchased loans, for which there was, at acquisition, evidence of deterioration of credit quality since origination and it was probable, at acquisition, that all contractually required payments would not be collected. The carrying amount for those loans is as follows:

(in thousands)	December 31, 2021
Commercial real estate	\$3,590
Commercial and industrial	1,899
<b>Total recorded investment</b>	<b>\$5,489</b>

The Company has not recorded an allowance for loan losses related to these loans at December 31, 2021.

The following table presents a summary of changes in accretable difference on purchased loans accounted for under ASC 310-30:

(in thousands)	Three Months Ended December 31, 2021
Balance at beginning of period	\$ 346
Accretable differences acquired	—
Accretion	(1,035)
Adjustments to accretable difference due to changes in expected cash flows	363
Other changes, net	416
Ending balance	<u>\$ 90</u>

For the three months ended December 31, 2021 and 2020, the Company sold loans totaling approximately \$35.2 million and \$8.4 million, respectively, recognizing net gains of \$1.5 million and \$181 thousand, respectively.

The following summarizes the activity in the allowance for loan losses by portfolio segment for the periods indicated:

(in thousands)	Three Months Ended December 31, 2021						
	Residential Real Estate Loans	Multi- Family Loans	Commercial Real Estate Loans	Commercial and Industrial Loans	Construction and Land Development Loans	Consumer Loans	Total
Allowance for loan losses:							
Beginning Balance	\$4,155	\$2,433	\$1,884	\$ 79	\$—	\$ 1	\$8,552
Charge-offs	—	(66)	—	—	—	—	(66)
Recoveries	—	—	—	—	—	—	—
Provision (credit) for loan losses	(40)	201	634	105	—	—	900
Ending Balance	<u>\$4,115</u>	<u>\$2,568</u>	<u>\$2,518</u>	<u>\$184</u>	<u>\$—</u>	<u>\$ 1</u>	<u>\$9,386</u>
(in thousands)	Three Months Ended December 31, 2020						
	Residential Real Estate Loans	Multi- Family Loans	Commercial Real Estate Loans	Commercial and Industrial Loans	Construction and Land Development Loans	Consumer Loans	Total
Allowance for loan losses:							
Beginning Balance	\$5,103	\$1,506	\$1,221	\$38	\$—	\$ 1	\$7,869
Charge-offs	—	—	—	—	—	—	—
Recoveries	—	—	—	10	—	—	10
Provision (credit) for loan losses	(9)	113	—	(4)	—	—	100
Ending Balance	<u>\$5,094</u>	<u>\$1,619</u>	<u>\$1,221</u>	<u>\$44</u>	<u>\$—</u>	<u>\$ 1</u>	<u>\$7,979</u>

The following table represents the balance in the allowance for loan losses and the recorded investment in loans by portfolio segment based on impairment evaluation method. The recorded investment in loans excludes accrued interest receivable due to immateriality.

(in thousands)	December 31, 2021						
	Residential Real Estate	Multi-Family	Commercial Real Estate	Commercial and Industrial	Construction and Land Development	Consumer	Total
<b>Allowance for loan losses:</b>

- (1) Of the residential real estate non-accrual loans, \$1,026 were 61 days past due and \$4,528 were greater than 89 days past due.
- (2) Multi-family non-accrual loans at September 30, 2021 were greater than 89 days past due.
- (3) Commercial real estate non-accrual loans at September 30, 2021 were greater than 89 days past due.

Troubled debt restructurings (“TDRs”) are loan modifications where the Company has granted a concession to a borrower in financial difficulty. To assess whether a borrower is experiencing financial difficulty, an evaluation is performed to determine if that borrower is currently in payment default under any of its obligations or whether there is a probability that the borrower will be in payment default in the foreseeable future without the modification. At both December 31, 2021 and September 30, 2021, the Company had a recorded investment in TDRs totaling \$1.7 million, consisting solely of residential real estate loans with no specific reserves allocated to such loans and no commitment to lend additional funds under those loans, at either December 31, 2021 or September 30, 2021.

For the three months ended December 31, 2021 and 2020, there were no TDRs for which there was a payment default within twelve months of restructuring. A loan is considered to be in payment default once it is 90 days contractually past due under its modified terms. For the three months ended December 31, 2021 and 2020, the Company had no new TDRs.

In June 2020, New York’s then-Governor Andrew Cuomo signed SB 8243C and SB 8428 into law, which created Section 9-x of the New York Banking Law. Section 9-x requires New York regulated banking institutions and New York regulated mortgage servicers to make available applications for forbearance of any payment due on certain residential mortgages to qualified borrowers for their primary residence located in New York. In general, qualified borrowers will be granted forbearance of all monthly payments for a period of up to 180 days, to be extended for up to an additional 180 days provided that the borrower demonstrates continued financial hardship.

The Company has been prudently working with borrowers negatively impacted by the COVID-19 pandemic while managing credit risks and recognizing an appropriate allowance for loan losses. The Company modified 519 loans totaling \$367.1 million under the CARES Act which are excluded from TDR classification under Section 4013 of the CARES Act or under applicable interagency guidance of the federal banking agencies. As of December 31, 2021, 12 loans totaling \$11.0 million were still in forbearance, of which 5 loans totaling \$2.9 million were loans qualified under Section 9-x.

The Company continuously monitors the credit quality of its loan receivables. Credit quality is monitored by reviewing certain credit quality indicators. Management has determined that internally assigned credit risk ratings by loan segment are the key credit quality indicators that best assist management in monitoring the credit quality of the Company’s loan receivables.

The Company has adopted a credit risk rating system as part of the risk assessment of its loan portfolio. The Company’s lending officers are required to assign a credit risk rating to each loan in their

portfolio at origination. When the lender learns of important financial developments, the risk rating is reviewed and adjusted if necessary. In addition, the Company engages a third-party independent loan reviewer that performs quarterly reviews of a sample of loans, validating the credit risk ratings assigned to such loans. The credit risk ratings play an important role in the establishment of the loan loss provision and to confirm the adequacy of the allowance for loan losses.

The Company categorizes loans into risk categories based on relevant information about the ability of borrowers to service their debt such as: current financial information, historical payment experience, credit documentation, public information, and current economic trends, among other factors. The Company analyzes commercial loans individually by classifying the loans as to credit risk. The Company uses the following definitions for risk ratings:

**Special Mention:** The loan has potential weaknesses that deserves management's close attention. If left uncorrected, these potential weaknesses may result in deterioration of repayment prospects for the asset or in the Company's credit position at some future date.

**Substandard:** The loan is inadequately protected by current sound worth and paying capacity of the obligor or collateral pledged, if any. Loans classified as Substandard must have a well-defined weakness or weaknesses that jeopardizes the liquidation of the debt. They are characterized by the distinct possibility that the Company will sustain some loss if the deficiencies are not corrected.

**Doubtful:** The loan has all the weaknesses inherent in one classified substandard with the added characteristic that the weaknesses make collection or liquidation in full, on the basis of currently existing factors, conditions, and values, highly questionable and improbable.

Loans not having a credit risk rating of Special Mention, Substandard or Doubtful are considered pass loans.

At December 31, 2021 and September 30, 2021, the Company's loan portfolio by credit risk rating disaggregated by portfolio segment were as follows:

(in thousands)	December 31, 2021

## 6. EQUITY COMPENSATION PLANS

The Company's 2021 and 2018 Equity Compensation Plans ("the 2021 Plan" and "the 2018 Plan," respectively), provide for the grant of stock-based compensation awards to members of management, including employees and management officials, and members of the Board. Under the 2021 Plan, a total of 427,500 shares of the Company's common stock or equivalents were approved for issuance, of which 427,500 shares remain available for issuance at December 31, 2021. Of the total 346,000 shares of common stock approved for issuance under the 2018 Plan, 198,735 shares remain available for issuance at December 31, 2021. Hanover assumed the 2013 Savoy Bank Stock Option Plan solely in connection with options to purchase Savoy common stock held by the former Chief Executive Officer of Savoy and which, under the terms of the Agreement and Plan of Merger between the Company and Savoy, were converted into options to purchase 71,900 shares of Hanover common stock.

### Stock Options

Stock options are granted with an exercise price equal to the fair market value of the Company's common stock at the date of grant, and generally with vesting periods of three years and contractual terms of ten years. All stock options fully vest upon a change in control.

The fair value of stock options is estimated on the date of grant using a closed form option valuation (Black-Scholes) model. Expected volatilities are based on historical volatilities of the common stock of the Company's peers. The Company uses historical data to estimate option exercise and post-vesting termination behavior. Expected terms are based on historical data and represent the periods in which the options are expected to be outstanding. The risk-free interest rate for the expected term of the option is based on the U.S. Treasury yield curve in effect at the time of grant.

No stock options were exercised during the three months ended December 31, 2021 and 2020.

A summary of stock option activity follows (aggregate intrinsic value in thousands):

	Number of Options	Weighted Average Exercise Price	Aggregate Intrinsic Value	Weighted Average Remaining Contractual Term
Outstanding, October 1, 2021	227,406	\$9.50	\$2,043	3.51 years
Granted	—	—	—	—
Exercised	—	—	—	—
Forfeited	—	—	—	—
Outstanding, December 31, 2021 <sup>(1)</sup>	<u>227,406</u>	<u>\$9.50</u>	<u>\$2,043</u>	<u>3.20 years</u>

(1) All outstanding options are fully vested and exercisable.

There was no compensation expense attributable to stock options for the three months ended December 31, 2021 and 2020.

### Restricted Stock

No restricted stock awards were granted during the three months ended December 31, 2021. During the three months ended December 31, 2020, restricted stock awards of 7,500 shares were granted with a three-year vesting period. Compensation expense is recognized over the vesting period of the awards based on the fair value of the stock at issue date. Since there is no active market for the Company's stock, the fair value of the restricted stock awards was estimated on the date of grant based on the prices of the most recent transactions in the Company's common stock.

A summary of restricted stock activity follows:

	Number of Shares	Weighted- Average Grant Date Fair Value
Unvested, October 1, 2021	75,833	\$19.87
Granted	—	—
Vested	(2,666)	21.49
Forfeited	(2,887)	19.07
Unvested, December 31, 2021	<u>70,280</u>	<u>\$19.84</u>

Compensation expense attributable to restricted stock was \$217 thousand and \$229 thousand for the three months ended December 31, 2021 and 2020, respectively. As of December 31, 2021, there was \$0.8 million of total unrealized compensation cost related to unvested restricted stock, expected to be recognized over a weighted-average term of 1.62 years. The total fair value of shares vested during the three months ended December 31, 2021 and 2020 was \$49 thousand and \$7 thousand, respectively.

## 7. REGULATORY MATTERS

The Bank is subject to various regulatory capital requirements administered by federal banking agencies. Capital adequacy guidelines and, additionally, prompt corrective action regulations, involve quantitative measures of assets, liabilities, and certain off-balance sheet items calculated under regulatory accounting practices. Capital amounts and classifications are also subject to qualitative judgments by regulators. Failure to meet minimum capital requirements can initiate regulatory action. The net unrealized gain or loss on available for sale securities is not included in computing regulatory capital. Management believes as of December 31, 2021, the Bank meets all capital adequacy requirements to which it is subject.

Prompt corrective action regulations provide five classifications: well capitalized, adequately capitalized, undercapitalized, significantly undercapitalized and critically undercapitalized, although these terms are not used to represent overall financial condition. If adequately capitalized, regulatory approval is required to accept brokered deposits. If undercapitalized, capital distributions are limited, as is asset growth and expansion, and capital restoration plans are required. At December 31 2021 and September 30, 2021, the most recent regulatory notifications categorized the Bank as well capitalized under the regulatory framework for prompt corrective action. There are no conditions or events since that notification that management believes have changed the institution's category.

Under a policy of the Federal Reserve applicable to bank holding companies with less than \$3.0 billion in consolidated assets, the Company is not subject to consolidated regulatory capital requirements.

The following table sets forth the Bank's capital amounts (in thousands) and ratios under current regulations:

	Actual Capital		Minimum Capital Adequacy Requirement		Minimum Capital Adequacy Requirement with Capital Conservation Buffer		Minimum to Be Well Capitalized Under Prompt Corrective Action Provisions	
	Amount	Ratio	Amount	Ratio	Amount	Ratio	Amount	Ratio
<b>December 31, 2021</b>								
Total capital to risk-weighted assets	\$141,803	15.52%	\$73,114	8.00%	\$95,963	10.50%	\$91,393	10.00%
Tier 1 capital to risk-weighted assets	132,006	14.44%	54,836	6.00%	77,684	8.50%	73,114	8.00%
Common equity tier 1 capital to risk-weighted assets	132,006	14.44%	41,127	4.50%	63,975	7.00%	59,405	6.50%

	Actual Capital		Minimum Capital Adequacy Requirement		Minimum Capital Adequacy Requirement with Capital Conservation Buffer		Minimum to Be Well Capitalized Under Prompt Corrective Action Provisions	
	Amount	Ratio	Amount	Ratio	Amount	Ratio	Amount	Ratio
Tier 1 capital to adjusted average assets (leverage)	132,006	9.92%	53,241	4.00%	N/A	N/A	66,551	5.00%
<b>September 30, 2021</b>								
Total capital to risk-weighted assets	\$132,554	15.59%	\$68,040	8.00%	\$89,303	10.50%	\$85,050	10.00%
Tier 1 capital to risk-weighted assets	123,666	14.54%	51,030	6.00%	72,293	8.50%	68,040	8.00%
Common equity tier 1 capital to risk-weighted assets	123,666	14.54%	38,273	4.50%	59,535	7.00%	55,283	6.50%
Tier 1 capital to adjusted average assets (leverage)	123,666	9.45%	52,338	4.00%	N/A	N/A	65,423	5.00%

Dividend restrictions — The Company's principal source of funds for dividend payments is dividends received from the Bank. Banking regulations limit the amount of dividends that may be paid without prior approval of regulatory agencies. As of December 31, 2021, the Bank had \$35.2 million of retained net income available for dividends to the Company.

## 8. FAIR VALUE

FASB ASC No. 820-10 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is best determined using quoted market prices. However, in many instances, quoted market prices are not available. In such instances, fair values are determined using appropriate valuation techniques. Various assumptions and observable inputs must be relied upon in applying these techniques. Accordingly, categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. As such, the fair value estimates may not be realized in an immediate transfer of the respective asset or liability.

FASB ASC 820-10 also establishes a fair value hierarchy and describes three levels of inputs that may be used to measure fair values: The three levels within the fair value hierarchy are as follows:

- Level 1: Valuation is based upon unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- Level 2: Fair value is calculated using significant inputs other than quoted market prices that are directly or indirectly observable for the asset or liability. The valuation may rely on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability (such as interest rates, rate volatility, prepayment speeds, credit ratings,) or inputs that are derived principally or corroborated by market data, by correlation, or other means.
- Level 3: Inputs for determining the fair value of the respective assets or liabilities are not observable. Level 3 valuations are reliant upon pricing models and techniques that require significant management judgment or estimation.

Fair value estimates are made at a specific point in time, based on relevant market information and information about the financial instrument. These estimates do not reflect any premium or discount that could result from offering for sale at one time the Company's entire holdings of a particular financial instrument. Because no market exists for a significant portion of the Company's financial instruments, fair value estimates are based on judgments regarding future expected loss experience, current economic conditions, risk characteristics of various financial instruments, and other factors. These estimates are

subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Fair value estimates are based on existing on- and off-balance-sheet financial instruments without attempting to estimate the value of anticipated future business and the value of assets and liabilities that are not considered financial instruments. In addition, the tax ramifications related to the realization of the unrealized gains and losses can have a significant effect on fair value estimates and have not been considered in the estimates.

#### Assets Measured at Fair Value on a Recurring Basis

The following presents fair value measurements on a recurring basis at December 31, 2021 and September 30, 2021:

(In thousands)	December 31, 2021			
	Carrying Amount	Fair Value Measurements Using:		
		Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<b>Financial assets:</b>				
Available-for-sale securities:				
U.S. GSE residential mortgage-backed securities	\$ 515	\$—	\$ 515	\$ —
Corporate bonds	7,021	—	7,021	—
Mortgage servicing rights	3,741	—	—	3,741
<b>Total</b>	<b><u>\$11,277</u></b>	<b><u>\$—</u></b>	<b><u>\$7,536</u></b>	<b><u>\$3,741</u></b>
(In thousands)	September 30, 2021			
	Carrying Amount	Fair Value Measurements Using:		
		Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<b>Financial assets:</b>				
Available-for-sale securities:				
U.S. GSE residential mortgage-backed securities	\$ 833	\$—	\$ 833	\$ —
Corporate bonds	6,914	—	6,914	—
Mortgage servicing rights	3,690	—	—	3,690
<b>Total</b>	<b><u>\$11,437</u></b>	<b><u>\$—</u></b>	<b><u>\$7,747</u></b>	<b><u>\$3,690</u></b>

The fair value for the securities available-for-sale were obtained from an independent broker based upon matrix pricing, which is a mathematical technique widely used in the industry to value debt securities without relying exclusively on quoted prices for the specific securities but rather by relying on the securities' relationship to other benchmark quoted securities. The Company has determined these are classified as Level 2 inputs within the fair value hierarchy.

The fair value of mortgage servicing rights are based on a valuation model that calculates the present value of estimated future servicing income. The valuation model utilizes interest rate, prepayment speed, and default rate assumptions that market participants would use in estimating future net servicing income. Fair value of loan servicing rights related to residential mortgage loans at December 31, 2021 was determined based on discounted expected future cash flows using discount rates ranging from 12.0% to 14.5%, prepayment speed of 26.25% and a weighted average life ranging from 1.80 to 3.02 years. Fair value at September 30, 2021 for mortgage servicing rights was determined based on discounted expected future cash

flows using discount rates ranging from 12.0% to 14.5%, prepayment speeds ranging from 24.18% to 24.33% and a weighted average life ranging from 1.96 to 3.30 years.

The fair value of loan servicing rights for SBA loans at December 31, 2021 was determined based on discounted expected future cash flows using discount rates ranging from 4.79% to 23.84%, prepayment speeds ranging from 8.94% to 23.63% and a weighted average life ranging from 0.28 to 5.80 years.

The Company has determined these are mostly unobservable inputs and considers then Level 3 inputs within the fair value hierarchy.

The following table presents the changes in mortgage servicing rights for the periods presented:

(in thousands)	Three Months Ended December 31,	
	2021	2020
<b>Balance, October 1</b>	\$3,690	\$155
Additions	168	—
Adjustment to fair value	(117)	(11)
<b>Balance, December 31</b>	<u>\$3,741</u>	<u>\$144</u>

#### Assets Measured at Fair Value on a Non-recurring Basis

The Company had no financial instruments measured at fair value on a non-recurring basis at December 31, 2021 and September 30, 2021. The Company's impaired loans had no related specific allowances recorded at December 31, 2021 and September 30, 2021.

#### Financial Instruments Not Measured at Fair Value

The following presents the carrying amounts and estimated fair values of the Company's financial instruments not carried at fair value at December 31, 2021 and September 30, 2021:

(In thousands)	December 31, 2021				
	Carrying Amount	Fair Value Measurements Using:			Total Fair Value
		Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
<b>Financial assets:</b>

## 9. LOSS CONTINGENCIES

Loss contingencies, including claims and legal actions arising in the ordinary course of business, are recorded as liabilities when the likelihood of a loss is probable and an amount or range of loss can be reasonably estimated. The Company's management does not believe there now are such matters that will have a material effect on the financial statements.

## 10. BORROWINGS

### *Federal Home Loan Bank ("FHLB") Advances*

At December 31, 2021 and September 30, 2021, FHLB advances outstanding were \$47.9 million and \$42.0 million, respectively. The advances were all at fixed rates ranging from 0.34% to 2.96% and from 0.37% to 2.96%, respectively, and with maturities ranging from January 2022 to August 2025 and from October 2021 to August 2025, respectively, at December 31, 2021 and September 30, 2021.

Each advance is payable at its maturity date, with a prepayment penalty for fixed rate advances. The advances were collateralized by \$488.5 million and \$432.7 million of residential and commercial mortgage loans under a blanket lien arrangement at December 31, 2021 and September 30, 2021, respectively. Based on this collateral and the Company's holdings of FHLB stock, the Company was eligible to borrow up to an additional total of \$26.7 million at December 31, 2021.

The following table sets forth the contractual maturities and weighted average interest rates of the Company's fixed rate FHLB advances (in thousands):

Contractual Maturity	Balance at December 31, 2021	
	Amount	Weighted Average Rate
2022	\$10,000	0.34%
2023	11,995	2.23%
2024	18,860	0.98%
2025	7,080	0.58%
Total	<u>\$47,935</u>	<u>1.10%</u>

Contractual Maturity	Balance at September 30, 2021	
	Amount	Weighted Average Rate
2022	\$ 4,000	2.02%
2023	12,040	2.23%
2024	18,860	0.98%
2025	7,080	0.58%
Total	<u>\$41,980</u>	<u>1.37%</u>

#### Federal Reserve Borrowings

At December 31, 2021 and September 30, 2021, the Company's borrowings from the Federal Reserve's Paycheck Protection Liquidity Facility ("PPPLF") were \$65.3 million and \$117.7 million, respectively. The borrowings have a rate of 0.35% and the maturity date will equal the maturity date of the underlying PPP loan pledged to secure the extension of credit. The maturity date of a PPP loan is either two or five years from origination date. The Company utilized the PPPLF to fund PPP loan production. The borrowings are fully secured by pledged PPP loans as of December 31, 2021 and September 30, 2021.

#### Correspondent Bank Borrowings

At December 31, 2021, approximately \$55 million in unsecured lines of credit extended by correspondent banks were available to be utilized for short-term funding purposes. No borrowings were outstanding under lines of credit with correspondent banks at December 31, 2021 and September 30, 2021.

### 11. SUBORDINATED DEBENTURES

In October 2020, the Company completed the private placement of \$25.0 million in aggregate principal amount of fixed-to-floating rate subordinated notes due 2030 (the "Notes") to certain qualified institutional buyers and accredited investors. The Notes will initially bear interest, payable semi-annually, at the rate of 5.00% per annum, until October 15, 2025. From and including October 15, 2025, the interest rate applicable to the outstanding principal amount due will reset quarterly to the then current three-month secured overnight financing rate ("SOFR") plus 487.4 basis points. The Company may, at its option, beginning with the interest payment date of October 15, 2025 but not generally prior thereto, and on any scheduled interest payment date thereafter, redeem the Notes, in whole or in part, subject to the receipt of any required regulatory approval. The Notes are not subject to redemption at the option of the holder. These subordinated notes are included as a component of the Bank's Tier 1 capital for regulatory reporting.

At December 31, 2021 and September 30, 2021, the unamortized issuance costs of the Notes were \$0.5 million and \$0.5 million, respectively. For the three months ended December 31, 2021 and 2020, \$21 thousand and \$13 thousand, respectively, in issuance costs were recorded in interest expense. The Notes are presented net of unamortized issuance costs in the Company's Consolidated Statements of Financial Condition.

### 12. ACCUMULATED OTHER COMPREHENSIVE INCOME

The following table presents changes in accumulated other comprehensive income by component, net of tax, for the three months ended December 31, 2021 and 2020:

(in thousands)	Unrealized Gains and Losses on Available-for-Sale Debt	
	Securities	Total
Balance at October 1, 2021	\$256	\$256
Other comprehensive income	54	54
Balance at December 31, 2021	<u>\$310</u>	<u>\$310</u>
Balance at October 1, 2020	\$156	\$156
Other comprehensive income	167	167
Balance at December 31, 2020	<u>\$323</u>	<u>\$323</u>

There were no significant amounts reclassified out of accumulated other comprehensive income for the three months ended December 31, 2021 and 2020.

**Financial Statements and Supplementary Data**

Crowe LLP  
Independent Member Crowe Global

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Shareholders and the Board of Directors of Hanover Bancorp, Inc.  
Mineola, New York

**Opinion on the Financial Statements**

We have audited the accompanying consolidated statements of financial condition of Hanover Bancorp Inc. and Subsidiary (the "Company") as of September 30, 2021 and 2020, the related consolidated statements of income, comprehensive income, changes in stockholders' equity, and cash flows for the years then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of September 30, 2021 and 2020, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of their internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

**HANOVER BANCORP, INC. AND SUBSIDIARY**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2021 and 2020**

**Note 1. Summary of Significant Accounting Policies**

***Nature of Operations***

Hanover Bancorp, Inc. (the “Company”) is a New York corporation which became the holding company for Hanover Community Bank (the “Bank”) in 2016. The Bank, headquartered in Mineola, New York, is a New York State chartered bank. The Bank commenced operations on November 4, 2008 and is a full-service bank providing personal and business lending and deposit services. As a New York State chartered, non-Federal Reserve member bank, the Bank is subject to regulation by the New York State Department of Financial Services (“DFS”) and the Federal Deposit Insurance Corporation. The Company is subject to regulation and examination by the Board of Governors of the FRB.

***Basis of Presentation***

The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary. All significant intercompany accounts and transactions have been eliminated in consolidation.

Certain prior period amounts have been reclassified to conform to the current year’s presentation. These reclassifications had an immaterial effect on the Company’s consolidated financial statements.

***Use of Estimates***

In preparing the consolidated financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the balance sheet and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

***Risks and Uncertainties***

In March 2020, the World Health Organization declared the outbreak of COVID-19 a global pandemic. The COVID-19 pandemic has adversely affected, local, national and global economic activity. Various actions taken to help mitigate the spread of COVID-19 included restrictions on travel, quarantines and government mandated closures of various businesses. The outbreak caused significant disruptions to the economy and disrupted banking and other financial activity in the areas in which the Company operates.

The CARES Act was enacted in March 2020 to, among other things, provide emergency assistance to individuals, families and businesses affected by the COVID-19 pandemic. The effects of the COVID-19 pandemic may materially and adversely affect the Company’s financial condition and results of operations in future periods, and it is unknown what the complete financial impact will be to the Company. The extent of such impact will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the coronavirus, the new “waves” of COVID-19 infections and the distribution of vaccines and vaccination rates, among others. It is possible that estimates made in the financial statements could be materially and adversely impacted due to these conditions.

***Significant Group Concentrations of Credit Risk***

Most of the Company’s activities are with customers located in Nassau, Queens and Kings Counties and surrounding areas of New York State. Note 4 discusses the types of lending that the Company engages in. Although the Company has a diversified loan portfolio, its debtors’ ability to honor their contracts is influenced by the region’s economy. The Company does not have any significant concentrations to any one industry or customer.

***Business Combinations***

The Company accounts for its business combinations using the acquisition method of accounting. This method requires the use of fair values in determining the carrying values of the purchased assets and assumed liabilities, which are recorded at fair value at acquisition date, and identifiable intangible assets are recorded at fair value. Costs directly related to the business combinations are recorded as expenses as they are incurred. Fair values are subject to adjustment for up to one year after the closing date of an acquisition as additional information relative to closing date fair values become available.

***Cash and Cash Equivalents***

For purposes of reporting consolidated cash flows, cash and due from banks includes cash on hand, cash items in process of collection and amounts due from banks. Cash and cash equivalents also include interest-bearing deposits in banks and federal funds sold. Interest-bearing deposits in other financial institutions mature within 90 days and are carried at cost.

***Restrictions on Cash***

Cash on hand or on deposit with the Federal Reserve Bank was required to meet regulatory reserve and clearing requirements.

***Investment Securities***

Investment securities are classified as held-to-maturity or available-for-sale at the time of purchase. Investment securities classified as held-to-maturity, which management has the positive intent and ability to hold to maturity, are reported at amortized cost. Investment securities classified as available for sale, which management has the intent and ability to hold for an indefinite period of time, but not necessarily to maturity, are carried at fair value, with unrealized gains and losses, net of related deferred income taxes, included in stockholders' equity as a separate component of other comprehensive income. Any decision to sell investment securities available for sale would be based on various factors, including, but not limited to, asset / liability management strategies, changes in interest rates or prepayment risks, liquidity needs, or regulatory capital considerations.

Premiums are amortized and discounts accreted using the interest method over the remaining terms of the related securities. Dividend and interest income are recognized when earned. Sales of investment securities are recorded at trade date, with realized gains and losses on sales determined using the specific identification method and included in non-interest income.

The Company evaluates securities for other-than-temporary impairment ("OTTI") on at least a quarterly basis, and more frequently when economic or market conditions warrant such an evaluation. For securities in an unrealized loss position, the Company considers the extent and duration of the unrealized loss, and the financial condition and near-term prospects of the issuer. The Company also assesses whether it intends to sell, or it is more likely than not that it will be required to sell, a security in an unrealized loss position before recovery of its amortized cost basis. If either of the criteria regarding intent or requirement to sell is met, the entire difference between amortized cost and fair value is recognized as impairment through earnings. For debt securities that do not meet the aforementioned criteria, the amount of impairment is split into two components as follows: 1) OTTI related to credit loss, which must be recognized in the income statement and 2) OTTI related to other factors, which is recognized in other comprehensive income. The credit loss is defined as the difference between the present value of the cash flows expected to be collected and the amortized cost basis.

***Federal Home Loan Bank Stock***

As a member of the FHLB of New York, the Company is required to maintain an investment in the stock of the FHLB based upon the amount of outstanding FHLB borrowings. This stock does not have a readily determinable fair value and is carried at cost.

***Loans Held for Sale***

Loans held for sale are carried at the lower of cost or estimated fair value in the aggregate as determined by outstanding commitments from investors. Gains or losses on loan sales are recognized at the time of sale and are determined by the difference between net sales proceeds and the principal balance of the loans sold, adjusted for net deferred loan fees or costs. Loan origination and commitment fees, net of certain direct loan origination costs, are deferred as an adjustment to the carrying value of the loan until it is sold.

***Loans and Loan Interest Income Recognition***

Loans that management has the intent and ability to hold for the foreseeable future or until maturity or payoff, are reported at the principal balance outstanding, net of purchase premiums and discounts, deferred loan fees and costs, and an allowance for loan losses. The loan portfolio is segmented into residential real estate, commercial real estate, multifamily, commercial and industrial, construction, and consumer loans.

Interest income on loans is accrued and credited to income as earned. Net loan origination fees and costs are deferred and accreted/amortized to interest income over the loan's contractual life using the level-yield method, adjusted for actual prepayments.

Acquired loans are recorded at their fair value at the acquisition date. Credit discounts are included in the determination of fair value; therefore, an allowance for loan losses is not recorded at the acquisition date.

Acquired loans are evaluated upon acquisition and classified as either purchased credit impaired or purchased non-impaired. Purchased credit impaired loans reflect credit deterioration since origination such that it is probable at acquisition that the Company will be unable to collect all contractually required payments. For purchased credit impaired loans, expected cash flows at the acquisition date in excess of the fair value of loans are recorded as interest income over the remaining life of the loans (accretable yield) using a level yield method if the timing and amount of the future cash flows is reasonably estimable. The excess of the loan's contractual principal and interest over expected cash flows is not recorded (nonaccretable difference).

Subsequent to the acquisition date, increases in cash flows over those expected at the acquisition date are recognized prospectively as interest income. Decreases in expected cash flows after the acquisition date are recognized immediately through the provision for loan losses. For purchased non-impaired loans, the difference between the fair value and unpaid principal balance of the loan at the acquisition date is amortized or accreted to interest income over the economic life of the loans using a method that approximates the interest method.

***Lending Risk***

The principal business of the Bank is lending in one-to-four family residential mortgage loans, commercial real estate mortgage loans, multi-family mortgage loans, commercial and industrial loans and consumer loans. The Bank considers its primary lending area to be Nassau County and the New York City boroughs. A substantial portion of the Bank's loans is secured by real estate in these areas. Accordingly, the ultimate collectability of the loan portfolio is susceptible to changes in market and economic conditions in this region.

One-to-four family residential mortgage loans involve certain risks such as interest rate risk and risk of nonpayment. Adjustable-rate loans decrease the interest rate risk to the Company that is associated with changes in interest rates but involve other risks, primarily because as interest rates rise, the payment by the borrower rises to the extent permitted by the terms of the loan, thereby increasing the potential for default. At the same time, the marketability of the underlying property may be adversely affected by higher interest rates. Repayment risk can be affected by the overall health of the economy, including unemployment rates and housing prices.

Commercial real estate lending entails significant additional risks as compared with single-family residential property lending. Such loans typically involve large loan balances to single borrowers or groups

of related borrowers. Loans in this classification include income producing investment properties and owner-occupied real estate used for business purposes. The underlying properties are located largely in the Bank's primary market area. The cash flows of the income producing investment properties could be adversely impacted by a downturn in the economy as evidenced by increased vacancy rates, which in turn, could have an effect on credit quality. In the case of owner-occupied real estate used for business purposes, a weakened economy and resultant decreased consumer and/or business spending could have an adverse effect on credit quality.

Multifamily lending entails additional risks as compared with single-family residential property lending, but less when compared to commercial real estate lending. Loans in this classification include income producing residential investment properties of five or more families. Loans are made to established owners with a proven and demonstrable record of strong performance. Loans are secured by a first mortgage lien on the subject property. Repayment is derived generally from the rental income generated from the property and may be supplemented by the owners' personal cash flow. Credit risk arises with changes in economic conditions that could cause an increase in vacancy rates.

Commercial and industrial lending is generally considered higher risk due to the concentration of principal in a limited number of loans and borrowers and the effects of general economic conditions on the business. Generally, these loans are primarily secured by inventories and other assets of the business and repayment is expected from the cash flows of the business. A weakened economy, and resultant decreased consumer and/or business spending, will have an effect on the credit quality in this loan class.

The Company's construction loan portfolio covers the development of commercial properties. Construction loans involve the disbursement of funds during construction with repayment substantially dependent on the success of the ultimate project. These loans are closely monitored by on-site inspections and are considered to have higher risks than other real estate loans because their ultimate repayment depends on the satisfactory completion of construction and is sensitive to interest rate changes, governmental regulation of real property, general economic conditions and the availability of long-term financing. Repayment is dependent on completion of the project and the subsequent financing of the completed project as a commercial real estate loan, and in some instances on the rent or sale of the underlying project.

Consumer loans generally have shorter terms and higher interest rates than other lending but generally involve more credit risk because of the type and nature of the collateral and, in certain cases, the absence of collateral. Repayment is dependent on the credit quality of the individual borrower and, if applicable, sale of the collateral securing the loan. Therefore, the overall health of the economy, including unemployment rates and housing prices, will have an effect on the credit quality in this loan class.

#### ***Allowance for Loan Losses***

A loan is considered past due when it is not paid in accordance with its contractual terms. The accrual of income on loans, including impaired loans, and other loans in the process of foreclosure, is generally discontinued when a loan becomes 90 days or more delinquent, or when certain factors indicate that the ultimate collection of principal and interest is in doubt. Loans on which the accrual of income has been discontinued are designated as non-accrual loans. All previously accrued interest is reversed against interest income, and income is recognized subsequently only in the period that cash is received, provided no principal payments are due and the remaining principal balance outstanding is deemed collectible. Loans are returned to accrual status when all the principal and interest amounts contractually due are brought current and future payments are reasonably assured.

The Company defines an impaired loan as a loan for which it is probable, based on current information, that the Company will not collect all amounts due in accordance with the contractual terms of the loan agreement. The Company has defined the population of impaired loans to be all non-accrual loans, loans risk rated 9 (Doubtful) or 10 (Loss), and all loans subject to a troubled debt restructuring ("TDR"). Impaired loans are individually assessed to determine that the loan's carrying value is not in excess of the expected future cash flows, discounted at the loan's original effective interest rate, or the underlying collateral (less estimated costs to sell) if the loan is collateral dependent. Impairments are recognized through a charge to the allowance for loan losses for the amount that the loan's carrying value exceeds the discounted cash flow analysis or estimated fair value of collateral (less estimated costs to sell) if the loan is collateral dependent.

The allowance for loan losses is increased by the provision for loan losses charged against income and is decreased by charge-offs, net of recoveries. Loan losses are recognized in the period the loans, or portion thereof, are deemed uncollectible. Generally, the Company will record a loan charge-off (including a partial charge-off) to reduce a loan to the estimated fair value of the underlying collateral, less costs to sell, if it is determined that it is probable that recovery will come primarily from the sale of such collateral. The provision for loan losses is based on management's evaluation of the adequacy of the allowance which considers, among other things, impaired loans, past loan loss experience, known and inherent risks in the portfolio, existing adverse situations that may affect the borrower's ability to repay, and estimated fair value of any underlying collateral securing loans. Additionally, management evaluates changes, if any, in underwriting standards, collection, charge-off and recovery practices, the nature or volume of the portfolio, lending staff, concentration of loans, as well as current economic conditions, and other relevant factors. Management believes the allowance for loan losses is adequate to provide for probable and reasonably estimable losses at the statement of condition date.

The allowance for loan losses consists of the following components:

- 1) Specific allowances are established for impaired loans, generally defined by the Company to be all nonaccrual loans, loans risk rated 8 (Substandard), 9 (Doubtful) or 10 (Loss), and all loans subject to a TDR. The amount of impairment provided for as an allowance is represented by the deficiency, if any, between the present value of expected future cash flows discounted at the original loan's effective interest rate or the underlying collateral value (less estimated costs to sell) if the loan is collateral dependent, and the carrying value of the loan. Impaired loans that have no impairment losses are not considered for general valuation allowances described below.
- 2) General allowances are established for loan losses on a portfolio basis for loans that do not meet the definition of impaired. The portfolio is grouped into similar risk characteristics, primarily by loan segment and internal credit risk ratings. Historical loss experience is applied to each loan group using a three-year lookback period. The loss experience is adjusted, as appropriate, for the environmental factors discussed below. This evaluation is inherently subjective, as it requires material estimates that may be susceptible to significant revisions based upon changes in economic and market conditions. Actual loan losses may be significantly more than the allowance for loan losses we have established, which could have a material negative effect on the Company's financial results.

In underwriting a loan secured by real property, the Company requires an appraisal (or an automated valuation model) of the property by an independent licensed appraiser approved by the Company's Board of Directors. The appraisal is subject to review by an independent third party hired by the Company. Management reviews and inspects properties before disbursement of funds during the term of a construction loan. Generally, management obtains updated appraisals when a loan is deemed impaired. These appraisals may be more limited than those prepared for the underwriting of a new loan. In addition, when the Company acquires other real estate owned, it generally obtains a current appraisal to substantiate the net carrying value of the asset at the time of foreclosure.

As noted above, the adjustments to the Company's loss experience is based on management's evaluation of several environmental factors, including:

- changes in local, regional, national, and international economic and business conditions and developments that affect the collectability of the loan portfolio, including the condition of various market segments;
- changes in the nature and volume of the Company's portfolio and in the terms of the Company's loans;
- changes in the experience, ability, and depth of lending management and other relevant staff;
- changes in the volume and severity of past due loans, the volume of nonaccrual loans, and the volume and severity of adversely classified or graded loans;
- changes in the quality of the Company's loan review system;
- changes in lending policies, procedures and strategies;

- changes in the value of underlying collateral for collateral-dependent loans;
- the existence and effect of any concentrations of credit, and changes in the level of such concentrations; and
- the effect of other external factors such as competition and legal and regulatory requirements on the level of estimated credit losses in the Company's existing portfolio.

While management uses available information to recognize probable and reasonably estimable losses on loans, future additions to the allowance may be necessary based upon changes in economic, market or other conditions. Changes in estimates could result in a material change in the allowance. In addition, various regulatory agencies, as an integral part of their examination process, periodically review the Company's allowance for loan losses. Such agencies may require the Company to recognize additions to the allowance based on their judgments about information available to them at the time of their examination.

A loan modification is deemed a TDR when two conditions are met: 1) the borrower is experiencing financial difficulty; and 2) a concession is made by the Company that would not otherwise be considered for a borrower or collateral with similar credit risk characteristics. Once an obligation has been restructured, it continues to be considered restructured until paid in full or otherwise settled, sold or charged off. The Company records an impairment charge equal to the difference between the present value of estimated future cash flows under the restructured terms discounted at the original loan's effective interest rate, or the underlying collateral value less costs to sell, if the loan is collateral dependent.

The allowance for loan and lease losses related to purchased credit impaired loans is based on an analysis that is performed each period to estimate the expected cash flows for each of the loan pools. To the extent that the expected cash flows of a loan pool have decreased since the acquisition date, the Company establishes an allowance for loan losses.

#### ***Loan Modifications Under the CARES Act***

On March 27, 2020, the President of the United States signed the CARES Act, which provides entities with optional temporary relief from certain accounting and financial reporting requirements under GAAP.

The CARES Act allows financial institutions to suspend application of certain current TDR accounting guidance under ASC 310-40 for loan modifications related to the COVID-19 pandemic made between March 1, 2020 and the earlier of December 31, 2020 or 60 days after the end of the COVID-19 national emergency, provided certain criteria are met. This relief can be applied to loan modifications for borrowers that were not more than 30 days past due as of December 31, 2019 and to loan modifications that defer or delay the payment of principal or interest or change the interest rate on the loan. In April 2020, federal and state banking regulators issued the Interagency Statement on Loan Modifications and Reporting for Financial Institutions Working with Customers Affected by the Coronavirus to provide further interpretation of when a borrower is experiencing financial difficulty, specifically indicating that if the modification is either short-term (e.g., six months) or mandated by a federal or state government in response to the COVID-19 pandemic, the borrower is not experiencing financial difficulty under ASC 310-40. The Company continues to prudently work with borrowers negatively impacted by the COVID-19 pandemic while managing credit risks and recognizing an appropriate allowance for loan and lease losses on its loan portfolio. The Company approved total loan modifications under the CARES Act of \$220.4 million, of which \$19.5 million remain as of September 30, 2021.

Another key program under the CARES Act is the PPP administered by the SBA which provided funding to qualifying businesses and organizations. Under this program, we have originated approximately \$366.1 million in principal amount of PPP loans to local borrowers. As of September 30, 2021, borrowers had applied for and received forgiveness on \$225.4 million in PPP loans. These loans are fully guaranteed by the SBA and provide for full forgiveness of the loans during a specified forgiveness period that meet specific guidelines provided by the SBA. Loans that do not meet the forgiveness criteria will enter a repayment period of two or five years.

#### ***Mortgage Servicing Rights***

The Company originates and sells mortgage loans in the secondary market and may retain the servicing of these loans. When mortgage loans are sold with servicing retained, servicing rights are initially

recorded at fair value with the income statement effect recorded in gains on sale of loans. Fair value is based on market prices for comparable mortgage servicing contracts, when available, or alternatively, is based on a valuation model that calculates the present value of estimated future net servicing income. In addition, upon the acquisition of Savoy the Company retains the servicing of the guaranteed portion of SBA loans that are sold in the secondary market.

Under the fair value measurement method, the Company measures servicing rights at fair value at each reporting date and reports changes in fair value of servicing assets in earnings in the period in which the changes occur and are included as a component of non-interest expense on the consolidated income statement. The fair value of servicing rights is subject to significant fluctuations as a result of changes in estimated and actual prepayment speeds and default rates and losses.

Fees earned for servicing loans are reported on the statements of income as loan servicing income when the related mortgage loan payments are collected. The amortization of loan servicing rights is netted against loan servicing fee income. Servicing fees totaled \$0.6 million and \$0.1 million for the years ended September 30, 2021 and 2020, respectively. Late fees and ancillary fees related to loan servicing are not material.

#### ***Transfers of Financial Assets***

Transfers of financial assets are accounted for as sales, when control over the assets has been relinquished. Control over transferred assets is deemed to be surrendered when the assets have been isolated from the Company, the transferee obtains the right (free of conditions that constrain it from taking advantage of that right) to pledge or exchange the transferred assets, and the Company does not maintain effective control over the transferred assets through an agreement to repurchase them before their maturity.

#### ***Premises and Equipment***

Premises and equipment are stated at cost less accumulated depreciation and amortization. Land is carried at cost. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the respective assets, which are 39 years for buildings and two to 10 years for furniture, fixtures and equipment. Leasehold improvements are amortized over the terms of the respective leases or the estimated useful lives of the improvements, whichever is shorter. Repairs and maintenance costs are recorded as a component of non-interest expense as incurred.

#### ***Goodwill and Other Intangible Assets***

Goodwill arises from business combinations and is generally determined as the excess of the fair value of the consideration transferred over the fair value of the net assets acquired and liabilities assumed as of the acquisition date. Goodwill and intangible assets acquired in a purchase business combination and determined to have an indefinite useful life are not amortized but tested for impairment at least annually or more frequently if events and circumstances exist that indicate that a goodwill impairment test should be performed. The Company has selected August 31 as the date to perform the annual impairment test. Intangible assets with definite useful lives are amortized over their estimated useful lives to their estimated residual values. Goodwill is the only intangible asset with an indefinite life on the balance sheet.

Other intangible assets with definite useful lives are amortized over their estimated useful lives to their estimated residual values. Core deposit intangible assets are amortized on an accelerated method over their estimated useful life of 10 years.

#### ***Debt Issuance Costs***

The costs attributable to issuing a debt instrument are reported on the Consolidated Balance Sheet as a deduction from the face amount of the note and amortized as interest expense over the term of the note.

#### ***Earnings Per Share***

Basic earnings per common share is computed using the weighted average number of common shares outstanding during the reporting period. Diluted earnings per common share is the amount of earnings

available to each share of common stock during the reporting period adjusted to include the effect of potentially dilutive common shares. Potentially dilutive common shares are excluded from the computation of dilutive earnings per share in the periods in which the effect would be anti-dilutive.

### ***Comprehensive Income***

Comprehensive income consists of net income and other comprehensive income (loss). Other comprehensive income (loss) includes unrealized gains and losses on securities available for sale which are also recognized as separate components of stockholders' equity.

### ***Income Taxes***

Income tax expense is comprised of two components, current and deferred. The current component reflects taxes payable or refundable for a current period based on applicable tax laws, and the deferred component represents the tax effects of temporary differences between amounts recognized for financial accounting and tax purposes. Deferred tax assets and liabilities reflect the tax effects of such differences that are anticipated to result in taxable or deductible amounts in the future, when the temporary differences reverse. Deferred tax assets are recognized if it is more likely than not they will be realized, and may be reduced by a valuation allowance if it is more likely than not that all or some portion will not be realized.

Tax positions that are uncertain but meet a more likely than not recognition threshold are initially and subsequently measured as the largest amount of tax benefit that has a greater than 50% likelihood of being realized upon settlement with a taxing authority that has full knowledge of all relevant information. The determination of whether or not a tax position meets the more likely than not recognition threshold considers the facts, circumstances, and information available at the reporting date and is subject to management's judgment.

The Company recognizes interest expense and penalties on uncertain tax positions as a component of income tax expense and recognizes interest income on refundable income taxes as a component of other non-interest income.

### ***Fair Value Measurements***

The Company measures certain assets and liabilities on a fair value basis, in accordance with Accounting Standards Codification (ASC) Topic 820, "*Fair Value Measurement*." Fair values of financial instruments are estimated using relevant market information and other assumptions, as more fully disclosed in Note 15. Fair value estimates involve uncertainties and matters of significant judgment regarding interest rates, credit risk, prepayments, and other factors, especially in the absence of broad markets for particular items. Changes in assumptions or in market conditions could significantly affect these estimates.

### ***Revenue From Contracts With Customers***

Revenue from contracts with customers generally comprises deposit service fees, which are included as a component of other non-interest income in the accompanying Consolidated Statements of Income. The Company identifies the performance obligations included in the contracts with customers, determines the transaction price, allocates the transaction price to the performance obligations, as applicable, and recognizes revenue when performance obligations are satisfied, which is generally at the point services are performed for the customer.

### ***Operating Segments***

While management monitors the revenue streams of the Company's various products and services, the identifiable segments are not material and operations are managed and financial performance is evaluated on a Company-wide basis. Accordingly, all the financial service operations are considered by management to be aggregated in one reportable operating segment.

### ***Stock Compensation Plans***

Compensation cost is recognized for stock options and restricted stock awards issued to employees and directors based upon the fair value of these awards at the date of grant. A Black-Scholes model is utilized to estimate the fair value of stock options.

Compensation cost is recognized over the required service period, generally defined as the vesting period. For awards with graded vesting, compensation cost is recognized on a straight-line basis over the requisite service period for the entire award. The Company's accounting policy is to recognize forfeitures as they occur.

#### ***Supplemental Executive Retirement Plan***

In connection with the previous acquisition of Chinatown Federal Savings Bank ("CFSB"), the assets of the CFSB Supplemental Executive Retirement Plan ("CFSB SERP") are included in the Consolidated Statements of Financial Condition. The CFSB SERP provides benefits to two former executives of CFSB and the assets of the CFSB SERP are held in a Rabbi Trust which was fully funded prior to the acquisition of CFSB by the Company. The Company has no further liability or obligation with respect to the CFSB SERP assets other than record keeping. No ongoing valuation of the assets will be obtained and the amount of plan assets will continue to be equal to the liability reflected on the Consolidated Statement of Financial Condition. The SERP liability is included in other liabilities on the Consolidated Statement of Financial Condition.

#### ***Accounting Standards Issued But Not Yet Effective***

In February 2016, the Financial Accounting Standards Board ("FASB") issued ASU 2016-02, *Leases*. The amendments in this update primarily replace the existing accounting requirements for operating leases for lessees. Lessee accounting requirements for finance leases and lessor accounting requirements for operating leases and sales type and direct financing leases (sales-type and direct financing leases were both previously referred to as capital leases) are largely unchanged. The amendments require the lessee of an operating lease to record a balance sheet gross-up upon lease commencement by recognizing a right-of-use asset and lease liability equal to the present value of the lease payments. The right-of-use asset and lease liability should be derecognized in a manner that effectively yields a straight-line lease expense over the lease term. In addition to the changes to the lessee operating lease accounting requirements, the amendments also change the types of costs that can be capitalized related to a lease agreement for both lessees and lessors. The amendments also require additional disclosures for all lease types for both lessees and lessors. The FASB has subsequently issued additional ASUs intended to clarify guidance, provide implementation support, and provide an additional transition election. The amendments are effective on October 1, 2022, with early adoption permitted. The amendments must be applied on a modified retrospective basis, and we anticipate selecting the transition option that will allow us to record a cumulative adjustment as of the adoption date. We are assessing our current population of lease contracts and upon adoption, our balance sheet will include a right-of-use asset and lease liability for our operating leases where we are the lessee, which primarily include our facilities leases. We do not anticipate the adoption of these amendments will have a material impact to our consolidated financial statements. We plan to adopt these amendments on October 1, 2022 and expect to use the modified retrospective approach as currently required.

In June 2016, the FASB issued ASU 2016-13, *Financial Instruments — Credit Losses (Topic 326), Measurement of Credit Losses on Financial Instruments*. The amendments introduce an impairment model that is based on current expected credit losses, rather than incurred losses, to estimate credit losses on certain types of financial instruments (i.e. loans and held to maturity securities), including certain off-balance sheet financial instruments (i.e. commitments to extend credit and standby letters of credit that are *not* unconditionally cancellable). The CECL should consider historical information, current information, and reasonable and supportable forecasts, including estimates of prepayments, over the contractual term. An entity must use judgment in determining the relevant information and estimation methods that are appropriate in its circumstances. Financial instruments with similar risk characteristics *may* be grouped together when estimating credit losses. The allowance for credit losses for purchased financial assets with a more-than- insignificant amount of credit deterioration since origination that are measured at amortized cost basis is determined in a similar manner to other financial assets measured at amortized cost basis; however, the initial estimate of expected credit loss would be recognized through an allowance for credit losses with an offset (i.e. increase) to the purchase price at acquisition. Only subsequent changes in the allowance for credit losses are recorded as provision for loan losses for these assets. The ASU also amends the current available for sale security impairment model for debt securities whereby credit losses relating to available for sale debt securities should be recorded through an allowance for credit losses. The amendments will be applied

through a modified retrospective approach, resulting in a cumulative-effect adjustment to retained earnings as of the beginning of the first reporting period in which the guidance is effective. As the Company is a smaller-reporting company under SEC regulations, the Company will adopt CECL on October 1, 2023 and the future adoption of this ASU may have a material effect on the Company's consolidated financial statements.

## Note 2. Business Combinations

On May 26, 2021, the Company completed its previously announced acquisition of Savoy Bank pursuant to an Agreement and Plan of Merger (the "Merger Agreement"), dated as of August 27, 2020, as amended, between the Company, the Bank and Savoy. Pursuant to the Merger Agreement, Savoy was merged with and into the Bank, with the Bank surviving, in a two-step transaction (collectively, the "Merger").

The purchase price in the transaction was based upon the tangible book values of each of the Company and Savoy as of April 30, 2021, and calculated in accordance with the terms of the Merger Agreement. At the effective time of the Merger (the "Effective Time"), each share of Savoy common stock, \$1.00 par value ("Savoy Common Stock") was converted into the right to receive (i) \$3.246 in cash and (ii) 0.141 shares of the Company's common stock. The final aggregate purchase price was \$65.5 million, or \$6.49 per Savoy share.

A preliminary summary of the fair value of assets received and liabilities assumed are as follows:

<i>(in thousands)</i>	<u>As Recorded by Savoy</u>	<u>Fair Value Adjustments</u>	<u>As Recorded by Hanover</u>
<b>Assets</b>			
Cash and due from banks	\$ 59,155	\$ —	\$ 59,155
Investment securities available-for-sale	239	—	239
Loans held for sale	3,883	—	3,883
Loans held for investment	569,251	8,612 <sup>(a)</sup>	577,863
Premises and equipment, net	234	(22) <sup>(b)</sup>	212
Core deposit intangible	—	490 <sup>(c)</sup>	490
Accrued interest receivable	5,171	(650) <sup>(d)</sup>	4,521
Other assets	10,432	(2,925) <sup>(e)</sup>	7,507
Total assets acquired	<u>\$ 648,365</u>	<u>\$ 5,505</u>	<u>653,870</u>
<b>Liabilities</b>			
Deposits	\$ 340,215	\$ 2,527 <sup>(f)</sup>	\$ 342,742
Borrowings	258,247	301 <sup>(g)</sup>	258,548
Accrued interest payable	1,050	—	1,050
Other liabilities and accrued expenses	3,817	(342) <sup>(h)</sup>	3,475
Total liabilities assumed	<u>\$ 603,329</u>	<u>\$ 2,486</u>	<u>605,815</u>
Net assets acquired			48,055
Total consideration			65,512
Goodwill			<u>\$ 17,457</u>

- (a) Represents the fair value adjustments on net book value of loans, which includes an interest rate mark and credit mark adjustment, the write-off of deferred fees/costs and premiums and the elimination of Savoy's allowance for loan losses.
- (b) Represents the fair value adjustments to reflect the fair value of premises and equipment.
- (c) Represents the fair value of core deposit intangible recorded, which will be amortized on an accelerated basis over the estimated average life of the deposit base.
- (d) Represents an adjustment to accrued interest receivable acquired.

- (e) Represents an adjustment to other assets acquired. The largest adjustment was the net deferred tax assets resulting from the fair value adjustment related to the acquired assets, liabilities assumed and identifiable intangible assets recorded.
- (f) Represents the fair value adjustments on time deposits, which will be treated as a reduction of interest expense over the remaining term of the time deposits.
- (g) Represents the fair value adjustments on an FHLB borrowing, which will be treated as a reduction to interest expense over the life of the borrowing.
- (h) Represents an adjustment to other liabilities assumed.

A summary of total consideration paid is as follows:

*(in thousands, except shares)*

Common stock issued (1,357,567 shares issued)	\$32,521
Cash payments to common shareholders	<u>32,991</u>
Total consideration paid	<u>\$65,512</u>

With the Savoy acquisition, the Company significantly expanded its commercial banking and SBA lending capabilities. None of the goodwill associated with this acquisition is deductible for income tax purposes. All goodwill related to this acquisition was allocated to the Company's only reporting unit, which is the Company as a whole.

The Company engaged a third-party specialist to develop the fair value estimate of Savoy's loan portfolio as of the acquisition date in accordance with ASC 820. Inputs and assumptions used in the fair value estimate of the loan portfolio, includes interest rate, servicing, credit and liquidity risk, and required equity return. The fair value of loans was calculated using a discounted cash flow analysis based on the remaining maturity and repricing terms. Cash flows were adjusted by estimating future credit losses and the rate of prepayments. Projected monthly cash flows were then discounted to present value using a risk-adjusted market rate for similar loans. There was no carryover of Savoy's allowance for loan losses associated with the loans that were acquired, as the loans were initially recorded at fair value as of the acquisition date.

The core deposit intangible asset recognized is being amortized over its estimated useful life of approximately 10 years and the amortization is based on dollar weighted deposit runoff on an annualized basis.

The fair value of retail demand and interest-bearing deposit accounts was assumed to approximate the carrying value as these accounts have no stated maturity and are payable on demand. The fair value of time deposits was estimated by discounting the contractual future cash flows using market rates offered for time deposits of similar remaining maturities.

Other borrowed funds include borrowings from the FHLB. The fair value of these borrowings was estimated by discounting the contractual future cash flows using FHLB rates offered of similar maturities.

The estimated fair values are subject to refinement for up to one year after the closing date of the acquisition as additional information regarding closing date fair value becomes available. During this one-year period, the causes of any changes in cash flow estimates are considered to determine whether the change results from circumstances that existed at the acquisition date or if the change results from an event that occurred after the acquisition date.

During the fiscal fourth quarter of 2021, the Company revised its initial estimates and assumptions regarding the valuation of acquired deferred tax assets. Because such revision occurred during the first 12 months following the date of acquisition and was not the result of an event that occurred subsequent to the acquisition date, the Company has increased goodwill recorded by \$1.1 million to reflect this change in estimate.

Acquisition costs are expensed as incurred as a component of non-interest expense and primarily include, but are not limited to, severance costs, professional services, data processing fees, and marketing and advertising expenses. The Company incurred total acquisition costs of \$4.4 million during the year ended September 30, 2021.

The Company has determined the above noted acquisition constitutes a business combination as defined by ASC Topic 805, which establishes principles and requirements for how the acquirer of a business recognizes and measures in its financial statements the identifiable assets acquired and the liabilities assumed. The Company has recorded the assets purchased and liabilities assumed at their estimated fair value in accordance with ASC Topic 805.

The following is a summary of the loans accounted for in accordance with ASC 310-30 that were acquired in the Savoy acquisition as of the merger date:

*(in thousands)*

Contractually required principal and interest at acquisition	\$14,416
Contractual cash flows not expected to be collected (non-accretable discount)	(3,467)
Expected cash flows at acquisition	10,949
Interest component of expected cash flows (accretable discount)	(540)
Fair value of acquired purchased credit impaired loans	<u>\$10,409</u>

The following table presents unaudited pro-forma information as if the acquisition of Savoy had occurred on October 1, 2019. This pro-forma information gives effect to certain adjustments, including purchase accounting fair value adjustments, amortization of core deposit and other intangibles and related income tax effects and is based on our historical results for the periods presented. Transaction-related costs related to each acquisition are not reflected in the pro-forma amounts. The pro-forma information does not necessarily reflect the results of operations that would have occurred had the Company acquired Savoy at the beginning of fiscal year 2020. Cost savings are also not reflected in the unaudited pro-forma amounts.

<i>(in thousands, except share and per share data)</i>	Actual from Acquisition Date through September 30, 2021	Pro-Forma for Year Ended September 30,	
		2021	2020
Net interest income	\$ 20,736	\$ 54,841	\$ 48,555
Non-interest income	2,171	10,803	5,785
Net income	7,420	24,173	12,770
Pro-forma earnings per share:			
Basic	\$ 1.33	\$ 4.35	\$ 2.31

Due after five years through ten years	2,000	2,009
Due after ten years	—	—
Residential mortgage-backed securities	2,417	2,491
Commercial mortgage-backed securities	2,694	2,869
Total held-to-maturity	<u>\$ 8,611</u>	<u>\$ 8,865</u>

At September 30, 2021 and 2020, respectively, investment securities with an estimated fair value of approximately \$5.1 million and \$5.6 million were pledged to secure public deposits and for other purposes required or permitted by law.

There were no holdings of securities of any one issuer in an amount greater than 10% of stockholders' equity at September 30, 2021. At September 30, 2020, securities issued by U.S. Government sponsored agencies exceeded 10% of stockholders' equity.

The following table presents a summary of realized gains and losses from the sale of investment securities:

<i>(in thousands)</i>	Year Ended September 30,	
	2021	2020
Proceeds from sales	<u>\$3,240</u>	<u>\$—</u>
Gross realized gains on sales	\$ 240	\$—
Gross realized losses on sales	—	—
Total realized gains, net <sup>(1)</sup>	<u>\$ 240</u>	<u>\$—</u>

(1) Amount does not include associated income tax of \$49 for year ended September 30, 2021

The following tables detail gross unrealized losses and fair values of investment securities aggregated by investment category and length of time that the individual securities have been in a continuous unrealized loss position at September 30, 2021. There were no securities with gross unrealized losses at September 30, 2020.

<i>(in thousands, except number of securities)</i>	Less than Twelve Months		Twelve Months or Longer		Number of Securities	Total

**Note 4. Loans**

The following table sets forth the major classifications of loans:

<i>(in thousands)</i>	<b>September 30,</b>	
	<b>2021</b>	<b>2020</b>
<b>Real estate:</b>		
Residential	\$ 444,011	\$454,073
Multi-family	266,294	136,539
Commercial	348,641	113,615
<b>Total real estate</b>	<b>1,058,946</b>	<b>704,227</b>
Commercial and industrial	172,274	21,100
Construction	15,374	—
Consumer	11	24
	<u>1,246,605</u>	<u>725,351</u>
Deferred loan fees and costs, net	520	(332)
<b>Total loans</b>	<b>1,247,125</b>	<b>725,019</b>
Allowance for loan losses	(8,552)	(7,869)
<b>Net loans</b>	<b><u>\$1,238,573</u></b>	<b><u>\$717,150</u></b>

As of September 30, 2021 and 2020, the Company was servicing approximately \$233.2 million and \$26.8 million, respectively, of loans for others. The Company had no loans held for sale as of September 30, 2021 and 2020. In the years ended September 30, 2021 and 2020, the Company sold approximately \$46.6 million and \$37.0 million, respectively, of loans and recognized gains on the sales of loans of \$1.3 million and \$0.9 million, respectively.

**Purchased Credit Impaired Loans**

The Company has purchased loans, for which there was, at acquisition, evidence of deterioration of credit quality since origination and it was probable, at acquisition, that all contractually required payments would not be collected. The carrying amount for those loans at September 30, 2021 is as follows:

<i>(in thousands)</i>	
Commercial real estate	\$ 8,324
Commercial and industrial	1,917
<b>Total recorded investment</b>	<b><u>\$10,241</u></b>

The Company has not recorded an allowance for loan losses related to these loans at September 30, 2021.

The following table presents a summary of changes in accretable difference on purchased loans accounted for under ASC 310-30:

<i>(in thousands)</i>	<b>Year Ended September 30, 2021</b>
Balance at beginning of period	\$ —
Accretable differences acquired	540
Accretion	(194)
Adjustments to accretable difference due to changes in expected cash flows	—
<b>Ending balance</b>	<b><u>\$ 346</u></b>

The Company continuously monitors the credit quality of its loan receivables. Credit quality is monitored by reviewing certain credit quality indicators. Management has determined that internally

assigned credit risk ratings by loan segment are the key credit quality indicators that best assist management in monitoring the credit quality of the Company's loan receivables.

The Company has adopted a credit risk rating system as part of the risk assessment of its loan portfolio. The Company's lending officers are required to assign a credit risk rating to each loan in their portfolio at origination. When the lender learns of important financial developments, the risk rating is reviewed and adjusted if necessary. In addition, the Company engages a third-party independent loan reviewer that performs quarterly reviews of a sample of loans, validating the credit risk ratings assigned to such loans. The credit risk ratings play an important role in the establishment of the loan loss provision and to confirm the adequacy of the allowance for loan losses.

The Company categorizes loans into risk categories based on relevant information about the ability of borrowers to service their debt such as: current financial information, historical payment experience, credit documentation, public information, and current economic trends, among other factors. The Company analyzes commercial loans individually by classifying the loans as to credit risk. The Company uses the following definitions for risk ratings:

**Special Mention:** The loan has potential weaknesses that deserves management's close attention. If left uncorrected, these potential weaknesses may result in deterioration of repayment prospects for the asset or in the Company's credit position at some future date.

**Substandard:** The loan is inadequately protected by current sound worth and paying capacity of the obligor or collateral pledged, if any. Loans classified as Substandard must have a well-defined weakness or weaknesses that jeopardizes the liquidation of the debt. They are characterized by the distinct possibility that the Company will sustain some loss if the deficiencies are not corrected.

**Doubtful:** The loan has all the weaknesses inherent in one classified substandard with the added characteristic that the weaknesses make collection or liquidation in full, on the basis of currently existing factors, conditions, and values, highly questionable and improbable.

Loans not meeting the criteria above that are analyzed individually as part of the above described process are considered to be "pass" rated loans. Loans listed as "not rated" are homogenous residential and consumer type loans which are evaluated based on payment performance as previously disclosed in the aging of past due loans.

The following tables represent loans categorized by class and internally assigned risk grades.

<i>(in thousands)</i>	September 30, 2021				
	Pass	Special Mention	Substandard	Doubtful	Total
<b>Real Estate:</b>					
Residential	\$ 433,299	\$ 5,115	\$ 5,594	\$ 3	\$ 444,011

Consumer	24	—	—	—	24
<b>Total loans</b>	<b>\$717,136</b>	<b>\$5,889</b>	<b>\$2,326</b>	<b>\$—</b>	<b>\$725,351</b>

### Past Due and Nonaccrual Loans

The following table represents the aging of the recorded investment in past due and non-accrual loans as of September 30, 2021 and 2020 by portfolio segment:

(in thousands)	September 30, 2021							
	30-59 Days Past Due	60-89 Days Past Due	Greater than 89 days Past Due	Non-accrual	Total past due and Non-accrual	Purchased Credit Impaired	Current	Total Loans
<b>Real Estate:</b>								
Residential	\$1,032	\$1,601	\$—	\$5,554 <sup>(1)</sup>	\$ 8,187	\$ —	\$ 435,953	\$ 444,140
Multi-family	—	—	—	458 <sup>(2)</sup>	458	—	266,256	266,714
Commercial	1,939	—	—	1,016 <sup>(3)</sup>	2,955	8,324	337,528	348,807
Commercial and industrial	3,641	—	—	—	3,641	1,917	166,519	172,077
Construction	—	—	—	—	—	—	15,374	15,374
Consumer	—	—	—	—	—	—	13	13
<b>Total loans</b>	<b>\$6,612</b>	<b>\$1,601</b>	<b>\$—</b>	<b>\$7,028</b>	<b>\$15,241</b>	<b>\$10,241</b>	<b>\$1,221,643</b>	<b>\$1,247,125</b>

(1) Of the residential real estate non-accrual loans, \$1,026 were 61 days past due and \$4,528 were greater than 89 days past due.

(2) Multi-family non-accrual loans at September 30, 2021 were greater than 89 days past due.

(3) Commercial real estate non-accrual loans at September 30, 2021 were greater than 89 days past due.

(in thousands)	September 30, 2020							
	30-59 Days Past Due	60-89 Days Past Due	Greater than 89 days Past Due	Non-accrual <sup>(1)</sup>	Total past due and Non-accrual	Purchased Credit Impaired	Current	Total Loans
<b>Real Estate:</b>								
Residential	\$4,507	\$—	\$ —	\$538	\$5,045	\$—	\$448,715	\$453,760
Multi-family	—	—	—	47	47	—	136,690	136,737
Commercial	—	—	296	34	330	—	113,428	113,758
Commercial and industrial	—	—	—	334	334	—	20,404	20,738
Consumer	—	—	—	—	—	—	26	26
<b>Total loans</b>	<b>\$4,507</b>	<b>\$—</b>	<b>\$296</b>	<b>\$953</b>	<b>\$5,756</b>	<b>\$—</b>	<b>\$719,263</b>	<b>\$725,019</b>

(1) Non-accrual loans at September 30, 2020 were greater than 89 days past due.

The following table presents information related to impaired loans by portfolio segment as of and for the years ended September 30, 2021 and 2020:

(in thousands)	September 30, 2021				
	Unpaid Principal Balance	Recorded Investment	Allowance for Loan Losses	Interest Income Recognized	Average Recorded Investment
With no related allowance recorded:					
Real estate:					
Residential	\$7,382	\$7,198	\$—	\$103	\$4,994
Multi-family	382	458	—	7	177
Commercial	522	517	—	3	197
Commercial and industrial	535	500	—	—	173
<b>Total</b>	<b>\$8,821</b>	<b>\$8,673</b>	<b>\$—</b>	<b>\$113</b>	<b>\$5,541</b>

(in thousands)	September 30, 2020				
	Unpaid Principal Balance	Recorded Investment	Allowance for Loan Losses	Interest Income Recognized	Average Recorded Investment
With no related allowance recorded:					
Real Estate:					
Residential	\$2,221	\$2,221	\$—	\$ 87	\$2,237
Multi-family	47	47	—	16	66
Commercial	629	629	—	44	651
Commercial and industrial	634	334	—	—	634
<b>Total</b>	<b>\$3,531</b>	<b>\$3,231</b>	<b>\$—</b>	<b>\$147</b>	<b>\$3,588</b>

Accrual basis income recognized on impaired loans approximates cash basis income. The recorded investment in loans excludes accrued interest receivable due to immateriality. For purposes of this disclosure, the unpaid principal balance is not reduced for partial charge-offs.

#### Troubled Debt Restructurings

A restructuring constitutes a troubled debt restructuring when the restructuring includes a concession by the Bank and the borrower is experiencing financial difficulty. In order to determine whether a borrower is experiencing financial difficulty, an evaluation is performed to determine if that borrower is currently in payment default under any of its obligations or whether there is a probability that the borrower will be in payment default on any of its debt in the foreseeable future without the modification. The Company has six loans that are classified as a troubled debt restructuring at September 30, 2021 and 2020 with a total recorded investment of \$1.6 million and \$1.7 million, respectively.

The Company has not allocated any specific reserves for these loans at September 30, 2021 and 2020. The Company had no commitment to lend additional funds to these debtors at September 30, 2021 and 2020.

There are no troubled debt restructurings for which there was a payment default during 2021 and 2020 for loans that were modified during the twelve-month period prior to default. A loan is considered to be in payment default once it is 90 days contractually past due under the modified terms.

During the years ended September 30, 2021 and 2020, the Company did not record any new troubled debt restructurings.

#### Note 5: Allowance for Loan Losses

The following tables represent the activity in the allowance for loan losses by portfolio segment for the years ended September 30, 2021 and 2020:

Year Ended September 30, 2021							
(in thousands)	Residential Real Estate	Multi- Family	Commercial Real Estate	Commercial and Industrial	Construction	Consumer	Total
<b>Allowance for loan losses:</b>							
Beginning balance	\$5,103	\$1,506	\$1,221	\$38	\$—	\$ 1	\$7,869
Provision for loan losses	(681)	959	693	29	—	—	1,000
Loans charged-off	(267)	(32)	(30)	—	—	—	(329)

2025	7,080	0.58%
Total	<u>\$41,980</u>	<u>1.37%</u>

Contractual Maturity	Balance at September 30, 2020	
	Amount	Weighted Average Rate
2021	\$34,758	1.67%
2022	4,000	2.02%
2023	4,300	1.15%
2024	18,860	0.98%
Thereafter	7,080	0.58%
Total	<u>\$68,998</u>	<u>1.36%</u>

Each advance is payable at its maturity date, with a prepayment penalty for fixed rate advances. The advances were collateralized by \$432.7 million and \$143.7 million of residential and commercial mortgage loans under a blanket lien arrangement at September 30, 2021 and 2020, respectively. Based on this collateral and the Company's holdings of FHLB stock, the Company was eligible to borrow up to an additional total of \$35.9 million at September 30, 2021.

At September 30, 2021 and 2020, the Company's borrowings from the Federal Reserve's Paycheck Protection Liquidity Facility ("PPPLF") were \$117.7 million and \$16.2 million, respectively. The borrowings have a rate of 0.35% and the maturity date will equal the maturity date of the underlying PPP loan pledged to secure the extension of credit. The maturity date of a PPP loan is either two or five years from origination date. The Company utilized the PPPLF to fund PPP loan production. The borrowings are fully pledged by PPP loans as of September 30, 2021 and 2020.

On December 29, 2017, the Company obtained a \$15.0 million loan from another bank. The rate on the loan was fixed at 5.85% for a term of 9 years. The loan was interest only for the first 4 years and then principal and interest for the remaining term using a 10-year amortization schedule with a balloon payment at maturity. The loan was secured by the Bank's stock. The Company recorded an immaterial amount of debt issuance costs as of September 30, 2020. The loan was paid off in October 2020.

In October 2020, the Company completed the private placement of \$25.0 million in aggregate principal amount of fixed-to-floating rate subordinated notes due 2030 (the "Notes") to certain qualified institutional buyers and accredited investors. The Notes will initially bear interest, payable semi-annually, at the rate of 5.00% per annum, until October 15, 2025. From and including October 15, 2025, the interest rate applicable to the outstanding principal amount due will reset quarterly to the then current three-month secured overnight financing rate ("SOFR") plus 487.4 basis points. The Company may, at its option, beginning with the interest payment date of October 15, 2025 but not generally prior thereto, and on any scheduled interest payment date thereafter, redeem the Notes, in whole or in part, subject to the receipt of any required regulatory approval. The Notes are not subject to redemption at the option of the holder. These subordinated notes are included as a component of Tier 1 capital for regulatory reporting.

At September 30, 2021, the unamortized issuance costs of the Notes were \$0.5 million. For the year ended September 30, 2021, \$0.1 million of issuance costs were recorded in interest expense. The Notes are presented net of unamortized issuance costs in the Company's Consolidated Balance Sheet.

#### Note 9. Goodwill and Other Intangible Assets

FASB ASC 350, *Intangibles — Goodwill and Other*, requires a company to perform an impairment test on goodwill annually, or more frequently if events or changes in circumstance indicate that the asset might be impaired, by comparing the fair value of such goodwill to its recorded or carrying amount. If the carrying amount of goodwill exceeds the fair value, an impairment charge must be recorded in an amount equal to the excess.

The following table presents activity for goodwill and other intangible assets, which consist of core deposit intangibles:

<i>(in thousands)</i>	September 30,	
	2021	2020
Goodwill at beginning of period	\$ 1,901	\$1,482
Acquisition	17,457	—
Measurement period adjustment for previous acquisition	(190)	419
Goodwill at end of period	<u>\$19,168</u>	<u>\$1,901</u>
Other intangible assets at beginning of period	\$ 22	\$ 27
Acquisition	490	—
Amortization	(32)	(5)
Other intangible assets at end of period	<u>\$ 480</u>	<u>\$ 22</u>

The Company has identified one reporting units for purposes of testing goodwill for impairment, which is the Company as a whole.

Impairment exists when a reporting unit's carrying value of goodwill exceeds its fair value. At August 31, 2021, the Company's reporting unit had positive equity and the Company elected to perform a qualitative assessment to determine if it was more likely than not that the fair value of the reporting unit exceeded its carrying value, including goodwill. The qualitative assessment indicated that it was more likely than not that the fair value of the reporting unit exceeded its carrying value, resulting in no impairment.

The following table presents the gross carrying amount and accumulated amortization for the Company's other intangible assets, which consists of core deposit intangibles:

<i>(in thousands)</i>	September 30,	
	2021	2020
Gross carrying amount	\$517	\$27
Accumulated amortization	(37)	(5)
Net book value	<u>\$480</u>	<u>\$22</u>

At September 30, 2021, the weighted-average remaining life of the Company's other intangible assets was 4.37 years.

The following table presents estimated future amortization expense for other intangible assets:

<i>(in thousands)</i>	
2022	\$ 81
2023	72
2024	63
2025	55
2026	49
Thereafter	160
Total	<u>\$480</u>

**Note 10. Income Taxes**

The following table details the components of income tax expense:

<i>(in thousands)</i>	Year Ended September 30,	
	2021	2020
<b>Current:</b>		
Federal	\$2,594	\$ 1,303
State	242	116
Total current	2,836	1,419
<b>Deferred:</b>		
Federal	394	91
State	(383)	(1,200)
Total deferred	11	(1,109)
Change in valuation allowance	354	930
Total income tax expense	<u>\$3,201</u>	<u>\$ 1,240</u>

The following table reflects a reconciliation of reported income tax expense to the amount that would result from applying the federal statutory rate of 21%:

<i>(in thousands)</i>	Year Ended September 30,			
	2021		2020	
	Amount	Percentage of Pre-tax Earnings	Amount	Percentage of Pre-tax Earnings
Federal income tax expense computed by applying the statutory rate to income before income taxes	\$2,951	21.0%	1,305	21.0%
State taxes, net of federal benefit	48	0.3%	(646)	-10.4%
Non-deductible transaction costs	204	1.5%	43	0.7%
Other	(356)	-2.5%	(392)	-6.3%
Valuation allowance	354	2.5%	930	15.0%
Income tax expense	<u>\$3,201</u>	<u>22.8%</u>	<u>\$1,240</u>	<u>20.0%</u>

The following table summarizes the composition of deferred tax assets and liabilities:

<i>(in thousands)</i>	September 30,	
	2021	2020
<b>Deferred tax assets:</b>		
Allowance for loan losses	\$ 2,602	\$ 2,468
Organizational costs	76	46
Start-up and other costs	77	115
Net operating loss carryforwards	2,443	1,887
Accrued SERP	1,288	1,462
Purchase accounting fair value adjustments	2,034	—
Other assets	1,984	1,134
Total deferred tax assets	<u>10,504</u>	<u>7,112</u>
<b>Deferred tax liabilities:</b>		
Depreciation	(771)	(734)
Deferred loan fees/costs	(883)	(651)

<i>(in thousands)</i>	September 30,	
	2021	2020
Purchase accounting fair value adjustments	—	(670)
Tax bad debt reserve	(204)	(124)
Mortgage servicing rights	(1,122)	(49)
Unrealized gain on securities AFS	(70)	(41)
Total deferred tax liabilities	(3,050)	(2,269)
Total	7,454	4,843
Valuation allowance	(3,896)	(2,765)
Net deferred tax asset	\$ 3,558	\$ 2,078

The Company does not have net operating loss carryforwards available for federal income tax purposes as of September 30, 2021. The Company has net operating loss carryforwards available for state income tax purposes of approximately \$29.7 million. For state purposes, \$12.4 million expires in 2025 and the remaining \$17.3 million will begin to expire in 2026. The Company has net operating loss carryforwards available for city income tax purposes of approximately \$9.8 million, of which \$1.5 million expires in 2025 and the remaining balance of \$8.3 million will begin to expire in 2027.

ASC 740, *Income Taxes*, provides for the recognition of deferred tax assets if realization of such assets is more likely than not. The Company has recorded a federal deferred tax asset as, based upon an analysis of the evidence, it is more likely than not that such federal deferred tax asset will be recoverable. The federal deferred tax asset is included in other assets on the balance sheet. In March of 2014, New York State adopted legislation that benefited small community banks with less than \$8 billion in average assets. Specifically, this legislation provides for a state and city subtraction modification for which the Company qualifies. This subtraction modification causes the Company to consistently generate net operating losses for New York State and New York City purposes and it will continue to do so for the foreseeable future. Accordingly, the Company has recorded a valuation allowance against the New York State and New York City portions of the deferred tax asset, as it is not more likely than not that such deferred tax assets will be recoverable. Management reassesses the need for a valuation allowance on an annual basis, or more frequently if warranted.

The Company and its subsidiaries are subject to U.S. federal income tax as well as income tax of the states of Connecticut, New Jersey and New York and the city of New York. The Company is no longer subject to examination by taxing authorities for years before 2017. A tax position is recognized as a benefit only if it is “more likely than not” that the tax position would be sustained in a tax examination. The Company has no unrecorded tax benefits, and the Company does not expect the total amount of unrecognized income tax benefits to significantly increase in the next twelve months.

#### **Note 11. Equity Compensation Plans**

The Company’s 2021 and 2018 Equity Compensation Plans (“the 2021 Plan” and “the 2018 Plan”, respectively), provide for the grant of stock-based compensation awards to members of management, including employees and management officials, including members of the Board. Under the 2021 Plan, a total of 427,500 shares of the Company’s common stock or equivalents were approved for issuance, of which 427,500 shares remain available for issuance at September 30, 2021. Of the total 346,000 shares of common stock approved for issuance under the 2018 Plan, 195,848 shares remain available for issuance at September 30, 2021. Hanover assumed the 2013 Savoy Bank Stock Option Plan solely in connection with options to purchase Savoy common stock held by the former Chief Executive Officer of Savoy and which, under the terms of the Agreement and Plan of Merger between the Company and Savoy, were converted into options to purchase 71,900 shares of Hanover common stock.

#### Stock Options

Stock options are granted with an exercise price equal to the fair market value of the Company’s common stock at the date of grant, and generally with vesting periods of three years and contractual terms of ten years. All stock options fully vest upon a change in control.

The fair value of stock options is estimated on the date of grant using a closed form option valuation (Black-Scholes) model. Expected volatilities are based on historical volatilities of the common stock of the Company's peers. The Company uses historical data to estimate option exercise and post-vesting termination behavior. Expected terms are based on historical data and represent the periods in which the options are expected to be outstanding. The risk-free interest rate for the expected term of the option is based on the U.S. Treasury yield curve in effect at the time of grant.

A summary of stock option activity follows (aggregate intrinsic value in thousands) :

	Number of Options	Weighted Average Exercise Price	Aggregate Intrinsic Value	Weighted Average Remaining Contractual Term
Outstanding, October 1, 2020	155,506	\$ 11.35	\$1,623	4.66 years
Converted in Savoy acquisition	71,900	5.51		
Exercised	—	—		
Forfeited	—	—		
Outstanding, September 30, 2021 <sup>(1)</sup>	227,406	\$ 9.50	\$2,043	3.51 years

(1) All outstanding options are fully vested and exercisable

In connection with the Savoy Bank acquisition, the Company assumed fully vested legacy Savoy stock options held by the former Chief Executive Officer of Savoy which were converted into options to purchase 71,900 shares of Hanover common stock at a weighted average exercise price of \$5.51 per share and fair value of \$17.65 per share.

The Company recorded an immaterial amount of compensation expense attributable to stock options for the years ended September 30, 2021 and 2020, respectively.

#### Restricted Stock

During the year ended September 30, 2021, restricted stock awards of 22,727 shares were granted with a three-year vesting period and 6,000 shares were granted with a four-year vesting period. Compensation expense is recognized over the vesting period of the awards based on the fair value of the stock at issue date. Since there is no active market for the Company's stock, the fair value of the restricted stock awards was estimated on the date of grant based on the prices of the most recent transactions in the Company's common stock.

A summary of restricted stock activity follows:

	Shares	Weighted Average Grant Date Fair Value
Unvested, October 1, 2020	95,052	\$19.56
Granted	28,727	19.88
Vested	(46,112)	19.16
Forfeited	(1,834)	21.85
Unvested, September 30, 2021	75,833	19.87

Compensation expense attributable to restricted stock was \$0.9 million and \$0.8 million for the years ended September 30, 2021 and 2020, respectively. As of September 30, 2021, there was \$1.1 million of total unrealized compensation cost related to unvested restricted stock, expected to be recognized over a weighted-average term of 1.72 years. The total fair value of shares vested during the years ended September 30, 2021 and 2020 was \$0.9 million and \$0.8 million, respectively.

#### **Note 12. Related Party Transactions**

The Company has had, and may be expected to have in the future, banking transactions in the ordinary course of business with its executive officers, directors, their immediate families and their affiliated companies (commonly referred to as related parties). Loans to related parties during 2021 were as follows:

*(in thousands)*

Beginning balance, October 1, 2020	\$2,577
New loans	—
Repayments	(87)
Ending balance, September 30, 2021	<u>\$2,490</u>

Deposits from principal officers, directors and their affiliates at September 30, 2021 and 2020 were \$20.0 million and \$4.6 million, respectively.

### **Note 13. Commitments and Contingent Liabilities**

#### Loan Commitments and Other Related Activities

Some financial instruments such as loan commitments, credit lines, letters of credit, and overdraft protection are issued to meet customer financing needs. These are agreements to provide credit or to support the credit of others, as long as conditions established in the contract are met, and usually have expiration dates. Commitments may expire without being used. Off-balance-sheet risk of credit loss exists up to the face amount of these instruments, although material losses are not anticipated. The same credit policies are used to make such commitments as are used for loans, including obtaining collateral at exercise of the commitment.

The following represents commitments outstanding:

<i>(in thousands)</i>	<u>September 30,</u>	
	<u>2021</u>	<u>2020</u>
Standby letters of credit	\$ 786	\$ 159
Loan commitments outstanding	81,040	17,405
Unused lines of credit	24,639	11,218
Total	<u>\$106,465</u>	<u>\$28,782</u>

Of the \$81.0 million of loan commitments outstanding at September 30, 2021, \$61.4 million are fixed rate commitments and \$19.7 million are variable rate commitments. Of the \$17.4 million of loan commitments outstanding at September 30, 2020, \$0.4 million are fixed rate commitments and \$17 million are variable rate commitments. All unused lines of credit at September 30, 2021 and 2020 are variable rate commitments.

#### Leases

The Company is obligated to make minimum annual rental payments under non-cancelable operating leases. Projected minimum rentals under the existing leases are as follows:

<i>(in thousands)</i>	<u>Total</u>
2022	\$ 1,886
2023	1,921
2024	1,948
2025	1,951
2026	1,621
Thereafter	4,729
Total	<u>\$14,056</u>

The leases contain renewal options and rent escalation clauses. In addition, the leases provide for additional payments based upon real estate taxes, interest and other charges. Rent expense under operating leases for the years ended September 30, 2021 and 2020 approximated \$1.7 million and \$1.6 million, respectively.

**Note 14. Regulatory Matters**

The Bank is subject to various regulatory capital requirements administered by federal banking agencies. Capital adequacy guidelines and, additionally for banks, prompt corrective action regulations, involve quantitative measures of assets, liabilities, and certain off-balance sheet items calculated under regulatory accounting practices. Capital amounts and classifications are also subject to qualitative judgments by regulators. Failure to meet minimum capital requirements can initiate regulatory action. The net unrealized gain or loss on available for sale securities is not included in computing regulatory capital. Management believes as of September 30, 2021, the Bank meets all capital adequacy requirements to which it is subject.

Prompt corrective action regulations provide five classifications: well capitalized, adequately capitalized, undercapitalized, significantly undercapitalized, and critically undercapitalized, although these terms are not used to represent overall financial condition. If adequately capitalized, regulatory approval is required to accept brokered deposits. If undercapitalized, capital distributions are limited, as is asset growth and expansion, and capital restoration plans are required. At year-end 2021 and 2020, the most recent regulatory notifications categorized the Bank as well capitalized under the regulatory framework for prompt corrective action. There are no conditions or events since that notification that management believes have changed the institution's category.

The following table sets forth the Bank's actual capital amounts and ratios under current regulations:

	September 30, 2021							
	Actual Capital		Minimum Capital Adequacy Requirement		Minimum Capital Adequacy Requirement with Capital Conservation Buffer		Minimum To Be Well Capitalized Under Prompt Corrective Action Provisions	
	Amount	Ratio	Amount	Ratio	Amount	Ratio	Amount	Ratio
<i>(in thousands)</i>								
Total capital to risk-weighted assets	\$132,554	15.59%	\$68,040	8.00%	\$89,303	10.50%	\$85,050	10.00%
Tier 1 capital to risk-weighted assets	123,666	14.54	51,030	6.00	72,293	8.50	68,040	8.00
Common equity tier 1 capital to risk-weighted assets	123,666	14.54	38,273	4.50	59,535	7.00	55,283	6.50
Tier 1 capital to average total assets	123,666	9.45	52,338	4.00	N/A	N/A	65,423	5.00
	September 30, 2020							
	Actual Capital		Minimum Capital Adequacy Requirement		Minimum Capital Adequacy Requirement with Capital Conservation Buffer		Minimum To Be Well Capitalized Under Prompt Corrective Action Provisions	
	Amount	Ratio	Amount	Ratio	Amount	Ratio	Amount	Ratio
<i>(in thousands)</i>								
Total capital to risk-weighted assets	\$95,079	20.57%	\$36,970	8.00%	\$48,523	10.50%	\$46,212	10.00%
Tier 1 capital to risk-weighted assets	89,275	19.32	27,727	6.00	39,281	8.50	36,970	8.00
Common equity tier 1 capital to risk-weighted assets	89,275	19.32	20,796	4.50	32,349	7.00	30,038	6.50
Tier 1 capital to average total assets	89,275	11.22	31,820	4.00	N/A	N/A	39,775	5.00

Due to a FRB policy applicable to bank holding companies with less than \$3.0 billion in consolidated assets, the Company is not subject to any consolidated regulatory capital requirements.

Dividend restrictions — The Company's principal source of funds for dividend payments is dividends received from the Bank. Banking regulations limit the amount of dividends that may be paid without prior approval of regulatory agencies. As of September 30, 2021, \$28.4 million of retained earnings is available to pay dividends.

**Note 15. Fair Value Measurements**

FASB ASC No. 820-10 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is best determined using quoted market prices. However, in many instances, quoted market prices are not available. In such instances, fair values are determined using appropriate valuation techniques. Various assumptions and observable inputs must be relied upon in applying these techniques. Accordingly, categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. As such, the fair value estimates may not be realized in an immediate transfer of the respective asset or liability.

FASB ASC 820-10 also establishes a fair value hierarchy and describes three levels of inputs that may be used to measure fair values: The three levels within the fair value hierarchy are as follows:

- Level 1: Valuation is based upon unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- Level 2: Fair value is calculated using significant inputs other than quoted market prices that are directly or indirectly observable for the asset or liability. The valuation may rely on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability (such as interest rates, rate volatility, prepayment speeds, credit ratings,) or inputs that are derived principally or corroborated by market data, by correlation, or other means.
- Level 3: Inputs for determining the fair value of the respective assets or liabilities are not observable. Level 3 valuations are reliant upon pricing models and techniques that require significant management judgment or estimation.

Fair value estimates are made at a specific point in time, based on relevant market information and information about the financial instrument. These estimates do not reflect any premium or discount that could result from offering for sale at one time the Company's entire holdings of a particular financial instrument. Because no market exists for a significant portion of the Company's financial instruments, fair value estimates are based on judgments regarding future expected loss experience, current economic conditions, risk characteristics of various financial instruments, and other factors. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Fair value estimates are based on existing on- and off-balance-sheet financial instruments without attempting to estimate the value of anticipated future business and the value of assets and liabilities that are not considered financial instruments. In addition, the tax ramifications related to the realization of the unrealized gains and losses can have a significant effect on fair value estimates and have not been considered in the estimates.

**Assets Measured at Fair Value on a Recurring Basis**

The following table summarizes assets measured at fair value on a recurring basis:

<i>(in thousands)</i>	September 30, 2021			
	Fair Value Measurements Using:			
	Carrying Amount	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<b>Financial assets:</b>				
Available-for-sale securities:				
U.S. GSE residential mortgage-backed securities	\$ 833	\$—	\$ 833	\$ —
Corporate bonds	6,914	—	6,914	—
Mortgage servicing rights	3,690	—	—	3,690
<b>Total</b>	<b>\$11,437</b>	<b>\$—</b>	<b>\$7,747</b>	<b>\$3,690</b>
September 30, 2020				
Fair Value Measurements Using:				
<i>(in thousands)</i>	Carrying Amount	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<b>Financial assets:</b>				
Available-for-sale securities:				
U.S. GSE residential mortgage-backed securities	\$ 962	\$—	\$ 962	\$ —
Corporate bonds	5,073	—	5,073	—
Mortgage servicing rights	155	—	—	155
<b>Total</b>	<b>\$6,190</b>	<b>\$—</b>	<b>\$6,035</b>	<b>\$155</b>

The fair value for the securities available-for-sale were obtained from an independent broker based upon matrix pricing, which is a mathematical technique widely used in the industry to value debt securities without relying exclusively on quoted prices for the specific securities but rather by relying on the securities' relationship to other benchmark quoted securities. The Company has determined these are classified as Level 2 inputs within the fair value hierarchy.

The fair value of mortgage servicing rights are based on a valuation model that calculates the present value of estimated future servicing income. The valuation model utilizes interest rate, prepayment speed, and default rate assumptions that market participants would use in estimating future net servicing income. Fair value of loan servicing rights related to residential mortgage loans at September 30, 2021 was determined based on discounted expected future cash flows using discount rates ranging from 12.0% to 14.5%, prepayment speeds ranging from 24.18% to 24.33% and a weighted average life ranging from 1.96 to 3.3 years. Fair value at September 30, 2020 for mortgage servicing rights was determined based on discounted expected future cash flows using discount rates ranging from 12.0% to 14.5%, prepayment speeds ranging from 23.84% to 23.95% and a weighted average life ranging from 2.5 to 3.3 years.

The fair value of loan servicing rights for SBA loans at September 30, 2021 was determined based on discounted expected future cash flows using discount rates ranging from 4.64% to 21.81%, prepayment speeds ranging from 11.87% to 26.26% and a weighted average life ranging from 0.39 to 5.85 years.

The Company has determined these are mostly unobservable inputs and considers then Level 3 inputs within the fair value hierarchy.

The following table presents the changes in mortgage servicing rights for the periods presented:

<i>(in thousands)</i>	Year Ended September 30,	
	2021	2020
<b>Beginning balance</b>	\$ 155	\$ 266
Loan servicing rights obtained from acquisition of Savoy	3,777	—
Additions	10	—
Adjustment to fair value	(252)	(111)
<b>Ending balance</b>	<b>\$3,690</b>	<b>\$ 155</b>

**Assets Measured at Fair Value on a Non-recurring Basis**

There were no assets or liabilities measured at fair value on a non-recurring basis as of September 30, 2021 and 2020 and for the years then ended.

**Disclosures about Fair Value of Financial Instruments**

The following table presents the carrying amount and the fair value of the Company's financial instruments which are carried at cost and not measured or recorded at fair value at September 30, 2021 and 2020:

<i>(in thousands)</i>	September 30, 2021				
	Carrying Amount	Fair Value Measurements Using:			Total Fair Value
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

**Note 17. Earnings Per Share**

Basic earnings per common share is computed using the weighted average number of common shares and participating securities outstanding during the reporting period. Diluted earnings per common share is the amount of earnings available to each share of common stock during the reporting period adjusted to include the effect of potentially dilutive common shares. Potentially dilutive common shares include incremental shares issued for stock options. Potentially dilutive common shares are excluded from the computation of dilutive earnings per share in the periods in which the effect would be anti-dilutive.

The Company's basic and diluted earnings per share calculations are presented in the following table:

<i>(in thousands, except share and per share data)</i>	<b>Year Ended September 30,</b>	
	<b>2021</b>	<b>2020</b>
Net income	\$ 10,851	\$ 4,974
Weighted-average common shares – basic	4,669,009	4,162,280
Add: Dilutive effect of stock options	89,660	64,687
Weighted-average common shares – diluted	4,758,669	4,226,967
Basic earnings per share	\$ 2.32	\$ 1.20
Diluted earnings per share	\$ 2.28	\$ 1.18

There were no stock options that were antidilutive at September 30, 2021 and 2020.

#### **Note 18. Accumulated Other Comprehensive Income**

The following is changes in accumulated other comprehensive income by component, net of tax, for the years ending September 30, 2021 and 2020:

<i>(in thousands)</i>	<b>Unrealized Gains and Losses on Available-for-Sale Debt Securities</b>	
	<b>Securities</b>	<b>Total</b>
Balance at October 1, 2020	\$ 156	\$ 156
Other comprehensive income, before reclassification	291	291
Amount reclassified from accumulated other comprehensive income	(191)	(191)
Balance at September 30, 2021	\$ 256	\$ 256

<i>(in thousands)</i>	<b>Unrealized Gains and Losses on Available-for-Sale Debt Securities</b>	
	<b>Securities</b>	<b>Total</b>
Balance at October 1, 2019	\$ 22	\$ 22
Other comprehensive income	134	134
Balance at September 30, 2020	\$156	\$156

The following is significant amounts reclassified out of accumulated other comprehensive income for the year ended September 30, 2021:

<i>(in thousands)</i>	<b>Amount Reclassified from Accumulated Other Comprehensive Income</b>	<b>Affected Line Item in Statement of Income</b>
Realized gains on securities available-for-sale	\$240	Gain on sale of investment securities available-for-sale, net
Tax effect	(49)	Income tax expense
Net of tax	\$191	

#### **Note 19. Revenue from Contracts with Customers**

All of the Company's revenue from contracts with customers in the scope of ASC 606 is recognized within Non-Interest Income. The following table presents the Company's sources of non-interest income. Items outside the scope of ASC 606 are noted as such.

<i>(in thousands)</i>	<b>Year Ended September 30,</b>	
	<b>2021</b>	<b>2020</b>
Loan fees and service charges <sup>(1)</sup>	\$ 703	\$ 301
Loan servicing income <sup>(1)</sup>	504	84
Service charges on deposit accounts	127	62
Net gain on sale of investments available-for-sale <sup>(1)</sup>	240	—
Net gain on sale of loans held-for-sale <sup>(1)</sup>	1,307	917
Other income <sup>(2)</sup>	468	—
<b>Total non-interest income</b>	<b>\$3,349</b>	<b>\$1,364</b>

(1) Not included within the scope of ASC 606

(2) Other income for the year ended September 30, 2021 includes \$9 of merchant card processing fees, which are included in the scope of ASC 606. The remaining \$457 represents recoveries on acquired loans, which are not included in the scope of ASC 606

A description of the Company's revenue streams included in the scope of ASC 606 is as follows:

**Service Charges on Deposit Accounts:** The Company earns fees from its deposit customers for transaction-based, account maintenance, and overdraft services. Service-based fees, which include services such as ATM use fees, stop payment charges, wire transfers, and ACH fees, are recognized at the time the transaction is executed as that is the point in time the Company fulfills its performance obligation to the customer. Account maintenance fees, which primarily relate to monthly maintenance, are earned over the course of a month, representing the period over which the Company satisfies its performance obligation. Overdraft fees are recognized at the point in time that the overdraft occurs. Service charges on customer accounts are withdrawn from the customer's account balance.

**SAVOY BANK**  
**NOTES TO UNAUDITED FINANCIAL STATEMENTS**  
(Unaudited)

**NOTE 1 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Nature of Operations:** Savoy Bank (the “Bank”) is a state chartered commercial bank that commenced operations on January 15, 2008. The Bank is insured by the FDIC and maintains its principal office in New York City.

**Basis of Presentation:** The accounting and financial reporting policies of the Bank conform to accounting principles generally accepted in the United States of America and to general practices within the banking industry. The policies that materially affect the determination of financial position, results of operations and cash flow are summarized below.

The unaudited financial statements for the three-months ended March 31, 2021 and 2020 reflect all normal recurring adjustments that are, in the opinion of management, necessary for a fair presentation of the results for the interim periods presented. The annualized results of operations for the three-months ended March 31, 2021 are not necessarily indicative of the results of operations that may be expected for the entire fiscal year. Certain information and note disclosures normally included in the financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”). The accompanying unaudited financial statements should be read in conjunction with the audited financial statements and notes thereto for the year ended December 31, 2020.

**Use of Estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Reclassifications:** Some items in the prior year financial statements were reclassified to conform to the current presentation. Reclassifications had no effect on prior year net income or shareholders’ equity.

**Risks and Uncertainties:** The ongoing COVID-19 pandemic has caused and will continue to cause significant disruption in international and the United States economies and financial markets and has severely restricted the level of economic activity in our markets. The spread of COVID-19 has caused illness, quarantines, cancellation of events and travel, business and school shutdowns, reduction in business activity and financial transactions, supply chain interruptions and overall economic and financial market instability. In response to the COVID-19 pandemic, governments took preventative or protective actions, such as imposing restrictions on travel and business operations, advising or requiring individuals to limit or forgo their time outside of their homes, restricting evictions of tenants, and ordering temporary closures of businesses that were deemed to be non-essential. These restrictions and other consequences of the pandemic have resulted in significant adverse effects for many different types of businesses, including, among others, those in the travel, hospitality and food and beverage industries, and in multi-family real estate, and have resulted in a significant number of layoffs and furloughs of employees nationwide and in the market area in which we operate. In addition, state governments where we operate have taken actions that specifically affect how banks conduct their businesses, such as requiring loan forbearances and limitations on charging ATM and overdraft fees. Although in various locations certain activity restrictions have been relaxed and businesses and schools have reopened with some level of success, in many localities the number of individuals diagnosed with COVID-19 has increased significantly, which may cause a freezing or, in certain cases, a reversal of previously announced relaxation of activity restrictions and may prompt the need for additional aid and other forms of relief.

The impact of the COVID-19 pandemic is fluid and continues to evolve. The unprecedented and rapid spread of COVID-19 and its associated impacts on trade (including supply chains and export levels), travel, employee productivity, unemployment, consumer spending, and other economic activities has resulted in less economic activity, and significant volatility and disruption in financial markets. In addition, due to the

**SAVOY BANK**  
**NOTES TO UNAUDITED FINANCIAL STATEMENTS**  
(Unaudited)

**NOTE 1 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

COVID-19 pandemic, market interest rates have declined significantly. These reductions in interest rates and the other effects of the COVID-19 pandemic have had, and are expected to continue to have, possibly materially, an adverse effect on the Bank's business, financial condition and results of operations. The ultimate extent of the impact of the COVID-19 pandemic on the Bank's business, financial condition and results of operations is currently uncertain and will depend on various developments and other factors, including, among others, the duration and scope of the pandemic, as well as governmental, regulatory and private sector responses to the pandemic, and the associated impacts on the economy, financial markets and our customers, employees and vendors. In addition, it is reasonably possible that certain significant estimates made in the Bank's financial statements, in particular the allowance for loan losses, could be materially and adversely impacted in the near term as a result of these conditions.

**NOTE 2 — SECURITIES**

The following table summarizes the amortized cost and fair value of securities available for sale at March 31, 2021 and December 31, 2020, and the corresponding amounts of gross unrealized gains and losses recognized in accumulated other comprehensive income.

	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Fair Value
<u>At March 31, 2021</u>				
Residential mortgage-backed securities	241,310	8,825	(10)	250,125
Corporate bonds	700,000	—	(5,371)	694,629
	<u>\$ 941,310</u>	<u>\$ 8,825</u>	<u>\$(5,381)</u>	<u>\$ 944,754</u>
<u>At December 31, 2020</u>				
U.S. government agency	\$ 350,000	\$ 335	\$ —	\$ 350,335
Residential mortgage-backed securities	275,742	10,291	(12)	286,021
Corporate bonds	700,000	1,210	—	701,210
	<u>\$1,325,742</u>	<u>\$11,836</u>	<u>\$ (12)</u>	<u>\$1,337,566</u>

No securities were sold during the three-months ended March 31, 2021 and March 31, 2020.

The amortized cost and fair value of debt securities shown by contractual maturity at March 31, 2021 were as follows. Expected maturities may differ from contractual maturities if issuers have the right to call or prepay obligations with or without call or prepayment penalties. Securities not due at a single maturity date are shown separately.

	Amortized Cost	Fair Value
Less than one year	\$ —	\$ —
One to five years	700,000	694,629
Five to ten years	—	—
Beyond ten years	—	—
Mortgage-backed	241,310	250,125
	<u>\$941,310</u>	<u>\$944,754</u>

There were no securities pledged at March 31, 2021 or December 31, 2020.

Unrealized losses on debt securities have not been recognized into income because the issuers' bonds are investment grade or higher, management does not intend to sell and it is likely that management will not be required to sell the securities prior to their anticipated recovery, and the decline in fair value is largely due to changes in interest rates and other market conditions. The fair value is expected to recover as the bonds approach maturity.

**NOTE 3 — LOANS**

Loans were as follows:

	March 31, 2021	December 31, 2020
Real estate	\$283,766,498	\$272,087,625
Commercial	323,578,718	232,192,454
Total loans	607,345,216	504,280,079
Net deferred loan fees	(6,696,336)	(2,682,718)
Allowance for loan losses	(8,401,269)	(8,354,694)
Net loans	<u>\$592,247,611</u>	<u>\$493,242,667</u>

Commercial loans includes \$271,938,141 of SBA Paycheck Projection Program ("PPP") loans at March 31, 2021 and \$181,795,800 as of December 31, 2020. On March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted. The CARES Act established the SBA PPP, which is intended to provide economic relief to small businesses nationwide adversely impacted under the COVID-19 Emergency Declaration issued on March 13, 2020. The SBA PPP, which began on April 3, 2020, provides small businesses with funds to cover up to 24 weeks of payroll costs and other expenses, including benefits. It also provides for forgiveness of up to the full principal amount of qualifying loans. As these loans are 100% guaranteed by the SBA, there is no associated allowance for loan losses at March 31, 2021 or December 31, 2020.

**SAVOY BANK**  
**NOTES TO UNAUDITED FINANCIAL STATEMENTS**  
(Unaudited)

**NOTE 3 — LOANS (Continued)**

These SBA PPP loans resulted in net deferred loan fees to be recognized through net interest income over the life of the loans, which is between two and five years. During the three months ended March 31, 2021, the Bank recognized approximately \$1.3 million of associated net deferred loans fees, included in interest income on loans on the accompanying statement of operations. For the three months ending March 31, 2020, no PPP deferred loan fees were recognized. The ultimate timing of the recognition of the remaining deferred loan fees is dependent upon the forgiveness process established by the SBA. The Bank continues to closely monitor the SBA guidance regarding this process.

The Bank periodically makes loans to officers and directors, and companies in which they have a beneficial ownership (related parties). Related party loans were \$913,626 and \$919,814 at March 31, 2021 and December 31, 2020.

The following table presents the activity in the allowance for loan losses by portfolio segment:

	Real Estate	Commercial	Total

The recorded investment in loans excludes accrued interest receivable and net deferred loan fees due to immateriality. For purposes of this disclosure, the unpaid principal balance is not reduced for net charge-offs.

The average balance of individually impaired loans during the three months ending March 31, 2021 and 2020 was approximately \$12,582,629 and \$4,173,000. Interest income recognized during impairment was immaterial in both periods.

**SAVOY BANK**  
**NOTES TO UNAUDITED FINANCIAL STATEMENTS**  
(Unaudited)

**NOTE 3 — LOANS (Continued)**

Troubled debt restructurings as of March 31, 2021 and December 31, 2020, included in impaired loans above, totaled \$1,818,616 and \$1,884,041, respectively, and had allocated specific reserves of \$380,632 and \$390,939, respectively. The Bank has not committed to lend any additional amounts as of March 31, 2021 to customers with outstanding loans that are classified as troubled debt restructurings.

The Bank is working with borrowers impacted by COVID-19 and providing modifications to include interest-only deferral or principal and interest deferral. In most cases, these modifications are excluded from troubled debt restructuring classification under Section 4013 of the CARES Act or under applicable interagency guidance of the federal banking regulators. At March 31, 2021 and December 31, 2020, loans remaining on deferral and excluded from troubled debt restructuring classification totaled \$50,128,142 and \$71,013,051, respectively. All such loans remained on accrual and were considered not past due at March 31, 2021 and December 31, 2020.

The following tables present the recorded investment in nonaccrual and loans past due over 90 days still on accrual by class of loans as of:

	March 31, 2021		December 31, 2020

**SAVOY BANK**  
**NOTES TO UNAUDITED FINANCIAL STATEMENTS**  
(Unaudited)

**NOTE 3 — LOANS (Continued)**

The Bank categorizes loans into risk categories based on relevant information about the ability of borrowers to service their debt such as: current financial information, historical payment experience, credit documentation, public information, and current economic trends, among other factors. The Bank analyzes loans individually by classifying the loans as to credit risk. The Bank uses the following definitions for risk ratings:

*Special Mention:* Loans classified as special mention have a potential weakness that deserves management's close attention. If left uncorrected, these potential weaknesses may result in deterioration of the repayment prospects for the loan or of the institution's credit position at some future date.

*Substandard:* Loans classified as substandard are inadequately protected by the current net worth and paying capacity of the obligor or of the collateral pledged, if any. Loans so classified have a well-defined weakness or weaknesses that jeopardize the liquidation of the debt. They are characterized by the distinct possibility that the institution will sustain some loss if the deficiencies are not corrected.

*Doubtful:* Loans classified as doubtful have all the weaknesses inherent in those classified as substandard, with the added characteristic that the weaknesses make collection or liquidation in full, on the basis of currently existing facts, conditions, and values, highly questionable and improbable.

Loans not meeting the criteria above are considered to be pass rated loans.

Based on the most recent analysis performed, the risk category of loans by class of loans is as follows:

	Pass	Special Mention	Substandard	Doubtful
<b><u>March 31, 2021</u></b>				
Real estate				
Commercial	\$179,654,821	\$12,078,550	\$ 9,478,687	\$ —
Multifamily	46,639,319	—	—	—
Residential	35,915,121	—	—	—
Commercial	308,526,535	11,506,438	3,545,745	
	<u>\$570,735,796</u>	<u>\$23,584,988</u>	<u>\$13,024,432</u>	<u>\$ —</u>
<b><u>December 31, 2020</u></b>				
Real estate				
Commercial	\$169,299,626	\$12,093,066	\$ 9,603,687	\$ —
Multifamily	42,366,824	—	—	—

Commercial	217,075,279	11,515,553	3,601,622	—
	<u>\$467,466,151</u>	<u>\$23,608,619</u>	<u>\$13,205,309</u>	<u>\$ —</u>

At March 31, 2021, included in the above table were loans totaling \$29,970,235, \$19,676,478, and \$481,430 on COVID-19 related deferral categorized as pass, special mention, and substandard respectively. At December 31, 2020, included in the above table were loans totaling \$44,560,009, \$19,786,072 and \$6,666,970 on COVID-19 related deferral categorized as pass, special mention, and substandard, respectively

**SAVOY BANK**  
**NOTES TO UNAUDITED FINANCIAL STATEMENTS**  
(Unaudited)

**NOTE 4— LOAN SERVICING**

Activity for loan servicing rights follows:

	2021	2020
Loan servicing rights:		
January 1	\$3,178,189	\$2,724,436
Additions	253,107	186,987
Change in fair value	(75,650)	(285,726)
March 31	<u>\$3,355,646</u>	<u>\$2,837,634</u>

The Bank serviced \$173,852,478 and \$164,531,340 of the guaranteed portion of SBA loans at March 31, 2021 and December 31, 2020. Fair value at March 31, 2021 and December 31, 2020 was determined using discount rates ranging from 4.58% to 21.05% and 0.63% to 18.0% and prepayment speeds ranging from 11.90% to 27.38% and 9.1% to 21.2%, depending on the stratification of the specific right.

**NOTE 5— FAIR VALUE**

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

*Level 1:* Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

*Level 2:* Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

*Level 3:* Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The fair values of securities available for sale are determined by matrix pricing, which is a mathematical technique widely used to in the industry to value debt securities without relying exclusively on quoted prices for the specific securities but rather by relying on the securities' relationship to other benchmark quoted securities (Level 2 inputs).

The fair values of loan servicing rights are based on market prices for comparable servicing contracts, when available (Level 2 inputs), or alternatively, are based on a valuation model that calculates the present value of estimated future net servicing income (Level 3 inputs).

The fair value of collateral-dependent impaired loans with specific allocations of the allowance for loan losses and other real estate owned is generally based on recent real estate appraisals. These appraisals may utilize a single valuation approach or a combination of approaches, including comparable sales and the income approach. Adjustments are routinely made in the appraisal process by the independent appraisers to adjust for differences between the comparable sales and income data available. Such adjustments are usually significant and typically result in a Level 3 classification of the inputs for determining fair value.

**SAVOY BANK**  
**NOTES TO UNAUDITED FINANCIAL STATEMENTS**  
(Unaudited)

**NOTE 5 — FAIR VALUE (Continued)**

Assets and liabilities measured at fair value on a recurring and non-recurring basis are summarized below:

	Fair Value Measurements		
	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<u>March 31, 2021</u>			
<u>Recurring basis</u>			
Available-for-sale securities	\$ —	\$ 944,754	\$ —
Loan servicing rights	—	—	3,355,646
<u>Non-recurring basis</u>			
Impaired loans	—	—	—
Other real estate owned	—	—	1,500,257
<u>December 31, 2020</u>			
<u>Recurring basis</u>			
Available for sale securities	\$ —	\$ 1,337,566	\$ —
Loan servicing rights	—	—	3,178,189
<u>Non-recurring basis</u>			
Impaired loans	—	—	—
Other real estate owned	—	—	1,500,257

There were no transfers between levels within the fair value hierarchy during the three-months ended March 31, 2021 or 2020.

Impaired loans in the preceding table had a carrying amount of \$380,632 and a remaining valuation allowance of \$380,632 at March 31, 2021, as compared to \$390,939 and \$390,939, respectively, as of December 31, 2020. Impaired loans measured at fair value as of March 31, 2021 did not incur additional charge-offs and no additional provision for loan losses during the three-months ended March 31, 2021.

Due to the relatively small amount of loan servicing rights, collateral-dependent impaired loans with specific allocations of the allowance for loan losses and other real estate owned, the impact of unobservable inputs on the financial statements is not material.

Carrying amounts and estimated fair values of financial instruments as of March 31, 2021 and December 31, 2020, were as follows (in thousands):

	Carrying Amount	Fair Value	Level 1	Level 2	Level 3

**NOTE 6 — DEPOSITS**

At March 31, 2021 and December 31, 2020, deposits from related parties totaled \$18,965,408 and \$15,679,863.

Brokered deposits totaled \$32,466,518 and \$32,472,428 at March 31, 2021 and December 31, 2020.

The scheduled maturities of time deposits at March 31, 2021 were as follows:

2021	\$ 67,578,004
2022	67,972,460
2023	23,487,263
2024	16,732,870
2025	14,887,025
Thereafter	3,468,000
	<u>\$194,125,622</u>

Time deposit \$250,000 and over totaled \$55,507,315 and \$76,513,099 at March 31, 2021 and December 31, 2020.

**NOTE 7 — BORROWINGS**

Advances from the Federal Home Loan Bank were as follows:

	March 31, 2021	December 31, 2020
Fixed-rate advances, at rates of 2.85%	<u>\$7,500,000</u>	<u>\$7,500,000</u>

Each advance is payable at its maturity date, with a prepayment penalty for fixed rate advances. The advances were collateralized by \$68,864,208 of first mortgage loans under a blanket lien arrangement at

**SAVOY BANK**  
**NOTES TO UNAUDITED FINANCIAL STATEMENTS**  
(Unaudited)

**NOTE 7 — BORROWINGS (Continued)**

March 31, 2021. Based on this collateral and the Bank's holdings of FHLB stock, the Bank was eligible to borrow up to a total of \$41,596,703, inclusive of outstanding advances, at March 31, 2021.

Payments over the next five years are as follows:

2021	\$ —
2022	—
2023	7,500,000
2024	—
2025	—
	<u>\$7,500,000</u>

The Bank participated in the FRB's Paycheck Protection Program Liquidity Facility ("PPPLF"). As of March 31, 2021 and December 31, 2020, PPPLF borrowings of \$263,308,407 and \$182,521,351 were outstanding. The borrowings are collateralized by the SBA PPP loans originated by the Bank. The maturity date of the PPPLF borrowings equals the maturity date of the underlying SBA PPP loans pledged to secure the extension of credit. The maturity date will be accelerated to the extent of any loan forgiveness reimbursement received by the Bank from the SBA. The maturity date will also be accelerated if an underlying SBA PPP loan goes into default or if the Bank sells an SBA PPP loan to the SBA to realize the SBA guarantee. The interest rate on the PPPLF borrowings is fixed at 0.35%.

**NOTE 8 — GRANTS**

Grants are recorded as income when conditions for the award are substantially met. Deferred revenue related to grants totaled \$1,006,905 as of March 31, 2021 and December 31, 2020, and is included in other liabilities in the accompanying balance sheets. Subsequent to March 31, 2021, the bank received final approval for the grant and recognized the full amount.

**NOTE 9 — STOCK BASED COMPENSATION**

The Bank's 2013 Stock Option Plan (the "Plan") permits the grant of share options to its directors, employees, advisors and other service providers of up to 770,000 shares of common stock. The Bank believes that such awards better align the interests of such parties with those of its shareholders.

The fair value of each option award is estimated on the date of grant using a closed form option valuation (Black-Scholes) model. As the Bank's shares are not publicly traded, expected volatilities are based on peer information.

A summary of the activity in the stock option plan for the three-months ended March 31, 2021 follows:

	Shares	Weighted Average Exercise Price	Weighted Average Remaining Contractual Term (Years)	Aggregate Intrinsic Value
Outstanding at beginning of period	606,421	\$ 1.54	4.12	\$1,451,900
Granted	—			
Exercised	—	—		
Forfeited or expired	—			
Outstanding and exercisable of at end of period	<u>606,421</u>	\$ 1.54	3.87	\$1,451,900

**SAVOY BANK**  
**NOTES TO UNAUDITED FINANCIAL STATEMENTS**  
(Unaudited)

**NOTE 9 — STOCK BASED COMPENSATION (Continued)**

All outstanding options are vested. For the three months ending, March 31, 2021 and 2020, there was no unrecognized compensation cost related to stock options granted under the Plan.

**NOTE 10 — REGULATORY MATTERS**

The following is a summary of the Bank's actual capital amounts and ratios as of March 31, 2021 and December 31, 2020, compared to the required ratios for minimum capital adequacy and for classification as well capitalized (dollars in thousands):

	Actual		Required For Capital Adequacy Purposes		To Be Well Capitalized Under Prompt Corrective Action Regulations	
	Amount	Ratio	Amount	Ratio	Amount	Ratio
<u>March 31, 2021</u>						
Total capital to risk weighted assets	\$52,448	16.66%	\$25,188	8.00%	\$31,484	10.00%
Tier 1 (core) capital to risk weighted assets	48,456	15.39	18,891	6.00	25,188	8.00
Common tier 1 (CET1) to risk weighted assets	48,456	15.39	14,168	4.50	20,465	6.50
Tier 1 (core) capital to average assets	48,456	11.23	17,255	4.00	21,568	5.00
<u>December 31, 2020</u>						
Total capital to risk weighted assets	\$49,216	16.28%	\$24,185	8.00%	\$30,232	10.00%
Tier 1 (core) capital to risk weighted assets	45,380	15.01	18,139	6.00	24,185	8.00
Common tier 1 (CET1) to risk weighted assets	45,380	15.01	13,604	4.50	19,651	6.50
Tier 1 (core) capital to average assets	45,380	10.66	17,024	4.00	21,280	5.00

In addition to the ratios above, the Basel III Capital Rules have established that community banking institutions must maintain a capital conservation buffer of Common Tier 1 capital in an amount greater than 2.5% of total risk-weighted assets to avoid being subject to limitations on capital distributions and discretionary bonus payments to executive officers.

Management believes that as of March 31, 2021 and December 31, 2020, the Bank met all capital adequacy requirements to which it was subject, including the capital conservation buffer of 2.5%, as of March 31, 2021 and December 31, 2020, respectively. Further, the most recent FDIC notification categorized the Bank as a well-capitalized institution under the prompt corrective action regulations. There have been no conditions or events since that notification that management believes have changed the Bank's capital classification.

**NOTE 11 — SUBSEQUENT SALE**

On August 27, 2020, the Bank entered into an Agreement and Plan of Merger (the "Merger Agreement") with Hanover Bancorp, Inc. ("Hanover"), parent company of Hanover Community Bank. The merger subsequently closed on May 26, 2021, with the Bank merging with and into Hanover Community Bank and each outstanding share of the Bank's common stock exchanged for a combination of cash consideration and Hanover common stock.

**INDEPENDENT AUDITOR'S REPORT**

Board of Directors  
Savoy Bank  
New York, New York

**Report on the Financial Statements**

We have audited the accompanying financial statements of Savoy Bank, which comprise the balance sheets as of December 31, 2020 and 2019, and the related statements of operations, comprehensive income, changes in shareholders' equity, and cash flows for the years then ended, and the related notes to the financial statements.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Savoy Bank as of December 31, 2020 and 2019, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

**SAVOY BANK**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 1 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Nature of Operations:** Savoy Bank (the “Bank”) is a state chartered commercial bank that commenced operations on January 15, 2008. The Bank is insured by the FDIC and maintains its principal office in New York City.

The accounting and financial reporting policies of the Bank conform to accounting principles generally accepted in the United States of America and to general practices within the banking industry. The policies that materially affect the determination of financial position, results of operations and cash flow are summarized below.

**Use of Estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash and Cash Equivalents:** Cash and cash equivalents include cash, deposits with other financial institutions with original maturities fewer than 90 days, and federal funds sold. Net cash flows are reported for customer loan and deposit transactions and time deposits in other financial institutions.

**Time Deposits in Other Financial Institutions:** Time deposits in other financial institutions are carried at cost.

**Securities:** Debt securities are required to be classified as available for sale, held to maturity, or trading at the date of purchase. The Bank does not have any debt securities classified as held to maturity or trading. Debt securities are classified as available for sale when they might be sold before maturity. Securities available for sale are carried at fair value, with unrealized holding gains and losses reported in other comprehensive income, net of tax.

Interest income includes amortization of purchase premium or discount. Premiums and discounts on securities are amortized on the level-yield method without anticipating prepayments, except for mortgage-backed securities where prepayments are anticipated.

Gains and losses on sales are recorded on the trade date and determined using the specific identification method.

Management evaluates debt securities for other-than-temporary impairment (“OTTI”) at least on a quarterly basis, and more frequently when economic or market conditions warrant such an evaluation. For debt securities in an unrealized loss position, management considers the extent and duration of the unrealized loss, and the financial condition and near-term prospects of the issuer. Management also assesses whether it intends to sell, or it is more likely than not that it will be required to sell, a debt security in an unrealized loss position before recovery of its amortized cost basis. If either of the criteria regarding intent or requirement to sell is met, the entire difference between amortized cost and fair value is recognized as impairment through earnings. For debt securities that do not meet the aforementioned criteria, the amount of impairment is split into two components as follows: 1) OTTI related to credit loss, which must be recognized in the income statement and 2) OTTI related to other factors, which is recognized in other comprehensive income. The credit loss is defined as the difference between the present value of the cash flows expected to be collected and the amortized cost basis.

**Loans:** The Bank makes commercial, real estate and consumer loans to customers. A substantial portion of the loan portfolio is represented by loans secured by property in New York City metropolitan area. The ability of the Bank’s debtors to honor their contracts is dependent upon the real estate and general economic conditions in this area. Loans that management has the intent and ability to hold for the

**SAVOY BANK**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 1 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

foreseeable future or until maturity or payoff are reported at the principal balance outstanding, net of charge-offs, deferred loan fees and costs and an allowance for loan losses.

Interest income is reported on the interest method and includes amortization of net deferred loan fees and costs over the loan term. Interest income is not reported when full loan repayment is in doubt, typically when the loan is impaired or payments are past due over 90 days. Past due status is based on the contractual terms of the loan. All interest accrued but not received for loans placed on nonaccrual is reversed against interest income. Interest received on such loans is accounted for on the cash-basis or cost-recovery method, until qualifying for return to accrual. Loans are returned to accrual status when all the principal and interest amounts contractually due are brought current and future payments are reasonably assured. The Bank consistently applies this policy to all classes of loans.

**Allowance for Loan Losses:** The allowance for loan losses is a valuation allowance for probable incurred credit losses. The allowance for loan losses is increased by provisions for loan losses charged to income. Losses are charged to the allowance when all or a portion of a loan is deemed to be uncollectible. Subsequent recoveries of loans previously charged off are credited to the allowance for loan losses when realized. The allowance consists of specific and general components.

The specific component relates to loans that are individually classified as impaired. A loan is considered impaired when, based on current information and events, it is probable that the Bank will be unable to collect all principal and interest contractually due. Loans for which the terms have been modified resulting in a concession, and for which the borrower is experiencing financial difficulties, are considered troubled debt restructurings and classified as impaired. Factors considered by management in determining impairment include payment status, collateral value, and the probability of collecting scheduled principal and interest payments when due. Loans that experience insignificant payment delays and payment shortfalls generally are not classified as impaired. Management determines the significance of payment delays and payment shortfalls on case-by-case basis, taking into consideration all of the circumstances surrounding the loan and the borrower, including the length of the delay, the reasons for the delay, the borrower's prior payment record, and the amount of the shortfall in relation to the principal and interest owed.

The Bank reviews loans for impairment that are individually evaluated for collectability in accordance with the Bank's normal loan review procedures (principally commercial and commercial real estate loans). If a loan is impaired, a portion of the allowance is allocated so that the loan is reported, net, at the present value of estimated future cash flows using the loan's existing rate or at the fair value of collateral if repayment is expected solely from the collateral. Large groups of smaller balance homogeneous loans, such as consumer and residential real estate loans, are collectively evaluated for impairment, and accordingly, they are not separately identified for impairment disclosures.

Troubled debt restructurings are separately identified for impairment disclosures and are measured at the present value of estimated future cash flows using the loan's effective rate at inception. If a troubled debt restructuring is considered to be a collateral-dependent loan, the loan is reported, net, at the fair value of the collateral. For troubled debt restructurings that subsequently default, the Bank determines the amount of reserve in accordance with the accounting policy for the allowance for loan losses.

The general component covers non-impaired loans and is based on a combination of peer group information and historical loss experience, adjusted for current factors. The historical loss experience is determined by portfolio segment and is based on the actual loss history experienced by the Bank. This actual loss experience is supplemented with other economic factors based on the risks present for each portfolio segment. These economic factors include consideration of the following: levels of and trends in delinquencies and impaired loans; levels of and trends in charge-offs and recoveries; trends in volume and terms of loans; effects of any changes in risk selection and underwriting standards; other changes in lending policies, procedures, and practices; experience, ability, and depth of lending management and other relevant staff;

**SAVOY BANK**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 1 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

national and local economic trends and conditions; industry conditions; and effects of changes in credit concentrations. The Bank consistently applies this methodology to all portfolio segments.

**Interest Rate Risk:** The Bank is principally engaged in the business of attracting deposits from the general public and using those deposits, together with other borrowed funds, to make commercial, real estate and consumer loans, and to invest in overnight and term investment securities. Inherent in such activities is the potential for the Bank to assume interest rate risk that results from differences in the maturities and repricing characteristics of assets and liabilities. For this reason, management regularly monitors the level of interest rate risk and the potential impact on net income.

**Transfers of Financial Assets:** Transfers of financial assets are accounted for as sales, when control over the assets has been relinquished. Control over transferred assets is deemed to be surrendered when the assets have been isolated from the Bank, the transferee obtains the right (free of conditions that constrain it from taking advantage of that right) to pledge or exchange the transferred assets, and the Bank does not maintain effective control over the transferred assets through an agreement to repurchase them before their maturity.

**Sales of the Guaranteed Portion of SBA Loans:** Gains or losses recognized upon the sale of the guaranteed portion of SBA loans are determined on a specific identification basis. Gains or losses are determined by allocating the carrying amount between the guaranteed portion sold and the portion of the loan retained by the Bank, based on their relative fair values and taking into account any servicing rights retained. Any discount or premium recorded on the portion of the loan retained by the Bank is accreted or amortized over the remaining life of the loan as an adjustment to yield. The portions of loans retained, net of any discounts or premiums, are included in loans, net of allowance for loan losses, in the accompanying balance sheets.

**Loan Servicing Rights:** Servicing assets are recognized when the guaranteed portion of SBA loans are sold with servicing retained, with the income statement effect recorded in gain on sale of the guaranteed portion of SBA loans. Servicing rights are initially recorded at fair value. Fair value is based on market prices for comparable servicing contracts, when available, or alternatively, is based on a valuation model that calculates the present value of estimated future net servicing income.

The Bank accounts for loan servicing rights under the fair value measurement method, under which the Bank measures servicing rights at fair value at each reporting date and reports changes in fair value of servicing assets in earnings in the period in which the changes occur. Such changes are included with loan servicing fees on the income statement. The fair values of servicing rights are subject to significant fluctuations as a result of changes in estimated and actual prepayment speeds and default rates and losses.

Servicing fee income, which is included on the statements of operations as loan servicing fees, is recorded for fees earned for servicing the guaranteed portion of SBA loans. The fees are based on a contractual percentage of the outstanding principal or a fixed amount per loan and are recorded as income when earned. Late fees and ancillary fees related to loan servicing are not material.

**Premises and Equipment:** Premises and equipment are stated at cost less accumulated depreciation and amortization. Depreciation is recorded principally by straight-line and accelerated methods over the estimated useful lives of the Bank premises and equipment. Leasehold improvements are amortized over the lesser of their useful lives or the lease term.

**Restricted Stock:** Restricted stock is carried at cost and periodically evaluated for impairment based on ultimate recovery of par value. Both cash and stock dividends are reported as income.

**Loan Commitments and Related Financial Instruments:** Financial instruments include off-balance-sheet credit instruments, such as commitments to make loans and commercial letters of credit,

**SAVOY BANK**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 1 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

issued to meet customer financing needs. The face amount for these items represents the exposure to loss, before considering customer collateral or ability to repay. Such financial instruments are recorded when they are funded.

**Stock Based Compensation:** Compensation cost is recognized for stock options issued to employees and directors based on the fair value of these awards at the date of grant. A Black-Scholes model is utilized to estimate the fair value of stock options. Compensation cost is recognized over the required service period, generally defined as the vesting period. For awards with graded vesting, compensation cost is recognized on a straight-line basis over the requisite service period for the entire award.

**Income Taxes:** Income tax expense is the total of the current year income tax due or refundable and the change in deferred tax assets and liabilities. Deferred tax assets and liabilities are the expected future tax amounts for the temporary differences between carrying amounts and tax bases of assets and liabilities, computed using enacted tax rates. A valuation allowance, if needed, reduces deferred tax assets to the amount expected to be realized.

A tax position is recognized as a benefit only if it is “more likely than not” that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax benefit that is greater than 50% likely of being realized on examination. For tax positions not meeting the “more likely than not” test, no tax benefit is recorded. The Bank recognizes interest and/or penalties related to income tax matters in income tax expense.

**Other Real Estate Owned:** Real estate acquired through foreclosure or by deed-in-lieu of foreclosure is initially recorded at fair value less costs to sell when acquired, establishing a new cost basis. Thereafter, these assets are accounted for at the lower of cost or fair value less estimated costs to sell. If fair value declines subsequent to foreclosure, a valuation allowance is recorded through expense. Operating costs after acquisition are expensed.

**Comprehensive Income:** Comprehensive income consists of net income and other comprehensive income. Other comprehensive income includes unrealized gains and losses on securities available for sale, net of taxes, which are also recognized as separate components of shareholders’ equity.

**Loss Contingencies:** Loss contingencies, including claims and legal actions arising in the ordinary course of business, are recorded as liabilities when the likelihood of loss is probable and an amount or range of loss can be reasonably estimated. Management does not believe there now are such matters that will have a material effect on the financial statements.

**Restrictions on Cash and Due from Banks:** The Bank maintains various deposit accounts with other banks to meet normal funds transaction requirements, to satisfy deposit reserve requirements, and to compensate other banks for certain correspondent services. Management is responsible for assessing the credit risk of its correspondent banks. The withdrawal or usage restrictions of these balances did not have a significant impact on the operations of the Bank as of December 31, 2020 or 2019.

**Risks and Uncertainties:** The ongoing COVID-19 pandemic has caused and will continue to cause significant disruption in international and the United States economies and financial markets and has severely restricted the level of economic activity in our markets. The spread of COVID-19 has caused illness, quarantines, cancellation of events and travel, business and school shutdowns, reduction in business activity and financial transactions, supply chain interruptions and overall economic and financial market instability. In response to the COVID-19 pandemic, governments took preventative or protective actions, such as imposing restrictions on travel and business operations, advising or requiring individuals to limit or forgo their time outside of their homes, restricting evictions of tenants, and ordering temporary closures of businesses that were deemed to be non-essential. These restrictions and other consequences of the

**SAVOY BANK**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 1 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

pandemic have resulted in significant adverse effects for many different types of businesses, including, among others, those in the travel, hospitality and food and beverage industries, and in multi-family real estate, and have resulted in a significant number of layoffs and furloughs of employees nationwide and in the market area in which we operate. In addition, state governments where we operate have taken actions that specifically affect how banks conduct their businesses, such as requiring loan forbearances and limitations on charging ATM and overdraft fees. Although in various locations certain activity restrictions have been relaxed and businesses and schools have reopened with some level of success, in many localities the number of individuals diagnosed with COVID-19 has increased significantly, which may cause a freezing or, in certain cases, a reversal of previously announced relaxation of activity restrictions and may prompt the need for additional aid and other forms of relief.

The impact of the COVID-19 pandemic is fluid and continues to evolve. The unprecedented and rapid spread of COVID-19 and its associated impacts on trade (including supply chains and export levels), travel, employee productivity, unemployment, consumer spending, and other economic activities has resulted in less economic activity, and significant volatility and disruption in financial markets. In addition, due to the COVID-19 pandemic, market interest rates have declined significantly. These reductions in interest rates and the other effects of the COVID-19 pandemic have had, and are expected to continue to have, possibly materially, an adverse effect on the Bank's business, financial condition and results of operations. The ultimate extent of the impact of the COVID-19 pandemic on the Bank's business, financial condition and results of operations is currently uncertain and will depend on various developments and other factors, including, among others, the duration and scope of the pandemic, as well as governmental, regulatory and private sector responses to the pandemic, and the associated impacts on the economy, financial markets and our customers, employees and vendors. In addition, it is reasonably possible that certain significant estimates made in the Bank's financial statements, in particular the allowance for loan losses, could be materially and adversely impacted in the near term as a result of these conditions.

**Subsequent Events:** The Bank has evaluated subsequent events for recognition and disclosure through March 19, 2021, which is the date the financial statements were available to be issued.

**Reclassifications:** Some items in the prior year financial statements were reclassified to conform to the current presentation. Reclassifications had no effect on prior year net income or shareholders' equity.

**NOTE 2 — TIME DEPOSITS IN OTHER FINANCIAL INSTITUTIONS**

Time deposits in other financial institutions as of December 31, 2020 mature as follows:

Residential mortgage backed securities	—	—	76,474	(2,296)	76,474	(2,296)
Corporate bonds	—	—	496,296	(3,704)	496,296	(3,704)
	<u>\$—</u>	<u>\$—</u>	<u>\$1,568,616</u>	<u>\$ (10,154)</u>	<u>\$1,568,616</u>	<u>\$ (10,154)</u>

Unrealized losses on debt securities have not been recognized into income because the issuers' bonds are investment grade or higher, management does not intend to sell and it is likely that management will not be required to sell the securities prior to their anticipated recovery, and the decline in fair value is largely due to changes in interest rates and other market conditions. The fair value is expected to recover as the bonds approach maturity.

**NOTE 4— LOANS**

Loans at year end were as follows:

	2020	2019
Real estate	\$272,087,625	\$279,813,216
Commercial	232,192,454	52,076,265
600.ns	504,280,079	331,889,481
Net deferred loan costs (fees)	(2,682,718)	361,750
Allowance for loan losses	(8,354,694)	(5,261,783)
Net loans	<u>\$493,242,667</u>	<u>\$326,989,448</u>

Commercial loans includes \$181,795,800 of SBA Paycheck Protection Program ("PPP") loans at December 31, 2020. No such loans existed at December 31, 2019. On March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted. The CARES Act established the SBA PPP, which is intended to provide economic relief to small businesses nationwide adversely impacted under the COVID-19 Emergency Declaration issued on March 13, 2020. The SBA PPP, which began on April 3, 2020, provides small businesses with funds to cover up to 24 weeks of payroll costs and other expenses, including benefits. It also provides for forgiveness of up to the full principal amount of qualifying loans. As these loans are 100% guaranteed by the SBA, there is no associated allowance for loan losses at December 31, 2020.

These SBA PPP loans resulted in net deferred loan fees of approximately \$6.0 million to be recognized through net interest income over the life of the loans, which is between two and five years. During the year ended December 31, 2020, the Bank recognized approximately \$2.6 million of associated net deferred loans

**SAVOY BANK**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 4 — LOANS (Continued)**

fees, included in interest income on loans on the accompanying statement of operations. The ultimate timing of the recognition of these fees is dependent upon the forgiveness process established by the SBA. The Bank continues to closely monitor the SBA guidance regarding this process.

In addition to the Paycheck Protection Program and pursuant to Section 1112 of the CARES Act, Congress determined borrowers under the SBA's Section 7(a) program to be categorically adversely affected by the COVID-19 pandemic and therefore entitled to a subsidy in the form of relief payments. Specifically, the CARES Act provided that the SBA would pay the principal and interest on any existing and current SBA 7(a) loan for a period of six months. The Economic Aid Act that was enacted on December 27, 2020 extended this debt relief program for certain loans past the initial six-month period. These principal and interest payments are made by the SBA directly to the SBA 7(a) lender, and as such, are separate from any loan modifications made at the direction of the Bank. The Bank is a qualified SBA Section 7(a) lender and is participating in the Section 1112 program.

The Bank periodically makes loans to officers and directors, and companies in which they have a beneficial ownership (related parties). Related party loans were \$919,814 and \$937,319 at December 31, 2020 and 2019.

The following table presents the activity in the allowance for loan losses by portfolio segment for 2020 and 2019:

	Real Estate	Commercial	Total

The recorded investment in loans excludes accrued interest receivable and net deferred loan fees due to immateriality. For purposes of this disclosure, the unpaid principal balance is not reduced for net charge-offs.

The average balance of individually impaired loans during 2020 and 2019 was \$5,799,767 and \$8,540,066. Interest income recognized during impairment was immaterial in both years.

Troubled debt restructurings as of year-end 2020 and 2019, included in impaired loans above, totaled \$1,884,041 and \$1,774,331, respectively, and had allocated specific reserves of \$390,939 and \$37,201, respectively. The Bank has not committed to lend any additional amounts as of year-end 2020 to customers with outstanding loans that are classified as troubled debt restructurings.

The Bank is working with borrowers impacted by COVID-19 and providing modifications to include interest-only deferral or principal and interest deferral. In most cases, these modifications are excluded from troubled debt restructuring classification under Section 4013 of the CARES Act or under applicable interagency guidance of the federal banking regulators. During 2020, the Bank provided such deferrals to 122 loans totaling \$146,088,610. At December 31, 2020, loans remaining on deferral and excluded from troubled debt restructuring classification totaled \$68,747,451. All such loans remained on accrual and were considered not past due at December 31, 2020.

The following tables present the recorded investment in nonaccrual and loans past due over 90 days still on accrual by class of loans as of December 31, 2020 and 2019:

	December 31, 2020		December 31, 2019

The Bank categorizes loans into risk categories based on relevant information about the ability of borrowers to service their debt such as: current financial information, historical payment experience, credit documentation, public information, and current economic trends, among other factors. The Bank analyzes loans individually by classifying the loans as to credit risk. The Bank uses the following definitions for risk ratings:

*Special Mention:* Loans classified as special mention have a potential weakness that deserves management's close attention. If left uncorrected, these potential weaknesses may result in deterioration of the repayment prospects for the loan or of the institution's credit position at some future date.

*Substandard:* Loans classified as substandard are inadequately protected by the current net worth and paying capacity of the obligor or of the collateral pledged, if any. Loans so classified have a well-defined weakness or weaknesses that jeopardize the liquidation of the debt. They are characterized by the distinct possibility that the institution will sustain some loss if the deficiencies are not corrected.

*Doubtful:* Loans classified as doubtful have all the weaknesses inherent in those classified as substandard, with the added characteristic that the weaknesses make collection or liquidation in full, on the basis of currently existing facts, conditions, and values, highly questionable and improbable.

Loans not meeting the criteria above are considered to be pass rated loans.

Based on the most recent analysis performed, the risk category of loans by class of loans is as follows:

**SAVOY BANK**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 4 — LOANS (Continued)**

	<u>\$324,187,082</u>	<u>\$ 4,564,787</u>	<u>\$ 3,137,612</u>	<u>\$—</u>

At December 31, 2020, included in the above table were loans totaling \$42,294,409, \$19,786,072 and \$6,666,970 on COVID-19 related deferral categorized as pass, special mention, and substandard, respectively.

**NOTE 5 — LOAN SERVICING**

Activity for loan servicing rights follows:

	<u>2020</u>	<u>2019</u>
Loan servicing rights:		
Beginning of year	\$2,724,436	\$1,937,897
Additions	787,818	1,243,196
Change in fair value	(334,065)	(456,657)
End of year	<u>\$3,178,189</u>	<u>\$2,724,436</u>

The Bank serviced \$164,531,340 and \$138,911,105 of the guaranteed portion of SBA loans at year-end 2020 and 2019. Fair value at year-end 2020 and 2019 was determined using discount rates ranging from 0.63% to 18.0% and 5.8% to 26.6% and prepayment speeds ranging from 9.1% to 21.2% and 4.7% to 21.0%, depending on the stratification of the specific right.

**NOTE 6 — FAIR VALUE**

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

*Level 1:* Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

**SAVOY BANK**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 6 — FAIR VALUE (Continued)**

*Level 2:* Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

*Level 3:* Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The fair values of securities available for sale are determined by matrix pricing, which is a mathematical technique widely used to in the industry to value debt securities without relying exclusively on quoted prices for the specific securities but rather by relying on the securities' relationship to other benchmark quoted securities (Level 2 inputs).

The fair values of loan servicing rights are based on market prices for comparable servicing contracts, when available (Level 2 inputs), or alternatively, are based on a valuation model that calculates the present value of estimated future net servicing income (Level 3 inputs).

The fair value of collateral-dependent impaired loans with specific allocations of the allowance for loan losses and other real estate owned is generally based on recent real estate appraisals. These appraisals may utilize a single valuation approach or a combination of approaches, including comparable sales and the income approach. Adjustments are routinely made in the appraisal process by the independent appraisers to adjust for differences between the comparable sales and income data available. Such adjustments are usually significant and typically result in a Level 3 classification of the inputs for determining fair value.

Due to the relatively small amount of loan servicing rights, collateral-dependent impaired loans with specific allocations of the allowance for loan losses and other real estate owned, the impact of unobservable inputs on the financial statements is not material.

Assets and liabilities measured at fair value on a recurring and non-recurring basis are summarized below:

	Fair Value Measurements		
	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<b>December 31, 2020</b>			
Recurring basis

Impaired loans	—	—	854,470
Other real estate owned	—	—	1,737,257

**SAVOY BANK**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 6 — FAIR VALUE (Continued)**

There were no transfers between levels within the fair value hierarchy during the years ended December 31, 2020 or 2019.

Impaired loans in the preceding table had a carrying amount of \$390,939 and a remaining valuation allowance of \$390,939, at December 31, 2020, as compared to \$1,621,816 and \$767,346, respectively, as of December 31, 2019. Impaired loans measured at fair value as of December 31, 2020 incurred \$374,303 of net charge-offs and resulted in an additional provision for loan losses of \$374,303 during the year ended December 31, 2020.

Carrying amounts and estimated fair values of financial instruments as of December 31, 2020 and December 31, 2019, were as follows (in thousands):

	Carrying Amount	Fair Value	Level 1	Level 2	Level 3
<b>December 31, 2020</b>

**SAVOY BANK**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 7 — PREMISES AND EQUIPMENT**

Year-end premises and equipment were as follows:

	<u>2020</u>	<u>2019</u>
Leasehold improvements	\$ 258,619	\$ 251,510
Furniture and equipment	540,477	447,601
Computer hardware and software	664,002	636,073
	<u>1,463,098</u>	<u>1,335,184</u>
Less: accumulated depreciation	(990,377)	(754,565)
Premises and equipment, net	<u>\$ 472,721</u>	<u>\$ 580,618</u>

The Bank leases its main office. Rent expense, net of rental income, was \$567,838 for both 2020 and 2019. Minimum rent commitments under non-cancelable operating leases, excluding taxes and insurance, were as follows, before considering renewal options that generally are present.

2021	\$ 596,670
2022	616,693
2023	616,693
2024	616,693
2025	616,693
Thereafter	308,346
	<u>\$3,371,788</u>

**NOTE 8 — DEPOSITS**

At December 31, 2020 and 2019, deposits from related parties totaled \$15,679,863 and \$11,260,982.

The scheduled maturities of time deposits at December 31, 2020, were as follows:

2021	\$106,238,847
2022	49,267,848
2023	22,477,317
2024	16,723,395
2025	14,887,025
Thereafter	1,261,101
	<u>\$210,855,533</u>

Time deposits \$250,000 and over totaled \$76,513,099 and \$53,557,127 at December 31, 2020 and 2019. Included in this amount are brokered deposits of \$29,964,000 and \$4,926,000 at December 31, 2020 and 2019. Total brokered deposits at December 31, 2020 and 2019 were \$32,472,428 and \$29,997,585, respectively.

**NOTE 9 — BORROWINGS**

At year-end, advances from the Federal Home Loan Bank were as follows:

	<u>2020</u>	<u>2019</u>
Fixed-rate advances, at an average rate of 2.85%	<u>\$7,500,000</u>	<u>\$12,500,000</u>

**SAVOY BANK**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 9 — BORROWINGS (Continued)**

Each advance is payable at its maturity date, with a prepayment penalty for fixed rate advances. The advances were collateralized by \$71,288,703 of first mortgage, multifamily, and commercial loans under a blanket lien arrangement at year-end 2020. Based on this collateral and the Bank's holdings of FHLB stock, the Bank was eligible to borrow up to a total of \$43,611,613, inclusive of outstanding advances, at year-end 2020.

Payments over the next five years are as follows:

2021	\$ —
2022	—
2023	7,500,000
2024	—
2025	—
	<u>\$7,500,000</u>

The Bank began participating in the FRB's Paycheck Protection Program Liquidity Facility ("PPPLF") during 2020. As of December 31, 2020, PPPLF borrowings of \$182,521,351 were outstanding. The borrowings are collateralized by the SBA PPP loans originated by the Bank. The maturity date of the PPPLF borrowings equals the maturity date of the underlying SBA PPP loans pledged to secure the extension of credit. The maturity date will be accelerated to the extent of any loan forgiveness reimbursement received by the Bank from the SBA. The maturity date will also be accelerated if an underlying SBA PPP loan goes into default or if the Bank sells an SBA PPP loan to the SBA to realize the SBA guarantee. The interest rate on the PPPLF borrowings is fixed at 0.35%.

**NOTE 10 — GRANTS**

During 2019, the Bank received a grant of \$210,162, net, from the U.S. Treasury Department as an award in recognition of its lending and community development activities under the Bank Enterprise Award Program. Grants are recorded as income when conditions for the award are met. Deferred revenue related to grants totaled \$1,006,905 at both December 31, 2020 and 2019, and is included in other liabilities in the accompanying balance sheets.

**NOTE 11 — STOCK BASED COMPENSATION**

The Bank's 2013 Stock Option Plan (the "Plan") permits the grant of share options to its directors, employees, advisors and other service providers of up to 770,000 shares of common stock. The Bank believes that such awards better align the interests of such parties with those of its shareholders.

The fair value of each option award is estimated on the date of grant using a closed form option valuation (Black-Scholes) model. As the Bank's shares are not publicly traded, expected volatilities are based on peer information.

**SAVOY BANK**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 11 — STOCK BASED COMPENSATION (Continued)**

A summary of the activity in the stock option plans for 2020 and 2019 follows:

	Shares	Weighted Average Exercise Price	Weighted Average Remaining Contractual Term (Years)	Aggregate Intrinsic Value
<b>December 31, 2020</b>				
Outstanding at beginning of year	625,401	\$ 1.53		
Granted	—	—		
Exercised	(18,980)	1.50		
Forfeited or expired	—	—		
Outstanding at end of year	<u>606,421</u>	\$ 1.54	4.12	\$1,451,900
Exercisable at end of year	<u>606,421</u>	1.54	4.12	\$1,451,900
<b>December 31, 2019</b>				
Outstanding at beginning of year	686,883	\$ 1.53		
Granted	—	—		
Exercised	(53,450)	1.50		
Forfeited or expired	(8,032)	1.50		
Outstanding at end of year	<u>625,401</u>	\$ 1.53	5.14	\$ 53,393
Exercisable at end of year	<u>625,401</u>	\$53,393		

All outstanding options are vested. At December 31, 2020 and 2019, there was no unrecognized compensation cost related to stock options granted under the Plan.

**NOTE 12 — INCOME TAXES**

The provision for income taxes is summarized as follows:

	2020	2019
Current expense	\$3,150,163	\$1,648,614
Deferred expense (benefit)	(875,160)	24,007
Total income tax expense	<u>\$2,275,003</u>	<u>\$1,672,621</u>

The effective tax rate differs from the federal statutory rate primarily due to state and local income taxes.

Gross deferred tax assets consist primarily of the tax benefit of net operating losses, allowance for loan losses, section 585 bad debt recapture, deferred income and organization costs. Deferred taxes include the following amounts of deferred tax assets and liabilities at December 31:

	2020	2019
Deferred tax assets	\$3,628,468	\$2,492,805
Deferred tax liabilities	(499,142)	(239,195)
Net deferred tax assets	<u>\$3,129,326</u>	<u>\$2,253,610</u>

**SAVOY BANK**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 12 — INCOME TAXES (Continued)**

Included in deferred tax assets are state and city net operating losses that are being carried forward and will be available to reduce future taxable income. As of year-end 2020, the Bank had a New York State net operating loss carryforward of approximately \$4.3 million and a New York City net operating loss carryforward of approximately \$2.0 million. The New York State and New York City net operating loss carryforwards will begin to expire in 2035.

The Bank calculates its tax obligation to New York State and New York City based upon the largest of a calculated income tax liability, a tax liability based upon average equity capital or a fixed minimum fee. Banks under \$8 billion in total assets are also able to claim a subtraction from New York State and New York City taxable income equal to 50% of the net interest income on certain loans to customers within these respective jurisdictions. Based upon performance and forecasted future earnings, the Bank believed at December 31, 2020 it was more likely than not it would generate sufficient New York State and New York City taxable income in future periods to subject the Bank to the net income tax in these jurisdictions and fully utilize its net deferred tax asset.

The Bank is no longer subject to examination by taxing authorities for years before 2017. The Bank recognizes interest and/or penalties related to income tax matters in income tax expense. The Bank did not have any unrecognized tax benefits related to uncertain tax positions as of year-end 2020 or 2019 and does not anticipate the total amount of unrecognized tax benefits to significantly increase in the next twelve months.

**NOTE 13 — FINANCIAL INSTRUMENTS WITH OFF-BALANCE-SHEET RISK**

The Bank is a party to financial instruments with off-balance-sheet risk in the normal course of business to meet the financing needs of its customers. The financial instruments include commitments to extend credit and standby letters of credit. These instruments involve, to varying degrees, elements of credit risk in excess of the amount recognized in the balance sheet. The contract or notional amounts of these instruments reflect the extent of the Bank's involvement in these particular classes of financial instruments. The Bank's exposure to credit loss in the event of nonperformance by the other party to the financial instrument for commitments to extend credit and standby letters of credit is represented by the contractual or notional amount of these instruments. The Bank has historically used the same credit policies in making conditional obligations as it does for on-balance sheet instruments.

At December 31, the Bank had the following financial instruments, whose contract amounts represented credit risk:

	2020	2019
Commitments to extend credit	\$13,766,282	\$12,045,142
Standby letters of credit	800,262	800,262

Commitments to extend credit are agreements to lend to a customer as long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. Substantially all of the commitments are in the form of unused lines of credit and are at variable interest rates. The Bank evaluates each customer's creditworthiness on a case-by-case basis. Since many of the commitments are expected to expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements. The amount of collateral obtained, if deemed necessary upon extension of credit, is based on management's credit evaluation.

Collateral held varies, but may include accounts receivable, marketable securities, inventory, property and equipment, and income-producing properties. Standby letters of credit are conditional commitments issued by the Bank to guarantee the performance of a customer to a third party. The credit risk involved in issuing letters of credit is essentially the same as that involved in extending loan facilities to customers.

**SAVOY BANK**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 14—REGULATORY MATTERS**

Banks are subject to regulatory capital requirements administered by federal banking agencies. Capital adequacy guidelines and, additionally for banks, prompt corrective action regulations, involve quantitative measures of assets, liabilities, and certain off-balance-sheet items calculated under regulatory accounting practices. Capital amounts and classifications are also subject to qualitative judgments by regulators. Failure to meet capital requirements can initiate regulatory action. The final rules implementing Basel Committee on Banking Supervision’s capital guidelines for U.S. banks (Basel III rules) became effective for the Bank on January 1, 2015, with full compliance with all of the requirements being phased in over a multi-year schedule, and fully phased in on January 1, 2019. Management believes as of December 31, 2020 and 2019, the Bank met all capital adequacy requirements, including the capital conservation buffer of 2.5% applicable to the Bank for 2020 and 2019, to which it is subject.

Prompt corrective action regulations provide five classifications: well capitalized, adequately capitalized, undercapitalized, significantly undercapitalized, and critically undercapitalized, although these terms are not used to represent overall financial condition. If adequately capitalized, regulatory approval is required to accept brokered deposits. If undercapitalized, capital distributions are limited, as is asset growth and expansion, and capital restoration plans are required. At year-end 2020 and 2019, the most recent regulatory notifications categorized the Bank as well capitalized under the regulatory framework for prompt corrective action. There are no conditions or events since that notification that management believes have changed the institution’s category.

Actual and required capital amounts (in thousands) and ratios are presented below at year-end:

	Actual		Required For Capital Adequacy Purposes		To Be Well Capitalized Under Prompt Corrective Action Regulations	
	Amount	Ratio	Amount	Ratio	Amount	Ratio
<b>2020</b>						
Total capital to risk weighted assets	\$49,216	16.28%	\$24,185	8.00%	\$30,232	10.00%
Tier 1 (core) capital to risk weighted assets	45,380	15.01	18,139	6.00	24,185	8.00
Common tier 1 (CET1) to risk weighted assets	45,380	15.01	13,604	4.50	19,651	6.50
Tier 1 (core) capital to average assets	45,380	10.66	17,024	4.00	21,280	5.00
<b>2019</b>						
Total capital to risk weighted assets	\$44,605	14.18%	\$24,860	8.00%	\$31,075	10.00%
Tier 1 (core) capital to risk weighted assets	40,163	12.92	18,645	6.00	24,860	8.00
Common tier 1 (CET1) to risk weighted assets	40,163	12.92	13,984	4.50	20,198	6.50
Tier 1 (core) capital to average assets	40,163	10.62	15,132	4.00	18,915	5.00

**NOTE 15—PENDING SALE**

On August 27, 2020, the Bank entered into an Agreement and Plan of Merger (the “Merger Agreement”) with Hanover Bancorp, Inc. (“Hanover”), parent company of Hanover Community Bank. Under the terms of the Merger Agreement, the Bank will ultimately merge with and into Hanover Community Bank and each outstanding share of the Bank’s common stock will be exchanged for a combination of cash consideration and Hanover common stock. The merger is expected to close in the first half of 2021, subject to satisfaction of customary closing conditions, including receipt of required regulatory approvals and approval by the Bank’s shareholders.

## INFORMATION NOT REQUIRED IN PROSPECTUS

### Item 13. Other Expenses of Issuance and Distribution

The following table sets forth all costs and expenses other than the underwriting discounts and commissions payable by us, in connection with the offer and sale of the securities being registered.

SEC registration fee	\$ 3,244.50
NASDAQ listing fee	\$ 175,000.00
FINRA filing fee	\$ 5,750.00
Printing fees and expenses	\$ 80,000.00
Legal fees and expenses	\$ 550,000.00
Accounting fees and expenses	\$ 230,000.00
Transfer agent fees and expenses	\$ 1,000.00
Advisory fees and expenses	\$ —
Miscellaneous	\$ 10,000.00
<b>Total</b>	<b>\$1,054,994.50</b>

### Item 14. Indemnification of Directors and Officers.

Section 402(b) of the New York Business Corporation Law (“BCL”) allows a corporation to set forth in its certificate of incorporation a provision which eliminates or limits the personal liability of directors to the corporation or the shareholders for damages for breach of duty except where the director is adjudged to have acted in bad faith, engaged in intentional misconduct or knowingly violated a law, or obtained an improper personal benefit. Hanover’s certificate of incorporation provides for this limitation of liability.

Section 722 of the BCL (“Section 145”) provides that a New York corporation may indemnify any person who is or is threatened to be made, party to any action or proceeding whether civil, criminal (other than an action by or in the right of such corporation), by reason of the fact that such person was an officer or director of such corporation or served at the request of such corporation in any capacity in another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise. The indemnity may include judgments, fines, reasonable expenses (including attorneys’ fees) and amounts paid in settlement actually and reasonably incurred by such person in connection with such action or proceeding or appeal, provided such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the corporation’s best interests and, with respect to any criminal action or proceeding, had no reasonable cause to believe that his or her conduct was unlawful. Further, a New York corporation may indemnify any person who is made, or threatened to be made, a party to an action by or in the right of the corporation by reason of the fact that such person is or was a director or officer of such corporation or served at the request of such corporation, as an officer or director of another corporation or enterprise. The indemnity may include amounts paid in settlement and reasonable expenses (including attorneys’ fees), actually and necessarily incurred by him in connection with the defense or settlement of such action, or in connection with an appeal therein, provided such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the corporation’s best interests, provided that no indemnification is permitted (i) with respect to a threatened action, or a pending action which is settled or otherwise disposed of, or (ii) without judicial approval if the officer or director, is adjudged to be liable to the corporation. Where an officer or director is successful on the merits or otherwise in the defense of any action referred to above, the corporation must indemnify him against the expenses which such officer or director has actually and reasonably incurred. Where a corporation fails to provide indemnification as provided for under the BCL, indemnification may be sought through judicial action.

Section 726 of the BCL further authorizes a corporation to purchase and maintain insurance to indemnify the corporation for any obligation which it incurs as a result of the indemnification of directors and officers, to indemnify directors and officers as provided under the BCL and also in which they may not otherwise be indemnified by the corporation under the BCL provided that the contract of insurance provides for a retention amount and for co-insurance.

Hanover's bylaws provide for indemnification of directors, officers and employees to the fullest extent authorized by the BCL subject to the Board's determination that indemnification is proper under the circumstances. The Board also has the discretion to determine whether to advance any funds in advance of disposition of any action or proceeding.

#### **Item 15. Recent Sales of Unregistered Securities**

The following sets forth information regarding unregistered securities that were sold us within the past three years.

1. In the past three years, we have granted 162,710 shares of restricted stock pursuant to the Hanover Community Bank 2013 Stock Option Plan, Savoy Bank 2013 Stock Option Plan, Hanover Community Bank 2015 Restricted Stock Plan, Hanover Community Bank 2016 Stock Option Plan, 2018 Equity Compensation Plan, and the Hanover Bancorp 2021 Equity Compensation Plan (collectively, the "Plans"), in each case to our or our subsidiaries' officers and directors. In connection with the Savoy merger, certain options to purchase shares of Savoy common stock were converted into options to purchase 71,900 shares of our common stock. No underwriter or placement agent was involved in the issuance or sale of any of the common stock, and no underwriting discounts or commissions were paid. The issuance and sale of the common stock described above was made in reliance upon exemptions from registration requirements under Section 4(a)(2) of the Securities Act and pursuant to Rule 701 promulgated under the Securities Act as a transaction by an issuer not involving any public offering and pursuant to benefit plans and contracts relating to compensation.
  2. On October 7, 2020, we completed the issuance of \$25 million in aggregate principal amount of fixed-to-floating rate subordinated notes due 2030 to certain qualified institutional buyers and accredited institutional investors. The placement agent for this transaction were Stephens Inc. and PNC Capital Markets LLC. The aggregate placement agent commission for this transaction was \$375,000. The subordinated notes were issued under an exemption from registration pursuant to Section 4(a)(2) of the Securities Act and Rule 506 of Regulation D promulgated thereunder as a transaction by an issuer not involving any public offering.
  3. August 9, 2019 we issued to accredited investors 187,242 shares of common stock in connection with the consummation of those certain transactions contemplated by that certain Agreement and Plan of Merger, dated as of September 20, 2018 by and among Hanover Bancorp, Inc., Hanover Community Bank and Chinatown Federal Savings Bank, as amended. No underwriter or placement agent was involved in the issuance or sale of any of the common stock, and no underwriting discounts or commissions were paid. The common stock was issued under an exemption from registration pursuant to Section 4(a)(2) of the Securities Act and Rule 506 of Regulation D promulgated thereunder as a transaction by an issuer not involving any public offering.
  4. In addition to as set forth above, in the past the years, we have made sales of shares of our common stock as follows:
    - On September 28, 2018, we issued 211,471 shares of common stock at a weighted average price of \$18.92 per share;
    - On October 31, 2018, we issued 105,069 shares of common stock at a price of \$18.95 per share;
    - On November 30, 2018 we issued 52,771 shares of common stock at a price of \$18.95 per share;
    - On January 2, 2019 we issued 1,891 shares of common stock at a price of \$18.95 per share;
    - On January 31, 2019 we issued 615 shares of common stock at a price of \$18.95 per share;
    - On February 27, 2019 we issued 73,800 shares of common stock at a price of \$18.95 per share;
    - On May 1, 2019 we issued 1,650 shares of common stock at a price of \$18.95 per share;
    - On May 21, 2019 we issued 29,000 shares of common stock at a price of \$18.95 per share;
    - On July 1, 2019 we issued 1,414 shares of common stock at a price of \$21.49 per share;
-

- On July 1, 2019 we issued 1,414 shares of common stock at a price of \$21.49 per share;
- On October 9, 2019 we issued 878 shares of common stock at a price of \$21.79 per share;
- On March 3, 2020 we issued 1,198 shares of common stock at a price of \$21.79 per share;
- On September 30, 2020 we issued 3,026 shares of common stock at a price of \$21.79 per share;
- On November 3, 2020 we issued 3,000 shares of common stock at a price of \$22.00 per share;  
and
- On March 31, 2021 we issued 2,127 shares of common stock at a price of \$22.00 per share;

No underwriter or placement agent was involved in the issuance or sale of any of the common stock, and no underwriting discounts or commissions were paid. The common stock was issued under an exemption from registration pursuant to Section 4(a)(2) of the Securities Act as transactions by an issuer not involving any public offering.

**Item 16. Exhibits and Financial Statement Schedules.**

- (b) Financial Statement Schedules: No financial statement schedules are filed because the required information is not applicable or is included in the consolidated financial statements or related notes

**Item 22: Undertakings.**

- (a) The undersigned registrant hereby undertakes:
- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act (the "Act");
  - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission ("SEC") pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use

(c) that, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of securities, in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser: (i) any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424; (ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant; (iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and (iv) any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(d) Insofar as indemnification for liabilities arising under the Act may be permitted to directors, officers and controlling persons of registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

---

**SIGNATURES**

Pursuant to the requirements of the Securities Act of 1933, Hanover Bancorp, Inc. has duly caused this Registration Statement on Form S-1 to be signed on its behalf by the undersigned, thereunto duly authorized, in the city of New York, State of New York, on May 4, 2022.

[●] Shares

HANOVER BANCORP, INC.

Common Stock

UNDERWRITING AGREEMENT

[●], 2022

STEPHENS INC.

(As representative of Underwriters listed in Annex A hereto)

c/o Stephens Inc.  
111 Center Street  
Little Rock, Arkansas 72201

Ladies and Gentlemen:

Hanover Bancorp, Inc., a New York corporation (“Company”), proposes to issue and sell to the several underwriters named in Annex A hereto (“Underwriters”), pursuant to the terms set forth herein (this “Agreement”), an aggregate of [●] shares (the “Firm Shares”) of Company’s Common Stock, par value \$0.01 per share (the “Common Stock”). Company has also granted to Underwriters an option to purchase from Company up to an additional [●] shares of Common Stock (the “Option Shares”). The Firm Shares and the Option Shares are hereinafter referred to collectively as the “Shares.” Stephens Inc. has agreed to act as representative of the several Underwriters (in such capacity, “Representative”) in connection with the offering and sale of the Shares.

Company has prepared and filed with the United States Securities and Exchange Commission (the “Commission”) a registration statement on Form S-1 (File No. 333-262920) which includes a form of prospectus to be used in connection with the public offering and sale of the Shares. Such registration statement, as amended, including the financial statements, exhibits and schedules thereto, in the form in which it became effective under the Securities Act of 1933, as amended (the “Securities Act”), and the rules and regulations promulgated thereunder (the “Securities Act Regulations”), including any information deemed to be a part thereof at the time of effectiveness pursuant to Rule 430A under the Securities Act, is referred to herein as the “Registration Statement.” From and after the date and time of filing any registration statement pursuant to Rule 462(b) under the Securities Act (a “Rule 462(b) Registration Statement”), the term “Registration Statement” shall include the Rule 462(b) Registration Statement. The prospectus, in the form first used by Underwriters to confirm sales of the Shares or in the form first made available to Underwriters by Company to meet requests of purchasers pursuant to Rule 173 under the Securities Act, is referred to herein as the “Prospectus.” Each prospectus in preliminary form that describes the Shares and the offering thereof and is used prior to the filing of the Prospectus is referred to herein as a “preliminary prospectus.” The preliminary prospectus relating to the Shares that was included in the Registration Statement immediately prior to the Applicable Time (as defined below) is hereinafter called the “Pricing Prospectus.” The “Pricing Disclosure Package” means the Pricing Prospectus, together with the Issuer Free Writing Prospectuses (as defined below), if any, listed on Annex B hereto, and the pricing information conveyed orally to investors, as set forth on Annex B hereto. For the purposes of this Agreement, the “Applicable Time” is [●] p.m., New York City time, on [●], 2022. Any “issuer free writing prospectus” (as defined in Rule 433 under the Securities Act) relating to the offering of the Shares contemplated hereunder is hereinafter called an “Issuer Free Writing Prospectus.” As used herein, “Road Show” means a “road show” (as defined in Rule 433 under the Securities Act) relating to the offering of the Shares contemplated hereby that is a “written communication” (as defined in Rule 405 under the Securities Act). All references to the Registration Statement, any preliminary prospectus, the Pricing Prospectus, the Prospectus, any Issuer Free Writing Prospectus or any amendment or supplement to any of the foregoing shall be deemed to include the copy filed with the Commission pursuant to its Electronic Data Gathering, Analysis and Retrieval system or any successor system thereto (“EDGAR”). “Testing-the-Waters Communication” means any oral or written communication with potential investors undertaken in reliance on Section 5(d) of the Securities Act. “Written Testing-the-Waters Communication” means any Testing-the-Waters Communication that is a “written communication” within the meaning of Rule 405 under the Securities Act. “Permitted Written Testing-the-Waters Communications” means the Written Testing-the-Waters Communications, if any, listed on Annex C hereto.

---

Company and Underwriters agree that up to [5]<sup>1</sup>% of the Firm Shares (the “Directed Shares”) shall be reserved for sale by Underwriters to certain eligible directors, executive officers, employees and other business associates of Company and its Subsidiaries (as defined herein) (collectively, the “Directed Share Participants”), as part of the distribution of the Shares by Underwriters, subject to the terms of this Agreement, the applicable rules, regulations and interpretations of the Financial Industry Regulatory Authority, Inc. (“FINRA”) and all other applicable laws, rules and regulations. To the extent that such Directed Shares are not orally confirmed for purchase, and subject to an agreement to purchase, by the Directed Share Participants by the end of the first business day after the date of this Agreement, such Directed Shares may be offered to the public as part of the public offering contemplated hereby.

Company and Bank (as defined below) confirm as follows their respective agreements with Representative and the several other Underwriters.

**Section 1. Representations and Warranties of Company and Bank.**

(a) *Representations and Warranties of Company.* Company represents and warrants to each Underwriter at the date hereof, the Applicable Time, the Closing Date (as defined below), and each Option Closing Date (if any) referred to in Section 3(b) hereof, and agrees with each Underwriter, as follows:

(i) Compliance of the Registration Statement, the Prospectus and Incorporated Documents. Each of the Registration Statement and any post-effective amendment thereto has become effective under the Securities Act. No stop order suspending the effectiveness of the Registration Statement or any post-effective amendment thereto has been issued under the Securities Act, no order preventing or suspending the use of any preliminary prospectus or the Prospectus or any amendment or supplement thereto has been issued and no proceedings for any of those purposes have been instituted or are pending or, to Company’s knowledge, contemplated. Company has complied with each request (if any) from the Commission for additional information.

---

<sup>1</sup> Note to Draft: To be determined - up to 5% of base deal.

Each of the Registration Statement and any post-effective amendment thereto, at the time of its effectiveness and as of each deemed effective date with respect to Underwriters pursuant to Rule 430B(f)(2) of the Securities Act, complied in all material respects with the requirements of the Securities Act and the Securities Act Regulations. Each preliminary prospectus, the Pricing Prospectus, the Prospectus and any amendment or supplement thereto, at the time each was filed with the Commission, complied in all material respects with the requirements of the Securities Act and the Securities Act Regulations and are identical to the electronically transmitted copies thereof filed with the Commission pursuant to EDGAR, except to the extent permitted by Regulation S-T.

The documents incorporated or deemed to be incorporated by reference in the Registration Statement, the Pricing Disclosure Package and the Prospectus, when they became effective or at the time they were or hereafter are filed with the Commission, complied and will comply in all material respects with the requirements of the Securities Exchange Act of 1934, as amended (the “Exchange Act”) and the rules and regulations promulgated thereunder (the “Exchange Act Regulations”).

(ii) Accurate Disclosure. Neither the Registration Statement nor any post-effective amendment thereto, at its effective time or at the Closing Date or Option Closing Date, contained, contains or will contain an untrue statement of a material fact or omitted, omits or will omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading. At the Applicable Time, neither (A) the Pricing Disclosure Package nor (B) any individual Issuer Free Writing Prospectus, when considered together with the Pricing Disclosure Package, included, includes or will include an untrue statement of a material fact or omitted, omits or will omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading. Neither the Prospectus nor any amendment or supplement thereto, as of its issue date or at the Closing Date or Option Closing Date, included, includes or will include an untrue statement of a material fact or omitted, omits or will omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading. There are no statutes, regulations, documents or contracts of a character required to be described in the Registration Statement, the Pricing Disclosure Package and the Prospectus, or to be filed as an exhibit to the Registration Statement, which are not described or filed as required. There are no business relationships or related person transactions involving Company or any Subsidiary (as defined herein) or any other person required to be described in the Registration Statement, the Pricing Disclosure Package and the Prospectus that have not been described as required.

The representations and warranties in this subsection shall not apply to statements in or omissions from the Registration Statement or any amendment thereto or the Pricing Disclosure Package or the Prospectus or any amendment or supplement thereto made in reliance upon and in conformity with information furnished in writing or confirmed in writing to Company by any Underwriter through Representative expressly for use therein. For purposes of this Agreement, the only information so furnished or confirmed shall be the information under the heading “Underwriting—Stabilization” and the first sentence under the heading “Underwriting—Passive Market Making,” in each case, contained in the Registration Statement, the preliminary prospectus contained in the Pricing Disclosure Package and the Prospectus (collectively, the “Underwriter Information”).

(iii) Issuer Free Writing Prospectuses. No Issuer Free Writing Prospectus conflicts or will conflict with the information contained in the Registration Statement, any preliminary prospectus, the Pricing Prospectus or the Prospectus, including any document incorporated by reference therein, that has not been superseded or modified.

(iv) Company Not Ineligible Issuer. (A) At the time of filing the Registration Statement and any post-effective amendment thereto, (B) at the earliest time thereafter that Company or another offering participant made a bona fide offer (within the meaning of Rule 164(h)(2) of the Securities Act Regulations) of the Shares and (C) at the Applicable Time, Company was not and is not an “ineligible issuer,” as defined in Rule 405 under the Securities Act.

(v) Auditor. Crowe LLP, the accounting firm that audited the financial statements and supporting schedules of Company and its consolidated Subsidiaries (as defined below) and Savoy Bank and its consolidated subsidiaries (collectively “Savoy”) that are included in the Registration Statement, the Pricing Disclosure Package and the Prospectus, is (i) an independent public accountant with respect to Company and, to Company’s knowledge, Savoy as required by the Securities Act, the Securities Act Regulations, the Exchange Act, the Exchange Act Regulations and the Public Company Accounting Oversight Board (the “PCAOB”), (ii) a registered public accounting firm, as defined by the PCAOB, which has not had its registration superseded or revoked and which has not requested that such registration be withdrawn, and (iii) with respect to Company or, to Company’s knowledge, Savoy, is not and has not been in violation of the auditor independence requirements of the Sarbanes-Oxley Act of 2002 and the rules and regulations promulgated in connection therewith (the “Sarbanes-Oxley Act”) and the rules and regulations of the Commission.

(vi) Financial Statements; Non-GAAP Financial Measures. The financial statements of Company and its consolidated Subsidiaries (as defined below) included in the Registration Statement, the Pricing Disclosure Package and the Prospectus, together with the related schedules and notes, comply with the requirements of the Securities Act and present fairly in all material respects the financial position of Company and its consolidated Subsidiaries (as defined below) at the dates indicated or for the periods to which they apply. To Company’s knowledge, the financial statements of Savoy and its consolidated subsidiaries, included in the Registration Statement, the Pricing Disclosure Package and the Prospectus, together with the related schedules and notes, present fairly in all material respects the financial position of Savoy and its consolidated subsidiaries. The financial statements of Company and its consolidated Subsidiaries (as defined below) and, to Company’s knowledge, the financial statements of Savoy have been prepared in conformity with U.S. generally accepted accounting principles (“GAAP”) applied on a consistent basis throughout the periods involved. The supporting schedules, if any, present fairly in accordance with GAAP the information required to be stated therein. The selected financial data and the summary financial information included in the Registration Statement, the Pricing Disclosure Package and the Prospectus present fairly, in all material respects, the information shown therein and have been compiled on a basis consistent with that of the audited financial statements included or incorporated by reference therein. The pro forma financial statements included in the Registration Statement, the Pricing Disclosure Package and the Prospectus, together with the notes related thereto (A) present fairly the consolidated financial position and results of operations of (i) Company and its Subsidiaries and (ii) to Company’s knowledge, Savoy, at the dates and for the periods specified on a combined pro forma basis, and (B) present fairly the consolidated financial position of (i) Company and its Subsidiaries and (ii) to Company’s knowledge, Savoy; said pro forma financial statements and pro forma information referred to in (A) and (B) have been prepared in conformity with the requirements of Article 11 of Regulation S-X and GAAP, applied on a consistent basis throughout the periods involved, and give effect to assumptions and adjustments made in good faith and on a reasonable basis as set forth therein. Except as included therein, no historical or pro forma financial statements or supporting schedules are required to be included in the Registration Statement, any preliminary prospectus or the Prospectus. To the extent applicable, all disclosures contained in the Registration Statement, the Pricing Disclosure Package or the Prospectus, if any, regarding “non-GAAP financial measures” (as such term is defined by the rules and regulations of the Commission) comply with Regulation G under the Exchange Act and Item 10(e) of Regulation S-K under the Securities Act.

(vii) No Material Adverse Change in Business. Since the respective dates as of which information is given in the Registration Statement, the Pricing Disclosure Package and the Prospectus, except as otherwise stated therein, (A) there has been no material adverse effect, or any development that would reasonably be expected to result in a material adverse effect, (i) on the general affairs, condition (financial or otherwise), business, properties, prospects, management, financial position, shareholders' equity, assets, liabilities or results of operations, of Company and its Subsidiaries considered as one enterprise, whether or not arising in the ordinary course of business or (ii) in the ability of Company to perform its obligations under, and to consummate the transactions contemplated by, this Agreement (each of (i) and (ii) a "Material Adverse Effect"), (B) there has not been any change in the short-term debt or long-term debt or material change in the capital stock of Company or any of the Subsidiaries, (C) there have been no transactions entered into by, and no obligations or liabilities, contingent or otherwise, incurred by Company or any of its Subsidiaries, whether or not in the ordinary course of business, which are material to Company and the Subsidiaries, considered as one enterprise, (D) Company has not purchased any of its outstanding capital stock and there has been no dividend or distribution of any kind declared, paid or made by Company on any class of its capital stock, or (E) there has been no material loss or interference with Company's or any of its Subsidiaries' business from fire, explosion, flood, earthquakes, accident or other calamity, whether or not covered by insurance, or from any labor dispute or court or governmental action, order or decree, in each case, otherwise than as set forth or contemplated in the Registration Statement, the Pricing Disclosure Package and the Prospectus.

(viii) Good Standing of Company. Company has been duly incorporated and is validly existing as a corporation in good standing under the laws of the State of New York and has the requisite corporate power and authority to own, lease and operate its properties and to conduct its business as described in the Registration Statement, the Pricing Disclosure Package and the Prospectus and to enter into and perform its obligations under this Agreement; and Company is duly qualified as a foreign corporation to transact business and is in good standing in each other jurisdiction in which such qualification is required, whether by reason of the ownership or leasing of property or the conduct of business, except where the failure to so qualify or to be in good standing would not reasonably be expected to result in a Material Adverse Effect.

(ix) Good Standing of Subsidiaries. Hanover Community Bank (“Bank”) is a bank chartered under the laws of the State of New York to transact business as a state financial institution, and the charter of Bank is in full force and effect. Bank is the only “significant subsidiary” of Company (as such term is defined in Rule 1-02 of Regulation S-X) and is the only subsidiary of Company listed on Exhibit 21.1 to the Registration Statement (the “Significant Subsidiary”). Each other subsidiary (as defined in Rule 405 under the Securities Act) of Company (each, a “Subsidiary”) has been duly organized and is validly existing as a corporation or other organization in good standing under the laws of the jurisdiction of its incorporation, formation or organization, has the requisite corporate or organizational power and authority to own, lease and operate its properties and to conduct its business as described in the Registration Statement, the Pricing Disclosure Package and the Prospectus and is duly qualified as a foreign corporation or other business entity to transact business and is in good standing in each jurisdiction in which such qualification is required, whether by reason of the ownership or leasing of property or the conduct of business, except where the failure to so qualify or to be in good standing would not reasonably be expected to result in a Material Adverse Effect. Except as otherwise disclosed in the Registration Statement, the Pricing Disclosure Package and the Prospectus, all of the issued and outstanding capital stock of each such Subsidiary has been duly and validly authorized and issued, is fully paid and non-assessable and is owned by Company, directly or through Subsidiaries, free and clear of any security interest, mortgage, pledge, lien, encumbrance, claim or equity; none of the outstanding shares of capital stock of any Subsidiary was issued in violation of the preemptive or similar rights of any securityholder of such Subsidiary arising by operation of law, or under the articles of incorporation, bylaws or other organizational documents of Company or any Subsidiary or under any agreement to which Company or any Subsidiary is a party. The only Subsidiaries of Company are those listed on Annex D hereto, which includes (A) the Significant Subsidiary and (B) certain other subsidiaries which, considered in the aggregate as a single subsidiary, do not constitute a “significant subsidiary” as defined in Rule 1-02 of Regulation S-X. Except for the Subsidiaries, Company does not own beneficially, directly or indirectly, more than five percent (5%) of any class of equity securities or similar interests in any corporation, business trust, association or similar organization, and is not, directly or indirectly, a partner in any partnership or party to any joint venture.

(x) Capitalization. The authorized, issued and outstanding capital stock of Company is as set forth in the Registration Statement, the Pricing Disclosure Package and the Prospectus in the column entitled “Actual” under the caption “Capitalization” (except for subsequent issuances, if any, pursuant to this Agreement, pursuant to reservations, agreements or employee benefit plans referred to in the Registration Statement, the Pricing Disclosure Package and the Prospectus or pursuant to the exercise of convertible securities or options referred to in the Registration Statement, the Pricing Disclosure Package and the Prospectus). The shares of issued and outstanding capital stock of Company have been duly and validly authorized and issued and are fully paid and non-assessable; none of the outstanding shares of capital stock of Company was issued in violation of the preemptive rights, rights of first refusal or other similar rights of any securityholder of Company arising by operation of law, or under the articles of incorporation, bylaws or other organizational documents of Company or any Subsidiary or under any agreement to which Company or any Subsidiary is a party.

(xi) Company Equity Awards. With respect to any stock options, restricted stock or other equity awards (the “Equity Awards”) granted pursuant to any compensation plan of Company or its Subsidiaries providing for the issuance of Equity Awards (the “Company Plans”), (A) each grant of an Equity Award was duly authorized no later than the date on which the grant of such Equity Award was by its terms to be effective by all necessary corporate action, and (B) each such grant was made in accordance with the terms of the Company Plans and all other applicable laws and regulatory rules or requirements.

(xii) Authorization of Agreement. Company has full right, power and authority to execute and deliver this Agreement and to perform its obligations hereunder; and all action required to be taken for the due and proper authorization, execution and delivery by it of this Agreement and the consummation by it of the transactions contemplated hereby has been duly and validly taken. This Agreement has been duly authorized, executed and delivered by Company.

(xiii) Securities Offerings. All offers and sales of Company’s capital stock and debt or other securities prior to the date hereof were made in compliance with or were the subject of an available exemption from registration under the Securities Act and the Securities Act Regulations and all other applicable state and federal laws or regulations, or any actions under the Securities Act and the Securities Act Regulations or any state or federal laws or regulations in respect of any such offers or sales are effectively barred by effective waivers or statutes of limitation.

(xiv) Authorization and Description of Shares. The Shares to be purchased by Underwriters from Company have been duly authorized for issuance and sale to Underwriters pursuant to this Agreement and, when issued and delivered by Company pursuant to this Agreement against payment of the consideration set forth herein, will be validly issued and fully paid and non-assessable and will conform in all material respects to all statements relating thereto contained in the Registration Statement, the Pricing Disclosure Package and the Prospectus and such statements conform in all material respects to the rights set forth in the instruments defining the same; no holder of the Shares will be subject to personal liability for the debts of Company by reason of being such a holder; and the issuance of the Shares is not subject to the preemptive rights, rights of first refusal or other similar rights of any securityholder of Company, except as described in the Registration Statement, the Pricing Disclosure Package and the Prospectus. There are no authorized or outstanding options, warrants, preemptive rights, rights of first refusal or other rights to purchase, or equity or debt securities convertible into or exchangeable or exercisable for, any capital stock of Company or any of the Subsidiaries other than those described in the Registration Statement, the Pricing Disclosure Package and the Prospectus and all such options, warrants and rights have been duly waived in writing as described in the Registration Statement. All such waivers are in full force and effect on the date hereof. The descriptions of Company’s stock option, stock bonus and other stock plans or arrangements, and the options or other rights granted thereunder, set forth in the Registration Statement, the Pricing Disclosure Package and the Prospectus accurately and fairly present the information required to be shown with respect to such plans, arrangements, options and rights.

(xv) Registration Rights. There are no contracts, agreements or understandings between Company and any person granting such person registration rights or other similar rights to have any securities registered for resale pursuant to the Registration Statement or otherwise registered for resale or sold by Company under the Securities Act pursuant to this Agreement other than any rights that have been disclosed in the Registration Statement, the Pricing Disclosure Package and the Prospectus and such rights have been duly waived in writing to the extent set forth therein, copies of which have been provided to Underwriters. All such waivers are in full force and effect on the date hereof.

(xvi) Summaries of Legal Matters. The statements set forth in the Registration Statement, the Pricing Disclosure Package and the Prospectus under the captions “Business—Legal Proceedings”, “Business—Bank Premises”, “Supervision and Regulation”, “Certain Material U.S. Federal Income Tax Consequences For Non-U.S. Holders of Common Stock”, “Shares Eligible for Future Sale”, “Description of Our Capital Stock” and “Underwriting”, insofar as they purport to describe the provisions of the laws and regulations or documents referred to therein, are accurate, complete and fair in all material respects.

(xvii) Absence of Defaults and Conflicts. Company is not in violation of its amended articles of incorporation (the “Charter”), or amended and restated bylaws (the “Bylaws”); none of the Subsidiaries is in violation of its charter, bylaws or other organizational documents and neither Company nor any of its Subsidiaries is in default in the performance or observance of any obligation, agreement, covenant or condition contained in any contract, indenture, mortgage, deed of trust, loan or credit agreement, note, lease or other agreement or instrument to which Company or any of its Subsidiaries is a party or by which it or any of them may be bound, or to which any of the property or assets of Company or any Subsidiary is subject (collectively, “Agreements and Instruments”) or, in violation of any law or statute or any judgment, order, rule or regulation of any court or arbitrator or governmental or regulatory authority, except for such violations or defaults that would not, singly or in the aggregate, result in a Material Adverse Effect; and the execution, delivery and performance of this Agreement and the consummation of the transactions contemplated herein and therein, and in the Registration Statement (including the issuance and sale of the Shares and the use of the proceeds from the sale of the Shares as described in the Prospectus under the caption “Use of Proceeds”) and compliance by Company with its obligations hereunder have been duly authorized by all necessary corporate actions and do not and will not, whether with or without the giving of notice or passage of time or both, conflict with or constitute a material breach of, or material default or Repayment Event (as defined below) under, or result in the creation or imposition of any material lien, charge or encumbrance upon any property or assets of Company or any Subsidiary pursuant to, the Agreements and Instruments; nor will such action result in any material violation of the provisions of the Charter or Bylaws of Company or the charter, bylaws or other organizational document of any Subsidiary; nor will such action result in any violation of any applicable law, statute, rule, regulation, judgment, order, writ or decree of any government, government instrumentality or court, domestic or foreign, having jurisdiction over Company or any Subsidiary or any of their assets, properties or operations. As used herein, a “Repayment Event” means any event or condition which gives the holder of any note, debenture or other evidence of indebtedness (or any person acting on such holder’s behalf) the right to require the repurchase, redemption or repayment of all or a portion of such indebtedness by Company or any Subsidiary.

(xviii) Absence of Labor Dispute. No labor dispute with the employees of Company or any Subsidiary exists or, to Company's knowledge, is imminent. To Company's knowledge, there is no existing or imminent labor disturbance by the employees of any of its or any Subsidiary's principal suppliers, manufacturers, customers or contractors, which, in either case, would, singly or in the aggregate, reasonably be expected to result in a Material Adverse Effect. Neither Company nor any Significant Subsidiary is engaged in any unfair labor practice; except for matters which would not, singly or in the aggregate, have a Material Adverse Effect, (A) there is (1) no unfair labor practice complaint pending or, to Company's knowledge, threatened against Company or any Significant Subsidiary before the National Labor Relations Board or any similar domestic or foreign body, and no grievance or arbitration proceeding arising out of or under collective bargaining agreements is pending or, to Company's knowledge, threatened, (2) no strike, labor dispute, slowdown or stoppage pending or, to Company's knowledge, threatened against Company or any Significant Subsidiary and (3) no union representation dispute currently existing concerning the employees of Company or any Significant Subsidiary; (B) to Company's knowledge, no union organizing activities are currently taking place concerning the employees of Company or any Significant Subsidiary; and (C) there has been no violation of any federal, state, local or foreign law relating to discrimination in the hiring, promotion or pay of employees, any applicable wage or hour laws or any provision of the Employee Retirement Income Security Act of 1974, as amended, and the regulations and published interpretations thereunder (collectively, "ERISA") or any similar domestic or foreign law or the rules and regulations promulgated thereunder concerning the employees of Company or any Significant Subsidiary.

(xix) Absence of Proceedings. There is no action, suit, proceeding, inquiry or investigation before or brought by any court or governmental agency or body, domestic or foreign, now pending or, to Company's knowledge, threatened against or affecting Company or any Subsidiary that is required to be disclosed in the Registration Statement (other than as disclosed therein) or that, if determined adversely to Company or any Subsidiary, would materially and adversely affect the properties or assets thereof, nor to Company's knowledge, is there any basis for any such action, suit, inquiry, proceeding or investigation; the aggregate of all pending legal or governmental proceedings to which Company or any Subsidiary is a party or of which any of their respective property or assets is the subject which are not described in the Registration Statement, including ordinary routine litigation incidental to the business, if determined adversely to Company or any Subsidiary, singly or in the aggregate, would not reasonably be expected to result in a Material Adverse Effect.

(xx) Bank Holding Company Act. Company has been duly registered as, and meets in all material respects the applicable requirements for qualification as, a bank holding company under Bank Holding Company Act of 1956, as amended. The activities of the Subsidiaries are permitted of subsidiaries of a bank holding company under applicable law and the rules and regulations of the Federal Reserve set forth in Title 12 of the Code of Federal Regulations.

(xxi) Compliance with Bank Regulatory Authorities. Company and each of its Subsidiaries is in compliance in all material respects with all applicable laws, rules and regulations (including, without limitation, all applicable regulations and orders) of, or agreements with, the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation (“FDIC”), the New York State Department of Financial Services (“NYSDFS”) (collectively, the “Bank Regulatory Authorities”), the Equal Credit Opportunity Act, the Fair Housing Act, the Truth in Lending Act, the Community Reinvestment Act (the “CRA”), the Home Mortgage Disclosure Act, Bank Secrecy Act and Title III of the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (the “USA Patriot Act”), to the extent such laws or regulations apply to Company or Bank, as applicable. Company and Bank have no knowledge of any facts and circumstances, and have no reason to believe that any facts or circumstances exist, that would cause Bank (A) to be deemed not to be in satisfactory compliance with the CRA and the regulations promulgated thereunder or to be assigned a CRA rating by federal or state banking regulators of lower than “satisfactory,” or (B) to be deemed to be operating in violation, in any material respect, of Bank Secrecy Act of 1970 (or otherwise known as the “Currency and Foreign Transactions Reporting Act”), the USA Patriot Act or any order issued with respect to the Anti-Money Laundering Laws (as defined below). As of the date hereof, Bank was “well managed” and met or exceeded the standards necessary to be considered “well capitalized” under the regulatory framework for prompt corrective action of the FDIC and the NYSDFS. Bank is the only depository institution subsidiary of Company and Bank is a member in good standing of the Federal Home Loan Bank System. The activities of Bank are permitted under the laws and regulations of the United States, the NYSDFS and the FDIC. Since September 30, 2015, Company, Bank and each of their respective subsidiaries have filed all material reports, registrations and statements, together with any required amendments thereto, that it was required to file with the Bank Regulatory Authorities, and any other applicable federal or state banking authorities. All such reports and statements filed with any such regulatory body or authority are collectively referred to herein as the “Company Reports.” As of their respective dates, the Company Reports complied as to form in all material respects with all the rules and regulations promulgated by the Federal Reserve, Bank Regulatory Authorities and any other applicable federal or state banking authorities, as the case may be. Except as disclosed in the Registration Statement, the Pricing Disclosure Package and the Prospectus, none of Company, Bank or any of their respective Subsidiaries is a party or subject to any formal or informal agreement, memorandum of understanding, consent decree, directive, cease-and-desist order, order of prohibition or suspension, written commitment, supervisory agreement or other written statement as described under 12 U.S.C. 1818(u) with, or order issued by, or has adopted any board resolutions at the request of, any Bank Regulatory Authority or any other bank regulatory authority that restricts materially the conduct of its business, or in any manner relates to its capital adequacy, its credit policies or its management, nor have any of them been advised by any Bank Regulatory Authority that it is contemplating issuing or requesting (or is considering the appropriateness of issuing or requesting) any such order, decree, agreement, memorandum of understanding, extraordinary supervisory letter, commitment letter or similar submission, or any such board resolutions, or that impose any restrictions or requirements not generally applicable to bank holding companies or commercial banks. There is no unresolved material violation, criticism or exception by any Bank Regulatory Authority with respect to any examination of Company, Bank or any of Company’s other Subsidiaries.

(xxii) Accuracy of Exhibits. There are no contracts or documents which are required to be (A) described in the Registration Statement, the Pricing Disclosure Package, the Prospectus or the documents incorporated by reference therein or (B) filed as exhibits thereto, which have not been so described or filed as required.

(xxiii) Absence of Further Requirements. No filing with, or authorization, approval, consent, license, order, registration, qualification or decree of, any court or governmental agency or body is necessary or required for the performance by Company of its obligations under this Agreement in connection with the offering, issuance or sale of the Shares or the consummation of the transactions contemplated in this Agreement prior to the Closing Date, except such as have been already obtained or as may be required under the Securities Act, the Securities Act Regulations, the rules of the NASDAQ Global Select Market (“NASDAQ”), the securities laws of any state or non-U.S. jurisdiction or the rules of FINRA. All of the information provided to Underwriters or to counsel for Underwriters by Company, its counsel, its officers and directors and the holders of any securities (debt or equity) or options to acquire any securities of Company in connection with the offering of the Shares is true, complete, correct and compliant in all material respects with FINRA rules, and any letters, filings or other supplemental information provided to FINRA pursuant to FINRA rules are true, complete and correct in all material respects.

(xxiv) Possession of Licenses and Permits. Company and its Subsidiaries possess such permits, licenses, approvals, registrations, memberships, consents and other authorizations (collectively, “Governmental Licenses”) issued by the appropriate federal, state, local or foreign regulatory agencies or bodies necessary to conduct the business now operated by them; Company and its Subsidiaries are in compliance with the terms and conditions of all such Governmental Licenses, except where the failure to so comply would not, singly or in the aggregate, reasonably be expected to have a Material Adverse Effect and no event has occurred that allows, or after notice or lapse of time would allow, revocation or termination of any such Governmental License or result in any other material impairment of the rights of any such Governmental License; all of the Governmental Licenses are valid and in full force and effect, and neither Company nor any of its Subsidiaries has received any notice of proceedings relating to the revocation or modification of any such Governmental Licenses. Neither Company nor any of its Subsidiaries has failed to file with applicable regulatory authorities any material statement, report, information or form required by any applicable law, regulation or order, all such filings were in material compliance with applicable laws when filed and no material deficiencies have been asserted by any regulatory commission, agency or authority with respect to any such filings or submissions.

(xxv) Title to Property. Company and its Subsidiaries do not own any real property. Company and its Subsidiaries have good title to all properties owned by them, in each case, free and clear of all mortgages, pledges, liens, security interests, claims, restrictions or encumbrances or any kind except such as (A) are described in the Registration Statement, the Pricing Disclosure Package and the Prospectus or (B) do not materially affect the value of such property and do not materially interfere with the use made and proposed to be made of such property by Company or any Subsidiary. All of the leases and subleases under which Company or any of its Subsidiaries holds properties described in the Registration Statement, the Pricing Disclosure Package and the Prospectus, are in full force and effect and are held under valid, subsisting and enforceable leases; and neither Company nor any Subsidiary has any notice of any material claim of any sort that has been asserted by anyone adverse to the rights of Company or any Subsidiary under any of the leases or subleases mentioned above, or affecting or questioning the rights of Company or such Subsidiary to the continued possession of the leased or subleased premises under any such lease or sublease.

(xxvi) Possession of Intellectual Property. Company and its Subsidiaries own or possess, or can acquire on reasonable terms, adequate patents, patent rights, licenses, inventions, copyrights, know-how (including trade secrets and other unpatented and/or unpatentable proprietary or confidential information, systems or procedures and excluding generally commercially available “off the shelf” software programs licensed pursuant to shrink wrap or “click and accept” licenses), systems, technology, trademarks, service marks, trade names or other intellectual property (collectively, “Intellectual Property”) necessary to carry on the business now operated by them, except where the failure to own or possess such Intellectual Property would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect, and neither Company nor any of its Subsidiaries has received any notice or is otherwise aware of any infringement of or conflict with asserted rights of others with respect to any Intellectual Property or of any facts or circumstances which could render any Intellectual Property invalid or inadequate to protect the interest of Company or any of its Subsidiaries therein.

(xxvii) Environmental Laws. Except as described in the Registration Statement and except as would not, singly or in the aggregate, reasonably be expected to result in a Material Adverse Effect, (A) neither Company nor any of its Subsidiaries is in violation of any federal, state, local or foreign statute, law, rule, regulation, ordinance, code, policy or rule of common law or any judicial or administrative interpretation thereof, including any judicial or administrative order, consent, decree or judgment, relating to pollution or protection of human health, the environment (including, without limitation, ambient air, surface water, groundwater, land surface or subsurface strata) or wildlife, including, without limitation, laws and regulations relating to the release or threatened release of chemicals, pollutants, contaminants, wastes, toxic substances, hazardous substances, petroleum or petroleum products, asbestos-containing materials or mold (collectively, “Hazardous Materials”) or to the manufacture, processing, distribution, use, treatment, storage, disposal, transport or handling of Hazardous Materials (collectively, “Environmental Laws”); (B) Company and its Subsidiaries have all permits, authorizations and approvals required under any applicable Environmental Laws and are each in compliance with their requirements; (C) there are no pending or, to Company’s knowledge, threatened administrative, regulatory or judicial actions, suits, demands, demand letters, claims, liens, notices of noncompliance or violation, investigation or proceedings relating to any Environmental Law against Company or any of its Subsidiaries; and (D) there are no events or circumstances that would reasonably be expected to result in forming the basis of an order for clean-up or remediation, or an action, suit or proceeding by any private party or governmental body or agency, against or affecting Company or any of its Subsidiaries relating to Hazardous Materials or any Environmental Laws.

(xxviii) ERISA. Each employee benefit plan, within the meaning of Section 3(3) of ERISA, that is maintained, administered or contributed to by Company or any Subsidiary or any member of Company's "control group" (within the meaning of Section 414 of the Internal Revenue Code of 1986, as amended (the "Code")) for employees or former employees of Company and its affiliates ("Plan") has been maintained in material compliance with its terms and the requirements of any applicable statutes, orders, rules and regulations, including but not limited to ERISA and the Code. No "prohibited transaction," within the meaning of Section 406 of ERISA or Section 4975 of the Code has occurred with respect to any such Plan excluding transactions effected pursuant to a statutory or administrative exemption. No "reportable event" (as defined under ERISA) has occurred or is reasonably expected to occur with respect to any "employee benefit plan" established or maintained by Company, the Subsidiaries or any of their ERISA Affiliates. No "employee benefit plan" (as defined under ERISA) established or maintained by Company, the Subsidiaries or any of their ERISA Affiliates, if such employee benefit plan were terminated, would have any "amount of unfunded benefit liabilities" (as defined under ERISA). Neither Company, the Subsidiaries nor any of their ERISA Affiliates has incurred or reasonably expects to incur any liability under (A) Title IV of ERISA with respect to termination of, or withdrawal from, any "employee benefit plan," or (B) Sections 412, 4971, 4975 or 4980B of the Code. Each employee benefit plan established or maintained by Company, the Subsidiaries or any of their respective ERISA Affiliates that is intended to be qualified under Section 401(a) of the Code is so qualified and nothing has occurred, whether by action or failure to act, which could cause the loss of such qualification. With respect to each Plan subject to Title IV of ERISA, the minimum funding standard of Section 302 of ERISA or Section 412 of the Code, as applicable, has been satisfied (without taking into account any waiver thereof or extension of any amortization period) and is reasonably expected to be satisfied in the future (without taking into account any waiver thereof or extension of any amortization period) and the fair market value of the assets under each Plan exceeds the present value of all benefits accrued under such Plan (determined based on those assumptions used to fund such Plan). There is no pending audit or investigation by the Internal Revenue Service, the U.S. Department of Labor, the Pension Benefit Guaranty Corporation or any other governmental agency or any foreign agency.

(xxix) Internal Control Over Financial Reporting. Company and each of its Subsidiaries maintain a system of internal control over financial reporting (as such term is defined in Rule 13a-15(f) of the Exchange Act Regulations) that complies in all material respects with the requirements of the Exchange Act and has been designed by Company's principal executive officer and principal financial officer and is sufficient to provide reasonable assurance that (A) transactions are executed in accordance with management's general or specific authorizations; (B) transactions are recorded as necessary to permit preparation of financial statements in conformity with GAAP and to maintain asset accountability; (C) access to assets is permitted only in accordance with management's general or specific authorization; (D) the recorded accountability for assets is compared with the existing assets at reasonable intervals and appropriate action is taken with respect to any differences and (E) the interactive data in eXtensible Business Reporting Language included in the Registration Statement is accurate and fairly represents the information called for in all material respects and has been prepared in accordance with the Commission's rules and guidelines applicable thereto. Except as described in the Registration Statement, the Pricing Disclosure Package and the Prospectus, since the end of Company's most recent audited fiscal year, (1) there has been no material weakness in Company's internal control over financial reporting (whether or not remediated), (2) there has been no change in Company's internal control over financial reporting that has affected, or is reasonably likely to affect, Company's internal control over financial reporting and (3) Company has not been advised of (a) any significant deficiencies in the design or operation of internal controls that would adversely affect the ability of Company or any Subsidiary to record, process, summarize and report financial data, or any material weaknesses in internal controls, or (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the internal controls of Company and each of the Subsidiaries.

(xxx) Disclosure Controls and Procedures. Company and its Subsidiaries employ disclosure controls and procedures (as such term is defined in Rule 13a-15 of the Exchange Act Regulations), which (A) are designed to ensure that information required to be disclosed by Company in the Registration Statement or the reports that it will file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Commission's rules and forms and that material information relating to Company and its Subsidiaries is made known to Company's principal executive officer and principal financial officer by others within Company and its Subsidiaries to allow timely decisions regarding disclosure, (B) have been evaluated by management of Company for effectiveness as of the end of Company's most recent fiscal quarter, and (C) were, as of the end of the most recently completed fiscal quarter, effective in all material respects to perform the functions for which they were established. Based on the evaluation of Company's and each Subsidiary's disclosure controls and procedures described above, Company is not aware of (1) any significant deficiency in the design or operation of internal controls which could adversely affect Company's or its Subsidiaries' ability to record, process, summarize and report financial data or any material weaknesses in internal controls or (2) any fraud, whether or not material, that involves management or other employees who have a significant role in Company's or its Subsidiaries' internal controls. Since the most recent evaluation of Company's disclosure controls and procedures described above, there have been no changes in internal controls or in other factors that would significantly and adversely affect internal controls.

(xxxi) Compliance with the Sarbanes-Oxley Act. Company has taken all necessary actions to ensure that, upon the consummation of the transactions contemplated by this Agreement, the Registration Statement, Pricing Disclosure Package and Prospectus, it will be in material compliance with all provisions of the Sarbanes-Oxley Act, with which Company is required to comply as of such time.

(xxxii) Pending Procedures and Examinations. The Registration Statement is not the subject of a pending proceeding or examination under Section 8(d) or 8(e) of the Securities Act, and Company is not the subject of a pending proceeding under Section 8A of the Securities Act in connection with the offering of the Shares.

(xxxiii) Taxes. All United States federal income tax returns of Company and the Subsidiaries required by law to be filed have been timely filed (taking into account any valid extensions) and all taxes shown by such returns or otherwise assessed, which are due and payable, have been paid, except assessments against which have been or will be promptly contested in good faith and as to which adequate reserves have been provided in Company's financials in accordance with GAAP. Company and the Subsidiaries have timely filed all other tax returns that are required to have been filed by them pursuant to applicable foreign, state, local or other law, except insofar as the failure to file such returns, singly or in the aggregate, would not reasonably be expected to result in a Material Adverse Effect, and have paid all taxes due pursuant to such returns or pursuant to any assessment received by Company or any Subsidiary except for such taxes, if any, as are being contested in good faith and as to which adequate reserves have been provided. The charges, accruals and reserves on the books of Company and the Subsidiaries in respect of any income and corporation tax liability for any years not finally determined are adequate to meet any assessments or re-assessments for additional income tax for any years not finally determined. Except as otherwise disclosed in the Registration Statement, the Pricing Disclosure Package and the Prospectus, there is no material tax deficiency that has been or would reasonably be expected to be asserted against Company or any of its Subsidiaries or any of their respective properties or assets.

(xxxiv) Insurance. Company and each Subsidiary is insured by insurers of recognized financial responsibility against such losses and risks and in such amounts as are prudent and customary in the businesses in which they are engaged including, but not limited to, policies covering real and personal property owned or leased by Company and each Subsidiary against theft, damage, destruction, acts of vandalism and earthquakes; neither Company nor any of its Subsidiaries has been refused any insurance coverage sought or applied for; and Company has no knowledge of any fact or circumstance that would reasonably be expected to have the effect that Company or any Subsidiary will not be able to renew their existing insurance coverage as and when such coverage expires or to obtain similar coverage from similar insurers as may be necessary to continue its business at a cost that would not reasonably be expected to have a Material Adverse Effect. All such insurance is fully in force.

(xxxv) Investment Company Act. Company is not, and upon the issuance and sale of the Shares as herein contemplated and the application of the net proceeds therefrom as described in the Registration Statement, the Pricing Disclosure Package and the Prospectus will not be, an “investment company” or an entity “controlled” by an “investment company” as such terms are defined in the Investment Company Act of 1940, as amended (the “Investment Company Act”).

(xxxvi) Absence of Manipulation. Neither Company nor any of the Subsidiaries, nor any affiliates of Company or its Subsidiaries, has taken, directly, or indirectly, and neither Company nor any of the Subsidiaries, nor any affiliates of Company or its Subsidiaries, will take, directly or indirectly, any action designed to cause or result in, or which constitutes or would reasonably be expected to constitute, the stabilization or manipulation of the price of any security of Company or any “reference security” (as defined in Rule 100 of Regulation M under the Exchange Act) to facilitate the sale or resale of the Shares or otherwise, and has taken no action which would directly or indirectly violate Regulation M under the Exchange Act.

(xxxvii) Foreign Corrupt Practices Act. None of Company, any of its Subsidiaries or, to Company’s knowledge, any director, officer, agent, or employee or other person associated with or acting on behalf of Company or any of its Subsidiaries has (A) used any corporate funds for any unlawful contribution, gift, entertainment or other unlawful expense relating to political activity; (B) made or taken an act in furtherance of an offer, promise or authorization of any direct or indirect unlawful payment to any foreign or domestic government official or employee from corporate funds; (C) violated or is in violation of any provision of the Foreign Corrupt Practices Act of 1977, as amended (the “FCPA”), or any applicable non-U.S. anti-bribery statute or regulation; or (D) made, offered, agreed, requested or taken an act in furtherance of any unlawful bribe, rebate, payoff, influence payment, kickback or other unlawful payment. To Company’s knowledge, its affiliates have conducted their businesses in compliance with the FCPA and have instituted and maintain policies and procedures designed to ensure, and which are reasonably expected to continue to ensure, continued compliance therewith.

(xxxviii) Anti-Money Laundering Laws. The operations of Company and its Subsidiaries and, to Company’s knowledge, their respective affiliates, are and have been, conducted at all times in compliance with applicable financial recordkeeping and reporting requirements of the Currency and Foreign Transactions Reporting Act of 1970, as amended, the money laundering statutes of all applicable jurisdictions and the rules and regulations thereunder issued, administered or enforced by any governmental agency or body (collectively, the “Anti-Money Laundering Laws”); and no action, suit or proceeding by or before any court, governmental agency or body involving Company or any of its Subsidiaries with respect to the Anti-Money Laundering Laws is pending or, to Company’s knowledge, threatened. Company and its Subsidiaries and, to Company’s knowledge, their respective affiliates, have conducted their businesses in compliance with applicable anti-corruption laws and have instituted and maintain and will continue to maintain policies and procedures designed to promote and achieve compliance with such laws.

(xxxix) OFAC. None of Company, any of the Subsidiaries or any officer or director of either Company or any Subsidiary, nor, to Company's knowledge, any agent, employee, affiliate or person acting on behalf of Company or any of the Subsidiaries is or has been (A) engaged in any services (including financial services), transfers of goods, software, or technology, or any other business activity related to (i) Cuba, Iran, North Korea, Syria, the Crimea region of Ukraine claimed by Russia or any other country or territory that is subject to comprehensive U.S. or EU sanctions (each a "Sanctioned Country"), (ii) the government of any Sanctioned Country, (iii) any person, entity or organization located in, resident in, formed under the laws of, or owned or controlled by the government of, any Sanctioned Country, or (iv) any person, entity or organization made subject of any sanctions administered or enforced by the United States Government, including, without limitation, the list of Specially Designated Nationals ("SDN List") of the Office of Foreign Assets Control of the U.S. Treasury Department ("OFAC"), or by the United Nations Security Council, the European Union, Her Majesty's Treasury, or other relevant sanctions authority (collectively, "Sanctions") and Company will not directly or indirectly use the proceeds of this offering, or lend, contribute or otherwise make available such proceeds to any Subsidiary, or any joint venture partner or other person or entity, for the purpose of financing the activities of or business with any person, or in any country or territory, that currently is the subject to any U.S. sanctions administered by OFAC or in any other manner that will result in a violation by any person (including any person participating in the transaction whether as underwriter, advisor, investor or otherwise) of U.S. sanctions administered by OFAC; (B) engaged in any transfers of goods, technologies or services (including financial services) that may assist the governments of Sanctioned Countries or facilitate money laundering or other activities proscribed by United States laws, rules or regulations; (C) is a person, entity or organization currently the subject of any Sanctions; or (D) located, organized or resident in any Sanctioned Country.

(xl) Cybersecurity. (A) To Company's knowledge, there has been no security breach or incident, unauthorized access or disclosure, or other compromise of any of Company's or its Subsidiaries' information technology and computer systems, networks, hardware, software, data and databases (including the data and information of their respective customers, employees, suppliers, vendors and any third party data maintained, processed or stored by Company and its Subsidiaries), and, any such data processed or stored by third parties on behalf of Company and its Subsidiaries, equipment or technology (collectively, "IT Systems and Data"), (B) neither Company nor its Subsidiaries have been notified of, and each of them have no knowledge of any event or condition that could result in, any security breach or incident, unauthorized access or disclosure or other compromise to their IT Systems and Data; and (C) Company and its Subsidiaries have implemented controls, policies, procedures, and technological safeguards reasonably believed to be appropriate to maintain and protect the integrity, continuous operation, redundancy and security of their IT Systems and Data reasonably consistent with industry standards and practices, or as required by applicable regulatory standards. Company and its Subsidiaries are presently in material compliance with all applicable laws or statutes and all judgments, orders, rules and regulations of any court or arbitrator or governmental or regulatory authority, internal policies and contractual obligations relating to the privacy and security of IT Systems and Data and to the protection of such IT Systems and Data from unauthorized use, access, misappropriation or modification.

(xli) Relationship. No relationship, direct or indirect, exists between or among Company or any of its Subsidiaries, on the one hand, and the directors, officers, shareholders, customers or suppliers of Company or any of its Subsidiaries, on the other, that is required by the Securities Act or Securities Act Regulations to be described in the Registration Statement or the Prospectus and that is not so described.

(xlii) Directed Share Program. Company has not offered, or caused Underwriters to offer, Shares to any person pursuant to the Directed Share Program with the specific intent to unlawfully influence (i) a customer or supplier of Company or any of its Subsidiaries to alter the customer or supplier's level or type of business with Company or any of its Subsidiaries, or (ii) a trade journalist or publication to write or publish favorable information about Company or its products and services or any of its Subsidiaries.

(xliii) Lending Relationship. Except as disclosed in the Registration Statement, the Pricing Disclosure Package and the Prospectus, Company (A) does not have any material lending or other relationship with any bank or lending affiliate of any Underwriter and (B) does not intend to use any of the proceeds from the sale of the Shares to repay any outstanding debt owed to any affiliate of any Underwriter.

(xliv) No Restrictions; No Transactions. Except in each case as otherwise disclosed in the Registration Statement, the Pricing Disclosure Package and the Prospectus, no Subsidiary of Company is currently prohibited, directly or indirectly, under any agreement or other instrument to which it is a party or is subject, from paying any dividends to Company, from making any other distribution on such Subsidiary's capital stock, from repaying to Company any loans or advances to such Subsidiary from Company or from transferring any of such Subsidiary's properties or assets to Company or any other Subsidiary of Company. Except in each case as otherwise disclosed in the Registration Statement, the Pricing Disclosure Package and the Prospectus, neither Company nor any of its Subsidiaries is a party to a letter of intent, accepted term sheet or similar instrument or any binding agreement that contemplates an acquisition, disposition, transfer or sale of the assets (as a going concern) or capital stock of Company or of any Subsidiary or business unit or any similar business combination transaction which would be material to Company and its Subsidiaries taken as a whole.

(xlv) Statistical and Market-Related Data. The statistical and market related data contained in the Registration Statement, the Pricing Disclosure Package and Prospectus are based on or derived from sources which Company believes are reliable and accurate, and Company has obtained the written consent to the use of such data from the source, and such data agree with the sources from which they are derived.

(xlvi) Distribution of Offering Material By Company. Company has not distributed and will not distribute, prior to the later of the Closing Date and the completion of Underwriters' distribution of the Shares, any offering material in connection with the offering and sale of the Shares other than the Registration Statement, the Pricing Disclosure Package, the preliminary prospectus contained in the Pricing Disclosure Package, the Prospectus, any Issuer Free Writing Prospectus reviewed and consented to by Representative and included in Annex B hereto or any electronic Road Show or other written communications reviewed and consented to by Representative and listed on Annex C hereto (each a "Company Additional Written Communication"). Each such Company Additional Written Communication, when taken together with the Pricing Disclosure Package, did not, and at the Closing Date will not, contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading. The preceding sentence does not apply to statements in or omissions from Company Additional Written Communication based upon and in conformity with information furnished in writing or confirmed in writing to Company by any Underwriter through Representative specifically for use therein, it being understood and agreed that the only such information so furnished or confirmed by any Underwriter through Representative consists of Underwriter Information.

(xlvii) Forward-Looking Statements. Each financial or operational projection or other "forward-looking statement" (as defined by Section 27A of the Securities Act or Section 21E of the Exchange Act) contained in the Registration Statement, the Pricing Disclosure Package and the Prospectus (A) was so included by Company in good faith and with reasonable basis after due consideration by Company of the underlying assumptions, estimates and other applicable facts and circumstances, and (B) is accompanied by meaningful cautionary statements identifying those factors that would cause actual results to differ materially from those in such forward-looking statement. No such statement was made with the knowledge of an executive officer or director of Company that it was false or misleading.

(xlviii) Lock-Up Agreements. Each of Company's executive officers, as defined by Rule 16a-1(f) of the Exchange Act Regulations, and directors and certain shareholders, in each case as listed on Exhibit A-1 hereto, has executed and delivered lock-up agreements as contemplated by Section 6(n) hereof.

(xlix) Fees. Other than as contemplated by this Agreement, there is no broker, finder or other party that is entitled to receive from Company or any Subsidiary any brokerage or finder's fee or any other similar fee, commission or payment as a result of the transactions contemplated by this Agreement.

(l) Deposit Insurance. The deposit accounts of Bank and Savoy are insured by the FDIC up to applicable legal limits, each of Bank and Savoy has paid all premiums and assessments required by the FDIC and the regulations thereunder, and no proceeding for the termination or revocation of such insurance is pending or, to Company's knowledge, threatened.

(li) Derivative Instruments. Any and all material swaps, caps, floors, futures, forward contracts, option agreements (other than options issued under Company's shareholder-approved benefit plans) and other derivative financial instruments, contracts or arrangements, whether entered into for the account of Company or one of its Subsidiaries or for the account of a customer of Company or one of its Subsidiaries, were entered into in the ordinary course of business and in accordance with applicable laws, rules, regulations and policies of all applicable regulatory agencies and with counterparties believed by Company to be financially responsible. Company and each of its Subsidiaries have duly performed in all material respects all of their obligations thereunder to the extent that such obligations to perform have accrued, and there are no breaches, violations or defaults or allegations or assertions of such by any party thereunder except as would not, singly or in the aggregate, reasonably be expected to have a Material Adverse Effect.

(lii) Contracts. The material contracts to which Company or any of its Subsidiaries is a party have been duly and validly authorized, executed and delivered by Company or its Subsidiaries, as the case may be, and (assuming due authorization and execution by the other parties thereto) constitute the legal, valid and binding agreements of Company or its Subsidiaries, enforceable by and against it in accordance with their respective terms, except as such enforceability may be limited by applicable bankruptcy, insolvency, reorganization or other similar laws relating to enforcement of creditors' rights generally, and general equitable principles relating to the availability of remedies, and subject to 12 U.S.C. § 1818(b)(6)(D) (or any successor statute) and similar bank regulatory powers and to the application of principles of public policy, and except as rights to indemnity or contribution may be limited by federal or state securities laws and the public policy underlying such laws. Except as would not reasonably be expected to have a Material Adverse Effect, neither Company nor any Significant Subsidiary has sent or received any communication regarding termination of, or intent not to renew, any of the contracts or agreements referred to or described in the Pricing Disclosure Package and Final Prospectus, or referred to or described in, or filed as an exhibit to, the Pricing Disclosure Package and Final Prospectus, and no such termination or non-renewal has been threatened by Company or any Significant Subsidiary or, to Company's knowledge, any other party to any such contract or agreement; and there are no contracts or documents of Company or any Significant Subsidiary that are required to be described in the Pricing Disclosure Package and the Final Prospectus or to be filed as exhibits thereto by the Securities Act or by the rules and regulations of the Commission thereunder that have not been so described and filed.

(liii) Off-Balance Sheet Transactions. There is no transaction, arrangement or other relationship between Company or any of its Subsidiaries and an unconsolidated or other off-balance sheet entity which is required to be disclosed in the Registration Statement, the Pricing Disclosure Package or the Prospectus (other than as disclosed therein).

(liv) Margin Rules. The application of the proceeds received by Company from the issuance, sale and delivery of the Shares as described in the Registration Statement, the Pricing Disclosure Package and the Prospectus will not violate Regulation T, U or X of the Federal Reserve or any other regulation of the Federal Reserve.

(lv) Emerging Growth Company Status. From the time of initial confidential submission of the Registration Statement to the Commission (or, if earlier, the first date on which Company engaged in any Written Testing-the-Waters Communication or any Testing-the-Waters Communication) through the Closing Date or the Option Closing Date (if applicable), Company has been, is and will be an "emerging growth company," as defined in Section 2(a) of the Securities Act (an "Emerging Growth Company") as codified on the date of this Agreement.

(lvi) Permitted Testing-the-Waters Communications. Company (a) has not engaged in any Testing-the-Waters Communication other than Permitted Written Testing-the-Waters Communications with the consent of Representative with entities that are qualified institutional buyers within the meaning of Rule 144A under the Securities Act or institutions that are accredited investors within the meaning of Rule 501 under the Securities Act, and (b) has not authorized anyone other than Representative to engage in Testing-the-Waters Communications (other than the participation by Company's management with respect to Permitted Written Testing-the-Waters Communications). Company reconfirms that Representative has been authorized to act on its behalf in undertaking Testing-the-Waters Communications. Company has not distributed or approved for distribution any Written Testing-the-Waters Communications other than the Permitted Written Testing-the-Waters Communications.

(lvii) Accuracy of Permitted Written Testing-the-Waters Communications. As of the Applicable Time, each Permitted Written Testing-the-Waters Communication, as supplemented by and taken together with the Pricing Disclosure Package, did not, as of the Applicable Time, include an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading; and each Permitted Written Testing-the-Waters Communication, if any, does not, as of the date hereof, conflict with the information contained in the Registration Statement, any preliminary prospectus, the Pricing Disclosure Package, any Issuer Free Writing Prospectus or the Prospectus; and Company has filed publicly on EDGAR at least 15 calendar days prior to any Road Show, any confidentially submitted the Registration Statement and the Registration Statement amendments relating to the offer and sale of the Shares.

(b) *Representations and Warranties of Bank*. Bank represents and warrants to each Underwriter at the date hereof, the Applicable Time, the Closing Date, and each Option Closing Date (if any) referred to in Section 3(b) hereof, and agrees with each Underwriter, as follows:

(i) Good Standing of Bank. Bank has been duly chartered and is validly existing as a state-chartered bank in good standing under the laws of the State of New York, and has been duly qualified as a foreign bank for the transaction of business and is in good standing under the laws of each other jurisdiction in which it owns or leases properties or conducts any business so as to require such qualification or is subject to no material liability or disability by reason of the failure to be so qualified in any such other jurisdiction.

(ii) Authorization of Agreement. Bank has full right, power and authority to execute and deliver this Agreement and to perform its obligations hereunder; and all action required to be taken for the due and proper authorization, execution and delivery by it of this Agreement and the consummation by it of the transactions contemplated hereby has been duly and validly taken. This Agreement has been duly authorized, executed and delivered by Bank.

(iii) Absence of Defaults. Neither Bank nor any of its subsidiaries is (A) in violation of its articles or certificate of incorporation, bylaws or other organizational or governing documents, (B) in default in the performance or observance of any material obligation, agreement, covenant or condition contained in any contract, indenture, mortgage, deed of trust, loan agreement, note, lease or other agreement or instrument to which Bank or any of its subsidiaries is a party or by which any of them is bound or to which any of the property or assets of Bank or any of its subsidiaries is subject (collectively, the "Bank Instruments"), except as would not have a Material Adverse Effect; or (C) in material violation of any statute, law, rule, regulation, order, decree of any court or governmental agency or body having jurisdiction over Bank or any of its subsidiaries, except as would not have a Material Adverse Effect.

(iv) No Conflicts. The execution, delivery and performance of this Agreement by Bank, compliance by Bank with all of the provisions of this Agreement and the consummation of the transactions contemplated herein do not and will not contravene, conflict with, or result in a breach or violation of any of the terms or provisions of, or constitute a default under, any Bank Instrument, except for such contraventions, conflicts, breaches, violations, or defaults that would not, individually or in the aggregate, result in a Material Adverse Effect, nor does or will any such action contravene, conflict with or result in a breach or violation of any of the terms or provisions of the articles of incorporation or association or bylaws of Bank or any applicable statute, order, law, rule, regulation or decree of any court or governmental agency or body having jurisdiction over Bank or any of its subsidiaries or any of their assets, properties or operations, except for such contraventions, conflicts, breaches, violations, or defaults that would not, individually or in the aggregate, result in a Material Adverse Effect.

(c) *Certificates*. Each of Company and Bank has a reasonable basis for making each of the representations set forth in this Section 1(a), Section 1(b), Section 1(c) as applicable. Each of Company and Bank acknowledges that Underwriters and, for purposes of the opinions to be delivered pursuant to Section 6 hereof, counsel to Company and counsel to Underwriters, may rely upon the accuracy and truthfulness of the foregoing representations and hereby consents to such reliance. Any certificate signed by, or on behalf of, Company and Bank delivered to Underwriters or to counsel for Underwriters shall be deemed a representation and warranty by Company and Bank, respectively, to Underwriters as to the matters covered thereby.

## **Section 2. Sale; Option Shares.**

(a) On the basis of the representations and warranties herein contained and subject to the terms and conditions herein set forth, (i) Company agrees to sell to each of Underwriters, and each of Underwriters agrees, severally and not jointly, to purchase from Company, at a purchase price per share of \$[●] (the "Purchase Price"), the number of Firm Shares set forth opposite the name of such Underwriter in Annex A hereto and (ii) in the event and to the extent that Underwriters shall exercise the election to purchase Option Shares as provided below, Company agrees to sell to each of Underwriters, and each of Underwriters agrees, severally and not jointly, to purchase from Company, at the Purchase Price, the number of Option Shares (to be adjusted by Representative so as to eliminate fractional shares) determined by multiplying (x) the number of Option Shares as to which such election shall have been exercised by (y) a fraction, the numerator of which is the aggregate number of Firm Shares to be purchased by such Underwriter as set forth opposite the name of such Underwriter in Annex A hereto and the denominator of which is the aggregate number of Firm Shares to be purchased by all of Underwriters from Company.

(b) In addition, on the basis of the representations and warranties herein contained and subject to the terms and conditions set forth herein, Company hereby grants to Underwriters the right to purchase at their election up to [●] Option Shares, at the Purchase Price. Underwriters may exercise their option to acquire Option Shares in whole or in part from time to time only by written notice from Representative to Company given within a period of 30 calendar days after the date of this Agreement and setting forth (i) the aggregate number of Option Shares to be purchased and (ii) the time, date and place at which such Option Shares are to be delivered, as determined by Representative but in no event earlier than the Closing Date or, unless Representative and Company otherwise agree in writing, earlier than two or later than ten business days after the date of such notice.

### **Section 3. Delivery to Underwriters; Closing.**

(a) It is understood that the several Underwriters propose to offer the Firm Shares for sale to the public upon the terms and conditions set forth in the Prospectus.

Company and the Transfer Agent will deliver the Firm Shares to Representative through the facilities of DTC for the accounts of Underwriters, against payment of the purchase price therefor in Federal (same day) funds by official bank check or checks or wire transfer drawn to the order of Company, in the case of Firm Shares sold by Company, pro rata based on the number of Firm Shares sold by each of them, under instructions from the Transfer Agent, at [●] A.M., New York City time, on [●], 2022, unless postponed in accordance with Section 10 hereof, or such other time and date not later than [●] p.m., New York City time, on [●], 2022, as Representative and Company determine, such time being referred to herein as the “Closing Date.” For purposes of Rule 15c6-1 under the Exchange Act, the Closing Date (if later than the otherwise applicable settlement date) shall be the settlement date for payment of funds and delivery of securities for all the Firm Shares. The certificates or book-entry security entitlements for the Firm Shares so to be delivered will be in such denominations and registered in such names as Representative requests and, if the Firm Shares are to be certificated, will be delivered and made available for checking and packaging at the above office of Holland & Knight LLP at least 24 hours prior to the Closing Date.

(b) Each time for the delivery of and payment for the Option Shares, being herein referred to as an “Option Closing Date,” which may be the Closing Date, shall be determined by Representative as provided above. Company will deliver the Option Shares being purchased on each Option Closing Date to Representative through the facilities of DTC for the accounts of Underwriters, against payment of the purchase price therefor in Federal (same day) funds by official bank check or checks or wire transfer drawn to the order of Company at the above office of Holland & Knight LLP, at [●] a.m., New York City time, on the applicable Option Closing Date. The certificates or book-entry security entitlements for the Option Shares so to be delivered will be in such denominations and registered in such names as Representative requests and, if the Option Shares are to be certificated, will be delivered and made available for checking and packaging at the above office of Holland & Knight LLP at least 24 hours prior to such Option Closing Date.

#### Section 4. Covenants.

(a) *Covenants of Company.* Company further covenants and agrees with each of Underwriters as follows:

(i) Company, subject to Section 4(a)(ii) hereof, will comply with the requirements of Rule 430A under the Securities Act, and will notify Representative promptly, and confirm the notice in writing, (A) when any post-effective amendment to the Registration Statement shall become effective, or any amendment or supplement to the Prospectus shall have been filed, to furnish Representative with copies thereof, and to file promptly all materials required to be filed by Company with the Commission pursuant to Rule 433(d) under the Securities Act, (B) of the receipt of any comments from the Commission, (C) of any request by the Commission for any amendment to the Registration Statement or any amendment or supplement to the Prospectus or for additional information, and (D) of the issuance by the Commission of any stop order suspending the effectiveness of the Registration Statement or of any order preventing or suspending the use of any preliminary prospectus, the Pricing Prospectus, or of the suspension of the qualification of the Shares for offering or sale in any jurisdiction, or of the initiation or threatening of any proceedings for any of such purposes. Company will promptly effect the filings necessary pursuant to Rule 424(b) under the Securities Act and will take such steps as it deems necessary to ascertain promptly whether the form of prospectus transmitted for filing under Rule 424(b) was received for filing by the Commission and, in the event that it was not, it will promptly file such prospectus. Company will use its reasonable best efforts to prevent the issuance of any stop order and, if any stop order is issued, to obtain the lifting thereof as soon as possible.

(ii) Company will give Representative notice of its intention to file or prepare any amendment to the Registration Statement, or any amendment, supplement or revision to any preliminary prospectus, the Pricing Prospectus or the Prospectus. Company (A) will furnish to Representative for review, a reasonable period of time prior to the proposed time of filing of any proposed amendment or supplement to the Registration Statement, a copy of each such amendment or supplement, and (B) will not amend or supplement the Registration Statement without Representative's prior written consent. Prior to amending or supplementing any preliminary prospectus, the Pricing Prospectus or the Prospectus, Company shall furnish to Representative for review, a reasonable amount of time prior to the time of filing or use of the proposed amendment or supplement, a copy of each such proposed amendment or supplement. Company shall not file or use any such proposed amendment or supplement without Representative's prior written consent. Company shall file with the Commission within the applicable period specified in Rule 424(b) under the Securities Act any prospectus required to be filed pursuant to such rule.

(iii) Company shall furnish to Representative for review, a reasonable amount of time prior to the proposed time of filing or use thereof, a copy of each proposed free writing prospectus or any amendment or supplement thereto prepared by or on behalf of, used by, or referred to by Company, and Company shall not file, use or refer to any proposed free writing prospectus or any amendment or supplement thereto without Representative's prior written consent. Company shall furnish to each Underwriter, without charge, as many copies of any free writing prospectus prepared by or on behalf of, used by or referred to by Company as such Underwriter may reasonably request. If at any time when a prospectus is required by the Securities Act to be delivered (whether physically or through compliance with Rule 172 under the Securities Act or any similar rule) in connection with sales of the Shares (but in any event if at any time through and including the Closing Date) there occurred or occurs an event or development as a result of which any free writing prospectus prepared by or on behalf of, used by, or referred to by Company conflicted or would conflict with the information contained in the Registration Statement, the Pricing Prospectus or the Prospectus or included or would include an untrue statement of a material fact or omitted or could omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances prevailing at such time, not misleading, Company shall promptly amend or supplement such free writing prospectus to eliminate or correct such conflict so that the statements in such free writing prospectus as so amended or supplemented will not include an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances prevailing at such time, not misleading, as the case may be; provided, that prior to amending or supplementing any such free writing prospectus, Company shall furnish to Representative for review, a reasonable amount of time prior to the proposed time of filing or use thereof, a copy of such proposed amended or supplemented free writing prospectus, and Company shall not file, use or refer to any such amended or supplemented free writing prospectus without Representative's prior written consent.

(iv) Company will use its best efforts to qualify the Shares for offering and sale under the securities laws of such jurisdictions as Representative may reasonably request and to comply with such laws so as to permit the continuance of sales and dealings therein in such jurisdictions for as long as may be necessary to complete the distribution of the Shares, provided that nothing in this Section 4(a)(iv) shall require Company to qualify as a foreign corporation in any jurisdiction in which it is not already so qualified or to file a general consent to service of process in any jurisdiction or to subject itself to taxation in respect of doing business in any jurisdiction in which it is otherwise not so subject.

(v) Company has furnished or will deliver to Representative, without charge, signed copies of the Registration Statement as originally filed, any Rule 462(b) Registration Statement and of each amendment to each (including exhibits filed therewith or incorporated by reference therein) and signed copies of all consents and certificates of experts, and will also deliver to Representative, without charge, a conformed copy of the Registration Statement as originally filed and of each amendment thereto (without exhibits) for each of Underwriters, in each case in such quantities as Representative reasonably requests. The copies of the Registration Statement and each amendment thereto furnished to Underwriters will be identical to the electronically transmitted copies thereof filed with the Commission pursuant to EDGAR, except to the extent permitted by Regulation S-T.

(vi) Company has delivered to each Underwriter, without charge, as many written and electronic copies of each preliminary prospectus and the Pricing Prospectus as such Underwriter reasonably requested, and Company hereby consents to the use of such copies for purposes permitted by the Securities Act. Company will furnish to each Underwriter, without charge, prior to 5:00 p.m., New York City time, on the business day next succeeding the date of this Agreement and from time to time thereafter during the period when the Prospectus is required to be delivered in connection with sales of the Shares under the Securities Act or the Exchange Act or in lieu thereof, the notice referred to in Rule 173(a) under the Securities Act, such number of written and electronic copies of the Prospectus (as amended or supplemented) as such Underwriter may reasonably request. The Prospectus and any amendments or supplements thereto furnished to Underwriters will be identical to the electronically transmitted copies thereof filed with the Commission pursuant to EDGAR, except to the extent permitted by Regulation S-T.

(vii) If at any time following the distribution of any Permitted Written Testing-the-Waters Communication there occurred or occurs an event or development as a result of which such Permitted Written Testing-the-Waters Communication included or would include an untrue statement of a material fact or omitted or would omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances existing at that subsequent time, not misleading, Company will promptly notify Representative and, should Underwriters request, will promptly amend or supplement, at its own expense, such Permitted Written Testing-the-Waters Communication to eliminate or correct such untrue statement or omission. Company will timely file such reports pursuant to the Exchange Act as are necessary in order to make generally available to its security holders as soon as practicable an earnings statement for the purposes of, and to provide the benefits contemplated by, the last paragraph of Section 11(a) of the Securities Act.

(viii) Company will use the net proceeds received by it from the sale of the Shares in the manner specified in the Pricing Prospectus under the heading "Use of Proceeds."

(ix) Company shall engage and maintain, at its expense, a registrar and transfer agent for the Shares.

(x) Company will use its reasonable best efforts to effect and maintain the listing of the Common Stock (including the Shares) on NASDAQ.

(xi) During a period of 180 days from the date of the Prospectus (the "Lock-Up Period"), Company will not, directly or indirectly, without the prior written consent of Representative, (A) offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant for the sale of, hypothecate, establish an open "put equivalent position" within the meaning of Rule 16a-1(h) under the Exchange Act, or otherwise dispose of or transfer any shares of Common Stock or any securities convertible into or exchangeable or exercisable for Common Stock, or exercise any right with respect to the registration of any of the foregoing, file or cause to be filed any registration statement in connection therewith under the Securities Act, (B) enter into any swap, hedge or any other agreement or any transaction that transfers, in whole or in part, the economic consequence of ownership of the Common Stock, whether any such swap, hedge or transaction is to be settled by delivery of Common Stock or other securities, in cash or otherwise, or (C) publicly disclose the intention to make any such offer, pledge, sale or disposition, or to enter into any such swap, hedge, transaction or other arrangement other than (w) the issuance of Common Stock or other securities (including securities convertible into or exchangeable or exercisable for Common Stock or other securities) issued as consideration for the acquisition by Company of substantially all of the securities, business, properties or other assets of another person or entity which acquisition has been publicly announced prior to the date of this Agreement; (x) the Shares to be sold hereunder, (y) the issuance of restricted stock awards, options to acquire shares of Common Stock, or other equity-based awards (including shares of Common Stock issuable upon exercise of any such awards) granted pursuant to Company's benefit plans existing on the date hereof that are described in the Registration Statement, the Pricing Disclosure Package and the Prospectus, as such plans may be amended, or the filing of one or more registration statements on Form S-8 with respect to the issuance of securities under such benefit plans in each case where such restricted stock awards, options, or other equity-based award vest after the expiration of the Lock-Up Period, or (z) the issuance of shares of Common Stock upon the exercise of any such options or equity based awards.

(xii) During the Lock-Up Period, Company will enforce all agreements between Company and any of its security holders that restrict or prohibit, expressly or in operation, the offer, sale or transfer of shares of Common Stock or securities convertible into or exchangeable or exercisable for any shares of Common Stock, or any of the other actions restricted or prohibited under the terms of the form of “lock-up” agreement. In addition, Company will direct the transfer agent to place stop transfer restrictions upon any such securities of Company that are bound by such “lock-up” agreements for the duration of the periods contemplated in such agreements, including, without limitation, “lock-up” agreements entered into by Company’s executive officers, directors and shareholders pursuant to Section 6(n) hereof.

(xiii) If Representative, in its sole discretion, agrees to release or waive the restrictions set forth in a “lock-up” agreement described in Section 6(n) hereof for an executive officer or director of Company and provides Company with notice of the impending release or waiver at least three business days before the effective date of the release or waiver, Company agrees to announce the impending release or waiver by a press release substantially in the form of Exhibit B hereto through a major news service at least two business days before the effective date of the release or waiver.

(xiv) Company will comply with the Securities Act and the Exchange Act so as to permit the completion of the distribution of the Shares as contemplated by this Agreement, the Registration Statement, the Pricing Disclosure Package and the Prospectus. Without limiting the generality of the foregoing, Company will, during the period when a prospectus relating to the Shares is required by the Securities Act to be delivered (whether physically or through compliance with Rule 172 under the Securities Act or any similar rule), file on a timely basis with the Commission and NASDAQ all reports and documents required to be filed under the Exchange Act. Additionally, Company shall report the use of proceeds from the issuance of the Shares as may be required under Rule 463 under the Securities Act. If at any time when a prospectus is required by the Securities Act to be delivered (whether physically or through compliance with Rule 172 under the Securities Act or any similar rule) in connection with sales of the Shares (but in any event if at any time through and including the Closing Date or any Option Closing Date) there occurred or occurs an event or development as a result of which it is necessary, in the opinion of counsel for Underwriters for Company, to amend the Registration Statement or amend or supplement any preliminary prospectus, the Pricing Prospectus or the Prospectus in order that such preliminary prospectus, the Pricing Prospectus or Prospectus will not include any untrue statements of a material fact or omit to state a material fact necessary in order to make the statements therein not misleading in the light of the circumstances existing at the time it is delivered to a purchaser, or if it shall be necessary, in the opinion of such counsel, at any such time to amend the Registration Statement or amend or supplement any preliminary prospectus, the Pricing Prospectus or the Prospectus in order to comply with the requirements of the Securities Act or the Securities Act Regulations, Company will promptly prepare and file with the Commission, subject to Section 4(a) (ii), such amendment or supplement as may be necessary to correct such statement or omission or to make the Registration Statement or any preliminary prospectus, the Pricing Prospectus or the Prospectus comply with such requirements, and Company will furnish to Underwriters such number of copies of such amendment or supplement as Underwriters may reasonably request.

(xv) Company will file with the Commission such information as may be required pursuant to Rule 463 under the Securities Act.

(xvi) During a period of five years from the effective date of the Registration Statement, Company will furnish to Representative copies of all reports or other communications (financial or other) furnished to shareholders generally, and to deliver to Representative (A) as soon as they are available, copies of any reports and financial statements furnished to or filed with the Commission or any national securities exchange on which any class of securities of Company is listed, and (B) such additional information concerning the business and financial condition of Company as Representative may from time to time reasonably request (such financial statements to be on a consolidated basis to the extent the accounts of Company and the Subsidiaries are consolidated in reports furnished to its shareholders generally or to the Commission); provided, Company will be deemed to have furnished such reports, financial statements and other information to the extent such reports, financial statements and other information is filed with the SEC and publicly available.

(xvii) Company shall not invest or otherwise use the proceeds received by Company from its sale of the Shares in such a manner as would require Company or any of the Subsidiaries to register as an investment company under the Investment Company Act.

(xviii) If Company elects to rely upon Rule 462(b) under the Securities Act, Company will file a Rule 462(b) Registration Statement with the Commission in compliance with Rule 462(b) by 10:00 p.m., New York City time, on the date of this Agreement, and at the time of filing either to pay to the Commission the filing fee for the Rule 462(b) Registration Statement or to give irrevocable instructions for the payment of such fee pursuant to Rule 111(b) under the Securities Act.

(xix) If so requested by Representative, Company shall cause to be prepared and delivered, at its expense, within one business day from the effective date of this Agreement, to Representative an electronic Prospectus to be used by Underwriters in connection with the offering and sale of the Shares. As used herein, the term “electronic Prospectus” means a form of preliminary prospectus, Pricing Prospectus, any Issuer Free Writing Prospectus or the Prospectus, and any amendment or supplement thereto, that meets each of the following conditions: (A) it shall be encoded in an electronic format, satisfactory to Representative, that may be transmitted electronically by Representative and the other Underwriters to offerees and purchasers of the Shares, (B) it shall disclose the same information as such paper preliminary prospectus, Pricing Prospectus, Issuer Free Writing Prospectus or the Prospectus, as the case may be, and (C) it shall be in or convertible into a paper format or an electronic format, satisfactory to Representative, that will allow investors to store and have continuously ready access to such preliminary prospectus, Pricing Prospectus, Issuer Free Writing Prospectus or the Prospectus at any future time, without charge to investors (other than any fee charged for subscription to the Internet generally). Company hereby confirms that, if so requested by Representative, it has included or will include in the Prospectus filed with the Commission an undertaking that, upon receipt of a request by an investor or his or her representative, Company shall transmit or cause to be transmitted promptly, without charge, a paper copy of such paper preliminary prospectus, Pricing Prospectus, Issuer Free Writing Prospectus or the Prospectus to such investor or representative.

(xx) Company will use its reasonable best efforts to ensure that the Directed Shares will be restricted as required by FINRA or FINRA rules from sale, transfer, assignment, pledge or hypothecation for a period of three months following the date of this Agreement. Underwriters will notify Company in writing as to which persons, if any, will need to be so restricted. At the request of Underwriters, Company will direct the transfer agent to place a stop transfer restriction upon such securities for such period of time. Should Company release, or seek to release, from such restrictions any of the Directed Shares, Company agrees to reimburse Underwriters for any reasonable expenses (including, without limitation, reasonable legal expenses) they incur in connection with, or as a result of, such release. Company will comply with all applicable securities and other applicable laws, rules and regulations in each jurisdiction in which the Directed Shares are offered in connection with the Directed Share Program.

(xxi) Company will not take, and will use its reasonable best efforts to ensure that no affiliate of Company will take, directly or indirectly, any action designed to cause or result in or which constitutes or would reasonably be expected to constitute stabilization or manipulation of the price of the Shares or any reference security with respect to the Shares, whether to facilitate the sale or resale of the Shares or otherwise, and Company will, and will use its best efforts to cause each of its affiliates to, comply with all applicable provisions of Regulation M under the Exchange Act.

(xxii) Company represents and agrees that, without the prior consent of Representative, it has not made and will not make any offer relating to the Shares that would constitute a “free writing prospectus” as defined in Rule 405 under the Securities Act; any such free writing prospectus the use of which has been consented to by Company and Representative is listed on Annex B hereto.

(xxiii) Company has complied and will comply with the requirements of Rule 433 under the Securities Act applicable to any Issuer Free Writing Prospectus, including timely filing with the Commission or retention where required and legending; Company represents that it has satisfied and agrees that it will satisfy the conditions under Rule 433 under the Securities Act to avoid a requirement to file with the Commission any electronic Road Show.

(xxiv) During the period beginning on the date hereof and ending on the later of the fifth anniversary of the Closing Date or the date on which Underwriters receive full payment in satisfaction of any claim for indemnification or contribution to which they may be entitled pursuant to Section 8 or Section 9 of this Agreement, neither Company nor Bank shall, without the prior written consent of Representative, take or permit to be taken any action that could result in Bank’s common stock becoming subject to any security interest, mortgage, pledge, lien or encumbrance; provided that Company and Bank may continue to pledge the shares of common stock of Bank to secure the existing loan to Company from Valley National Bank, N.A., as such loan and security arrangement may be modified, amended, renewed or replaced from time to time or a new Company-level and/or Bank-level credit facility or line of credit in the ordinary course of business, and provided further, that this covenant shall be null and void if the Federal Reserve, the NYSDFS, the FDIC or any federal or state bank regulator or regulatory authority having jurisdiction over Bank, by regulation, policy statement or interpretive release or by written order or written advice addressed to Bank and specifically addressing the provisions of Section 8 hereof, permits indemnification of Underwriters by Bank as contemplated by such provisions.

(xxv) Company and its Subsidiaries will comply with all effective applicable provisions of the Sarbanes-Oxley Act.

(xxvi) Company will promptly notify Representative if Company ceases to be an Emerging Growth Company at any time prior to the later of (i) completion of the distribution of Shares within the meaning of the Securities Act and (ii) completion of the Lock-Up Period.

#### **Section 5. Payment of Expenses.**

Company covenants and agrees with the several Underwriters that, whether or not the transactions contemplated by this Agreement are consummated, Company will pay or cause to be paid all expenses incident to the performance of its obligations under this Agreement, including (A) the fees, disbursements and expenses of Company's counsel, accountants and other advisors, (B) filing fees and all other expenses in connection with the preparation, printing, filing and delivering of the Registration Statement (including financial statements and exhibits), each preliminary prospectus, the Pricing Prospectus, any Issuer Free Writing Prospectus, any Permitted Testing-the-Waters Communication and the Prospectus and amendments and supplements thereto and the mailing and delivering of copies thereof to Underwriters and dealers, (C) the cost of printing, producing or delivering this Agreement, closing documents (including any compilations thereof) and such other documents as may be required in connection with the offering, purchase, sale and delivery of the Shares, (D) all expenses in connection with the qualification (or obtaining exemptions from the qualification or registration) of the Shares for offering and sale under securities laws of state or foreign jurisdictions as provided in Section 4(a)(iv), including filing fees and the reasonable fees and disbursements of counsel for Underwriters in connection with such qualification and in connection with the Blue Sky survey, (E) all fees and expenses in connection with listing the Common Stock (including the Shares) on NASDAQ, (F) the costs, fees and expenses incurred by Underwriters in connection with determining their compliance with the rules and regulations of FINRA related to Underwriters' participation in the offering and distribution of the Shares, including any related filing fees and the reasonable fees and disbursements of counsel to Underwriters, (G) all fees and expenses in connection with the preparation, issuance and delivery of the certificates representing the Shares to Underwriters, including any stock or other transfer taxes and any stamp or other duties payable upon the sale, issuance or delivery of the Shares to Underwriters, (H) the cost and charges of any transfer agent or registrar, (I) the transportation and other expenses incurred by Company in connection with presentations to prospective purchasers of Shares, (J) the costs and expenses of Company relating to investor presentations on any Road Show, any Permitted Written Testing-the-Waters Communication or any Testing-the-Waters Communication undertaken in connection with the offering of the Shares, including, without limitation, expenses associated with the preparation or dissemination of any electronic Road Show, expenses associated with the production of Road Show slides and graphics, fees and expenses of any consultants engaged in connection with the Road Show presentations with the prior approval of Company, travel and lodging expenses of Representative, employees and officers of Company and any such consultants in connection with the Road Show, (K) all fees and expenses of Underwriters in connection with matters relating to the Directed Shares, including reasonable fees and disbursements of counsel for Underwriters, (L) all costs and expenses incurred by Underwriters in connection with the printing (or reproduction) and delivery (including postage, air freight charges and charges for counting and packaging) of copies of information or materials relating to the Directed Shares, (M) all stamp duties, similar taxes or duties or other taxes, if any, incurred by Underwriters in connection with the Directed Shares, and (N) all other fees and expenses of Underwriters (including fees and disbursements of the counsel for Underwriters and marketing, syndication and travel expenses and any expenses related to an investor presentation and/or roadshow that are incurred by Underwriters), provided that payment or reimbursement by Company of such fees and expenses shall not exceed \$200,000; and all other costs and expenses incident to the performance of its obligations hereunder which are not otherwise specifically provided for in this Section.

**Section 6. Conditions of Underwriters' Obligation.**

The several obligations of Underwriters hereunder to purchase the Shares on the Closing Date or each Option Closing Date, as the case may be, are subject to the performance by Company of its obligations hereunder and to the following additional conditions:

(a) *Effectiveness of Registration Statement.* The Prospectus shall have been filed with the Commission pursuant to Rule 424(b) under the Securities Act within the applicable time period prescribed for such filing by the Securities Act and in accordance with Section 4(a)(i) hereof; all material required to be filed by Company pursuant to Rule 433(d) under the Securities Act shall have been filed with the Commission within the applicable time period prescribed for such filing by Rule 433 under the Securities Act; if Company has elected to rely upon Rule 462(b) under the Securities Act, the Rule 462(b) Registration Statement shall have become effective by 10:00 p.m., New York City time, on the date of this Agreement; the Registration Statement has become effective and no stop order suspending the effectiveness of the Registration Statement or any part thereof the Pricing Prospectus or any part thereof, the Prospectus or any part thereof or any Issuer Free Writing Prospectus shall have been issued and no proceeding for that purpose shall have been initiated or threatened by the Commission or any state securities commission; and all requests for additional information on the part of the Commission shall have been complied with to Representative's reasonable satisfaction.

(b) *Representations and Warranties.* The respective representations and warranties of Company and Bank contained herein or in certificates of any officer of Company or any Subsidiary of Company delivered pursuant to the provisions hereof, are true and correct on and as of the Closing Date or the Option Closing Date, as the case may be, as if made on and as of the Closing Date or the Option Closing Date, as the case may be, and each of Company or Bank shall have complied with all agreements and all conditions on its part to be performed or satisfied hereunder at or prior to the Closing Date or the Option Closing Date, as the case may be.

(c) *No Downgrading.* Subsequent to the execution and delivery of this Agreement and prior to the Closing Date or the Option Closing Date, as the case may be, there shall not have occurred any downgrading, nor shall any notice have been given of (i) any downgrading, (ii) any intended or potential downgrading, or (iii) any review or possible change that does not indicate an improvement, in the rating accorded any securities issued or guaranteed by Company or any Subsidiary by any "nationally recognized statistical rating organization", as such term is defined for purposes of Section 3(a)(62) of the Exchange Act.

(d) *No Important Changes.* (i) Neither Company nor any Subsidiary shall have sustained since the date of the latest audited financial statements included in the Pricing Prospectus any material loss or interference with its business from fire, explosion, flood or other calamity, whether or not covered by insurance, or from any labor dispute or court or governmental action, order or decree, otherwise than as set forth or contemplated in the Pricing Prospectus, and (ii) since the respective dates as of which information is given in the Registration Statement, the Pricing Disclosure Package and the Prospectus, (A) there shall not have been any change in the capital stock or long-term debt of Company or any Subsidiary, and (B) there shall not have been any Material Adverse Effect, the effect of which, in any such case described in clause (i) or (ii), is in the judgment of Representative so material and adverse as to make it impracticable or inadvisable to proceed with the public offering or the delivery of the Shares being delivered at such Closing Date or Option Closing Date, as the case may be, on the terms and in the manner contemplated in the Pricing Prospectus.

(e) *Officers' Certificate.* Representative shall have received on and as of the Closing Date or the Option Closing Date, as the case may be, (i) a certificate of the Chief Executive Officer of Company and the Chief Financial Officer of Company, satisfactory to Representative, stating: (A) that the conditions set forth in Section 6(b) (with respect to the respective representations, warranties, agreements and conditions of Company and Bank) and Section 6(c) are satisfied, (B) that none of the situations set forth in clause (i) or (ii) of Section 6(d) shall have occurred, and (C) that no stop order suspending the effectiveness of the Registration Statement has been issued and to Company's knowledge, no proceedings for that purpose have been instituted or are pending or contemplated by the Commission and (ii) a certificate of the Chief Financial Officer of Company, in form and in substance satisfactory to Representative.

(f) *Opinion of Counsel for Company.* On the Closing Date or Option Closing Date, as the case may be, Windels Marx Lane & Mittendorf, LLP, counsel for Company, shall have furnished to Representative their favorable written opinion and negative assurance letter, dated the Closing Date or the Option Closing Date, as the case may be, in form and substance satisfactory to counsel for Underwriters, to the effect set forth on Exhibit C hereto and to such further effect as counsel for Underwriters may reasonably request.

(g) *Auditor's Comfort Letter.* Crowe LLP shall have furnished to Representative a letter, dated the date of this Agreement, in form and substance satisfactory to Representative, containing statements and information of the type customarily included in accountants' "comfort letters" to underwriters with respect to the financial statements and certain financial information contained in the Registration Statement, the Pricing Disclosure Package and each Issuer Free Writing Prospectus, if any.

(h) *Bring-down Comfort Letter.* On the Closing Date or Option Closing Date, as the case may be, Representative shall have received from Crowe LLP a letter, dated the Closing Date or such Option Closing Date, as the case may be, to the effect that it reaffirms the statements made in its letter or letters furnished pursuant to Section 6(i), except that the specified date referred to therein for the carrying out of procedures shall be not more than two business days prior to the Closing Date or such Option Closing Date, as the case may be.

(i) *Opinion of Counsel for Underwriters.* On each Closing Date and Option Closing Date, as the case may be, Representative shall have received the opinion of Holland & Knight LLP, counsel for Underwriters in connection with the offer and sale of the Shares, in form and substance satisfactory to Underwriters, dated as of such date.

(j) *Approval of Listing.* The Shares to be delivered on the Closing Date or Option Closing Date, as the case may be, shall have been approved for listing on NASDAQ, subject to official notice of issuance.

(k) *No Objection.* FINRA shall have confirmed that it has not raised any objection with respect to the fairness and reasonableness of the underwriting terms and conditions.

(l) *Lock-Up Agreements.* Representative shall have received “lock-up” agreements, each substantially in the form of Exhibit A hereto, from all the shareholders, officers and directors of Company listed on Exhibit A-1 hereto and such agreements shall be in full force and effect on the Closing Date or Option Closing Date, as the case may be.

(m) *Additional Documents.* On or prior to the Closing Date or Option Closing Date, as the case may be, Company shall have furnished to Representative such further information, certificates, documents and opinions as Representative shall reasonably request.

(n) *No Termination Events.* On or after the Applicable Time there shall not have occurred any of the events, circumstances or occurrences set forth in Section 11.

(o) *Trademarks.* Upon request of any Underwriter, to furnish, or to cause to be furnished, to such Underwriter an electronic version of Company’s trademarks, service marks and corporate logo for use on the website, if any, operated by such Underwriter for the purpose of facilitating the online offering of the Shares (the “License”); provided, that the License shall be used solely for the purpose described above, is granted without any fee and may not be assigned or transferred.

If any condition specified in this Section 6 shall not have been fulfilled when and as required to be fulfilled, this Agreement may be terminated, subject to the provisions of Section 12, by Representative by notice to Company at any time at or prior to the Closing Date or Option Closing Date, as the case may be, and such termination shall be without liability of any party to any other party, except as provided in Section 5, Section 8, Section 9 and Section 12.

**Section 7. Effective Time of the Agreement.**

This Agreement shall become effective upon the execution and delivery hereof by the parties hereto.

**Section 8. Indemnification.**

(a) *Indemnification of Underwriters.* Company and Bank, jointly and severally, agree to indemnify and hold harmless each Underwriter and its affiliates (as such term is defined in Rule 501(b) of the Securities Act Regulations (each, an “Affiliate”), selling agents, officers and directors and each person, if any, who controls any Underwriter within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act as follows:

(i) against any and all loss, liability, claim, damage and expense whatsoever, as incurred, arising out of any untrue statement or alleged untrue statement of a material fact contained in the Registration Statement (or any amendment thereto), including any information deemed to be a part thereof pursuant to Rule 430B of the Securities Act (“Rule 430B”), or the omission or alleged omission therefrom of a material fact required to be stated therein or necessary to make the statements therein not misleading; or, arising out of any untrue statement or alleged untrue statement of a material fact included in any preliminary prospectus, any Issuer Free Writing Prospectus, the Pricing Disclosure Package or the Prospectus (or any amendment or supplement thereto), or the omission or alleged omission in any preliminary prospectus, any Issuer Free Writing Prospectus, the Pricing Disclosure Package or the Prospectus (or any amendment or supplement thereto) of a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading;

(ii) against any and all loss, liability, claim, damage and expense whatsoever, as incurred, to the extent of the aggregate amount paid in settlement of any litigation, or any investigation or proceeding by any governmental agency or body, commenced or threatened, or of any claim whatsoever based upon any such untrue statement or omission, or any such alleged untrue statement or omission or any other violation of any federal or state securities law or regulation; provided that (subject to Section 8(e) hereof) any such settlement is effected with the written consent of Company;

(iii) against any and all expense whatsoever, as incurred (including the fees and disbursements of counsel chosen by Representative), reasonably incurred in investigating, preparing or defending against, or appearing as a witness or providing information or documents in connection with any litigation, or any investigation or proceeding by any governmental agency or body, commenced or threatened, or any claim whatsoever based upon any such untrue statement or omission, or any such alleged untrue statement or omission, to the extent that any such expense is not paid under (i) or (ii) above; provided, that this indemnity agreement shall not apply to any loss, liability, claim, damage or expense to the extent arising out of any untrue statement or omission or alleged untrue statement or omission made in reliance upon and in conformity with Underwriter Information in the Registration Statement (or any amendment thereto), including any information deemed to be a part thereof pursuant to Rule 430B, or in any preliminary prospectus, any Issuer Free Writing Prospectus, the Pricing Disclosure Package or the Prospectus (or any amendment or supplement thereto). Notwithstanding the foregoing, the indemnification obligation of Bank in this Section 8 shall be limited with respect to Bank to the extent necessary if (a) a Governmental Entity having jurisdiction over Bank by written communication addressed to Bank or its board of directors, including in connection with any examination of Bank, informs Bank or its board of directors that such Governmental Entity has determined that such indemnification violates Sections 23A or 23B of the Federal Reserve Act, as amended, or another law, rule, regulation or policy applicable to Bank or Company, (b) a Governmental Entity notifies Bank by written communication that such indemnification would result in an adverse impact on Bank’s examination ratings or (c) such indemnification would give rise to civil money penalties or other sanctions.

(b) *Indemnification of Company, Directors, and Officers.* Each Underwriter severally, and not jointly, agrees to indemnify and hold harmless Company, each of Company's directors, each of Company's executive officers who signed the Registration Statement, and each person, if any, who controls Company within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act against any and all loss, liability, claim, damage and expense described in the indemnity contained in Section 8(a) hereof, as incurred, but only with respect to untrue statements or omissions, or alleged untrue statements or omissions, made in reliance upon and in conformity with Underwriter Information in the Registration Statement (or any amendment thereto), including any information deemed to be a part thereof pursuant to Rule 430B, or in any preliminary prospectus, any Issuer Free Writing Prospectus, the Pricing Disclosure Package or the Prospectus (or any amendment or supplement thereto).

(c) *Actions against Parties; Notification.* Each indemnified party shall give notice as promptly as reasonably practicable to each indemnifying party of any action commenced against it in respect of which indemnity may be sought hereunder, but failure to so notify an indemnifying party shall not relieve such indemnifying party from any liability hereunder to the extent it is not materially prejudiced as a result thereof and in any event shall not relieve it from any liability which it may have otherwise than on account of this indemnity agreement. In the case of parties indemnified pursuant to Section 8(a) hereof, counsel to the indemnified parties shall be selected by Representative, and, in the case of parties indemnified pursuant to Section 8(b) hereof, counsel to the indemnified parties shall be selected by Company. In any action the defense of which is assumed by the indemnifying party pursuant to this Agreement, an indemnified party shall have the right to participate in such action and to retain its own counsel at the expense of such indemnified party, except that the fees and expenses of such counsel shall be borne by the indemnifying party if (i) the indemnifying party and such indemnified party shall have mutually agreed in writing to the retention of such counsel, (ii) the indemnifying party shall have failed in a timely manner to assume the defense and employ counsel reasonably satisfactory to the indemnified party in such action, or (iii) the indemnified party reasonably determines that defenses may be available to the indemnified party which are not available to the indemnifying party or may not be consistent with the best interests of the indemnifying party. In no event shall the indemnifying parties be liable for fees and expenses of more than one counsel (in addition to any local counsel) separate from their own counsel for all indemnified parties in connection with any one action or separate but similar or related actions in the same jurisdiction arising out of the same general allegations or circumstances. No indemnifying party shall, without the prior written consent of the indemnified parties, settle or compromise or consent to the entry of any judgment with respect to any litigation, or any investigation or proceeding by any governmental agency or body, commenced or threatened, or any claim whatsoever in respect of which indemnification or contribution could be sought under this Section 8 or Section 9 hereof (whether or not the indemnified parties are actual or potential parties thereto), unless such settlement, compromise or consent (i) includes an unconditional release of each indemnified party from all liability arising out of such litigation, investigation, proceeding or claim and (ii) does not include a statement as to or an admission of fault, culpability or a failure to act by or on behalf of any indemnified party.

(d) *Settlement without Consent if Failure to Reimburse.* If at any time an indemnified party shall have requested an indemnifying party to reimburse the indemnified party for fees and expenses of counsel, such indemnifying party agrees that it shall be liable for any settlement of the nature contemplated by Section 8(a)(ii) effected without its written consent if (i) such settlement is entered into more than 60 days after receipt by such indemnifying party of the aforesaid request, (ii) such indemnifying party shall have received notice of the terms of such settlement at least 45 days prior to such settlement being entered into and (iii) such indemnifying party shall not have reimbursed such indemnified party in accordance with such request prior to the date of such settlement.

(e) *Indemnification for Directed Shares.* In connection with the offer and sale of the Directed Shares, Company and Bank, jointly and severally, agree to indemnify and hold harmless each Underwriter, its Affiliates, selling agents, officers and directors and each person, if any, who controls any Underwriter within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act, from and against any and all loss, liability, claim, damage and expense (including, without limitation, any legal or other expenses reasonably incurred in connection with defending, investigating, or settling any such action or claim) as incurred by them (i) caused by the failure of any Directed Share Participant to pay for and accept delivery of Directed Shares which have been orally confirmed by the end of the first business day following the date of this Underwriting Agreement or (ii) related to, or arising out of or in connection with, the offering of the Directed Shares.

#### **Section 9. Contribution.**

If the indemnification provided for in Section 8 hereof is for any reason unavailable to or insufficient to hold harmless an indemnified party in respect of any losses, liabilities, claims, damages or expenses referred to therein, then each indemnifying party shall contribute to the aggregate amount of such losses, liabilities, claims, damages and expenses incurred by such indemnified party, as incurred, (i) in such proportion as is appropriate to reflect the relative benefits received by Company or Bank, as the case may be, on the one hand, and Underwriters, on the other hand, from the offering of the Shares pursuant to this Agreement or (ii) if the allocation provided by clause (i) is not permitted by applicable law, in such proportion as is appropriate to reflect not only the relative benefits referred to in clause (i) above but also the relative fault of Company or Bank, as the case may be, on the one hand, and Underwriters, on the other hand, in connection with the statements or omissions which resulted in such losses, liabilities, claims, damages or expenses, as well as any other relevant equitable considerations.

The relative benefits received by Company or Bank, as the case may be, on the one hand, and Underwriters, on the other hand, in connection with the offering of the Shares pursuant to this Agreement shall be deemed to be in the same respective proportions as the total net proceeds from the offering of the Shares pursuant to this Agreement (before deducting expenses) received by Company or Bank, as the case may be, on the one hand, and the total underwriting discount received by Underwriters, on the other hand, in each case as set forth on the cover of the Prospectus, bear to the aggregate initial public offering price of the Shares as set forth on the cover of the Prospectus.

The relative fault of Company or Bank, as the case may be, on the one hand, and Underwriters, on the other hand, shall be determined by reference to, among other things, whether any such untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact relates to information supplied by Company or Bank, as the case may be, or by Underwriters and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission.

Company, Bank, and Underwriters, severally and not jointly, agree that it would not be just and equitable if contribution pursuant to this Section 9 were determined by pro rata allocation (even if Underwriters were treated as one entity for such purpose) or by any other method of allocation which does not take account of the equitable considerations referred to above in this Section 9. The aggregate amount of losses, liabilities, claims, damages and expenses incurred by an indemnified party and referred to above in this Section 9 shall be deemed to include any legal or other expenses reasonably incurred by such indemnified party in investigating, preparing or defending against, or appearing as a witness or providing information or documents in connection with, any litigation, or any formal or informal request investigation or proceeding by any governmental agency or body, commenced or threatened, or any claim whatsoever based upon any such untrue or alleged untrue statement or omission or alleged omission.

Notwithstanding the provisions of this Section 9, no Underwriter shall be required to contribute any amount in excess of the underwriting discount received by such Underwriter in connection with the Shares underwritten by it and distributed to the public. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. Underwriters' respective obligations to contribute pursuant to this Section 9 are several in proportion to the number of Firm Shares set forth opposite their respective names in Annex A hereto and not joint.

For purposes of this Section 9, each person, if any, who controls an Underwriter within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act and each Underwriter's Affiliates, officers, directors and selling agents shall have the same rights to contribution as such Underwriter, and each director of Company, each officer of Company who signed the Registration Statement, and each person, if any, who controls Company within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act shall have the same rights to contribution as Company, as applicable. Notwithstanding the foregoing, the contribution obligations of Bank in this Section 9 shall be limited with respect to Bank to the extent necessary if (a) a Governmental Entity having jurisdiction over Bank by written communication addressed to Bank or its board of directors, including in connection with any examination of Bank, informs Bank or its board of directors that such Governmental Entity has determined that such contribution violates Sections 23A or 23B of the Federal Reserve Act, as amended, or another law, rule, regulation or policy applicable to Bank or Company, (b) a Governmental Entity notifies Bank by written communication that such contribution would result in an adverse impact on Bank's examination ratings or (c) such contribution would give rise to civil money penalties or other sanctions.

## **Section 10. Defaulting Underwriter.**

(a) If any Underwriter or Underwriters default in its or their obligations to purchase Shares hereunder on the Closing Date or any Option Closing Date and the aggregate number of Shares that such defaulting Underwriter or Underwriters agreed but failed to purchase does not exceed 10% of the total number of Shares that Underwriters are obligated to purchase on such Closing Date or Option Closing Date, as the case may be, Representative may make arrangements satisfactory to Company for the purchase of such Shares by other persons, including any of Underwriters, but if no such arrangements are made by such Closing Date or Option Closing Date, as the case may be, the non-defaulting Underwriters shall be obligated severally, in proportion to their respective commitments hereunder, to purchase the Shares that such defaulting Underwriters agreed but failed to purchase on such Closing Date or Option Closing Date, as the case may be. If any Underwriter or Underwriters so default and the aggregate number of Shares with respect to which such default or defaults occur exceeds 10% of the total number of Shares that Underwriters are obligated to purchase on such Closing Date or Option Closing Date, as the case may be, and arrangements satisfactory to Representative and Company for the purchase of such Shares by other persons are not made within 36 hours after such default, this Agreement will terminate, without liability on the part of any non-defaulting Underwriter or Company, except as provided in Section 12. Nothing herein will relieve a defaulting Underwriter from liability for its default.

(b) In the event of any such default which does not result in a termination of this Agreement, either Representative or Company shall have the right to postpone the Closing Date or the relevant Option Closing Date, as the case may be, for a period not exceeding seven days, in order to effect any required changes to the Registration Statement or Prospectus or any other documents or arrangements. As used in this Agreement, the term "Underwriter" includes any person substituted for an Underwriter under this Section 10.

## **Section 11. Termination.**

(a) *Termination; General.* Notwithstanding anything herein contained, this Agreement (or the obligations of the several Underwriters with respect to any Option Shares which have yet to be purchased) may be terminated, subject to the provisions of Section 12, in the absolute discretion of Representative, by notice given to Company at any time prior to the Closing Date or the Option Closing Date, as the case may be, if (a) trading generally on the NYSE or on NASDAQ shall have been suspended or materially limited, or minimum or maximum prices for trading have been fixed, or maximum ranges for prices have been required, by any of said exchanges or by such system or by order of the Commission, FINRA or any other governmental or regulatory authority, (b) trading of any securities of or guaranteed by Company or any Subsidiary shall have been suspended on any exchange or in any over-the-counter market, (c) a general moratorium on commercial banking activities in New York shall have been declared by Federal or New York State authorities or a new restriction materially adversely affecting the distribution of the Firm Shares or the Option Shares, as the case may be, shall have become effective, (d) a material disruption has occurred in commercial banking or securities settlement or clearance service in the United States, (e) there has occurred any material adverse change in the financial markets in the United States or the international financial markets, any outbreak of hostilities or escalation thereof, declaration by the United States of a national emergency or war, or other calamity or crisis or any change or development involving a prospective change in national or international political, financial or economic conditions, including as a result of terrorist activities, in each case the effect of which is such as to make it, in the judgment of Representative, impracticable or inadvisable to market the Shares to be delivered on the Closing Date or Option Closing Date, as the case may be, or to enforce contracts for the sale of the Shares, (f) there has been, since the time of the execution of this Agreement or since the respective dates as of which information is given in the Registration Statement, the Pricing Disclosure Package or the Prospectus, any Material Adverse Effect or (g) if Underwriters decline to purchase the Shares for any reason permitted under this Agreement.

(b) *Liabilities.* If this Agreement is terminated pursuant to this Section 11, such termination will be without liability of any party to any other party except as provided in Section 5, Section 8, Section 9 and Section 12 hereof; provided, that the provisions of Section 1, Section 5 Section 8, Section 9 and Section 12 shall at all times be effective and shall survive such termination.

**Section 12. Effect of Termination.**

(a) The respective indemnities, agreements, representations, warranties and other statements of Company or its officers, of Bank, and of the several Underwriters set forth in or made pursuant to this Agreement will remain in full force and effect, regardless of any investigation, or statement as to the results thereof, made by or on behalf of any Underwriter, Company, Bank, or any of their respective representatives, officers or directors or any controlling person, and will survive delivery of and payment for the Shares.

(b) If this Agreement is terminated pursuant to Section 6, Section 10 or Section 11 or if for any reason the purchase of any of the Shares by Underwriters is not consummated, Company shall remain responsible for the expenses to be paid or reimbursed by them pursuant to Section 5, the respective obligations of Company, Bank, and Underwriters pursuant to Section 8 and the provisions of Section 9 and Section 10 shall remain in effect and, if any Shares have been purchased hereunder, the representations and warranties in Section 1 and all obligations under Section 5, Section 8 and Section 9 shall also remain in effect.

(c) If this Agreement is terminated by Underwriters, or any of them, under Section 6, Section 10 or Section 11 or otherwise because of any failure or refusal on the part of Company to comply with the terms or to fulfill any of the conditions of this Agreement, or if for any reason any of Company shall be unable to perform its obligations under this Agreement or any condition of Underwriters' obligations cannot be fulfilled, Company agrees to reimburse Underwriters or such Underwriters as have so terminated this Agreement with respect to themselves, severally, for all out-of-pocket expenses (including the fees and expenses of their counsel) reasonably incurred by Underwriters in connection with this Agreement or the offering contemplated hereunder.

**Section 13. Successors; Assigns.**

This Agreement shall inure to the benefit of and be binding upon Company, Bank, and Underwriters, the officers and directors of Company referred to herein, any controlling persons referred to herein and their respective successors and assigns. Nothing expressed or mentioned in this Agreement is intended or shall be construed to give any other person, firm or corporation, other than Underwriters, Company, Bank, and their respective successors and the controlling persons and officers and directors referred to in Section 8 and Section 9 and their heirs and legal representatives, any legal or equitable right, remedy or claim under or in respect of this Agreement or any provision herein contained. This Underwriting Agreement and all conditions and provisions hereof are intended to be for the sole and exclusive benefit of Underwriters, Company, Bank, and their respective successors, and said controlling persons, officers and directors and other persons or entities and their heirs and legal representatives, and for the benefit of no other person, firm or corporation. No purchaser of Shares from any Underwriter shall be deemed to be a successor or assign by reason merely of such purchase.

**Section 14. Notices.**

All notices and other communications hereunder shall be in writing and shall be deemed to have been duly given upon receipt thereof by the recipient if mailed or transmitted by any standard form of telecommunication. Notices to Underwriters shall be given to Representative, c/o Stephens Inc., 111 Center Street, Little Rock, Arkansas 72201 (email: [●]), Attention: Legal Dept., with a copy (which shall not constitute notice) to Holland & Knight LLP, 1801 California St., Suite 5000, Denver CO 80211, Attention: Shawn Turner (email: shawn.turner@hkllaw.com). Notices to Company shall be given to it at Hanover Bancorp, Inc., [●], Attention: [●], with a copy (which shall not constitute notice) to Windels Marx Lane & Mittendorf, LLP, [●], Attention: [●] (email: [●]).

**Section 15. Counterparts.**

This Agreement may be signed in counterparts, each of which shall be an original and all of which together shall constitute one and the same instrument. The exchange of copies of this Agreement and of signature pages by facsimile or other electronic means shall constitute effective execution and delivery of this Agreement by the parties hereto and may be used in lieu of the original signature pages to this Agreement for all purposes.

**Section 16. Governing Law.**

THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ALL RESPECTS IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK, WITHOUT REGARD TO ANY CONFLICT OF LAWS OR CHOICE OF LAW PRINCIPLES THAT MIGHT OTHERWISE REFER CONSTRUCTION OR INTERPRETATION OF THIS AGREEMENT TO THE SUBSTANTIVE LAW OF ANOTHER JURISDICTION.

**Section 17. Miscellaneous.**

(a) The parties hereby submit to the jurisdiction of and venue in the state and federal courts located in the City of New York, New York, in connection with any dispute related to this Agreement including, without limitation, any suit or proceeding arising out of or relating to this Agreement, any transaction contemplated hereby, the Pricing Prospectus, the Prospectus, Registration Statement, the offering of the Shares or any other matter contemplated hereby. Company and Bank, severally and not jointly, irrevocably and unconditionally waive any objection to the laying of venue of any such suit or proceeding arising out of or relating to this Agreement, the Pricing Prospectus, the Prospectus, the Registration Statement, the offering of the Shares or any transactions contemplated hereby in a New York Court, and irrevocably and unconditionally waive and agree not to plead or claim in any such court that any such suit or proceeding in any such court has been brought in an inconvenient forum.

(b) Company and Bank, severally and not jointly, each acknowledge and agree that (i) the purchase and sale of the Shares pursuant to this Agreement, including the determination of the public offering price of the Shares and any related discounts and commissions, is an arm's-length commercial transaction between Company and Bank on the one hand, and the several Underwriters, on the other, (ii) in connection therewith and with the process leading to such transaction each Underwriter is acting solely as a principal and not the agent or fiduciary of Company and Bank or their respective shareholders, creditors, employees or any other party, (iii) no Underwriter has assumed an advisory or fiduciary responsibility in favor of Company and Bank with respect to the offering contemplated hereby or the process leading thereto (irrespective of whether such Underwriter has advised or is currently advising Company and Bank on other matters) or any other obligation to Company and Bank except the obligations expressly set forth in this Agreement, and (iv) each of Company and Bank has consulted its own legal and financial advisors to the extent it deemed appropriate. Company and Bank severally and not jointly agree that each will not claim that Underwriters, or any of them, has rendered advisory services of any nature or respect, or owes a fiduciary or similar duty to Company and Bank in connection with such transaction or the process leading thereto.

(c) Company acknowledges that Underwriters' research analysts and research departments are required to be independent from their respective investment banking divisions and are subject to certain regulations and internal policies, and that such Underwriters' research analysts may hold views and make statements or investment recommendations and/or publish research reports with respect to Company and/or the offering that differ from the views of their respective investment banking divisions. Company hereby waives and releases, to the fullest extent permitted by law, any claims that Company may have against Underwriters with respect to any conflict of interest that may arise from the fact that the views expressed by their independent research analysts and research departments may be different from or inconsistent with the views or advice communicated to Company by such Underwriters' investment banking divisions. Company acknowledges that each of Underwriters is a full service securities firm and as such from time to time, subject to applicable securities laws, may effect transactions for its own account or the account of its customers and hold long or short positions in debt or equity securities of the companies that may be the subject of the transactions contemplated by this Agreement.

(d) Notwithstanding anything herein to the contrary, Company is authorized to disclose to any persons the U.S. federal and state income tax treatment and tax structure of the potential transaction and all materials of any kind (including tax opinions and other tax analyses) provided to Company relating to that treatment and structure, without Underwriters imposing any limitation of any kind. However, any information relating to the tax treatment and tax structure shall remain confidential (and the foregoing sentence shall not apply) to the extent necessary to enable any person to comply with securities laws. For this purpose, "tax structure" is limited to any facts that may be relevant to that treatment.

(e) This Agreement constitutes the entire agreement of the parties to this Agreement and supersedes all prior agreements and understandings (whether written or oral) among Company, Bank and Underwriters, or any of them, with respect to the subject matter hereof.

(f) COMPANY, BANK AND EACH UNDERWRITER, SEVERALLY AND NOT JOINTLY, HEREBY IRREVOCABLY WAIVE, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

(g) This Agreement may not be amended or modified unless in writing signed by all of the parties hereto, and no condition herein (express or implied) may be waived unless waived in writing by each party whom the condition is meant to benefit. The headings herein are for convenience only and shall not affect the construction hereof. The invalidity or unenforceability of any Section, paragraph or provision of this Agreement shall not affect the validity or enforceability of any other Section, paragraph or provision hereof. If any Section, paragraph or provision of this Agreement is for any reason determined to be invalid or unenforceable, there shall be deemed to be made such minor changes (and only such minor changes) as are necessary to make it valid and enforceable.

If the foregoing is in accordance with your understanding of our agreement, please sign and return to Company a counterpart hereof, whereupon this instrument, along with all counterparts, will become a binding agreement among Company, Bank and Underwriters in accordance with its terms.

Very truly yours,

As Representative of the several Underwriters

Re Proposed Public Offering of Common Stock by Hanover Bancorp, Inc.

Ladies and Gentlemen:

The undersigned, a shareholder, an executive officer and/or a director of Hanover Bancorp, Inc., a New York corporation (“Company”), understands that Stephens Inc. (the “Representative”), as representative of the several Underwriters (each an “Underwriter” and collectively, the “Underwriters”), proposes to enter into an Underwriting Agreement (the “Underwriting Agreement”) with Company providing for the public offering (the “Offering”) of shares of Company’s Common Stock, par value \$0.01 per share (including any securities convertible into or exchangeable or exercisable for such common stock, the “Common Stock”).

In recognition of the benefit that the Offering will confer upon the undersigned as a shareholder, executive officer and/or director of Company, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned agrees with each Underwriter to be named in the Underwriting Agreement that, commencing on the date hereof and ending on, and including, the date that is 180 days from the date of the Underwriting Agreement (such 180-day period being referred to herein as the “Lock-Up Period”), the undersigned will not (and will cause any spouse or immediate family member (as defined in Rule 16a-1(e) under the Securities Exchange Act of 1934, as amended (“Exchange Act”)) of the spouse or the undersigned living in the undersigned’s household, any partnership, corporation or other entity within the undersigned’s control, and any trustee of any trust that holds Common Stock or other securities of Company for the benefit of the undersigned or such spouse or immediate family member not to), without the prior written consent of Representative, directly or indirectly, (i) offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant for the sale of, hypothecate, establish an open “put equivalent position” within the meaning of Rule 16a-1(h) under the Exchange Act, or otherwise dispose of or transfer any shares of Common Stock, whether now owned or hereafter acquired by the undersigned or with respect to which the undersigned has or hereafter acquires the power of disposition, or exercise any right with respect to the registration of any of the foregoing, or file or cause to be filed any registration statement in connection therewith under the Securities Act of 1933, as amended (the “Securities Act”), (ii) enter into any swap, hedge or any other agreement or any transaction that transfers, in whole or in part, the economic consequence of ownership of the Common Stock, whether any such swap, hedge or transaction is to be settled by delivery of Common Stock or other securities, in cash or otherwise, or (iii) publicly disclose the intention to make any such offer, pledge, sale or disposition, or to enter into any such swap, hedge, transaction or other arrangement. For the avoidance of doubt, if the undersigned is an officer or director of Company, the undersigned acknowledges that the foregoing shall be applicable to any shares of Common Stock the undersigned may purchase through the directed share program of the Offering.

*Exhibit A*

---

Notwithstanding the foregoing, the undersigned may transfer the undersigned's shares of Common Stock (i) as a *bona fide* gift or gifts including through a distribution by a trust, family limited partnership, corporation or other entity, provided that the donee or donees agree to be bound in writing by the restrictions set forth herein; (ii) to any corporation, trust, family limited partnership or other entity for the direct or indirect benefit of the undersigned or the immediate family (as defined in Rule 16a-1(e) under the Exchange Act) of the undersigned; provided, that the corporation, the trustee of the trust or general partner of the family limited partnership, as the case may be, agrees to be bound by the restrictions set forth herein; and provided further, that any such transfer shall not involve a disposition for value; (iii) to Company, to satisfy any tax withholding obligations of Company or the undersigned, or to satisfy the exercise price of stock options by the undersigned, upon exercise by the undersigned of stock options or vesting of outstanding restricted stock awards or other similar equity incentive awards that have been granted by Company prior to, and are outstanding as of, the date of the Underwriting Agreement; provided that the underlying Common Stock continues to be subject to the terms of this letter agreement; (iv) pursuant to a pledge in a *bona fide* transaction which is outstanding prior to or as of the date hereof to a lender to the undersigned and disclosed in writing to Representative prior to the execution of this letter agreement; or (v) with the prior written consent of Representative.

The undersigned represents and warrants that the undersigned beneficially owns the shares of Common Stock covered by this letter agreement and that the undersigned now has and, except as contemplated by clauses (i) through (v) above, for the duration of this letter agreement will have good and marketable title to the undersigned's shares of Common Stock, free and clear of all liens, encumbrances, and claims whatsoever. The undersigned also agrees and consents to the entry of stop transfer instructions with Company's transfer agent and registrar against the transfer of the undersigned's shares of Common Stock, except in compliance with this letter agreement. In furtherance of the foregoing, Company and its transfer agent are hereby authorized to decline to make any transfer of securities if such transfer would constitute a violation or breach of this letter agreement.

In addition, the undersigned agrees that, during the Lock-Up Period, without the prior written consent of Representative (which consent may be withheld in their sole discretion): (i) the undersigned will not request, make any demand for or exercise any right with respect to, the registration of any shares of Common Stock, and (ii) the undersigned waives any and all notice requirements and rights with respect to the registration of any shares of Common Stock pursuant to any agreement, understanding or otherwise to which the undersigned is a party.

The undersigned represents and warrants that the undersigned has full power and authority to enter into this letter agreement. The undersigned agrees that the provisions of this letter agreement are irrevocable and shall be binding also upon the successors, assigns, heirs and legal representatives of the undersigned.

---

*Exhibit A*

The undersigned understands that, if the registration statement on Form S-1 with respect to the Offering is withdrawn or if the Underwriting Agreement (other than the provisions thereof which survive termination) shall terminate or be terminated prior to payment for and delivery of the shares of Common Stock to be sold thereunder, the undersigned shall be released from all obligations under this letter agreement.

This letter agreement shall be governed by and construed in accordance with the laws of the State of New York.

## EXHIBIT C

### **Form Opinion of Counsel for Company**

Form of opinion of counsel for Company to be delivered pursuant to Section 6(f) of the Underwriting Agreement.

References to the Prospectus in this Exhibit A include any amendments and supplements thereto at the Closing Date. Capitalized terms used in this Exhibit A without definition shall have the respective meanings ascribed to them in the Underwriting Agreement.

(i) Company is a corporation organized under New York law, its corporate status is active, and has corporate power and authority to own, lease and operate its properties and to conduct its business as described in the Registration Statement, the Pricing Disclosure Package and the Prospectus and to enter into and perform its obligations under the Underwriting Agreement;

(ii) Company is duly qualified as a foreign corporation to transact business and is in good standing in each other jurisdiction in which such qualification is required, whether by reason of the ownership or leasing of property or the conduct of business, except where the failure to so qualify or to be in good standing would not result in a Material Adverse Effect;

(iii) Bank is a New York state-chartered financial institution, as defined in [*relevant New York statutes*], and is authorized to conduct a banking business in the State of New York in accordance with the requirements and conditions set forth in the [*relevant New York statutes*]. Bank has the requisite organizational power and authority to enter into and perform its obligations under the Underwriting Agreement;

(iv) Company has an authorized capitalization as set forth in the Registration Statement, the Pricing Disclosure Package and the Prospectus and all of the issued and outstanding shares of capital stock of Company have been duly and validly authorized and issued, are fully paid and non-assessable and conform to the descriptions thereof contained in the Registration Statement, the Pricing Disclosure Package and the Prospectus;

(v) The Shares to be purchased by Underwriters from Company have been duly and validly authorized for issuance and sale to Underwriters pursuant to the Underwriting Agreement and, when issued and delivered by Company pursuant to the Underwriting Agreement against payment of the consideration set forth therein, will be validly issued and fully paid and non-assessable and will conform to all statements relating thereto contained in the Registration Statement, the Pricing Disclosure Package and the Prospectus and such statements conform to the rights set for in the instruments defining the same; no holder of the Shares will be subject to personal liability for the debts of Company by reason of being such a holder; and the issuance of the Shares is not subject to the preemptive rights, rights of first refusal or other similar rights of any securityholder of Company, except as disclosed in the Registration Statement, the Pricing Disclosure Package and the Prospectus;

---

(vi) There are no authorized or outstanding options, warrants, preemptive rights, rights of first refusal or other rights to purchase, or equity or debt securities convertible into or exchangeable or exercisable for, any capital stock of Company or any of the Subsidiaries other than those described in the Registration Statement, the Pricing Disclosure Package and the Prospectus and all such options, warrants and rights have been duly waived in writing. The descriptions of Company's stock option, stock bonus and other stock plans or arrangements, and the options or other rights granted thereunder, set forth in the Registration Statement, the Pricing Disclosure Package and the Prospectus accurately and fairly present in all material respects the information required to be shown with respect to such plans, arrangements, options and rights;

(vii) The Underwriting Agreement has been duly authorized, executed and delivered by Company and Bank;

(viii) To such counsel's knowledge after reasonable investigation, Company is not in violation of its Charter, or Bylaws; none of the Subsidiaries is in violation of its charter, bylaws or other organizational documents and neither Company nor any of its Subsidiaries is in default in the performance or observance of any obligation, agreement, covenant or condition contained in any contract, indenture, mortgage, deed of trust, loan or credit agreement, note, lease or other agreement or instrument to which Company or any of its Subsidiaries is a party or by which it or any of them may be bound, or to which any of the property or assets of Company or any Subsidiary is subject, or in violation of any law or statute or any judgment, order, rule or regulation of any court or arbitrator or governmental or regulatory authority, except for such violations or defaults that would not, singly or in the aggregate, result in a Material Adverse Effect;

(ix) No filing with, or authorization, approval, consent, license, order, registration, qualification or decree of any court or governmental agency or body is necessary or required for the performance by Company of its obligations under the Underwriting Agreement in connection with the offering, issuance or sale of the Shares or the consummation of the transactions contemplated in this Agreement prior to the Closing Date; except such as have been already obtained or as may be required under the Securities Act, the Securities Act Regulations, the rules of the NASDAQ, the securities laws of any state or non-U.S. jurisdiction or the rules of FINRA;

(x) The execution, delivery and performance of the Underwriting Agreement and the consummation of the transactions contemplated herein and therein, and in the Registration Statement (including the issuance and sale of the Shares and the use of the proceeds from the sale of the Shares as described in the Prospectus under the caption "Use of Proceeds") and compliance by Company with its obligations hereunder have been duly authorized by all necessary corporate actions and do not and will not, whether with or without the giving of notice or passage of time or both, conflict with or constitute a breach of, or default or Repayment Event under, or result in the creation or imposition of any lien, charge or encumbrance upon any property or assets of Company or any Subsidiary pursuant to, the Agreements and Instruments (except for such conflicts, breaches or defaults or liens, charges or encumbrances that would not, singly or in the aggregate, result in a Material Adverse Effect); nor will such action result in any violation of the provisions of the Charter or Bylaws of Company or the charter, bylaws or other organizational document of any Subsidiary; nor will such action result in any violation of any applicable law, statute, rule, regulation, judgment, order, writ or decree of any government, government instrumentality or court, domestic or foreign, having jurisdiction over Company or any Subsidiary or any of their assets, properties or operations;

---

*Exhibit C*

(xi) Each of Company and each Subsidiary has good and marketable title to all real and personal property owned by it, in each case free and clear of all liens, encumbrances and defects except such as are described in the Registration Statement, the Pricing Disclosure Package and the Prospectus or such as do not materially affect the value of such property and do not interfere with the use made and proposed to be made of such property by Company or any Subsidiary; and any real property and buildings held under lease by Company or any Subsidiary are held under valid, subsisting and enforceable leases with such exceptions as are not material and do not interfere with the use made and proposed to be made of such property and buildings by Company or any Subsidiary;

(xii) There is no action, suit, proceeding, inquiry or investigation before or brought by any court or governmental agency or body, domestic or foreign, now pending, or, to such counsel's knowledge after reasonable investigation, threatened, against or affecting Company or any Subsidiary, which is required to be disclosed in the Registration Statement (other than as disclosed therein), or which, if determined adversely to Company or any Subsidiary, singly or in the aggregate, could result in a Material Adverse Effect, or which would materially and adversely affect the properties or assets thereof, nor to such counsel's knowledge after reasonable investigation, is there any basis for any such action, suit, inquiry, proceeding or investigation;

(xiii) Company and Bank possess all Governmental Licenses issued by the appropriate federal, state, local or foreign regulatory agencies or bodies necessary to conduct the businesses now operated by them; to such counsel's knowledge after reasonable investigation, Company and Bank are in compliance with the terms and conditions of all such Governmental Licenses and all of the Governmental Licenses are valid and in full force and effect except where the failure to so comply could not, singly or in the aggregate, have a Material Adverse Effect and no event has occurred that allows, or after notice or lapse of time would allow, revocation or termination of any such Governmental License or result in any other material impairment of the rights of any such Governmental License; all of the Governmental Licenses are valid and in full force and effect;

(xiv) Company is not and, upon the issuance and sale of the Shares as contemplated in the Underwriting Agreement and the application of the net proceeds therefrom as described in the Registration Statement, the Pricing Disclosure Package and the Prospectus, will not be an "investment company", or an entity "controlled" by an "investment company" as such terms are defined in the Investment Company Act of 1940;

(xv) The information in the Registration Statement, the Pricing Disclosure Package and the Prospectus under the captions "Business—Legal Proceedings", "Business—Bank Premises", "Supervision and Regulation", "Certain Material U.S. Federal Income Tax Consequences For Non-U.S. Holders of Common Stock", "Shares Eligible for Future Sale", "Description of Our Capital Stock" and "Underwriting", insofar as they purport to describe the provisions of the laws and regulations or documents referred to therein, are accurate, complete and fair in all material respects;

(xvi) The Registration Statement, including any Rule 462(b) Registration Statement, has been declared effective under the Securities Act; any required filing of the Prospectus pursuant to Rule 424(b) under the Securities Act has been made in the manner and within the time period required by Rule 424(b); all material required to be filed by Company pursuant to Rule 433(d) under the Securities Act has been filed with the Commission within the applicable time period prescribed for such filing by Rule 433 under the Securities Act; and to such counsel's knowledge after reasonable investigation, no stop order suspending the effectiveness or use of the Registration Statement, any preliminary prospectus, the Pricing Prospectus, any Issuer Free Writing Prospectus or the Prospectus has been issued under the Securities Act and no proceedings for that purpose have been instituted or are pending or threatened by the Commission;

(xvii) To such counsel's knowledge after reasonable investigation, there are no statutes or regulations that are required to be described in the Registration Statement, the Pricing Disclosure Package and the Prospectus that are not described as required;

(xviii) The Registration Statement, the Pricing Disclosure Package and the Prospectus and any further amendments and supplements thereto made by Company prior to such Closing Date or Option Closing Date, as the case may be (other than the financial statements, related schedules and other financial data therein, as to which such counsel need express no opinion), comply as to form in all material respects with the requirements of the Securities Act and the Securities Act Regulations; and such counsel does not know of any amendment to the Registration Statement, the Pricing Disclosure Package or the Prospectus required to be filed or of any contracts or other documents of a character required to be filed as an exhibit to the Registration Statement or required to be described in the Registration Statement, the Pricing Disclosure Package and the Prospectus which are not filed or described as required;

In addition, such counsel shall state that, although they are not passing upon and do not assume any responsibility for nor have they independently verified, the accuracy, completeness or fairness of the statements contained in the Registration Statement, the Pricing Disclosure Package or the Prospectus, except to the extent set forth in opinions (v) and (xvii) above, in connection with the preparation of the Registration Statement, the Pricing Disclosure Package and the Prospectus, such counsel has participated in conferences with Representative and counsel of Representative and with certain officers and employees of, and counsel and independent certified public accountants for, Company, at which conferences the contents of the Registration Statement, the Pricing Disclosure Package and the Prospectus and related matters were discussed, and such counsel advises Representative that nothing has come to such counsel's attention that would lead such counsel to believe that, as of its effective date, the Registration Statement or any further amendment thereto made by Company prior to such Closing Date or Option Closing Date, as the case may be (other than the financial statements, related schedules and other financial data therein, as to which such counsel need express no opinion), contained an untrue statement of a material fact required to be stated therein or necessary to make the statements therein not misleading and that, as of its date, the Prospectus or any further amendment or supplement thereto made by Company prior to such Closing Date or Option Closing Date, as the case may be (other than the financial statements, related schedules and other financial data therein, as to which such counsel need express no opinion) contained an untrue statement of a material fact or omitted to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading and that, as of the Applicable Time, the Pricing Disclosure Package or any further amendment or supplement thereto (other than the financial statements, related schedules and other financial data therein, as to which such counsel need express no opinion) contains an untrue statement of a material fact or omits to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

---

*Exhibit C*

In rendering such opinion, such counsel may rely as to matters of fact (but not as to legal conclusions), to the extent they deem proper on certificates of responsible officers of Company and public officials.

Mineola, NY 11501

**Re: Hanover Bancorp, Inc.**  
**Registration Statement on Form S-1**

Ladies and Gentlemen:

We have acted as counsel to Hanover Bancorp, Inc., a New York corporation (the "Company"), in connection with its registration statement on Form S-1 (the "Registration Statement"), filed with the Securities and Exchange Commission under the Securities Act of 1933, as amended, relating to the proposed public offering of up to \$35,000,000 in shares of common stock, par value \$0.01 per share, of the Company, which includes shares subject to the underwriters' over-allotment option (collectively, the "Shares"). This opinion letter is furnished to you at your request to enable you to fulfill the requirements of Item 601(b)(5) of Regulation S-K, 17 C.F.R. § 229.601(b)(5) in connection with the Registration Statement.

In rendering this opinion, we have reviewed copies of the Registration Statement, the Amended and Restated Certificate of Incorporation of the Company, the Bylaws of the Company and certain resolutions of the Board of Directors of the Company. We have also reviewed such other documents and made such other investigations as we have deemed appropriate. In our examination, we have assumed the genuineness of all signatures, the legal capacity of all natural persons, the authenticity of all documents submitted to us as original documents and the conformity to original documents of all documents submitted to us as copies thereof. As to various questions of fact material to this opinion, we have relied upon the statements contained in the Registration Statement and statements of officers of the Company, and we have made no independent investigation with regard thereto.

Our opinions expressed herein are limited to New York Business Corporation Law and the federal securities laws of the United States of America and we express no opinion with respect to any other laws, or with respect to any matter pertaining to the contents of the Registration Statement, other than as expressly stated herein.

Based on the foregoing and subject to the limitations, qualifications, exceptions and assumptions set forth herein, we are of the opinion that following (i) execution and delivery of the Underwriting Agreement by the parties thereto, (ii) effectiveness of the Registration Statement, (iii) issuance of the Shares pursuant to the terms of the Underwriting Agreement, and (iv) receipt by the Company of the consideration for the Shares specified in the resolutions of the Company's Board of Directors, the Shares will be validly issued, fully paid and nonassessable.

This opinion has been prepared in connection with the Registration Statement. We assume no obligation to advise you of any changes in the foregoing subsequent to the effective date of the Registration Statement.

We hereby consent to our firm being referenced under the caption "Legal Matters" and for inclusion of this opinion as an exhibit to the Registration Statement. In giving such consent, we do not hereby admit that we are in the category of persons whose consent is required under Section 7 of the Securities Act of 1933, as amended.

/s/ WINDELS MARX LANE & MITTENDORF, LLP
